~~Nothing in this subsection requires~~ This subsection does not require the department to pay a quality differential rate for child care services provided through the Temporary Assistance for Needy Families block grant.

## SUMMARY

Current law requires the Department of Health and Human Services to establish a child care quality rating system as part of the department's quality differential rate payments. This bill specifies that child care providers accredited by the National Association for the Education of Young Children, the National Association for Family Child Care or the Council on Accreditation or a Head Start program that meets national Head Start standards must receive the highest rating under the child care quality rating system.
