SUMMARY

This bill repeals 2 provisions of Public Law 1999, chapter 352 that require the Commissioner of Conservation to sell all bulletproof vests, firearms and related equipment and that prohibit the commissioner from purchasing bulletproof vests, firearms or related equipment without specific authorization by the Legislature. This bill requires the Director of the Division of Forestry within the Department of Agriculture, Conservation and Forestry to develop a policy that requires all forest rangers to attend and complete a law enforcement training course at the Maine Criminal Justice Academy as a condition of continued employment. Forest rangers employed as such on the day this bill takes effect are required to attend the 4-week preservice training course and forest rangers hired after the effective date are required to take the basic law enforcement training course. A forest ranger who has already attended a law enforcement training course at the Maine Criminal Justice Academy is exempt.

1 The bill also requires the State Supervisor of the forest protection unit in the Division
2 of Forestry and the director of the Maine Criminal Justice Academy to develop a plan to
3 provide training to forest rangers in the use of firearms, bulletproof vests and other
4 related equipment. The State Supervisor is directed to develop a plan to furnish such
5 firearms and equipment to those forest rangers for the performance of their law
6 enforcement duties. The plans must be submitted to the Joint Standing Committee on
7 Agriculture, Conservation and Forestry and the Joint Standing Committee on Criminal
8 Justice and Public Safety for review no later than November 1, 2013 and implemented,
9 including furnishing firearms and related equipment, no later than January 1, 2014.
