STATE OF MAINE
ONE HUNDRED AND TWENTY-FIFTH LEGISLATURE
FIRST REGULAR SESSION
JOURNAL OF THE SENATE

In Senate Chamber
Tuesday
February 8, 2011

Senate called to order by President Kevin L. Raye of Washington County.

Prayer by Associate Pastor Travis Armstrong, Hope Baptist Church of Manchester.

PASTOR ARMSTRONG: May we bow for prayer. God, we come before You today thankful for the task that You have given this group of men and women to perform. We are grateful for the responsibility that You have put in their hands. We are appreciative for the talents and abilities that You, God, have given to each of them which allow them to lead and govern and direct the state of Maine. We ask You, God, out of Your great wisdom that You would give this group of men and women wisdom over the many decisions that they have to make today, that they would have clear direction in which way to go, that they would have good insight in judgment and understanding as they tackle each issue. We ask You, God, out of Your great love that You give this group compassion, understanding, and acceptance for each other and each other's opinions and outlooks on each situation. We ask that You would give them empathy, sympathy, and understanding for the people who their decisions will effect and we ask that You, God, would give this group of men and women a sense of unity and purpose and agreement as they discuss the business of leading the state. We pray, God, that out of Your great power You might bless the state of Maine through the decisions of this Senate, that our state would become stronger, that our state would become safer, that our state would become wealthier, that our state would be more competitive, that our state would become united, that we would have more jobs, that we would have more opportunities, that we would be a moral people. We thank You, God, in advance for what You are going to do through this Senate. May they be blessed as well as they serve. I pray these things in the name of Jesus. Amen.

Pledge of Allegiance led by Senator Lawrence Bliss of Cumberland County.

Reading of the Journal of Thursday, February 3, 2011.

Doctor of the day, Thomas Leeson, DO of Gardiner.

Off Record Remarks

The Chair noted the absence of the Senator from Somerset, Senator **WHITTEMORE** and further excused the same Senator from today's Roll Call votes.

COMMUNICATIONS

The Following Communication: S.C. 58

STATE OF MAINE
ONE HUNDRED AND TWENTY-FIFTH LEGISLATURE
COMMITTEE ON AGRICULTURE, CONSERVATION AND FORESTRY

February 3, 2011

The Honorable Kevin L. Raye
President of the Senate of Maine
125th Maine Legislature
State House
Augusta, Maine 04333-0003

Dear Mr. President:

In accordance with 3 M.R.S.A., Section 157, and with Joint Rule 505 of the 125th Maine Legislature, the Joint Standing Committee on Agriculture, Conservation and Forestry has had under consideration the nomination of Honorable Walter E. Whitcomb of Waldo, for appointment as the Commissioner of the Department of Agriculture, Food and Rural Resources.

After public hearing and discussion on this nomination, the Committee proceeded to vote on the motion to recommend to the Senate that this nomination be confirmed. The Committee Clerk called the roll with the following result:

YEAS	Senators	2	Sherman of Aroostook, Schneider of Penobscot
	Representatives	10	Edgecomb of Caribou, Black of Wilton, Cray of Palmyra, Dill of Old Town, Foster of Augusta, Gifford of Lincoln, Kent of Woolwich, McCabe of Skowhegan, O'Brien of Lincolntonville, Timberlake of Turner
NAYS		0	
ABSENT		1	Sen. Thibodeau of Waldo

Twelve members of the Committee having voted in the affirmative and none in the negative, it was the vote of the Committee that the nomination of Honorable Walter E. Whitcomb of Waldo, for appointment as the Commissioner of the Department of Agriculture, Food and Rural Resources be confirmed.

Signed,

S/Roger L. Sherman
Senate Chair

S/Peter E. Edgecomb
House Chair

READ and ORDERED PLACED ON FILE.

The President laid before the Senate the following: "Shall the recommendation of the Committee on **AGRICULTURE, CONSERVATION AND FORESTRY** be overridden?"

