A. An eligible supplemental environmental project is limited to the following categories:

- (1) Pollution prevention projects that eliminate all or a significant portion of pollutants at the point of generation;
- (2) Pollution reduction projects that significantly decrease the release of pollutants into a waste stream at the point of discharge to a point significantly beyond levels required for compliance;
- (3) Environmental enhancement projects in the same ecosystem or geographic area of the violation that significantly improve an area beyond what is required to remediate any damage caused by the violation that is the subject of the enforcement action;
- (4) Environmental awareness projects substantially related to the violation that provide training, publications or technical support to members of the public regulated by the department;
- (5) Scientific research and data collection projects that advance the scientific basis on which regulatory decisions are made;
- (6) Emergency planning and preparedness projects that assist state or local emergency response and planning entities in preparing or responding to emergencies; and
- (7) Public health projects that provide a direct and measurable benefit to public health.

B. Supplemental environmental projects may not be used for the following situations:

- (1) Repeat violations of the same or a substantially similar law administered by the department by the same person;
- (2) When a project is required by law;
- (3) If the violator had previously planned and budgeted for the project;
- (4) To offset any calculable economic benefit of noncompliance;
- (5) If the violation is the result of reckless or intentional conduct; or
- (6) If the project primarily benefits the violator.

Any settlement that includes a supplemental environmental project must provide that expendi-

tures are not tax deductible and are ineligible for certification as tax exempt pollution control facilities pursuant to Title 36, chapters 105 and 211.
