SUMMARY

This amendment replaces the bill and changes the title. The amendment amends the Maine Medical Use of Cannabis Act and the Cannabis Legalization Act by:

1. Defining "outdoor cultivation area" under the medical use of cannabis provisions and "outdoor cultivation" and "indoor cultivation" under the adult use cannabis provisions;

2. Increasing the number of cannabis plants and expanding the area of canopy of cannabis plants that a medical use caregiver who cultivates mature cannabis plants only in an outdoor cultivation area and who registers based on plant count or canopy may cultivate. The amendment establishes a registration fee for such caregivers; and

3. Removing the provision of law under the medical use of cannabis provisions that authorizes an elected official invited by a caregiver for the purpose of providing education to the elected official on cultivation to access a cultivation area and providing instead that any person under the direct supervision of the caregiver may access a cultivation area.
