# F O R E W O R D

This booklet contains the history and final disposition of legislative documents and papers introduced at the regular session of the 107th Maine Legislature. The Legislative Information Office, in its efforts to monitor and provide an accurate account of such legislative activities has published this concise handbook assembled with the aid of computer technology pursuant to the following order:

State of Maine

In the Senate June 18, 1975

Ordered, the House concurring, that there be prepared after adjournment of the present session, by the Legislative Information Officer, a registry of all bills and resolves considered by both branches of the Legislature, showing the history and final disposition of each bill and resolve and that there be printed 600 copies of the same. The Legislative Information Officer of the Legislature and the State Law and Legislative Reference Library shall receive such numbers of copies as may be required. (S.P. 594)

It is important to point out that this handbook is a summary report only and not meant as a substitute for the official Senate and House journals or an actual paper or document itself. Should additional information be desired, please feel free to contact the Legislative Information Office at 289-3021 or respective House offices for assistance. It is hoped that this booklet will benefit all who have occasion to use it, and comment and suggestions for improvement are invited.
