PUBLIC LAWS
OF THE
STATE OF MAINE
AS PASSED BY THE
One Hundred and Fifth Legislature
1971

§ 200-B. Authority of Attorney General to request telephone records

Whenever the Attorney General has reasonable grounds to believe that the services of a public utility, subject to the jurisdiction of the Maine Public Utilities Commission, as defined in Title 35, section 15, subsections 17 and 19, furnished to a person or to a location, is being or may be used for an unlawful purpose, he may demand, in writing, all the records in the possession of such public utility relating to such service. Upon a showing of cause to any Justice of the Supreme Judicial Court or the Superior Court, said justice shall approve said demand. Upon receipt of such demand, approved by such justice, such public utility shall forthwith deliver to the Attorney General all the records or information in compliance with said demand. No such public utility or employee thereof shall be criminally or civilly responsible for furnishing any records or information in compliance with said demand.

Effective September 23, 1971

Chapter 276

AN ACT Permitting Agreements Among Units for Cooperative Educational Purposes.

Be it enacted by the People of the State of Maine, as follows:

R. S., T. 20, §§ 309, 309-A, 309-B, additional. Title 20 of the Revised Statutes is amended by adding 3 new sections, 309, 309-A and 309-B, to read as follows:

§ 309. Cooperative agreements funded partly through local appropriation

The school committees or boards of directors of various administrative units may file an application with the State Board of Education for the purpose of entering a cooperative agreement to carry out a specified educational function. The application shall be in a form and containing such information as required by the board. An agreement so applied for shall be prepared by the board and shall be submitted to the citizens of each unit for acceptance or rejection. The meetings in towns shall be called in accordance with Title 30, section 2052, and the voting at meetings held in towns shall be conducted in accordance with Title 30, sections 2061 to 2064, even though the town has not accepted the provisions of said section 2061. The meetings in School Administrative Districts shall be called in accordance with section 225. In the case of cities, the acceptance or rejection of the agreement shall be by the legislative body. If the agreement is approved by a majority vote of those voting in each of the units involved, the board shall issue a certificate to a cooperative board as defined. The agreement prepared by the board shall specify the specific educational functions to be accomplished, the method of sharing costs in carrying out the functions, the number of board members which represent each unit on the cooperative board, and other specifications which may be necessary for a specific agreement. Membership on the cooperative board shall consist of the superintendents of schools of the participating units and board members chosen from each school committee or board of directors by its membership.

A cooperative board shall have the right to accept and administer federal funds for the specific educational function which is authorized. The cooperative board shall annually determine the cost of carrying out the specific educational function and shall submit the proposed budget to the boards of directors and school committees of each administrative unit involved in the cooperative educational function. When the budget of the cooperative board has been approved by a majority vote of the full membership of the boards of directors and school committees involved in the cooperative agreement, each administrative unit shall place in its school budget and shall appropriate for use of the cooperative board its share of the approved budget under the terms set out in the cooperative agreement. If an administrative unit fails to appropriate funds for the cooperative board, the cooperative board shall be considered as dissolved. It shall cease functioning at the end of the school year. Any remaining funds shall be returned to the administrative units on a pro rata basis.

§ 309-A. Cooperative agreements funded with nonlocal revenues

The boards of directors and school committees of any 2 or more administrative units may enter into a cooperative agreement with the approval of the State Board of Education for the purpose of carrying out specific educational functions if revenues from local sources are not required to carry out the program. The superintendents of schools in the administrative units shall jointly call one or more joint meetings of the boards of directors or school committees of the respective administrative units, or both, to set up the terms and conditions under which the specific educational functions shall be accomplished. If the agreement is approved by a majority vote of the board of directors or school committee of each administrative unit, then each board of directors or school committee shall elect 2 of its members and its superintendent of schools to a cooperative board which shall carry out the following duties in addition to those spelled out in the cooperative agreement. It shall be the duty of the cooperative board to apply for and receive federal or other grants to carry out specific educational functions. It shall be the duty of the cooperative board to oversee the administering of grants received in accordance with established guidelines and within the policies set by the cooperative board.

§ 309-B. Officials and reports

A cooperative board shall annually elect a chairman, vice-chairman, secretary and treasurer who shall also be an executive committee to approve payrolls and otherwise carry out the directions of the cooperative board. The secretary shall keep accurate records of all meetings of the board. The treasurer shall render account of all funds received and of all bills paid at the direction of the cooperative board and shall annually cause an audit of the accounts to be accomplished. Said audit shall be filed with the chairman of the cooperative board and with the State Board of Education. The cooperative board shall file semiannual progress reports with the boards of directors or school committees of the individual units involved in the cooperative board; or both, setting out the educational progress and the financial status of the cooperative venture in accordance with the terms of the cooperative agreement.
