As consideration for the transfer and conveyance of the property and rights described in the foregoing section, said Auburn Water District shall assume all the existing indebtedness and all liability of every nature of the city of Auburn and of the Auburn Water Commissioners incurred prior to the time when this act takes effect in the establishment, maintenance, operation, extension and improvement of the present water system in the city of Auburn, and all outstanding bonds issued for any and all of said purposes, whether issued by said city of Auburn or by said Auburn Water Commissioners, shall be and become legal and binding obligations of said Auburn Water District, but nothing herein shall be construed to impair the obligation of said bonds or the rights of the holders thereof. As further consideration for the transfer and conveyance of the property and rights described in the foregoing section, the amount which the city of Auburn shall be required to pay to said Auburn Water District for water for all municipal purposes is hereby limited and fixed at the sum of three thousand dollars per year. When for any reason the district fails to acquire property which it is authorized to take and which is described in such location, or if the location so recorded is defective and uncertain, it may at any time correct and perfect such location and file a new description thereof; and in such case the district is liable in damages only for property for which the owner had not previously been paid, to be assessed as of the time of the original taking, and the district shall not be liable for any acts which would have been justified if the original taking had been lawful. No entry shall be made on any private lands, except to make surveys, until the expiration of ten days from such filing, whereupon possession may be had of all said lands or interests therein or water rights so taken, but title thereto shall not vest in said district until payment therefor.
