SUMMARY

This bill allows the operation of an all-terrain vehicle, or ATV, on a public way as long as the ATV is registered and meets specified safety equipment requirements and the operator is licensed and has insurance. This bill establishes an annual registration fee of \$33, the same as for ATVs under current law that are not permitted on a public way.

This bill prohibits the operation of an ATV on a public way with a posted speed limit of more than 50 miles per hour. The Department of Transportation may adopt rules or a municipality or county may adopt an ordinance to restrict or prohibit the operation of an ATV on a way if the department, county or municipality determines that the restriction or prohibition is necessary in the interest of public safety.
