Whenever ratification by the electors is essential to the validity of bonds to be issued on behalf of the State, the question submitted to the electors shall be accompanied by a statement setting forth the total amount of bonds of the State outstanding and unpaid, the total amount of bonds of the State authorized and unissued, and the total amount of bonds of the State contemplated to be issued if the enactment submitted to the electors be ratified. For any bond authorization requiring ratification of the electors pursuant to this section, if any bonds have not been issued within five years of the date of ratification, then those bonds may not be issued after that date. The Legislature may, within two years after expiration of that five-year period, the Legislature may extend, by a
majority vote, the five-year period for an additional five years or may deauthorize the bonds. If the Legislature fails to take action within those two years, the bond issue shall be considered to be deauthorized and no further bonds may be issued. For any bond authorization in existence on November 6, 1984, and for which the five-year period following ratification has expired, no further bonds may be issued unless the Legislature, by November 6, 1986, reauthorizes those bonds, by a majority vote, for an additional five-year period, failing which all bonds unissued under those authorizations shall be considered to be deauthorized. Temporary loans to be paid out of monies raised by taxation during any fiscal year shall not exceed in the aggregate during the fiscal year in question an amount greater than ten percent of all the monies appropriated, authorized and allocated by the Legislature from undedicated revenues to the General Fund and dedicated revenues to the Highway Fund for that fiscal year, exclusive of proceeds or expenditures from the sale of bonds, or greater than one percent of the total valuation of the State of Maine, whichever is the lesser.
