13 Code due to a lack of financial resources. The exemption provided in this

1.4.2.

COMMITTEE AMENDMENT "B" to H.P. 691, L.D. 977

1 Amend the bill by relettering or renumbering any nonconsecutive Part letter or  
2 section number to read consecutively.

3 **SUMMARY**

4 This amendment is the minority report of the committee. This amendment provides  
5 that the Maine Uniform Building and Energy Code applies statewide and is the only  
6 building code that may be adopted or enforced in this State. As in the bill, a municipality  
7 of 2,000 or fewer residents is exempt from adopting or enforcing the Maine Uniform  
8 Building and Energy Code, but if such a municipality adopts a building code, it must be  
9 the Maine Uniform Building and Energy Code. This amendment allows a municipality to  
10 avoid enforcing the Maine Uniform Building and Energy Code if it doesn't employ a  
11 building official or if it votes to not enforce the code due to a lack of financial resources,  
12 unless the State provides sufficient funding to allow the municipality to provide for  
13 enforcement. This amendment repeals the current law that defines a separate uniform  
14 building code and uniform energy code and removes references to those separate codes.
