- Sec. 1. Appropriations from General Fund. In order to provide for necessary expenditures of State Government and other purposes for the fiscal years ending June 30, 1982 and June 30, 1983, the following sums, as designated in the following tabulations, are appropriated out of any moneys in the General Fund not otherwise appropriated.
- required. Upon receipt of allot-2. Allotments ments duly approved by the Governor based upon work programs submitted to the State Budget Officer, the State Controller authorize expenditures of these appropriations. together with expenditures for other purposes necessary to the conduct of State Government on the basis of these allotand not otherwise. Allotments for Personal Services, Capital Expenditures and amounts for All Other departmental expenses shall not exceed the amounts shown in the budget document or as they may be revised by the joint standing committee having jurisdiction over appropriations and financial affairs, unless recommended by the State Budget Officer and approved by the Governor in accordance with established law.
- Sec. 3. Personal Services appropriation. The figures in parentheses shown above each dollar amount provided for Personal Services in this Act, or as adjusted by legislative action, shall represent the total number of permanent positions at any one time. The appropriations made for Personal Services are made with the provision that the total number of permanent positions in any account shall not be increased during either year of the biennium over the total numbers shown in parentheses and used by the Legislature in computing the total dollars to be made available for Personal Services.

Savings accruing within appropriations made for permanent positions may be used for nonrecurring Personal Services or retirement costs when recommended by the department head and approved by the State Budget Officer.

The amounts appropriated for Personal Services include funds for the state's share of state employees retirement. The State Controller shall transfer the state's share to the Maine State Retirement System as soon as practicable after each payroll is paid.

- Sec. 4. Personal Services policy and review. Bureau of the Budget, during this biennium, shall continually review with all departments the status of their manpower levels and staffing patterns for the purpose of determining whether funds and positions are being utilized and managed in the most economical and efficient manner to accomplish the intent of the Legislature. Permanent positions for which funds are appropriated or allocated shall be clasunless specifically positions, designated otherwise Legislature. It shall be the responsibility of the Commissioner of Personnel and the State Budget Officer classified unclassified and positions assigned to a proper pay grade within authorized funds.
- Sec. 5. Personal Services flexibility. Any classification or reclassification of a position and any allocation or reallocation of a position within the compensation plan made by the Commissioner of Personnel pursuant to the Personnel Law and rules shall become effective on the first day of the fiscal year following approval by the State Budget Officer, and the appropriation of funds therefor, except that the State Budget Officer may, if he determines that sufficient funds exist, authorize an effective date prior to the first day of the ensuing fiscal year. Copies of all actions and certifications shall be furnished to the Legislative Finance Officer.
- Sec. 6. Merit rating required. It is declared to be the policy of the State that in those instances where annual merit increases are earned and warranted as evidenced by the performance appraisals, they shall be awarded. In those instances where these increases are not earned and warranted, they shall be denied.

In furtherance of this policy, the Commissioner of Personnel, utilizing a form or forms prescribed by the commissioner, is directed to require annual merit ratings on all

employees, regardless of whether or not any such employee is eligible or recommended for a merit increase. The form or forms prescribed by the commissioner, in addition to a performance appraisal section, shall include a section wherein each probationary employee's supervisor shall indicate the extent to which the employee has been oriented to the duties and responsibilities of his position. In every instance where an employee is not awarded a merit increase, a record of the reasons therefor and the actions recommended by the employee's supervisor to correct deficiencies, if any, shall be recorded in the performance appraisal.

 The Commissioner of Personnel is also directed to develop and install a training program for supervisory personnel, including appropriate guides and manuals, which shall ensure that all evaluators charged with the responsibility of doing employee merit ratings shall do so fairly and equitably, one employee to the next and one organizational unit to another.

The Commissioner of Personnel shall supply to the State Personnel Board all data necessary to monitor and evaluate the performance appraisal system, including data regarding the percentage and distribution of merit increases. The board, pursuant to its powers under the Revised Statutes, Title 5, section 592, shall review the operation of the performance evaluation system and make such recommendations and render such advice to the Commissioner of Personnel as may be necessary to carry out the purposes of this Act.

The Commissioner of Personnel shall forward to the joint standing committee of the Legislature having jurisdiction over State Government the findings and recommendations of the State Personnel Board, annually, prior to the start of the legislative session.

