EIGHTY-SECOND LEGISLATURE

SENATE

No. 20

In Senate, Tuesday, January 20, 1925.

A communication was received from the State Auditor transmitting the Ninth Biennial Report of the financial operations of the State for the periods from July 1, 1922 to June 30, 1924.

On motion by Senator Carter of Androscoggin, the communication was accepted, placed on file, 1500 copies ordered printed, and sent down for concurrence.

ROYDEN V. BROWN, Secretary.

STATE OF MAINE

IN THE YEAR OF OUR LORD ONE THOUSAND NINE
HUNDRED AND TWENTY-FIVE

Ninth
State Auditor's Report

For period

From July 1, 1922 to June 30, 1924

STATE AUDITORS

WITH

TERMS OF OFFICE

Charles P. Hatch, Portland, Me.,	June 12, 1907 to December 31, 1908
Charles P. Hatch, Portland, Me.,	January 1, 1909 to December 31, 1910
Lamont A. Stevens, Wells, Me.,	January 1, 1911 to December 31, 1912
Timothy F. Callahan, Lewiston, Me.,	January 1, 1913 to December 31, 1914
J. Edward Sullivan, Bangor, Me.,	January 1, 1915 to December 31, 1916
Roy L. Wardwell, Augusta, Me.,	January 1, 1917 to December 31, 1918
Roy L. Wardwell, Augusta, Me.,	January 1, 1919 to December 31, 1920
Roy L. Wardwell, Augusta, Me.,	January 1, 1921 to January 2, 1922
Elbert D. Hayford, Farmingdale, Me.,	January 3, 1922 to December 31, 1922
Elbert D. Hayford, Farmingdale, Me.,	January 1, 1923 to December 31, 1924

RESIDENT AUDITOR AT UNIVERSITY OF MAINE

Hilda Bangs, Stenographer at Office of Resident Auditor..Orono, Maine

STATE OF MAINE

Office of State Auditor,

Augusta, Dec. 31, 1924.

To the Honorable Senate and House of Representatives of the Eighty-second Legislature:

I submit herewith my report covering the financial operations of the State for the two fiscal years ending June 30, 1923 and June 30, 1924. There has been a marked increase in the volume of business through the Auditor's office. The Eighty-first Legislature added to this office the duty of collecting the gasoline tax and of installing uniform systems of accounts in cities and towns applying for same. The State Auditor was also made an ex-officio member of the Committee to investigate the tax exemption laws. These added duties I have been able to perform without an appreciable increase in the office staff. Their loyal support and efficient team work is fully appreciated. There has also been shown a fine spirit of co-operation on the part of all the State departments and institutions, with the result that there has been the minimum of friction in conducting the financial business of the State.

REDUCTION OF DEBT

The State Debt on December 31, 1924 was \$14,526,300.00. This is being reduced each year as follows: By payment of matured soldiers' bonus bonds, \$300,000.00, war loan bonds, \$50,000.00 and State highway bonds, \$119,000.00, a total of \$469,000.00. I recommend that the Legislature authorize the unused balance of soldiers' bonus bond issue, now standing at \$142,893.15, to be used in retiring the bonds issued for that purpose. There is also a small unused balance of \$896.30 of the war loan which should be carried to the reserve to retire war loan bonds.

I believe that the Legislature should take steps to invest in permanent securities the Penobscot and Passamaquoddy Indian Trust funds. These have for a great many years been represented on the ledgers of the State as liabilities, and at present are carried as such with no corresponding asset. Chapter 303, Section 11, Public Laws of 1917, declared the Legislative intent to restore these funds, but no action has been taken under that act.

The permanent school fund, so called, should be discontinued and I recommend that an act be passed repealing the provision of law relative thereto. It was, in its inception, designed to lay a broad foundation in our educational structure, but its purpose failed of realization more

than a half century ago. No actual liability attaches to any person or municipal corporation on account of the same and it had better be written off our books.

WORLD WAR DEBT

The cost to Maine of the World War to date is as follows:

Expended of original War Loan bond issue of \$1,000,000.00	\$999,103.70
Total interest on same, 1917 to Dec. 1, 1924...	254,886.00
Expended of original Soldiers' Bonus bond issue of \$3,000,000.00.....	2,857,106.85
Re-issue of Soldiers' Bonus bonds, 1922.....	300,000.00
Total interest on Soldiers' Bonus bonds, 1920- 1924	520,727.50
Paid dependent families of soldiers and sailors, 1922-1924, (Prior to 1922 paid from War Loan)	21,148.84
	\$4,952,972.89

The future cost of maturing Soldiers' Bonus and War Loan bonds, all of which will be finally retired by 1930 and 1937, respectively, will be \$3,368,500.00. By 1937 the World War will have cost the State of Maine, \$8,321,472.89. This, of course, does not include cost of pensions to be hereafter paid.

