STATE OF MAINE
HOUSE OF REPRESENTATIVES
129TH LEGISLATURE
FIRST REGULAR SESSION

HOUSE AMENDMENT "A" to COMMITTEE AMENDMENT "A" to S.P. 202, L.D. 640, "Resolve, To Require a Study of Greenhouse Gas Emissions Reductions from the Proposed Central Maine Power Company Transmission Corridor"

Amend the amendment in section 1 by striking out all of subsections 2 to 4 (page 2, lines 10 to 38 in amendment) and inserting the following:

2. The department must deposit all funds received for the purposes of this resolve into the Maine Environmental Protection Fund established in the Maine Revised Statutes, Title 38, section 351, and those funds must be segregated from other funds in that account and may be used only for these purposes.

3. On or before August 15, 2019, the department shall submit the final report prepared by the consultant under subsection 1 to the Joint Standing Committee on Environment and Natural Resources. At least 7 days before submitting the report to the committee, the department shall post the report on the department's publicly accessible website. Within that period of time, a person may submit to the department written comments regarding the report. The department shall submit all comments received to the committee with the report.

4. Notwithstanding any other provision of law to the contrary, the department may not issue a permit, license or other approval relating to the NECEC project until at least 45 days after the department submits the final report prepared by the consultant in accordance with subsection 3, except that this subsection does not apply if the department, by August 15, 2019, fails to submit the final report to the Joint Standing Committee on Environment and Natural Resources in accordance with subsection 3.'

Amend the amendment by adding after section 1 the following:

'Sec. 2. Appropriations and allocations. Resolved: That the following appropriations and allocations are made.

ENVIRONMENTAL PROTECTION, DEPARTMENT OF

Maine Environmental Protection Fund 0421

Initiative: Provides an allocation for a study regarding the potential effect of the New England Clean Energy Connect project on total greenhouse gas emissions across all
