129th MAINE LEGISLATURE

FIRST REGULAR SESSION-2019

Legislative Document

No. 1406

H.P. 1021

House of Representatives, March 26, 2019

An Act To Require Certification of Radiologic Technologists Who Are Licensed Chiropractic Assistants

Reference to the Committee on Health Coverage, Insurance and Financial Services suggested and ordered printed.

A handwritten signature in cursive script that reads "Robert B. Hunt".

ROBERT B. HUNT
Clerk

Presented by Representative WADSWORTH of Hiram.
Cosponsored by Senator HAMPER of Oxford.

1 **Be it enacted by the People of the State of Maine as follows:**

2 **Sec. 1. 32 MRSA §559** is enacted to read:

3 **§559. Radiologic technologist certification**

4 **1. Certification required.** In addition to being licensed under section 556, a person
5 employed in a chiropractic office whose duties include the production of x-rays and who
6 is not licensed under subchapter 3 must be certified by the board as a radiologic
7 technologist under this section.

8 **2. Requirements.** The requirements for a person to be certified as a chiropractic
9 radiologic technologist under this section include that the person:

10 A. Possesses a valid license under section 556;

11 B. Satisfactorily completes a board-approved course in radiologic technology that
12 satisfies the standards of care governing the production of x-rays, including:

13 (1) At least 50 hours of instruction; and

14 (2) Sufficient instruction in:

15 (a) Physics and equipment of radiographic imaging;

16 (b) Principles of radiographic exposure;

17 (c) Radiographic protection;

18 (d) Anatomy and physiology; and

19 (e) Radiographic positioning and procedure;

20 C. Passes a proficiency examination in radiologic technology developed and
21 administered by or under the authority of the board; and

22 D. Pays a fee not to exceed \$100 under section 558.

23 A person registered as active with the American Chiropractic Registry of Radiologic
24 Technologists or a successor organization meets the requirements of paragraphs B and C.

25 **3. Renewal.** A certificate issued under subsection 1 expires at the end of the
26 calendar year in which it is issued. A certificate holder may renew the holder's certificate
27 upon:

28 A. Completion and submission of a renewal application form approved by the board;

29 B. Completion of board-approved continuing radiologic technology education during
30 the year; and

31 C. Payment of a fee not to exceed \$100 under section 558.

32 A certificate may be renewed under this section within 24 months of expiration if the
33 certificate holder completes the requirements of paragraph B for or attributed to each
34 calendar year that the certificate was expired. If a certificate has been expired for more

1 than 24 months, the certificate may be renewed if the certificate holder completes the
2 requirements of paragraph A and subsection 2, paragraph C.

3 **4. Display of certificate.** A certificate issued under this section must be displayed in
4 the area of the chiropractic practice where x-ray production is performed by the
5 certificate holder and in a manner that is viewable by a patient.

6 **5. Violation.** A person who violates this section, including a person licensed under
7 subchapter 3 who allows a violation of this section, is subject to the provisions of section
8 503-B, subsection 4.

9 **6. Rules.** The board shall adopt rules to carry out the purposes of this section,
10 including the provision of continuing radiologic technology education for the purposes of
11 subsection 3, paragraph B. Rules adopted pursuant to this subsection are routine technical
12 rules as defined in Title 5, chapter 375, subchapter 2-A.

13 SUMMARY

14 This bill requires the certification of radiologic technologists who produce x-rays
15 while employed as licensed chiropractic assistants. Certification requirements include
16 satisfactory completion of a radiologic technology course of instruction of at least 50
17 hours and passing an examination approved by the Board of Chiropractic Licensure. This
18 bill also contains certificate renewal, continuing radiologic technology education and
19 violation provisions for radiologic technologists.
