**FIRST REGULAR SESSION**

**December 1, 1982 to May 13, 1983**

STATE OF MAINE  
One Hundred and Eleventh Legislature  
First Regular Session  
JOURNAL OF THE SENATE

Augusta, Maine  
May 6, 1983

Senate called to order by the President.

Prayer by Pastor Bruce W. Meyer of the Prince of Peace Lutheran Church of Augusta.

PASTOR MEYER: Almighty and eternal God, Whose faithfulness and grace is from generation to generation. Thank You for the beauty of this day; for the wonder of creation and for every reminder that the earth is the Lord's and the fullness thereof.

Father, as you called us to be stewards of the earth and the keepers of life for all people, bless the work of this Senate to that end and for that purpose.

As we come to the weekend and make special remembrance of mothers, we pray for the homes of our land, knowing that a Nation is only strong as its families. Renew and strengthen our love and commitment to one another as husbands and wives, as mothers and fathers, and as children with parents.

O give thanks unto the Lord, for He is good, and His love and wisdom are sure. Amen.

Reading of the Journal of yesterday.

Comes from the House, referred to the Committee on Education and Ordered Printed.

Which was referred to the Committee on Education and Ordered Printed in concurrence.

BILL, "An Act to Authorize Court Appointed Receivers." (Submitted by the Department of Human Services pursuant to Joint Rule 24) (H. P. 1165) (L. D. 1546)

Comes from the House, referred to the Committee on Judiciary and Ordered Printed.

Which was referred to the Committee on Judiciary and Ordered Printed in concurrence.

BILL, "An Act Relating to Hazardous Material." (H. P. 1167) (L. D. 1547)

Comes from the House, referred to the Committee on Transportation and Ordered Printed.

The PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Kany.

Senator KANY: Thank you, Mr. President, and Members of the Senate, I move that this item, "An Act Relating to Hazardous Material" be referred to the Committee on Energy and Natural Resources, and be sent down for concurrence.

The PRESIDENT: The Senator from Kennebec, Senator Kany moves that L. D. 1547, Bill, "An Act Relating to Hazardous Material" be referred to the Committee on Energy and Natural Resources, Ordered Printed, and sent down

for concurrence.

The Chair recognizes the Senator from York, Senator Danton.

Senator DANTON: Mr. President, I oppose that motion and request a Division.

The PRESIDENT: A Division has been requested.

The Chair recognizes the Senator from Kennebec, Senator Kany.

Senator KANY: Mr. President and Members of the Senate, I have not spent time lobbying people, I believe I only spoke to one Senator about reference on this Bill. I would like to explain why I believe and why the sponsor, Representative McHenry, would like to have this Bill sent to the Committee on Energy and Natural Resources, and that is because it deals with hazardous materials. Indeed, it does deal with transportation of hazardous materials, but the Committee on Energy and Natural Resources has measures before it now dealing with just that topic. We've been trying to get quite deeply into the subject of hazardous materials, transportation and otherwise, so that we have an indepth understanding to make appropriate law. Maine has very little law regarding the transportation of hazardous material, indeed, it has not even adopted the Federal regulations on that topic.

I do hope that you will go along with the motion before you to commit this to the Committee on Energy and Natural Resources.

The PRESIDENT: The Chair recognizes the Senator from York, Senator Danton.

Senator DANTON: Mr. President and Members of the Senate, I usually don't like to fight over Bills, in fact, if I had my way I'd just as soon send a letter to the presiding officer telling him that my committee had concluded its work.

This particular Bill, and if you have the time and you want to turn to it, L. D. 1547, it goes on to say, "the Commissioner of Public Safety," and then it goes on to say about a Transportation Fund, and then it cites the Commissioner of Public Safety, again. Then on page 3 line 24, "the Commissioner of Public Safety may have dropped rules in accordance with the Maine Administrative Procedure Act, Title 5, Chapter 375, and consistent with regulations adopted by the United States Department of Transportation."

