Be it enacted by the People of the State of Maine as follows:

Sec. 1. 22 MRSA §332, sub-§1, as amended by PL 2023, c. 343, §1, is further amended to read:

1. Subsequent review following approval. When the commissioner has approved an application filed unconditionally or subject to conditions pursuant to section 335, subsection 8, the commissioner may conduct a subsequent review to ensure compliance with any terms or conditions of approval within 3 years after the approved activity is undertaken. The 3-year time limitation does not apply to a subsequent review to ensure that the requirement set forth in section 335, subsection 1, paragraph G continues to be met or to ensure the maintenance of health services after a circumstance described under section 331, subsection 1 has occurred or a change not described under section 331, subsection 1 that constitutes a significant disruption to or removal of a health service has occurred, as determined by the commissioner. In any subsequent review, the commissioner may hold a public hearing and may consider any material or significant changes in factors or circumstances relied upon by the commissioner in approving the application and significant and relevant information that either is new or was withheld by the applicant at the time of the process under section 335. If, upon review, the commissioner determines that any terms or conditions of the approval have not been met, the commissioner may take enforcement action consistent with subsection 3 and other applicable provisions of this Act.

SUMMARY

This bill provides that the 3-year limitation on a subsequent review of an approved certificate of need does not apply to a subsequent review to ensure the maintenance of health services after a circumstance described under the Maine Revised Statutes, Title 22, section 331, subsection 1 has occurred or a change not described under that provision that constitutes a significant disruption to or removal of a health service has occurred, as determined by the Commissioner of Health and Human Services.
