The following Communication:

MAINE EDUCATIONAL LOAN AUTHORITY
526 WESTERN AVENUE
AUGUSTA, MAINE 04330

May 1, 1991

John L. Martin
Speaker of the House
State House Station 2
Augusta, Maine 04333

Charles P. Pray
President of the Senate
State House Station 3
Augusta, Maine 04333

Dear Speaker Martin and President Pray:

Pursuant to Chapter 417A, Subsection 11427, 20A M.R.S.A, I am forwarding to you the third annual report and financial accounting of the Maine Educational Loan Authority (MELA).

Following the Authority's second year of operation, the program made several changes which had a direct influence on improving the Supplemental Loan Program during the 1990-91 year. A sequence of these events are as follows:

MELA loan application material revised, printed and disseminated August 1990

Selection of new loan servicing organizations for servicing MELA loans August 1990

Revision of several program rules were made through the Administrative Procedures Act

November 1990

During the 1990-91 academic year, the Authority served more students than in previous years with a record seven million dollars in loan funds. Since the inception of the program in 1988, MELA loans have served over 3,500 students and their families with nearly \$20 million dollars of private capital.

The attached report provides MELA program information for the past year in greater detail. It is worthwhile noting that the percentage of MELA loans used at Maine private colleges increased from 41% to 45% over the previous year, and the percentage of students with MELA loans enrolled in private colleges increased by two percent to 46%. Also, the amount of MELA loan funds used for all Maine colleges increased from 59% to 65% for the 1990-91 year. The average MELA loan for all borrowers was \$5,886.

The MELA program continues to meet the growing financial need of Maine students and their families for addressing the increasing cost of higher education. With the economic climate our citizens are living through, it is anticipated that the MELA program will be called upon even more frequently in the future. We are looking forward to achieving new efficiencies in the program and exploring new ways to better serve the people of Maine.

The Authority recently completed its third financial audit by an independent certified public accounting firm, Peat Marwick, Main and Co. Their audited financial statements are enclosed for your reference.

We wish to thank you for your consistent interest and support for the Maine Educational Loan Authority. We will continue to promote and assist higher education needs for the students and families of our state.

Sincerely,

S/Richard H. Pierce
Executive Director

Was read and with accompanying report ordered placed on file.