Just a few days or a couple of weeks ago, we passed the Gas Tax, a fund, if you will. I don't know what they're talking about. The Public Safety is funded by our Committee, the Transportation Committee. It's a Bill that I feel that the Transportation Committee should look at. Now, if the good Senator from Kennebec is concerned about this Bill, hazardous material, and I know she's all entwined with nuclear waste and what have you, and I'm glad she is. I would hope that she perhaps would kill this Bill off and get another one written and take Public Safety out and the Department of Transportation and I would more than be happy to have this Bill go to her Committee, but as long as the Public Safety Commission is involved, as long as the Department of Transportation is involved, I feel that this Bill belongs to the Committee on Transportation.

The PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Kany.

Senator KANY: Mr. President and Members of the Senate, I would like to point out to you that it was, indeed, the Energy and Natural Resources Committee, which just recently, in a Bill, put the Commissioner of Public Safety over the area of radioactive waste. We are dealing with this topic, the Bill before you, and the new fee suggested within it, regarding the transportation of hazardous materials would not go into the Highway Fund, but indeed, would be one of many suggested and existing funds regarding hazardous materials. It certainly is incumbent upon the Maine Legislature to make certain that people do not pay more than once for transporting or dealing with the same hazardous material.

I would hope that you would let us on the Energy and Natural Resources Committee evaluate that in duplicity and get on with the work on evaluating the substance of this Bill.

The PRESIDENT: Will all those Senators in favor of the motion by Senator Kany of Kennebec to refer L. D. 1547 to the Committee on Energy and Natural Resources, please rise in their places to be counted.

Will all those Senators opposed, please rise in their places to be counted.

7 Senators having voted in the affirmative, and 22 Senators having voted in the negative, the motion to refer this Bill to the Committee on Energy and Natural Resources, Failed.

Which was referred to the Committee on Transportation and Ordered Printed, in concurrence.

May 4, 1983

The Honorable Gerard Conley  
Senate President  
State House Station 3  
Augusta, ME 04333

Dear Gerry:

I am pleased to transmit for your information the 1982 Annual Report of the Maine Land and Water Resources Council.

The Council was created by Executive Order of the Governor in 1976 "to study and recommend solutions to specific land and water resources management problems (and) to recommend coordinated State policies for major proposals that transcend the concerns of any one agency."

Last year, Governor Joseph Brennan asked the Council to develop a Maine "rivers policy" that would create a reasonable and effective balance among the interests now competing for the use of our rivers.

Accordingly, the 1982 Annual report offers a good chronological summary of the hydropower and rivers initiatives that have come before this Session of the Maine Legislature. I hope you will find it of interest.

With best wishes.

Sincerely,  
S/RICHARD E. BARRINGER  
Director

An Act Concerning the Distribution of Table Wines. (H. P. 833) (L. D. 1070)

The PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Perkins.

Senator PERKINS: Mr. President, Ladies and Gentlemen of the Senate, with reference to L.D. 1070, through the cooperation of the Director of Alcoholic Beverages and the parties concerned, there has been an agreement reached with regard to this piece of Legislation, and I would like to read a portion of a letter from the Director, which I received this morning, and after that, I would make a motion.

"The Bureau is willing to grant permission to a retail licensee to purchase wine from other wholesalers when the licensee can demonstrate that he/she has had difficulty with the wholesaler assigned the exclusive territory in his area. The Bureau would rather resolve problems administratively rather than weaken what is considered one of the finest franchise statutes within the Country."

Mr. President, Ladies and Gentlemen of the Senate, I concur with this letter, and would say that through the cooperation of the Director and some of the other people who were involved, we were able to reach amicable agreement which would address the problems of

several of my constituents; and therefore, would move the Indefinite Postponement of this Bill and all its Accompanying Papers.

The PRESIDENT: The Senator from Hancock, Senator Perkins moves that L.D. 1070 and all Accompanying Papers be Indefinitely Postponed.

The PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Clark.

Senator CLARK: Mr. President, I would direct a question to the good gentleman from Hancock, Senator Perkins relative to a clarification of the words "has had difficulty", and would hope that for the Record we could expand and/or define that somewhat. Thank you, Mr. President.

The PRESIDENT: The Senator from Cumberland, Senator Clark has posed a question through the Chair to the good Senator from Hancock, Senator Perkins who may respond if he so desires.

The Chair recognizes the Senator from Hancock, Senator Perkins.

Senator PERKINS: Mr. President, Ladies and Gentlemen of the Senate, with regard to this agreement, the difficulty which we would be addressing would be price, availability, selection, minimum quantities required for delivery, and matters which with regard to doing business in a generalized manner with regard to distribution of table wines.

On motion by Senator Perkins of Hancock, L.D. 1070 and all its Accompanying Papers was Indefinitely Postponed, in concurrence.

An Act to Provide Cost-of-living Adjustments to Retired State Employees, Teachers and Beneficiaries (H. P. 1142) (L. D. 1507)

The PRESIDENT: The Chair recognizes the Senator from Washington, Senator Brown.

Senator BROWN: Thank you, Mr. President, in respect to L.D. 1507, and in the absence of the Chairperson of the Appropriations Committee, I move that this item be placed on the Special Appropriations Table.

The PRESIDENT: The Chair would have to state that the Senator has debated a Tabling motion.

On motion by Senator Pray of Penobscot, placed on the Special Appropriations Table, pending Enactment.

An Act Requiring Motorists to Protect Children in Motor Vehicles by Use of Approved Child Safety Seats (H. P. 1149) (L. D. 1514)

The PRESIDENT: The Chair recognizes the Senator from Waldo, Senator Shute.

Senator SHUTE: Mr. President, Ladies and Gentlemen of the Senate, this Bill, "An Act Requiring Motorists to Protect Children in Motor Vehicles by Use of Approved Child Safety Seats" has gone through the Legislature without any debate.

I have a few questions about the Bill and how it would be implemented, and how it would work. If you're a grandparent and you're taking four children, under four years of age in your car, and you had your wife with you, so you have six people in a five passenger car, probably that's illegal too, I don't know, where would you put the fourth child? The floater, as it's called? You only had room for three safety seats in the rear of the automobile. The fourth one would, as we call them floaters, aren't secure.

I don't really like these bills that go and tell parents how to use their children. I'm one of those that probably don't care about their children if they get stove up in an automobile, and that we have to look out for people like me; we have to make laws so that I'll abide by these things and my children will be safe, and probably I don't care about my grandchildren, either.

I think that I have a bit of, I'm a bit responsible when it comes to taking care of my children, my grandchildren and I don't think I need the State Legislature to tell me everything, every way you have to do it.

Possibly, if this Bill had been really as worthy as we've been made to think it is, I'm sure Washington would have taken care of this problem; they've taken care of the bumpers, they've taken care of the shocks, the seatbelts, and safety glass, and safety tires, and everything else. Certainly, if Washington couldn't see their way clear to pass this Legislation, there must be some reason they didn't.

In the winter when it is about 30 below zero and you take the children out in the automobile and the heater only heats the front seat, they're going to have a real nice trip if you go about fifty miles or a hundred miles in the back seat, freezing. They can't get into the front seat because they can't be secured in a seat restraint.

I really think that we could trust the parents of the children, at least another year, and I'm sure most of them—last year this Bill started I was having a warning and this is about where I felt it would windup this year. You give the warning the first year and the next year you put the fine on the people, make it mandatory.

Mr. President, I would ask for a Division on the Enactment.

The PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Diamond.

Senator DIAMOND: Thank you, Mr. President, Men and Women of the Senate, this Bill has, as the Gentleman from Waldo County, Senator Shute has indicated sailed along pretty well because, for several reasons; number one, we had a very very good hearing on this; well attended by Legislators, as well as, well attended by the public.