TRAFFIC BUREAU

There has been established an unofficial bureau connected with the office of the State Auditor called the Traffic Bureau. Through the co-operation of the Public Utilities Commission we have had available for the examination of freight bills on goods delivered to the State, the services of Frank J. McArdle, a traffic expert connected with that office. For the year ending June 30, 1924, the saving on freight bills paid by the State has amounted to \$5,070.44 through this co-operative service. The expense of the service has been \$1,214.66, leaving a net saving of \$3,855.78.

In addition to this direct saving the Traffic Bureau has by other supervision assisted the various State departments in their dealings with the railroads and such service has been of material benefit to the State. In one particular instance a rate adjustment resulted in a yearly saving of \$2,000.00.

USE OF SURPLUS MATERIALS

I am of the opinion that surplus materials at the several State insti-

tutions could be exchanged under certain restrictions and regulations, so that many articles that cannot be used at one institution, might be available for another. The exchange of information about such supplies is being encouraged and has already resulted in making goods not otherwise susceptible of use available in places where they are needed. This work will be extended during the two coming years, under direction of the State of Maine Purchasing Agents' Association, in conjunction with this department.

STATE PIER

At present there appears to be a good deal of uncertainty as to the relation of the State to the State Pier in Portland. The relationship should be defined by the Legislature. A complete and adequate system of accounting is now being installed at the Pier by this office.

GASOLINE TAX

The Legislature of 1923 placed a tax of one cent a gallon on internal combustion engine fuels and required the collection of same through the office of the State Auditor. This act became effective July 7, 1923 and there was collected to June 30th, 1924, \$451,356.87. At the average price of about 20 cents a gallon this represents over 45,000,000 gallons of gasoline purchased from distributors by people in this State. The price paid for this gasoline was in excess of \$9,000,000.00. It is safe to say that our citizens and visitors are annually expending for gasoline practically the same amount that is required for the ordinary running expenses of our State government, the State's annual budget being, exclusive of moneys raised by bond issue, about \$9,000,000.00 a year.

I am pleased to report that this tax has been collected at a minimum of cost, the total expense for postage, printing and blank forms for the first year being only \$330.83. No additions to the staff of the office have been necessary as we have handled the extra work with our regular force. If the tax is increased and exemptions granted, the expense of collecting will naturally be much greater. I wish at this time to extend the thanks of this office to the distributors of the State, who, without exception, have shown a willingness to co-operate in the enforcement of the law.

The collections on account of gasoline tax are showing a constant increase. While the first year of the operation of the law produced \$451,356.87, the present fiscal year, it is estimated, will bring in from this source about \$525,000.00.

MUNICIPAL ACCOUNTING

By an act of the last Legislature the State Auditor is authorized to inquire into the accounting systems of cities, towns and village corporations in this State and is required to install uniform systems of accounts in such cities, towns and village corporations when requested to do so. Acting under this authority we have installed the uniform system of town accounts in the following towns:—Thomaston, Glenburn, Mars Hill, Bingham and Magalloway Plantation. The town of Topsham has also applied for the uniform system and it will be installed there at the beginning of their next fiscal year. Under Section 7, of the act, which is Chapter 161, of the Public Laws of 1923, the cities and towns are required to make an annual report to the State Auditor, of the financial affairs of such municipality. About a year ago forms for these reports were sent to every city, town and plantation. A great many of the city and town officers have not made the returns required. A considerable number have returned them saying they are unable to fill them out. A number of town officers have in this way had their attention called to the fact that their system of accounts were inadequate or were not being properly kept. On the whole the effect of the law has been educational and I am of the opinion that the cities and towns will more and more avail themselves of the benefits of the act. I have discovered a number of places where the accounts are in great confusion and where the affairs of the municipality are in so bad a condition that an audit should be made of their accounts. These places, however, do not call upon us for the installation of the new system and I have no power to compel them to accept it. I do have authority to inquire into their financial condition, but as no appropriation was made for this purpose, such inquiries can only be made in a few cases. The Governor and Council made \$1,000.00 available from the State Contingent Fund for this purpose, and with this fund we are endeavoring to examine a few of the cases where accounts are in the greatest confusion.

