Honorable Hannah M. Pingree, Speaker of the House
Honorable Bill Diamond, Senate Chair

Members, Joint Standing Committee on Appropriations and

Subject: Report on the forecast of revenues and expenditures for
the General Fund and the Highway Fund for the 2010-2011
biennium and the 2012-2013 biennium in accordance with Title 5
§1665.

The Bureau of the Budget is presenting its budget forecast for the
General Fund and the Highway Fund for the 2010-2011 biennium
and the 2012-2013 biennium in accordance with Title 5 §1665.
This effort was initiated and passed into law by the 117th
Legislature as fulfillment of one of the recommendations of the
Special Commission on Governmental Restructuring to provide a
platform for long term financial planning.

This budget forecast is based on the current structure of state
revenues and expenditures for both the General Fund and the

budget forecast should provide the most consistent view of
revenue and expenditure trends over the long term as a basis for

Senate President Elizabeth H. Mitchell
Speaker of the House Hannah M. Pingree
Members of the 124th Maine Legislature:

Pursuant to 5 MRSA Section 13070-J, the State Tax Assessor is
required to submit a report to the Legislature identifying the
revenue foregone as the result of the
Jobs and Investment Tax Credit (JITC), the Research Expense
Tax Credit (R&D), the Seed Capital Investment Tax Credit, the
Shipbuilding Facility Credit, the Credit for Pollution-Reducing
Boilers, and public funds spent on the Business Equipment Tax
Reimbursement Program (BETR). Attached are four reports that
provide you with this information.

The first attachment lists corporations and individuals that
reduced their Maine income tax liability with the JITC, the R&D
credit, and/or the Seed Capital credit for tax year 2008, as well as
the value of those credits. Tax year 2008 is the last year for
which we have full information on both corporate and individual
filers. Statutes governing the release of confidential taxpayer

information prevent us from reporting the names of the
corporations or individuals that benefited from these tax credits.
No taxpayer took advantage of the Credit for Pollution-Reducing
Boilers for tax year 2008.

The second attachment explains the Shipbuilding Facility credit.
As required by statute, the report provides information on the
level of employment, yearly investment and the cumulative
amount of investment. Since the inception of the credit, the level
of employment has been such that the annual cost to the state
treasury has exceeded the base credit amount of \$3 million per
year.

The third attachment is a list of BETR recipients. For purposes of
this report, businesses that filed for reimbursement during the
fiscal year ending June 30, 2010 are listed. BETR recipients filed
between August 1, 2009 and December 31, 2009 for eligible
property taxes paid during calendar year 2008. For that period
the state reimbursed \$58,353,745 to over 1,800 companies.

Public Law 2009, Chapter 337 (LD 1468) enacted during the last
legislative session amended the definition of "economic
development incentive" in Section 13070-J to include not only the
incentives listed above, but "federal and state statutorily defined
programs that receive state funds, dedicated revenue funds and
tax expenditures as defined by section 1666 whose purposes are
to create, attract or retain business entities related to business
development in the State." The additional incentives identified in
this new law can be found in the Maine State Tax Expenditure
Report 2010 – 2011 prepared for the Joint Standing Committee
on Taxation on January 15, 2009.

If you have any questions on this report please do not hesitate to
contact me.

Sincerely,

S/Jerome D. Gerard