We had an awfully good discussion on both sides of this, in fact, the proponents were obviously in the majority. We only had one or two. I think, people spoke against it, and they spoke against it because of logistic concerns. We are not the first to entail such Legislation, there are twenty-three states that have passed this type of Legislation. Twenty-three! So it's not a new idea, it's not a new idea to Maine, nor is a new idea to this Nation.

The concern that's been brought up, most of the time, why this was needed and why this law needs to be passed was because most accidents are simple fender benders. Most accidents are not the spectacular two or three car crashes that you see. Most of them are not. We were told that and most of us know that any way, if you look at the data.

You see a fender bender, or a quick stop for a light, any sudden stop, a one-year-old, or a two-year-old, or a three-year-old that is standing up, becomes a projectile, and that youngster starts throwing towards the front. If you want to understand what that is like, you just need to have a car going twenty miles an hour, slam the breaks on quickly, and you imagine that child going until it stops and the reason it stops is because that that child hits the windshield, the dashboard or any of those instruments on the dashboard, and that's why this law is needed.

We were shown at the hearing, data after data, examples after examples, how just this seatbelt and safety seat would save so many injuries, and yes even so many lives.

The Governor's Office has been very helpful in this Bill, has provided us the data, and also provided us with solutions for paying, and getting funds, Federal Funds, for seats. The Maine Automobile Association and several others spoke to us at the hearing. There's been several volunteer groups that have offered to provide seats for those who cannot afford them. We have five or six thousand seats just waiting out there to be used. I think we've covered most of the areas of concern. We tried to do that, knowing full well this had to be practical as well as wanting in our hearts to get passed. So I guess that I would stop at that point, answer any questions anyone might have, but I think we've touched all the real basis in trying to solve the problems. Thank you very much.

The PRESIDENT: A Division has been requested.

Will all those Senators in favor of the Enactment, please rise in their places to be counted.

Will all those Senators opposed, please rise in their places to be counted.

21 Senators having voted in the affirmative, and 9 Senators in the negative, the Bill was Passed to be Enacted, and having been signed by the President, was by the Secretary presented to the Governor for his approval.

The President laid before the Senate the second Tabled and Specially assigned matter:

BILL, "An Act to Amend the Obscenity Laws" (S. P. 477) (L. D. 1438)

Tabled—May 5, 1983 by Senator CARPENTER of Aroostook.

Pending—Enactment.

(In House April 29, 1983 Passed to be Enacted)

The PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Pray.

Senator PRAY: Thank you, Mr. President. Mr. President and Ladies and Gentlemen of the Senate, as every member of this Chamber is aware this Bill has been sitting on the table for some time.

Several individuals have been reviewing the Legislative proposal and had expressed some concerns to me. I feel that they are concerns

that should be addressed. Yesterday I had asked Senator Carpenter to table this Bill for the opportunity to allow some amendments to be distributed for consideration.

Now to be able to offer those amendments, of course, we would have to Suspend the Rules, and have Reconsideration. Thus to do so, I think that each and every one of you should understand the intent of that Reconsideration or Suspension of the Rules for amendment, as well as Reconsideration.

It would be my intent that we address, what I consider to be possibly some concern in reference to changing the balance of our punishments that are established in the Maine Criminal Code. Although this Bill is not part of the Criminal Code it uses Criminal Code punishment classification for its enforcement.

Under the existing laws which prohibit dissemination to minors of obscene material the penalty is a Class "D" crime. This punishment, Class "D" violation provides for up to one year in jail and/or a fine of up to one thousand dollars for individuals and five thousand dollars for partnerships, cooperations and other entities.

The New Draft upgrades the punishment to a Class "C" crime. This makes a violation punishable by imprisonment up to five years and allows the imposition of fines of up to twenty-five hundred dollars for individuals, and up to ten thousand dollars for cooperations, partnerships and other legal entities.

