SUMMARY

4 This bill further restricts the placement of categorical signs by prohibiting their
5 erection on trees, in control-of-access areas, within medians less than 6 feet in width and
6 on islands within a rotary. The bill reduces the number of days the owner of a sign
7 erected in violation of the law has to remove the sign from 30 days to 14 days after notice
8 and clarifies that the notice may be sent by the agency having control of the public way in
9 which the sign has been erected.

10 The bill requires the Department of Transportation to remove any sign that has been
11 placed in violation of the law if the public right-of-way is a state or state aid highway that
12 is not within an urban compact municipality; the department may remove any sign on a
13 public right-of-way for public safety purposes. A municipality may remove any sign that
14 has been placed in violation of the law on a town way or state or state aid highway that is
15 in an urban compact municipality within that municipality's jurisdiction.
