House

Bill "An Act to Improve Voter Participation"

(H.P. 1455) (L.D. 2046)

Was reported by the Committee on **Bills in the Second Reading** and **READ** the second time.

On motion of Representative LABRECQUE of Gorham, was **SET ASIDE**.

The same Representative **PRESENTED House Amendment "A" (H-821)**, which was **READ** by the Clerk.

The **SPEAKER**: The Chair recognizes the Representative from Gorham, Representative Labrecque.

Representative LABRECQUE: Madam Speaker, Ladies and Gentlemen of the House. I would like to take this opportunity to explain what my amendment does to this particular bill. If you will look at that bill, it allows for vote by mail. I understand and

we discussed this in committee, this is not a mandate. It is restricted to municipal elections only if a municipality so chooses to have their municipal elections done by mail. I do not believe that Maine is ready for this type of an election. I would point out that many municipalities hold their elections to coincide with the June primary or the November special election or general election. How would they then be able to conveniently separate those two types of elections? You would still have your vote by mail and you would still have your poll elections. I have checked with the Secretary of State's Office. I have a lot of information here from other states who have been doing vote by mail and some for as long as 10 years. It works well in these other states because they have a centralized voting system, which we do not have here in Maine. We are something like \$4 or \$5 million away from that point. Rather than read all of this to you, I would point out that the general consensus that I gained from this information is that there is no really appreciable cost savings to having a vote by mail. There is only a very slight increase in voter participation. I feel that there is tremendous amount for the ability of being a fraud.

Maine's town clerks at our committee when we were discussing this, were neither for nor against this, but I will tell you that I have had an extensive conversation with my own town clerk and she would never recommend it for the Town of Gorham. She explained to me some of the processes that she would have to go through and the tremendous lengths of time that it will take for the election clerk to check your signature on that ballot against the signatures that they have in their record files. This would not be a speedy process. As I said, I do believe that Maine is ready to vote by mail. Even if it is something that a municipality can choose to do, you know as well as I do that if the Town of Gorham does a vote by mail election that your municipality is not going to be satisfied with our results because each municipality has its own uniqueness that would tend to sway the outcome of any type of situation. I think that we might be putting undue pressures on municipalities for having these types of elections. I think that they will find that they are more costly at this point in time. I really urge you to support my amendment. Thank you Madam Speaker.

The SPEAKER: The Chair recognizes the Representative from Sanford, Representative Tuttle.

Representative TUTTLE: Madam Speaker, Ladies and Gentlemen of the House. I also will be supporting this amendment. I have communicated with the Secretary of State's Office and he understands the good Representative from Gorham's concerns. It is probably going to be an issue that maybe its time hasn't come now, but I am sure it will be revisited in the future. It is for that reason that I would encourage you to support this amendment.

The SPEAKER: The Chair recognizes the Representative from Wallagrass, Representative Belanger.

Representative BELANGER: Madam Speaker, Men and Women of the House. I also rise in support of this amendment. I just want to offer a few brief comments. I also don't agree that Maine is ready for this. I suggest that a few years from now when all the voting lists are purged that we may want to consider this, but for right now this is the right stuff to go. I have been on the Minority Report. This is my main concern with the bill. I am happy this amendment is proposed. Thank you.

ADOPTED.
