COMMITTEE ON BUSINESS LEGISLATION

June 1, 1987

Senator Charles Pray, Chairman
Legislative Council
Maine State Legislature

Dear Chairman Pray:

The Joint Standing Committee on Business Legislation requests permission to carry over LD 1581 "AN ACT to Reform the Pharmacy Laws" to the Second Session of the 113th Legislature.

LD 1581 was not referenced to the Committee until May 15. It is a 40 page redraft of a bill which was before the Committee last year and was very controversial. The Committee held a public hearing on May 26 of this year and testimony indicated that substantial issues continue to exist.

The Board of Commissioners of the Profession of Pharmacy is scheduled to be reviewed this year by the Committee on Audit and Program Review. This fact and the short time that the Committee has had this session to deal with this complex bill are the reasons for our request to hold over LD 1581.

Sincerely yours,

Honorable Charles P. Pray

Legislative Council

Dear Senator Pray,

The Joint Standing Committee on Education requests authorization to carry over the following bills to the Second Regular Session of the 113th Legislature.

LD 635 AN ACT to Amend the Teacher Certification Law

LD 1211 AN ACT to Provide Assistance to Parents of Exceptional Students

LD 1240 AN ACT to Create the Maine Choice Scholarship Fund

The first bill concerns a matter of great concern to the Education Committee and the education community generally. We feel we will need this bill as a vehicle to consider the issue of teacher certification next session. The second bill is also a matter of high priority to the committee. The Department of Educational and Cultural Services has promised some action in this area. We wish to hold the bill pending review of their actions. The third bill is one of several dealing with financial aid for college students. We feel it is necessary to hold this bill for additional consideration next year.

Thank you for your consideration in this matter.

Dear Senator Pray:

The Joint Standing Committee on Marine Resources would like to request that L.D. 1328, "An Act to Establish a Tax to Provide for the Comprehensive Monitoring of Paralytic Shellfish Poison", be held over for the second annual session.

The issue of paralytic shellfish poisoning is a life threatening one. The Department of Marine Resources has demonstrated a significant need for additional testing to protect the public. The Committee, however, has been unable to develop a workable funding mechanism up to this point.

The Committee looks forward to the opportunity to work towards a resolution of this serious threat to public health in the second annual session.