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Sherman.

Senator **SHERMAN:** Thank you Mr. President. I'd just like to say a few words about this candidate. I would note that it is a unanimous vote. This is a well qualified individual. He's been in agriculture for more years than he would care to remember, I believe. He's operated on the federal level. He was working with the reauthorization of the new farm bill with Secretary of Agriculture Valsack. He's worked on the state level. He has a resume that is longer than what we really need to talk about today. I would note that there was no opposition. The groups that wanted questions asked and answered got their questions asked and answered. I think it was probably a 2-1/2 to 3 hour meeting, or at least it felt at least that long. I think we have another Commissioner that is taking place here. They are two Commissioners with great backgrounds. It's going to be a challenge for us and the Commissioners we put in place, and I hate to say it this way, but we're actually going to get something done. I think this is a gentleman who knows how to get things done and will reach out to all aspects of agriculture. I thank you for that.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Schneider.

Senator **SCHNEIDER:** Thank you Mr. President. Men and women of the Senate, I rise to concur with my Senate colleague on the Agriculture Committee and the Chair of that committee. I just wanted to say a few things about the hearing that we had, which was very robust. There was not one person who came to speak in opposition of this nominee. In fact, the large group, with the full committee room full of people, coming to testify in favor of this candidate and his outstanding qualifications for this position came from both sides of the aisle. We had the Honorable John Piotti who came and spoke in favor of this nominee. We had Representative Martin who came in favor. We even had one of his grade school teachers, a librarian, who came and spoke. It was really wonderful to see such a large number of people from every perspective come and speak in favor of the outstanding qualifications that this nominee brings to this particular position and I hope that you will join me in reaffirming the unanimous committee vote. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Waldo, Senator Thibodeau.

Senator **THIBODEAU:** Thank you Mr. President. Ladies and gentlemen of the Senate, I rise today to also give a ringing endorsement to Walter Whitcomb. Walter's a lifelong resident of Waldo County and has been a dairy farmer in the town of Waldo for 32 years. As the Senator from Aroostook, Senator Sherman, has referenced, his qualifications are probably far too long to even go through here today. I want to say that each one of us over time develops a reputation and Walter Whitcomb should be very proud of the reputation that he has developed. He has a passion for the agricultural industry and it is certainly no surprise to any of us that nobody would come forward and question both Walter's qualifications and his integrity. He's a man of honor and the state of Maine will be well served with him serving as Commissioner of Agriculture. Thank you.

In accordance with 3 M.R.S.A., Chapter 6, Section 151, and with Joint Rule 506 of the 125th Legislature, the vote was taken by the Yeas and Nays.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

ROLL CALL (#8)

YEAS: Senators: None

RAYE

EXCUSED: Senator: WHITEMORE

No Senator having voted in the affirmative and 34 Senators having voted in the negative, with 1 Senator being excused, and none being less than two-thirds of the Membership present and voting, it was the vote of the Senate that the Committee's recommendation be **ACCEPTED** and the nomination of the Honorable **Walter E. Whitcomb** of Waldo for appointment as the Commissioner of the Department of Agriculture, Food and Rural Resources was **CONFIRMED**.

The Secretary has so informed the Speaker of the House of Representatives.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the chamber the Honorable Walter Whitcomb. Would he please stand and accept the greetings of the Senate.

ORDERS OF THE DAY

Unfinished Business

The following matter in the consideration of which the Senate was engaged at the time of Adjournment had preference in the Orders of the Day and continued with such preference until disposed of as provided by Senate Rule 516.

The Chair laid before the Senate the following Tabled and Later (2/1/11) Assigned matter:

JOINT ORDER - Expression of Legislative Sentiment Recognizing *The Ellsworth American*, on its 160th year of publication

SLS 76

Tabled - February 1, 2011, by Senator **LANGLEY** of Hancock

Pending - **PASSAGE**

(In Senate, February 1, 2011, **READ**.)

