Prayer by The Honorable Gerard P. Conley of Cumberland.

Senator CONLEY: Eternal God and Father, we give Thee thanks for a man named Saint Patrick: for his indomitable will, his classic courage, his formidable faith. As he drove out ignorance, superstition and inhumanity, and even the legendary "snakes of Ireland," raise up men and women of like character in our day, O Lord, so the creeping and slithering evils of crime, pollution, discrimination, militarism, rising living costs and shrinking dollars may not poison a Nation founded on the principal of freedom, justice, and hope for all men and women. In the Name of Him, who Saint Patrick called Lord. Amen.

Senator WOOD of York was granted unanimous consent to address the Senate, relative to SLS-100 A Joint Resolution in Memoriam, Whereas the Legislature has learned of the death of the Honorable Warren F. Studley of Berwick.

Senator WOOD: Mr. President, Men and Women of the Senate I rise today to say a few words about Representative Studley.

The Legislature is the great leveler here, we come from different parties, from different oc-

cupations, from different income groups, from different religions, from different philosophical backgrounds, and yet when we arrive at the Legislature all of that is magically cast aside and we become friends.

So, when we lose one of our members it is like losing a friend, losing, in fact, what I would call one of the family.

I got to know Representative Studley when I served with him in the House. He was a quiet man, yet when he had a point to make he could be very forceful. He was a serious man, yet he never forgot that what makes this place function is the sense of humor. He was forever cooking up little jokes to be played on other members from that retiring room, with other fellow members from York County.

Over the years he has served the people of Berwick and South Berwick well. I know that they will miss him and so will many people in the Legislature.

The PRESIDENT: The Chair would request that all members of the Senate rise for a moment of meditation in respect to our departed colleague.

(A moment of silence, the Members rising.)

(In House March 15, 1983, House Insisted)

On motion by Senator Carpenter of Aroostook, Retabled for 1 Legislative Day.

Senator Violette of Aroostook was granted unanimous consent to address to Senate, On the Record.

Senator VIOLETTE: Mr. President, Ladies and Gentlemen of the Senate, somewhat more seriously, here. Much to my displeasure over the last several years, and now something that has irked me all the more as I look at this today's Portland Press, and I have looked at some articles here, and over the last several days relating to a particular company doing business in this State, that being the McDonald's Corporation.

This is a Company that has moved into this State and because of its large size and economy of scale has put a substantial number of smaller Maine locally owned businesses out of business. Has taken advantage of industrial revenue bonds under the guise of industrial expansion and through the use of cheap labor has put, as I mention again, many small business, small eating places out of business. That is not my primary reason for speaking this morning.

My primary reason for speaking this morning, is that this is one very important element of our economy in this State is agriculture and once again this Corporation which doesn't use Maine meat, which doesn't use Maine potatoes, once again isn't going to use another important commodity produced in this State and that is Maine eggs.

I think that somehow or someday this Legislature should go on Record telling these companies which come into this State and don't use any Maine products that we don't think that this is in our best interest, and that we are not particularly inclined and overjoyed with these kinds of businesses doing business in this State.

So, as far as, this Senator is concerned I just rise today to express my objection, on the Record to this Company and other such compan-

ies, but it is primarily with respect to this Company, most of the other such companies use various sources, use Maine agricultural products, whether it be potatoes for french fries and the like. I thank you, Mr. President.

Senator Hichens of York was granted unanimous consent to address the Senate, On the Record.

Senator HICHENS: Thank you, Mr. President. I would rise to support the statements made by the good Senator from Aroostook, this morning.

As former Chairman of the Agricultural Committee a few years back, when Commissioner Dollop was the Commissioner of Agriculture, I made a formal complaint because McDonald's chain was using out of state potatoes, he contacted various authorities and said that the State of Maine did not have any authority to make this chain use Maine potatoes.

They used the excuse that Maine potatoes didn't make the kind of french fries that they made, as well as, out of state potatoes, and that was their reason. I know for a time that they did use Maine potatoes, but apparently without my knowledge they went back to using out of state potatoes, again. I, too, was alarmed this morning when I read in the paper they were going to start using out of state white eggs.

I don't know what the purposes is, as far as the nutritional value, I don't think there is any difference between a white egg and a brown egg.

I do echo the remarks of the good Senator from Aroostook that if they are making their profits in the State of Maine that as much as possible that they should be using Maine products.

I do not think that they can use the same argument, that a Maine egg doesn't make as good a scrambled egg, or Egg McMuffin as out of state eggs.

(Off Record Remarks)

Senator Carpenter of Aroostook was granted unanimous consent to address the Senate, Off the Record.

(Off Record Remarks)

On motion by Senator Carpenter of Aroostook, the Senate stood Adjourned in memory of Warren F. Studley until 12 noon tomorrow.
