make such further orders and regulations as, in its opinion, the public exigency may require. Such orders and regulations shall become effective immediately on their promulgation.

2. Public immunization. Notwithstanding any inconsistent provision of any other law, the following provisions shall apply when a public immunization program is necessitated.

A. In the event that the Director of the Bureau of Health determines that there is a threatened epidemic or emergency which necessitates public immunization, a public immunization program may be carried out by the department.

B. No person who works as a volunteer in a public immunization program, without the expectation or receipt of monetary compensation for any aspect of implementing such a program, shall be liable:

(1) For damages or injuries alleged to have been sustained by a person immunized under the program; nor

(2) For damages for the death of a person immunized under the program, unless it is established that the injuries or the death were caused willfully, wantonly, recklessly or by gross negligence by the volunteer.
