3 **SUMMARY**

4 This bill amends the laws governing MaineCare eligibility determinations for
5 applicants to nursing homes. It directs the Department of Health and Human Services to
6 provide timely and adequate notice to both the applicant and the facility in which the
7 individual resides or seeks to reside if the department is unable to make a decision of
8 eligibility due to inconclusive or conflicting information or other deficiencies in the
9 application and requires the department to notify the applicant and the affected facility of
10 the additional information required. It requires that the provision of copies of all
11 communications be timely provided to the facility as well as the applicant, and that the
12 applicant be provided a reasonable amount of time to respond and provide information. It
13 directs the department to extend the time frame for responses in appropriate
14 circumstances. If an application is denied and if necessary information is later provided,
15 the additional information must be used to update and supplement the prior application,
16 and the applicant need not submit a new application.

17 The bill also requires the department to provide timely advance notice of reviews for
18 annual determinations and other periodic redeterminations of MaineCare eligibility to a
19 MaineCare recipient and the facility in which the recipient resides or seeks to reside. The
20 bill requires the department to provide to the recipient and the facility in which the
21 recipient resides or seeks to reside copies of communications.
