unanimous consent to address the Senate On the Record.

Senator PEARSON: Mr. President, I wish the  
Senator from Aroostook, Senator Carpenter were here  
in the Chamber, because some of the remarks I am  
going to make relate to a concern that he might also  
have. It deals with basketball. Although people  
probably think that is a light subject, in a moment  
of the game, it gets to be very serious to the teams  
that participate, and to the towns that support the  
schools that go there. This has nothing to do with  
any school in my district that I am connected with,  
but I was disturbed last weekend, when a little  
school from Southern Aroostook County, Hodgdon,  
participated in the State's Final Basketball  
Tournament here in Augusta. Now, Hodgdon is not a  
wealthy area, and it does all it can to provide its'  
students with the best education and with a good  
sports program, commensurate with their ability to  
finance it. They went all the way to the State  
Finals. They came up against a team, and this is not  
sour grapes on my part because I do not come from  
that school, but, they came up against a team from  
Western Maine that had apparently recruited students  
from the Virgin Islands to play because of their  
basketball ability. Now, I have complained to the  
State Principal's Association, or at least to one  
member of it, that I think that is inappropriate and  
a wrong thing to do on a high school level, to  
recruit basketball players.

They informed me that this had been an item of  
quite serious debate in the State Principal's  
Association. I applaud them for being concerned  
about it. I hope they continue to try to deal with  
it. They are very conscientious about it, I think.  
What happens is, a person comes from somewhere else,  
someone assumes guardianship, they become a member of  
that high school, and there is nothing anybody can do  
about it, under the current status. I can tell you  
that I do not think that the people of Hodgdon could  
have gotten involved with that kind of recruiting,  
nor would they have the desire to do so. It must  
have been very frustrating for the people there to go  
up against a team that was staffed, to some degree,  
by recruits from out side of the State, and outside  
of the contiguous United States.