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Langley.

Senator **LANGLEY:** Thank you Mr. President. Men and women of the Senate, I rise today to congratulate *The Ellsworth American* and its owner, Alan Baker, and his staff on their 160th anniversary. *The Ellsworth American*, in my opinion, is one of the finest weeklies in the state of Maine. During the Maine Press Association's Fall conference in 2010, where *The Ellsworth American* and its sister paper won awards for excellence in small weeklies, the judge of this category had this to say, "The Ellsworth American features beautiful color photography that very deftly conveys a sense of place, one of the most important functions of a community newspaper. Its stand-alone editorial section provides a welcome insight on the area with clearly labeled commentaries, well written editorials, a vibrant letters column, and a look through the newspaper's achievements. The paper looks like it has the proper formula to hit the reader's head, heart, and gut to be engaging and relevant in their lives." For me, any paper that has a column that reflects back on 100 years of publishing or more in a community has not only taken on the job of reporting the news but is a keeper of our history. I'm proud to have *The Ellsworth American* in my town. My engagement to my wife, our wedding, the birth of our children, the opening of our two businesses, articles on retiring from teaching, and coverage of the past two elections have all been recorded in the pages of *The Ellsworth American*. *The Ellsworth American* is an important part of our lives in my community and we hope they will be around for another 160 years. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Rosen.

Senator **ROSEN:** Thank you Mr. President. It is my sincere pleasure to be able to stand with the good Senator from Hancock, Senator Langley, and congratulate *The Ellsworth American* on its 160th anniversary and very pleased that we have with us Alan Baker, the publisher of the paper. The words that the Senator from Hancock spoke ring very true. *The Ellsworth American* is a terrific publication. We all feel very close, I think, and it really adheres to the format of a local weekly paper and the weekly papers chronicle our lives and the important local issues. *The Ellsworth American* puts together all of the pieces. Outstanding

photography. That wonderful broad sheet that people take home every week and read every page, cover to cover. The kind of editorial impact that is researched well, fair, in-depth, sometimes flattering, sometimes we feel the sting of it, but it's always well reasoned. It's a tremendous treasure and resource. The ownership of the paper has continually modified, updated, to keep the tradition but also be relevant in today's publishing world. I would suggest to any and all of you that if you have the opportunity make sure you subscribe either to the hard copy or on-line and endorse this paper for another 160 years. Thank you Mr. President.

PASSED.

Sent down for concurrence.

THE PRESIDENT: The Chair, in his role as the 3rd Senator representing the County of Hancock, is very pleased to recognize in the rear of the chamber a former member of the other Body and the publisher of *The Ellsworth American* the Honorable Alan Baker. Mr. Baker would you please rise and accept the greetings of the Maine Senate.

The Chair laid before the Senate the following Tabled and Later (2/3/11) Assigned matter:

Report **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Rosen.

Senator **ROSEN:** Thank you Mr. President. I'd like to say a few words about the bill that is before us this evening. Mr. President and colleagues in the Senate, last Friday night the members of the Appropriations and Financial Affairs Committee unanimously voted in favor of the emergency supplemental that is before us. Today we ask for your support. The affirmative vote of at least two-thirds of the Legislature ensures the provisions of this bill become effective as soon as it is signed by the Governor. To bring fiscal year 2011 into balance and to avert an interruption of necessary weekly payments owed to the thousands of providers that deliver critical services to MaineCare recipients quick action is required. We only have two weeks left before dialing back payments become an unwelcomed but necessary reality. Roughly half of this year's \$71.8 million shortfall in the MaineCare account is from greater enrollment and utilization of the services, primarily as a result of the current recession. The remaining portion of the shortfall, about \$32 million, marks the end of the one-time federal stimulus money which was used to help fund MaineCare in this current budget. The money flows to us in the form of an enhanced federal match rate which tapers down until we return to our base rate on June 30th.