Now the effect of this upgrading is readily apparent that it throws out to some individuals' perspective, and perhaps mine as well, it throws out of balance the schemes of punishment and what we consider, I think, an equity of our laws.

This New Draft if enacted without amendment would provide that any individual under the age of eighteen that distributes obscene material to a minor, then could be thrown in prison up to five years, and could have that fine of up to twenty-five hundred dollars. I have some legitimate questions and concern about an individual who perhaps is not eighteen, but close to that age that may upon his own provide or make the opportunity available that he, himself seeking the material, is then not the individual himself guilty? Do we want to punish them to the degree of a maximum penalty of five years in prison and the fine that goes along with it?

I had noted looking through the Criminal Code some of the other penalties that we have for other crimes in a related manner that we would make more serious or that is presently a Class "D" crime, for an example we are concerning ourselves with the passing out of obscene materials to these individuals yet we have a number of laws which are Class "D". The abandonment of a child or a minor, the endangering of the welfare of the child is a Class "D" crime, incest is a Class "D" crime, but if we distributed, or if someone distributed obscene material we are going to make it a Class "C" crime.

It would be my hope that we could back this Bill up and amend it to address perhaps what the problem maybe. If there is a problem out in society; which I know that we all would prefer not to see this event occurring, but I have not heard a great outcry that it is occurring. So I question the sincerity of making this penalty as harsh as we are proposing to make it in this instance.

The amendment which I would like to offer, in a few minutes, would provide that a minor is under the age of eighteen that it would be a Class "C" offense, if the minor is younger than fourteen years of age or younger, which is used in various sections of the law, then we would make it a Class "C" penalty as proposed in here, and we would, also, provide a Class "C" punishment for repeat offenders. I would hope that we would not at this time enact this Bill so we could reconsider.

The PRESIDENT: The Chair recognizes the Senator from Androscoggin, and would ask for what purpose does the Senator rise?

Senator TRAFTON: I rise to raise a point of order, I question whether or not it is appropriate to discuss an amendment that is not before us at the present time.

The PRESIDENT: The Chair would state that present status of the Bill is that it is presently before Enactment. That the rules would have to be Suspended for the Senator from Penobscot, Senator Pray to debate the amendment, but we are presently discussing the Enactment of the Bill.

The Chair recognizes the Senator from Penobscot, Senator Pray.

Senator PRAY: Mr. President, I move that the Rules be Suspended.

The PRESIDENT: The Senator from Penobscot, Senator Pray moves that the Rules be Suspended.

The Chair recognizes the Senator from York, Senator HICHENS.

Senator HICHENS: Mr. President, I rise in objection to Suspension of the Rules.

The PRESIDENT: In order for the Senate to Suspend its Rules it must take two-thirds of those present and voting.

Will all those Senators in favor of the Suspension of the Rules, please rise and remain standing until counted.

Will all those Senators opposed, please rise and remain standing until counted.

16 Senators having voted in the affirmative and 12 Senators in the negative, the motion to Suspend the Rules, Failed.

The Chair recognizes the Senator from Kennebec, Senator BUSTIN.

Senator BUSTIN: Mr. President, I move that this Bill and all of its accompanying papers be Indefinitely Postponed.

The PRESIDENT: The Senator from Kennebec, Senator Bustin moves that LD 1438 be Indefinitely Postponed.

The Chair recognizes the Senator from York, Senator HICHENS.

Senator HICHENS: Yes, Mr. President, I ask for a Roll Call.

The PRESIDENT: A Roll Call has been requested.

Under the Constitution in order for the Chair to order a Roll Call it requires the affirmative vote of at least one-fifth of those Senators present and voting.

Will all those Senators in favor of ordering a Roll Call, please rise and remain standing until counted.

Obviously more than one-fifth having arisen a Roll Call is ordered.