As an example I will cite the case of a town with a valuation of about \$235,000.00 which, according to its last printed report, had a net debt of \$25,614.60. This town is over twice its 5% debt limit and the greater part of its obligations are therefore voidable.

MILITARY RESERVATIONS

The act of Congress approved March 4, 1923. (Public Acts 501, Sixty-seventh Congress), provided for the sale of certain military reservations. In the State of Maine were the following forts, which the Governor and Council concluded should become the property of the State, and therefore passed a Council Order dated October 3, 1923, providing that they be purchased and paid for from the State Contingent Fund.

Fort Edgecomb	\$501.00
---------------------	----------

Fort Machias	100.00
Fort St. George	22.50
Fort Knox	2,121.00
North and South Sugar Loaf Islands.....	25.00
Fort McAlary	3,100.00
Fort Baldwin	5,000.00
Fort Popham	6,600.00
Guns and carriages at Fort Knox and Fort Gorges	2,000.00
Recording deed a/c purchase of Fort McAlary	1.14
	\$19,470.64

I am calling the attention of the Legislature to this matter as the purchase of this property should be ratified by the Legislature to fully legalize it. The act of Congress requires that all such property be used for public park purposes.

FARM LOANS

The Farm Lands Loan Commission, of which I am Secretary, had on Dec. 31, 1924, loans outstanding amounting to \$128,541.00. The opportunity for agricultural expansion in this State is almost limitless. With the best lands in the west already taken for farms and with the average selling price of irrigated land doubling from 1910 to 1920, farmers will in time inevitably be brought to the farming sections of the east. Due to the low price of farm products and to the large proportion of the tax burden on real estate, the farming industry in this State is now experiencing great difficulty in maintaining itself. I believe the State could make no better investment than to continue to loan its trust funds for the development of agriculture and I trust that the Legislature will make available additional amounts for this purpose. An official of the United States Bureau of Reclamation truly says, "The relation of the people to the land is one of the problems of democracy. If we are to remain a farming people with love for the open country, we must restore rural life attractions and opportunities. Denmark solved her agricultural difficulties by careful selection of settlers, loans of 90 per cent of the cost of the improved farm and payment extending over 70 years."

STATE INSTITUTIONS

Our State institutions as a whole are in good condition. Due in considerable degree to the careful oversight of the comptroller of insti-

tutions, George H. Bangs, the accounting methods are continually growing better. By taking advantage of all discounts in the payment of bills, we have been able to save in the last fiscal year on this account, \$7,167.23.

STATE HOSPITALS

The financial affairs of the Augusta State Hospital are in excellent condition. The per capita cost per patient has been slightly reduced and is now \$4.96 per week. There has been an increase of twenty-eight patients at this institution in the past year.

At the Bangor State Hospital renovations and renewals of importance have taken place in the last year. The men's ward at this institution is overcrowded. With a maximum capacity of 655 it has 717. The farm there shows a gain of \$500.00 for the year.

The Maine School for Feeble Minded, at Pownal, is well managed. This institution last year produced more food on its farm than it purchased, a really notable achievement.

BATH MILITARY AND NAVAL ORPHAN ASYLUM

A marked improvement is noted throughout this plant. The children are well cared for and the returns there are large for the cost.

MAINE SCHOOL FOR THE DEAF, PORTLAND

The buildings and land at this institution should be re-appraised. Although insured for \$119,000.00 the plant is carried at a value of \$101,000.00, which is the original cost. The institution is in the heart of the city of Portland, an area of high property values. The plumbing at this institution is unsanitary and must be replaced.

MAINE STATE PRISON, THOMASTON

Manufacturing has been resumed at the Prison after the disastrous fire of Sept. 15, 1923. Under an emergency order of the Governor and Council the buildings were rebuilt and paid for from the State Contingent Fund at a cost of \$490,192.46. The loss on account of the fire was \$96,346.00. Since October 1st, 1924, the income of the Prison has been retained there and used to pay prisoners. To this I objected, as there is no statutory authority for paying prisoners at Thomaston. The Governor and Council, however, directed that the money be so withheld and \$3,314.85 has been paid to prisoners there in the months of October and November without my approval. I have taken the ground that this matter should have been authorized by the Legislature rather than by the Governor and Council and the Prison Commission.

STATE REFORMATORY FOR MEN, SOUTH WINDHAM

This institution suffered from a disastrous fire in January, 1924, in which the dormitory was destroyed. A temporary structure has been built upon the same site. The institution in my opinion will have to be rebuilt, but the Legislature should pass upon the number and the type of buildings.