This emergency supplemental budget funds both the projected growth in the program and back fills with General Fund dollars the withdrawal of the enhanced federal funds for the next five months. This bill also provides \$1.9 million to the Riverview Psychiatric Center in its audit settlement and for Child Development Services \$2 million is appropriated to go towards its current operating shortfall. The Legislature and the Appropriations Committee were alerted to the items that I just mentioned last November. On October 1, 2010 Governor Baldacci initiated a statewide spending curtailment and subsequently to that the Revenue Forecasting Committee revised the December 2010 revenue forecast and, in a reversal of recent fortunes, recognized additional General Fund revenues of \$111 million. That additional revenue is applied here in the supplemental budget. Along with closing the current budget gap the committee endorses two major initiatives proposed by Governor LePage and both are time sensitive and require quick action. First the bill increases settlement payments to hospitals by \$69.5 million from the General Fund, which would generate a total of \$247.5 million when combining State and federal funds. Prompt approval of the budget allows the State to make settlement payments, some dating back to 2006, in time to maximize the temporary enhanced federal rate. As a result, nearly all interim hospital settlements through 2009 will be paid. Addressing the debt owed Maine's hospitals for care provided to MaineCare patients is a long-held and mutual priority shared by members from both sides of the aisle, the previous administration, and, of course, the current administration. This initiative is a continuation of the bi-partisan cooperation exhibited over the last

several years regarding the accelerated payment of outstanding hospital debt.

The second time sensitive initiative is tax conformity. The bill includes \$4.5 million in direct relief to Maine individuals, families, and small businesses by aligning some of the tax provisions with the recent federal action. For instance, some benefits include deductions for medical care benefits for children, employer assistance for employee education costs, student loan interest, \$250 deduction of teacher classroom expenses, enhanced charitable deductions for food, books, and computers, and the earned income tax credit. Prompt action by the Legislature will clarify our tax code for the 2010 filing year so Maine can realize tax relief right away. Quick action also avoids disruption for Mainers who have already filed and utilized many of these provisions for the 2010 calendar year. Many of us hope that this is the first step towards returning Maine to full conformity with the federal tax code.

Several additional items brought forward by the various policy committees are addressed in the bill. They include additional funding to the Maine Dairy Stabilization Fund, increasing the amount distributed to the communities through revenue sharing, funding the State's share of disaster relief for the floods of February and March of 2010, restoring funds for local regional planning grants, increased funding to the indigent legal defense fund, and funding to prevent the School Breakfast Program from running short of money.

The budget challenge of the 2010-2011 bienniums was the result of the deep and long recession which devastated tax revenue. At the worst point in early 2009 State General Fund revenue was down 9% from the previous year. Today we are at about 6.6% below 2008 revenue figures. One-time federal stimulus dollars off-set some of the drop in tax revenue, warding off bigger spending cuts. The gaping budget holes vexing state and local governments across the country, that they are facing this year and last year, are largely the result of the recession but we cannot blame the recession on the challenges facing us in the next biennium, the projected future shortfall of \$840 million. That shortfall won't go away without embracing significant reforms. Going into the recession spending already exceeded the revenue Maine could expect in normal times. When the economy heals state and local revenues will grow again. That won't relieve unsustainable pressures that predate the recession, especially healthcare costs, education costs, and pension and benefit costs. This emergency supplemental budget does not address these larger issues. That discussion and debate is simply postponed for a few weeks.

