STATE OF MAINE  
ONE HUNDRED AND FOURTEENTH LEGISLATURE  
SECOND REGULAR SESSION  
JOURNAL OF THE SENATE

Senate at Ease  
Senate called to order by the President.

In Senate Chamber  
Wednesday  
January 3, 1990

Pursuant to the Provisions of the Constitution and the laws of the State of Maine, the Senators of the One Hundred and Fourteenth Legislature will convene in the Senate Chamber at 10:00 in the morning and will be called to order by the President  
Prayer by Reverend Cleon Ross of St. Augustine's Episcopal Church in Dover-Foxcroft.

REVEREND ROSS: O God, the fountain of all wisdom, whose will is good and gracious and whose law is truth, we beseech Thee, so to guide and bless our Senators and Representatives of this state that they may enact such laws as shall please Thee to Thy glory. And O Lord bless them in their lying down and in their rising up and in their labours and in their joys. Protect them as they come and go from this Chamber to their respective homes. Bless, O Lord, the President of this Senate. Give him wisdom and guidance. Sustain him to represent all the people. We ask this in Your precious name. Amen.

RE: Quarterly Report for the Third Quarter of Calendar 1989 39 M.R.S.A. §92(3)  
Dear President Pray:

This letter and statistical attachments are the quarterly report of Commissioner caseload and progress mandated by 39 M.R.S.A. §92(3).

During the third quarter of 1989 the Commission received an estimated 3,594 petitions and disposed of 2,547 by decision or dismissal. Backlog increased to 8,640 undecided petitions.

The backlog increased partially because petition filings have increased. 9,241 petitions were filed in the first 9 months of 1989. If filings continue at this level, the Commission will receive roughly 1,000 more petitions in 1989 than it did in 1988. We believe litigation levels reflect the cumulative effect of steady employment growth.

Turnover may also contribute to delay because it sometimes takes new Commissioners a year or so to reach full productivity. Commissioners Ellen Gorman and David Soucy left during 1989. One replacement has been appointed and another is under consideration. Five new Commissioners were appointed in 1988.

We are monitoring litigation and may need to redistribute cases. However, 12 seasoned Commissioners should be sufficient, even if employment continues to increase.

There have been no complaints or filings in connection with the 30 day decision rule of 39 M.R.S.A. §99-B as implemented by Commission Rule 22.11.

A summary of caseload and dispositions is presented in the attached tables. I would be happy to discuss this report further if you wish.

Sincerely,  
S/Ralph L. Tucker  
Chairman

Dear President Pray:

In accordance with 20-A M.R.S.A., section 15618-A, a report of all School Administrative Unit state and local revenues designated for K-12 education in their FY 90 budgets has been compiled and a copy is provided for your use.

It should be noted that the amounts budgeted in the various categories may not be the same as actual expenditures for these categories, for the following reasons:

1. Some budgeted amounts may be unexpended and carried forwarded to the following year. The statewide balance forward, for all budget categories, is usually between 2% and 3%.

2. School Administrative Units which do not utilize a line item budget may transfer funds to other categories.

3. For certain types of funds that are transferred between school administrative units (for tuition costs and for transportation and other services provided to another school administrative unit), the amount is budgeted in both school administrative units, since each unit must appropriate these funds. Since these instances cannot be netted out in the State Total summary, the state totals will overestimate actual expenditures to some degree.

Sincerely,  
S/Eve M. Bither  
Commissioner

September 14, 1989

Honorable Charles P. Pray  
President of the Senate  
State House Station #3

Augusta, Maine 04333  
Dear President Pray:  
We are pleased to submit the single audit of the State of Maine for the fiscal year ended June 30, 1988.

This report complies with the state's audit requirements contained in Title 5 MRSA, Chapter II and the federal audit requirements of the Single Audit Act of 1984, and the associated Circular A-128, issued by the U.S. Office of Management and Budget.

The state has embarked on a plan for reporting on its operation in conformance with generally accepted accounting principles (GAAP). We believe that information obtained by the Bureau of Accounts and Control personnel has already resulted in a positive contribution to the financial reporting process of our state.

We would like to express our appreciation to the federal cognizant audit agency, the U.S. Department of Health and Human Services, and to the Maine Department of Finance and the other state agencies for their assistance during the audit.

We would be pleased to respond to any of your questions or comments about the 1988 single audit report.

Sincerely,  
S/Rodney L. Scribner,  
CPA  
State Auditor

STATE OF MAINE  
HEALTH POLICY ADVISORY COUNCIL  
STATE HOUSE STATION 141  
AUGUSTA, MAINE 04333  
December 12, 1989

President of the Senate  
Honorable Charles P. Pray  
State House Station 3  
Augusta, Maine 04333  
Dear Senator Pray:

I am pleased to submit on behalf of the members and staff of the Maine Health Policy Advisory Council the Council's third Annual Report.

The report includes the Council's forecast of the significant health policy issues that will face the State of Maine over the next five years and the agenda of issues that need to be addressed during the coming year. The Council has also reviewed its own activities and those of others in responding to current issues.

The Annual Report is a collaborative product. Council members selected the issues and discussed their implications in subcommittees and full Council sessions. Members wrote sections of the original draft and participated in reviewing and editing several drafts. Our staff, with skill and hard work, prepared the basic documents, supplied ideas and background information, and redrafted the report in response to Council decisions.

