10 B. "Medical debt" means debt that was accrued from the receiving or purchasing of

15 and transport provided by a licensed medical provider.

17 **2. Program established.** The Medical Debt Relief Program is established to relieve  
18 medical debt for a resident of this State whose federal adjusted gross income is not more  
19 than 400% of the federal poverty level, as measured by the person's federal income tax  
20 return for the prior year. The program is administered by the Department of Professional  
21 and Financial Regulation, Bureau of Consumer Credit Protection, which has the authority  
22 to enter into a contract for the purchase, cancellation or forgiveness of medical debts.

23 **3. Medical debt eligibility requirements.** A resident of this State's medical debt is  
24 eligible for relief under the program if the following conditions are met:

25 A. The medical debt was incurred in order to obtain medical services, products or  
26 devices;

27 B. The medical debt is in collection or has been sold or assigned by the original medical  
28 provider; and

30 income is not more than 400% of the federal poverty level.

31 **4. Notice.** Any resident of this State whose medical debt is discharged, cancelled or  
32 forgiven under the program must be notified of the relief of the medical debt.

33 **5. Discharged, cancelled or forgiven medical debt not included in taxable income.**  
34 Notwithstanding any provision of law to the contrary, for the purposes of state income  
35 taxes, the amount of any medical debt discharged, cancelled or forgiven under the program