Finally, successfully advancing a supplemental budget in a very compressed window of time requires the commitment and the support of many people. I would like to take this opportunity, early in the process as we go through the procedures here in the Senate chamber, to offer acknowledgements first to the Senator from York, Senator Hill, and the Senator from Kennebec, Senator Katz. They were thorough, thoughtful, and ready to work from day one. Both made sure the concerns and priorities of all Senate members were heard. It was clear early in the session that all members of leadership were committed to protecting the process and supportive of the work of the committee and I am appreciative of their cooperation. The chairs and leads and members of the Legislature's policy committees approached the budget work diligently and provided us with reports which helped us to improve the original budget proposal. The Appropriations Committee members from the other Body bring a wide-range of

expertise and experience and each member worked collaboratively to improve the bill. Representative Rotundo, the lead from the other chamber, offered solutions and positive energy from the start. I want to recognize my committee co-chair, Representative Flood, for his principled adherence to a team approach and his deep commitment to work for a better future for Maine. This also cannot happen in an accelerated form to have the bill on your desk without the leadership and the work from Grant Pennoyer and the entire staff in the Legislature's Fiscal Office and Pat and all of the OPLA analysis, Suzanne and all of her staff in the Revisor's Office. I also want to congratulate Commissioner Millett for presenting us with a bill that was concise and clear and ready for action. Finally I want to thank our friend Ryan Lowe, the former Commissioner, for stepping in and helping guide us through this process. I hope you all support the supplemental budget. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Hill.

Senator HILL: Thank you Mr. President. Ladies and gentlemen of the Senate, I walked into the Appropriations room last Friday realizing the enormity of the task we had before us. Not only did we face a gap of \$47 million but additionally we had received many requests in the waning days of our work sessions and report backs which created another \$5 million hole. Leaving untouched the federally matched funds for hospitals and Medicaid to the sum of \$141 million, we worked with what was left, what little was left, for funds to address the needs of many. Fourteen hours later, at 11:30 p.m., it was clear to me as I left the Appropriations room we had put Maine first. We found money to fund small milk farms, money to fund the children's breakfast program, regional planning commissions, municipal revenue sharing, constitutionally required indigent legal services, and Gambling Board positions so that we would have the people to process the application for the casino in Oxford. Additionally we were very responsible and set aside \$700,000 for the Maine Stabilization Fund. The Appropriations Committee did all of this thoughtfully, respectfully, and professionally. Senator Rosen, Senator Katz, Representative Flood, and Representative Rotundo were exemplary in their skills and approach to problem solving and helping us address the many issues before the committee. The bar was clearly set for going forward with the 125th supplemental budgets and biennial budget. Such leadership resulted in every line, and I repeat, every line of the amended budget being voted on unanimously by the Appropriations Committee. However, this end result we did not achieve alone. I recognize that. Every joint standing committee that came before us was committed to providing information and guidance relative to the department they oversee. The Office of Fiscal Policy and Review re-ran numbers for us, ran models for us, and offered unlimited resources and support for the Appropriations Committee. It is fitting to recognize the Appropriations Committee and its Chairs as well as all the legislative committees and their supporting staff by thanking them for clearly putting Maine first. I urge you, wholeheartedly, to please vote for this emergency supplemental budget. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Katz.

Senator KATZ: Thank you Mr. President. Men and women of the Senate, I rise in support of the supplemental budget before us as well. There are so many veterans of budgets past in this room and I personally learned so much from them as I've gone through this process for the first time myself as a member of this Senate and as a member of the Appropriations Committee. Let me just share a few thoughts about how we came to this point. There were thirteen of us on that committee. If left up to each of us individually we probably would have had thirteen separate budgets but there has been excellent leadership on both sides of the aisle. In this Body the Senator from Hancock, Senator Rosen, and the Senator from York, Senator Hill, as well as the Chair and Lead from the other Body worked long and hard to reach consensus and that spirit extended down from them to the rest of the committee. Although I was not around last session I would suspect the spirit of cooperation was in part an extension of the atmosphere which existed last session when the Senator from Cumberland, Senator Diamond, chaired the committee and the Senator from Hancock, Senator Rosen, was their Minority Lead. Just as that was not a partisan budget, neither is this one. Again, we could choose to tweak this budget to shape it more towards our personal liking. Some may think the porridge is too hot. Some may think the porridge is too cold. As a Senate I suggest that we find it's just about right. It pays a long overdue bill to our hospitals by maximizing the federal match. It funds MaineCare programs that are about to run out of dollars. It makes a good faith compromise on the difficult issue of revenue sharing. It gives thousands of Maine families a tax break by bringing our own state code in conformity with the federal tax code in many areas and appropriately puts off until tomorrow some difficult policy discussions which have no impact on this year's budget. If I could make a baseball analogy, it seems to me that the supplemental budget process is a little like Spring training. While getting to know our teammates, we played some exhibition games and now it's almost time for opening day. Opening day will be Thursday, when Governor LePage throws out the first pitch with his budget address. By all accounts, it's going to a difficult season but on this last day of pre-season I urge my colleagues, rookies and veterans alike, to support this supplemental budget as presented by the Appropriations Committee. Thank you Mr. President.

