Re: Report Concerning License Revocation and Child Support  
Enforcement for the period Jan. 1, 2000 through Dec. 31, 2002

Dear President Daggett,

It is the responsibility of the Department of Human Services, Division of Support Enforcement and Recovery (DSER) to report to the Legislature and the Governor regarding license revocation. The first report was due January 31, 1999 and is due biennially thereafter, in accordance with 19-A MRSA 2201(15) and 2202(12).

For Professional and Recreational Licenses

Requirement No. 1

The number of support obligors identified as licensees subject to this section.

Answer:

We have not been able to identify recreational licenses on a statewide basis because they are not contained in a centralized database. Therefore, we have tracked them on an individual basis and in this reporting period we revoked 1,530 professional and recreational licenses. We are continuing to work with Inland Fisheries and Wildlife to develop an on-line procedure to automate receipt of licensee information subject to this section, and post the information to the individual case. We have matched database information with Inland Fisheries and Wildlife for the past 4 years in order to identify non-complying obligor parents who received moose permits in the annual drawing.

Requirement No. 2

The number of support obligors identified by the Department under this section who are not in compliance with an order for support.

Answer:

The Department identified 1,530 obligors under this section who were not in compliance with an order for support. Under the Division's current practice, cases are selected individually for

inclusion in the license revocation process and licenses are revoked on a case-by-case basis rather than by mass processing.

Requirement No. 3

The number of actions taken by the Department under this section and the results of those actions.

Answer:

The Department revoked 1,530 professional and recreational licenses between 1/1/00 and 12/31/02. From this total, 1,037 compliance statements were issued.

For Driver's Licenses

Requirement No. 1

The number of notices served upon support obligors by the Department under this section.

Answer:

The Department served more than 6,000 notices under this section between 1/1/00 and 12/31/02.

Requirement No. 2

The number of obligors served notice under this section who requested a hearing.

Answer:

Our records indicate that 133 hearings were requested during the period.

Requirement No. 3

The number of hearings held under this section, the results of the hearings and the number of cases settled without a hearing.

Answer:

From Jan. 1, 2000 through Dec. 31, 2002, 61 hearings were held and 72 were settled without the need for a hearing.

Requirement No. 4

The number of support obligors certified to the Secretary of State for noncompliance with an order for support under this section.

Answer:

5,340 obligors were certified between Jan. 1, 2000 and Dec. 31, 2002.

Requirement No. 5

The costs incurred in the implementation and enforcement of this section and the Department's actions under this section.

Answer:

DSEER estimates direct costs under this section to be approximately \$120,000 from Jan. 1, 2000 and Dec. 31, 2003.

The information requested in this report was formulated at the Legislative Session in 1993 prior to actual implementation of our process. Information contained in this report does not mirror how the law is applied today. The attached LIRV sheet better reflects the actual process and gives a more accurate portrayal of how we use this law and the results to date. This information was developed as a result of a study done by the Office of the Inspector General for a national report studying the effectiveness of several states' license revocation laws. We have attached this report for your information.

Yours truly,

S/Stephen L. Hussey, Director  
Division of Support Enforcement & Recovery
