Fiscal Detail and Notes

The Department of Education has indicated that it will cost approximately \$30,000 in fiscal year 2025-26 to contract for staff to conduct the required review and prepare the required report. Because this bill requires the department to complete this work within existing budgeted resources, no General Fund appropriations are included in the bill. However, whether or not the department can accomplish this work without impacting other programs and services can not be determined at this time.