Committee Amendment "A" (H-2) **READ.**

On motion by Senator **BLISS** of Cumberland, Senate Amendment "B" (S-2) to Committee Amendment "A" (H-2) **READ.**

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Bliss.

Senator BLISS: Thank you Mr. President. I have to start by complimenting the Appropriations Committee. The job that they did in the time that they had to do it in was really nothing short of amazing. To have a budget document that is unanimously voted is terrific. To have a budget document where every line is unanimously agreed to is well past amazing. I start by offering my great congratulations for the hard work that they did.

I must tell you, Mr. President, that, to me, the porridge is almost perfect. I worry a lot about my communities and your communities. I worry about our service centers that struggle to have enough money to keep their roads in good shape and to have police and fire and EMT available when visitors come to do their shopping or to do their sight seeing or do whatever they do at our service centers all over the state. I worry about the small towns all over our state with less than 1,000, less than 500, less than 300 residents who struggle to make their towns work and rely every year, every month, every week on the money they get from us in revenue sharing so they don't have to tax their residents out of their homes by raising property taxes to be able to deal with the expenses of running a municipality. We had some extra money this year, \$111 million give or take. The municipalities made the assumption that they would be getting their share in revenue sharing, just like it was agreed to with the municipalities. It was a surprise to them to discover that they weren't going to get that money. They were \$3 million short. I applaud the Appropriations Committee for working hard, and I know that you did work hard, to find a way to put \$1 million back into this document to try to help those municipalities. It's almost enough. Our municipalities are in trouble and we have to do what we can to help them.

We have, for several years, been returning money diligently that we've owed the hospitals. The last Chief Executive created an agreement with the hospitals that they all bought into that involved returning money on a schedule. We're done a great job in a bi-partisan way of meeting that schedule. This supplemental budget gives the hospitals another \$69.5 million. \$69.5 million, not counting the 3 - 1 match in federal money they are going to get. \$69.5 million. We're giving our municipalities, our 530 plus municipalities, \$1 million. I'm asking you to take \$2 million of those millions, Mr. President, away from the hospitals to give to the municipalities to make the \$3 million in revenue sharing that they expected whole. It's not enough to solve the problem but it's a start. Thank you Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Lincoln, Senator Trahan.

Senator TRAHAN: Thank you Mr. President. Ladies and gentlemen of the Senate, I would like to rise to address the issue that the good Senator has brought up. It was an issue that concerned each and every member of the Taxation Committee when we reviewed this policy proposal from the Chief Executive. It was unanimous in the committee that we wanted to restore all of the revenue sharing piece that was proposed to be shifted in the budget. In context, that was a small piece of what had been done previously. There was somewhere around \$35 million that had been moved out of revenue sharing in the past budget and we felt it was very important to send a clear message that we wanted to stop those sorts of transfers. That is why you have the proposal that is before you. Out of the graciousness of the leaders of the Appropriations Committee, it was obvious that our proposal in Taxation originally to shift some money out of the Budget Stabilization Fund to fully fund this was not going to be accepted. The Chief Executive made it very clear that he wanted to pay the hospitals as he had promised in the past. Really the only place that we could go to get this revenue was from two sources and those were the conformity and the Budget Stabilization Fund. It was obvious to us that neither place was going to be acceptable to anyone so we offered up a compromise

