STATE OF MAINE
HOUSE OF REPRESENTATIVES
114TH LEGISLATURE
SECOND REGULAR SESSION

HOUSE AMENDMENT "A" to COMMITTEE AMENDMENT "A" to S.P. 733,
L.D. 1932, Bill, "An Act to Promote and Assist Barrier-free
Construction in Places of Public Accommodation and Places of
Employment"

Amend the amendment by striking out all of the fiscal note
and inserting in its place the following:

FISCAL NOTE

If this bill is enacted, the Department of Administration
anticipates that a large number of State Government projects
would be affected. Because of the difficulty in adapting older
structures to handicapped standards, many renovation projects
would become major projects. While it is impossible to project
the precise fiscal impact, it is estimated that this could
represent a major cost for the State.

The Maine Human Rights Commission will absorb the additional
costs associated with training, education and technical
assistance for compliance with the construction standards within
its available resources. The Judicial Department will absorb the
costs associated with increased filings within its existing
resources.

The Office of the State Fire Marshal will conduct plan
reviews within its resources and may experience an increase in
dedicated revenue should it charge a fee to review plans.'
