STATE OF MAINE

IN THE YEAR OF OUR LORD NINETEEN HUNDRED
FIFTY-THREE

**RESOLVE Authorizing Commissioner of Institutional Service to Convey
to Portland Water District a Right of Way for a Pipeline Over
Land of the State School for Boys in South Portland.**

Emergency preamble. Whereas, as authorized by chapter 154 of the private and special laws of 1949, the state highway commission is constructing a combination highway and railroad bridge across Fore river between the cities of Portland and South Portland in the county of Cumberland, with necessary highway approaches thereto; and

Whereas, because of the construction of said bridge the Portland Water District must relocate portions of its existing 24-inch water main in and across land owned by the state of Maine in said city of South Portland and known as the state school for boys property; and

Whereas, said Portland Water District must take immediate action to re-lay said main if it is to continue to furnish adequate water service to its customers; and

Whereas, in the judgment of the legislature, these facts create an emergency within the meaning of the constitution of Maine and require the following legislation as immediately necessary for the presentation of the public peace, health and safety; now, therefore, be it

Commissioner of institutional service, in name of state of Maine, authorized to convey a certain right of way. Resolved: That the commissioner of institutional service, in the name of the state of Maine, be, and hereby is, authorized and directed to convey by quitclaim deed to Portland Water District, its successors and assigns, the right perpetually to enter at any and all times upon a strip of land owned by the State of Maine and situated in the city of South Portland, in the county of Cumberland and state of Maine, said strip being bounded on the northeasterly side by land of the city of Portland and being shown as Right of Way No. 3 on a plan of land of Portland Water District entitled "Plan Showing Right of Ways along 24" Water Main at Long Creek in South Portland, Maine" dated February 1953 and to be recorded in Cumberland County Registry of Deeds, a copy of which plan is made a part hereof and to which plan reference is hereby made for a more particular description; and to construct and perpetually maintain through and across said strip conduits or pipe lines for conveying water and to lay, relay, repair, maintain and remove water pipe or pipes upon or under said strip with all necessary fixtures and appurtenances.

Emergency clause. In view of the emergency cited in the preamble this resolve shall take effect when approved.