in good faith. That is before you today. We agree that we'd love to make the municipalities whole but we needed to get the votes necessary to pass this budget and that is why this compromise is before you. It did not come without much compromise. We all wanted to fulfill this promise but when it came down to cutting that federal money that came along with the match for the hospitals we just could not do it. I do look forward to working with the Senator in the next budget because I think the difficulties in the next budget are going to swamp the difficulties that are before us today. I hope that you will support this budget. Thank you.

Senator **ROSEN** of Hancock moved to **INDEFINITELY POSTPONE** Senate Amendment "B" (S-2) to Committee Amendment "A" (H-2).

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Rosen.

Senator ROSEN: Thank you Mr. President. As you just heard from the Senator from Lincoln, Senator Trahan, this issue was discussed by the policy committee, by the Appropriations Committee, and was taken very seriously. At the end of the day we had before us an opportunity to, as I said in my original comments, to maximize the quickly declining federal match that is before us to bring our hospitals up to speed and to pay back debt owed them. If you look at the fiscal note attached to the amendment it gives you a sense of the magnitude of what we're talking about. The \$2 million transfer proposed here generates more than \$5 million of matching federal money. The obligations that are owed the hospitals for services that have already been provided are still due and must still be paid so if we don't maximize the federal match over the next few weeks then that amount of money, particularly the \$588,000 that is isolated in this fiscal note which is specifically attributable to the temporary federal stimulus, would have to be made up with General Fund dollars. This is a compelling argument to move forward with this. A budget document is a complicated accumulation of negotiations, votes, and compromises. It isn't quite that easy to reach in and make a change from one category to another without risking the possibility of the construct of the entire document beginning to come apart. It's pulled together in a careful way. The priorities were vetted and discussed.

Finally, I just want to clarify that the impact to the communities does not result in a loss of any funds that were expected in the biennium. Last March we had a revenue forecast. The budget that we're operating under now is designed and crafted around that forecast. The amount of money that was expected to flow to the communities in revenue sharing will still go forward as it was originally budgeted. Local town meetings and budget discussions and budget votes and selectmen and counselors based on what was expected will not be impacted. In addition there is an additional \$1 million that was not expected that will flow as a result of the compromise amendment that is before you. I would ask you to support the Indefinite Postponement motion that is before you and go on to accept the committee amendment.

On motion by Senator **ROSEN** of Hancock, Senate Amendment "B" (S-2) to Committee Amendment "A" (H-2) **INDEFINITELY POSTPONED**.

On motion by Senator **PATRICK** of Oxford, Senate Amendment "A" (S-1) to Committee Amendment "A" (H-2) **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Patrick.