We could not have produced this report without the contributions of Maine citizens who participated in our local forums, representatives of the provider community, educators and consumer advocates who offered their perspectives, the cooperation and support of commissioners and staff members from the Department of Human Services, Department of Mental Health and Mental Retardation, Department of Labor, Department of Professional and Financial Regulation, Maine Health Care Finance Commission, and the insights and assistance of members of the State Legislature and the Maine Congressional Delegation and their staffs.

Maine's health problems and opportunities are much like those in the other forty-nine states. Those problems and opportunities -- the issues we have identified in this report -- are constantly changing in response to demographic, environmental,

economic and technological changes. We do not underestimate the complexity of those issues or the formidable challenges they present to us as a society and as individuals. But we believe Maine citizens and their leaders have the capacity and the will to gain understanding, to assess our choices in responding to those issues, and to make sound public policy decisions that will meet our objectives of physical and mental well-being for all the members of our society. We hope this report and the work of the Council will contribute to that understanding, stimulate exploration of our choices, and lead to needed decisions and commitments.

Sincerely,

S/Donald E. Nicoll, Chair

December 22, 1989

Honorable Charles P. Pray  
President of the Senate  
114th Legislature  
State House  
Augusta, Maine 04333  
Dear President Pray:

Pursuant to its charge, as established in PL 1989, c. 501, Part Q, the Special Commission to Study the Organization of the State's Cultural Agencies has studied the organizational placement of the Maine State Museum, the Maine State Library, the Maine Historic Preservation Commission, and the Maine Arts Commission within the Department of Educational and

Cultural Services. The Commission conducted research on the several organizational options for the optimum provision of cultural services to the people of the State and within State government and held four public hearings.

After thorough consideration, the Commission finds that the objectives for the best delivery of cultural services is provided by the formation of the Maine State Cultural Affairs Council comprised of the four chairs and vice-chairs of the four respective agencies, along with the director of the four agencies providing advisory assistance. The role of the Council shall be limited to coordinating advocacy, planning, and budgetary functions. The independent functioning of the four agencies shall be maintained.

The Special Commission recommends the enactment of the proposed legislation as outlined in the attached Report, respectfully submitted for your review.

Sincerely,  
S/Richard N. Berry,  
Chair

Dear President Pray:

The Joint Standing Committee on Taxation is pleased to submit its report on Sales Tax Exemptions pursuant to 36 MRSA §195 et seq.

The annual review of a portion of all tax expenditures continues to be an important component of State tax policy. Even though changes in these exemptions are infrequent, we realize that fairness, equity and consistency are values that can only be maintained by frequent review and analysis. Therefore, the Committee has recommended only those changes that will enhance fair, equitable and consistent application of tax law. Certain other issues, suggested by a sub-committee, will be considered at the same time we hear the accompanying implementing legislation.

The members of the Taxation Committee look forward to continuing our work regarding Tax Expenditures in Maine.

Off Record Remarks

Senator KANY of Kennebec was granted unanimous consent to address the Senate on the Record.

Senator KANY: Thank you. Mr. President, Men and Women of the Senate, I just wanted to call your attention to the minutes of the first meeting of the Governor's Task Force on Home Heating Oil Prices which was distributed to you just a few minutes ago and, as the Senate Chair of the Energy and Natural Resources Committee, I thought it was incumbent upon me to represent the Legislature and the legislative committee on that task force. So I am attending

those meetings and I would be happy to try and keep you informed of what's happening. Obviously, I am sure that all of you have heard from many of your constituents about this problem. In fact, you may even have heard from your spouse or whoever else you may cohabit with. So it is a problem, not only in the State of Maine, but, throughout the country as the entire nation was faced with an unusually cold fall. My husband has pointed out many times that the forecast for the winter was that it was to be a mild winter, but the forecasters forgot to tell us we were going to have a very cold fall. Clearly, part of the problem is that suppliers in this state and elsewhere did not expect that cold fall, so the supplies were not on hand. Given that, along with, potentially and possibly, price gouging by the majors internationally, we are faced with this unusual situation in which we have had these extreme rises in prices of home heating fuel. It is not expected to change rapidly at all. So you can expect to hear more and more from your constituents and, clearly, it is incumbent upon us, as the elected Senators of the state of Maine, to stay on top of this issue and to do what we can. With that, thank you very much, Mr. President.

Subject: Amendment to Chapter 10 of Land Use  
Regulation Commission Standards

Dear President Pray, Speaker Martin, Senator Kany and  
Representative Michaud:

In July 1989, following public hearing, the Maine  
Land Use Regulation Commission adopted amendments to  
Chapter 10 of its rules, Land Use Districts and  
Standards, regarding land application of septage,  
sludge and other residuals. The Commission amended  
the rules to provide for application of sludge or  
other residuals to certain lands and composting  
activities in the unorganized territories (notably  
management subdistricts) without requiring a permit  
from LURC so long as those activities are in  
compliance with applicable requirements of the  
Department of Environmental Protection. While no  
permit is required, the Commission retains regulatory  
control over these activities. It also specified the  
areas where those activities require a permit or are  
prohibited.

Since July 1989, the Commission has utilized  
these revised standards and they appear to be  
effective and functioning satisfactorily.

12 M.R.S.A. section 685-A (8) specifies that  
amendments to LURC's land use standards upon adoption  
shall become effective immediately but shall be  
submitted to the next regular or special session of  
the Legislature for approval or modification. If the  
Legislature fails to act, such standards shall  
continue in full force and effect.

This submission is to fulfill the Commission's  
requirements under 12 M.R.S.A section 685-A(8).

If you have any questions as you review the  
amendments, please do not hesitate to contact me at  
289-2631.

Sincerely,  
S/David E. Boulter  
Director
