STATE OF MAINE  
HOUSE OF REPRESENTATIVES  
132ND LEGISLATURE  
FIRST SPECIAL SESSION

COMMITTEE AMENDMENT "A" to H.P. 654, L.D. 1007, "An Act to Update the State's Informed Consent Laws Regarding Drug-induced Abortion"

Amend the bill by striking out everything after the enacting clause and inserting the following:

'Sec. 1. 22 MRSA §1599-A, sub-§3 is enacted to read:

3. Informed consent for medication abortion. In addition to providing the woman with the information in subsection 2, if an abortion will be induced using any drug or combination of drugs, referred to in this subsection as a "medication abortion," the health care professional, as defined in section 1596, subsection 1, paragraph C, shall inform the woman orally and in writing, in a manner that in the health care professional's professional judgment is not misleading and that will be understood by the patient, of at least the following:

A. That it may be possible, with varying degrees of effectiveness depending on the individual circumstances of the patient, to reverse the effects of the medication abortion; and

B. Information about how the woman can locate a health care professional who provides medication abortion reversal services.

The health care professional shall document in the patient's record that the information required by this subsection was provided to the woman, and whether the information was provided orally or in writing, before initiating the medication abortion.'

Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment, which is the minority report of the committee, replaces the bill. The amendment requires that, before initiating a medication abortion, a health care professional document in a patient's record that the health care professional informed the patient either
