SUMMARY

This amendment replaces the bill and changes the title. The amendment requires that, upon a health care provider's request, the health insurance carrier provide the health care provider with contact information for the carrier's employee responsible for negotiating contract terms with the provider, including the fee schedule, at the time the contract is offered to the provider. The amendment also requires a carrier to keep this information updated on the carrier's electronic portal for providers or, if the carrier does not have an electronic portal, by other means of electronic notification.
