- 1. **Definition.** As used in this section, unless the context otherwise indicates, "eligible dental professional" means a person licensed under Title 32, chapter 143 who is an enrolled MaineCare provider, maintains a current and active list of patients with respect to whom reimbursement is provided through the MaineCare program and is certified under subsection 3.
- 2. Credit allowed. The credit provided by this section may not reduce the tax otherwise due under this Part to less than zero.
- 3. Eligibility limitation; certification. The Department of Health and Human Services shall certify eligible dental professionals each year to ensure that they continue to be eligible for the credit under this section and shall decertify any eligible dental professional who ceases to meet the conditions of eligibility. The Department of Health and Human Services shall notify the bureau whenever a dental professional ceases to be eligible for the credit under this section beginning with the tax year during which the dental professional is decertified.
- 4. Rules. The Department of Health and Human Services may adopt rules to implement this section. The rules must include the number of MaineCare patients or the number of visits reimbursed by the MaineCare program each year required for a dental professional to be eligible for the tax credit under this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
