Fiscal Note for Bill as Amended by Committee Amendment

Committee: Criminal Justice and Public Safety

Fiscal Note Required: Yes

A (499)

Fiscal Note

Potential current biennium cost increase - General Fund

Fiscal Detail and Notes

Requiring the Department of Corrections to establish and maintain a reentry services program for residents of correctional facilities that makes available a range services, including accessing available MaineCare benefits may increase General Fund costs to the Department of Health and Human Services under MaineCare and the MaineCare Re-entry Waiver Program, specifically. A more precise estimate of the fiscal impact to the waiver program is not possible as the extent to which this requirement may increase utilization of MaineCare services by residents exiting correctional facilities is not known.

Any additional costs to the Department of Corrections from the provisions of this bill are expected to be minor and can be absorbed within existing budgeted resources.
