SUMMARY

44

46

48

50

This bill creates the Snowmobile Enforcement Fund in the Department of Inland Fisheries and Wildlife and requires that a certain amount of each resident and nonresident snowmobile registration fee collected by the department is credited to that fund. Resident snowmobile registration fees are increased from \$20 to \$25 per year. The nonresident snowmobile registration fee

is not increased. The money in the fund supplements other appropriations to the Bureau of Warden Service for snowmobile enforcement and may be used by the warden service only for enforcement, safety and educational purposes related to snowmobiles.

The bill requires a one-time transfer of \$42,000 from the department's carrying balances account to reimburse the warden service for snowmobile enforcement expenditures that were in excess of the amount budgeted by the warden service for those purposes in fiscal year 1996-97. If that amount is not sufficient to fully reimburse the warden service for those costs, the bill authorizes the State Controller to transfer additional money from the carrying balances account as necessary to fully reimburse the warden service.

18

20

This bill also requires the department to budget for snowmobile enforcement activities at a level that is not less than the average snowmobile enforcement operations program expenditures in the previous 2 fiscal years.
