**STATE OF MAINE  
SENATE  
121ST LEGISLATURE  
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT "A" to S.P. 90, L.D. 231, Bill, "An Act To Strengthen Delivery of Electricity Conservation Programs"

Amend the bill in section 1 by striking out all of paragraph D (page 1, lines 6 to 13 in L.D.) and inserting in its place the following:

'D. Are proportionally equivalent on a per-kilowatt-hour basis to the total conservation expenditures of other transmission and distribution utilities, unless the commission finds that a different amount is justified; ~~however, any increase in an assessment on a transmission and distribution utility by the commission must be based on factors other than the achievement of proportional equivalency.~~

**SUMMARY**

This amendment requires that proportional equivalency in the Public Utilities Commission's conservation assessments on transmission and distribution utilities be based on a per-kilowatt-hour calculation rather than total transmission and distribution utility revenues.