- Sec. 7. Number of necessary employees. The Governor and the State Budget Officer when next preparing budget proposals for the Legislature may, at their discretion, adjust the figures in parentheses, representing numbers of permanent positions, to reflect the number of positions which, in their opinion, are necessary to the proper operation of each department, institution or agency.
- Sec. 8. New or expanded programs. No department may establish new programs or expand existing programs beyond the scope of those programs already established, recognized and approved by the Legislature, until the program and the

method of financing are submitted to the Bureau of the Budget for evaluation and recommendation to the Legislature and until funds are made available therefor by the Legislature.

- Sec. 9. Federally-funded programs. It is the intent of the Legislature that, in the event federal funds are not available as anticipated for programs in this Act, there is no obligation to provide state funds in excess of the appropriations listed in this Act. Positions entirely or partially funded by federal or other than state sources of funds shall be considered as limited-period positions, notwithstanding the figures in parentheses representing numbers of employees, should these funds be withdrawn or reduced.
- Sec. 10. Travel limitations. It is the intent of the Legislature that out-of-state travel be limited. Any state employee who travels out-of-state on state business, such as law enforcement, collecting, bidding, industrial development or loans, may continue to do so. The Legislature directs that department heads hold down cost of all travel where it is not absolutely needed. Any state employee who travels in-state shall not be reimbursed for noon meals, unless the meal is part of an organized meeting or program or overnight travel.
- Sec. 11. Equipment to be reviewed. The Commissioner of Finance and Administration, through the State Purchasing Agent or such other agent as he may choose, shall conduct a thorough review of all types of equipment, owned, leased or available to the several departments and agencies otherwise of the State, regardless of the source of supporting funds, use, combining their providing centralized facilities existing equipment and facilities, eliminating be in the most economical, most efficient and believes to best interests of the State. The Commissioner of and Administration may develop and institute such review and control mechanisms as are necessary to ensure that capital equipment purchases authorized by the Legislature are consistent with the intent for which funds were recommended and made available.
  - Sec. 12. Motor vehicle replacement policy. The State Purchasing Agent is directed to require that requisitions for replacement motor vehicles include the age and total mileage of the motor vehicle being replaced. For the purposes of this section, motor vehicles are defined as passenger cars, and panel and pickup trucks, excluding those vehicles authorized and assigned for pursuit purposes. Under no

circumstances are any state vehicles to be used primarily for commuting purposes. It is the intent of the Legislature that motor vehicles shall have been in service for at 5 years or 75,000 miles before they are repliced. policy shall also be adopted by the State Budget Officer when next preparing a budget document. Exceptions to the established replacement policy shall require approval of the Commissioner of Finance and Administration. The Commissioner of Finance and Administration may also apropriate standards with regard to motor vehicle type, size equipment, and direct that all motor vehicles be purchased in accordance with an established commodity calendar.

- Sec. 13. Significant action recommended by the State Budget Officer. The Bureau of the Budget shall inform the joint standing committee having jurisdiction over appropriations and financial affairs through the Legislative Finance Office of significant action recommended by the bureau in the performance of the budget responsibilities assigned.
- Sec. 14. State Cost Allocation Program. The State Cost Allocation Program shall annually identify the kind and cost of central services furnished to each state agency from General Fund appropriations. The non-General Fund portion of each agency shall be assessed for these services as determined by the State Cost Allocation Program procedures to the extent the payments are not expressly prohibited by state or federal law or by the terms of a gift or donation made to the State from private sources. These payments shall be credited to the General Fund as undedicated revenue. The State Budget Officer may adjust this assessment to any individual account.
- Sec. 15. Year-end closing. The State Controller may close the books as soon as practicable after the close of the fiscal years ending June 30, 1982, and June 30, 1983. Any bills presented after those dates may be paid from appropriations for the ensuing year on recommendation of the State Controller if within the amounts of approved allotments.
- Sec. 16. Appropriation balances at year end. At the end of each fiscal year, all unencumbered appropriation balances representing state moneys, except those that carry forward as provided by law, shall lapse to Unappropriated Surplus as provided by the Revised Statutes, Title 5, section 1544. At the end of each fiscal year, all encumbered appropriation balances shall not be carried more than

| 1<br>2   | once, except in those accounts which carry forward from year to year by law.  |