STATE REFORMATORY FOR WOMEN, SKOWHEGAN

The population of this institution on July 1st, was 102. An additional story has been built upon the main brick structure, under an appropriation made by the last Legislature. The farm at this institution is making a fine showing, the gain in the past year having been about \$3,500.00.

SANATORIUMS FOR THE TUBERCULAR

The Central Maine Sanatorium at Fairfield cares for around 140 patients at a per capita cost of \$19.56, and during the past year has been improved by the addition of up-to-date fire protection, tank and hydrants at a cost of over \$20,000.00. Further installation of a sprinkler system would reduce the fire hazard to a minimum as well as cost of insurance.

The Northern Maine Sanatorium at Presque Isle has been increased in capacity by an added building provided by the last Legislature. This fact, together with better organization has produced a decrease in the per capita cost there, which is \$20.55 per patient per week, as against \$24.38 last year.

The Western Maine Sanatorium at Hebron shows a decided decrease in their per capita during the past two years, last year caring for 130 patients at a cost of \$16.35 per week. The buildings have been thoroughly renovated during this period, and economy, co-operation and efficiency prevail. The farm has now been placed on a very satisfactory business basis.

THE JUVENILE INSTITUTIONS

The same careful management continues at the State School for Boys, South Portland. The new piggery, begun there in 1923, has now been completed at a cost of \$3,095.89.

At the State School for Girls, Hallowell, an unusual condition resulting in an alarming spread of contagious disease made necessary during the past year an overdraft of their appropriations of \$8,023.44. The trustees and officers are making efforts to correct this situation and it is hoped that there may be no recurrence of it.

STATE AUDITOR'S REPORT

UNIVERSITY OF MAINE

This institution is in far better condition both as to finances and plant than it was two years ago. Repairs and equipment costing over \$115,500.00 were made in the year ending June 30, 1924, \$75,000.00 being from the special State appropriation for the purpose of putting the buildings in condition, and \$50,000.00 is available for continuing this work the coming year. The deficiency in the last two years was likewise reduced \$20,207.41 and \$46,609.47 respectively, exclusive of the Experiment Station Plant Fund deficit of \$24,650.00 and reserves. A new arts and science building has been erected at a cost of over \$178,000.00 and the campus has been enlarged by about fifty acres. A saving of a considerable amount, probably nearly \$7,500.00, could be made if the insurance policies ran five years instead of one. At least a three-year policy should be provided for.

CONSOLIDATION OF DEPARTMENTS

I recommend that the Legislature consider the matter of some consolidation of departments. Certain allied activities of the State could well be centralized and, in my opinion, this could be done with a saving of money and an increase in efficiency.

UNAPPROVED BILLS

In addition to the unapproved accounts of the Maine State Prison, heretofore referred to, I declined to certify for payment the bill of Andrew P. Lane, Fuel Director, for expenses, amounting to \$1,640.00, as the same was not itemized as required by law. I also declined to approve the bill of Aaron B. Cole, incurred in February and March, 1923. The bill included services before Legislative Committees, four weeks at \$100.00 a week and expenses attending same, amounting to \$167.28, a total of \$567.28. I objected to this bill on the ground that it should not be paid from the appropriation for "Contingent Expenses of the Legislature," for the reason that no resolve had been passed for same, nor had the Legislature in any way given its approval to the bill. The Governor and Council drew warrants and paid these two bills.

Respectfully submitted,

ELBERT D. HAYFORD,

State Auditor.

STATE TAX BY TOWNS AND TOTAL AMOUNT RECEIVED
BY TOWNS FROM STATE DURING FISCAL YEAR

JULY 1, 1922 TO JUNE 30, 1923

The following statement includes apportionments to Towns on account of State Aid Highway and Third Class Highway, which may not have all been paid to Towns during fiscal period of this report.

Where special resolves for Highways have been made for more than one Town, the expense has been divided equally between the Towns.

The amount shown as State Tax is the tax payable on or before December 1st, 1922.

	State Tax	Received from State

STATE TAX BY TOWNS AND TOTAL AMOUNT RECEIVED
BY TOWNS FROM STATE DURING FISCAL YEAR

JULY 1, 1923 TO JUNE 30, 1924

The following statement includes apportionments to Towns on account of State Aid Highways and Third Class Highways, which may not have all been paid to Towns during fiscal period of this report.

Where special resolves for Highways have been made for more than one town, the expense has been divided equally between the towns.

The amount shown as State Tax is the tax payable on or before December 1st, 1923.