The pending question before the Senate is the motion by the Senator from Kennebec, Senator Bustin that LD 1438 and all accompanying papers be Indefinitely Postponed.

A Yes vote will be in favor of Indefinite Postponement.

A No vote will be opposed.

The Doorkeepers will secure the Chamber.

The Secretary will call the Roll.

7 Senators having voted in the affirmative and 24 Senators in the negative, with 2 Senators being absent, the motion to Indefinitely Postpone, Failed.

The Chair recognizes the Senator from York, Senator Wood.

Senator WOOD: I would request a Division.

The PRESIDENT: A Division has been requested.

The Chair recognizes the Senator from York,

Senator Wood.

Senator WOOD: Mr. President, so that members will know why I voted against this Bill and voted in the past, I remember when I took seventeenth century literature at USM, and one of the items that I read was "Areopagitica" by John Milton, and in that he said that "good and evil are in the same seed and when you try to destroy evil for the benefit of good, you destroy both".

The PRESIDENT: Is the Senate ready for the question?

Will all those Senators in favor of Enactment, please rise in their places to be counted.

Will all those Senators opposed, please rise in their places to be counted.

23 Senators having voted in the affirmative, and 8 Senators having voted in the negative, the Bill was Passed to be Enacted and having been signed by the President, was by the Secretary presented to the Governor for his approval.

Which Report was Read and Accepted.

The Bill Read Once.

Committee Amendment "A" (S-99) was Read and Adopted.

The Bill, as amended, Tomorrow Assigned for Second Reading.

Senator Diamond of Cumberland was granted unanimous consent to address the Senate, On the Record.

Senator DIAMOND: Thank you, Mr. President, Men and Women of the Senate, I would like to call your attention, just briefly, to LD 1346 on page 6 and simply make, on the Record, a statement that this Bill, An Act to Include Legislative Services under the Maine Sunset Act was heard by the Committee on Audit and Program Review and it was important for us as a Committee to share with you that we felt this Bill receiving a Leave to Withdraw might, also, receive with that tag this announcement. The Bill sponsored by the Senator from York, Senator Wood is indeed a good Bill and had good ideas in it, and the intent was a direction that we are going in, and the reason that we took a Leave to Withdraw with this Bill is because the new Legislative Director Ms. Sally Diamond is constructing an evaluation process within the Legislative Offices. We felt that that needed to be attended to prior to any examination. So, we as a Committee want to thank Senator Wood and make this part of the Record, thank you very much Mr. President.

Senator Wood of York was granted unanimous consent to address the Senate, Off the Record.

Senator Pearson of Penobscot was granted unanimous consent to address the Senate, On the Record.

Senator PEARSON: Mr. President, Men and Women of the Senate, with respect to four items under the Leave to Withdraw calendar today, there are four items there that all deal with Penobscot Indian Bills that were introduced by myself, or my member of the House from my city where I live.

There were a total of, I think, eight or nine bills that were introduced this year dealing with Penobscot Indians and I am somewhat

distressed to say that the hearings that I attended before the two committees that they were referred to, both committee chairmen, the chairmen of those committees, were very gracious, as were the members of those committees.

The Governor's Office which testified at those hearings, those particular hearings was less than cooperative, less than understanding, less than willing to bend or discuss, in my opinion, most pieces of legislation. Their rhetoric at the beginning was not to my satisfaction, however, it did improve later on.

The Penobscot Indians have asked Leave to Withdraw on these bills in a cooperative type of exchange on their part, they want to indicate that they want to have dialogue. They are willing to sit down and discuss any thing. It is my hope that they will have set the tone of positive relationship between the tribes and the State of Maine, because the other side did not seem to be interested in setting that kind of a tone.

(Off Record Remarks)

Senator Carpenter of Aroostook was granted unanimous consent to address the Senate, Off the Record.

On motion by Senator Carpenter of Aroostook, Adjourned until Monday, May 9, 1983 at 9 o'clock in the morning.
