This bill changes the emissions standards for outdoor wood boilers and requires the Department of Environmental Protection (DEP) to adopt new rules regarding their use. The DEP has indicated that these changes cannot be completed within existing resources and that additional staffing is required. The bill includes ongoing General Fund appropriations to DEP of \$109,480 starting in fiscal year 2025-26 and increasing to \$117,482 in fiscal year 2026-27 for one Environmental Specialist III position and associated costs.