Senator **PATRICK:** Thank you Mr. President. Ladies and gentlemen of the Senate, colleagues and friends, I would like to start off as well thanking the Appropriations Committee for all of their diligent work. It's just unbelievable and normally I would not rise to offer an amendment but I would be remiss if I did not fulfill the obligation that I told my citizens in my district that called me. Forty people had called me on this issue. I said that I would stick up for them 100%. What this amendment does is appropriates \$358,865 in fiscal year 2010-2011 to restore funding for the transportation services provided by the Purchased Social Services Program in the Department of Health and Human Services. This appropriation is off-set by a de-appropriation of \$358,865 from the hospital settlement payments provided by the MaineCare program and the Department of Health and Human Services. I know the good Senator from Hancock, Senator Rosen, will clarify the extreme cost to this. The forty people that called me up are people in my area, which is the river valley area or service center area, that take people to hospitals, doctors appointments, and such. Out of the forty people that contacted me I know that there are thousands of visits that these people bring their constituents to. Why is it important to them? A lot of the people I know personally. One lady has a 1998 Plymouth van and it's got 258,000 miles on it. What does that have to do with this? They used use to get 44¢ a mile, now they get 41¢ a mile. We say, "Wow, that seems to be a lot." It really isn't when you have to factor in the tune ups, the tires, the oil changes, and just the wear and tear on the vehicles and stuff and the value that these people bring. I'm speaking of the forty people that contacted me and I know there are hundreds, if not several thousand, people throughout the great state of Maine that provide this service to the people. I know I don't have any expectations of grander that this will pass but I would be remiss if I didn't follow through because most of the people that sent me letters. Out of my nine years in the legislature I have never gotten more than thirteen calls from constituents and that actually happened to be on one of the nominees for Commissioner. I had forty people in my district. I answered every letter and telephone call. They asked me, "Would you go to bat for us?" I said, "Absolutely." With that, Mr. President, I would request a roll call. Thank you.

On motion by Senator **PATRICK** of Oxford, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

Senator **ROSEN** of Hancock moved to **INDEFINITELY POSTPONE** Senate Amendment "A" (S-1) to Committee Amendment "A" (H-2).

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Rosen.

Senator **ROSEN:** Thank you Mr. President. I do very much respect the sentiment that was expressed by the Senator from Oxford, Senator Patrick, and the importance of these transportation services. They are a direct aid to citizens across the state and they are important. I do need to describe once

again the impact of this proposal on the budget agreement that we have crafted. As you will see, because of the source of revenue there is also a matching funds impact and that amounts to almost \$1 million. In addition to the \$358,865 there is another \$900,000 plus that will have to be made up because of the lack of the federal funds.

I'd like to give you a little bit of background on this program just to give you some context. Currently there are ten transportation contract providers in the state of Maine. The program was originally funded for this year at \$3 million and this de-appropriation would reduce it from \$3 million to \$2,658,000, just to give you a context of the level of funding. The reduction comes to us as a result of a curtailment order from the previous Executive that was initiated on October 1st when we were all aware that we were facing a potential shortfall in the MaineCare account. There were several of these curtailments that were initiated then that the Appropriations Committee and the current Chief Executive chose to utilize as components of bringing this budget back into balance. This was one of them. For all those reasons, I encourage you to support the motion to Indefinitely Postpone this amendment. Thank you.

On motion by Senator **PATRICK** of Oxford, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

H.P. 86 L.D. 100

(C "A" H-2)

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Alford.

Senator ALFOND: Thank you Mr. President. Ladies and gentlemen of the Senate, I rise to speak to thank all the members of the Appropriations Committee, including the three Senators on the committee from Hancock, Kennebec, and York Counties. From this vantage point it seems the passing of the supplemental budget went along with relative ease, but of course I'm not on that committee. I think it is safe to say that one of the major reasons for the committee's success was the unexpected \$111 million left over from the previous administration's budget. Over the last four years we have made a lot of difficult decisions together. We remained disciplined and it is because of that fiscal responsibility that we are in the position to say that today's state budget is in the same position it was in FY 2005. There are many highlights to the supplemental budget. I'd like to point out one; perhaps the one that has received the most attention. During this budgeting process we are finally close to wrapping up an endeavor that started under the previous administration; paying our hospitals. By completing this payment agreement with the hospitals we are finally close to ending this chapter. On Friday night, as I sat there watching the last votes be cast by the Appropriations Committee on this unanimous bi-partisan budget, a committee member spoke up about how disturbing that it was that the hospital issue has become so politicized. I, too, really to this day do not understand how this agreement with the hospitals with all of us has become a political football. I think it's important that we speak about the facts in this chamber. Let me reference the payments made to the hospitals over the last seven years. These are just the State of Maine payments. In 2003 \$66 million. In 2004 \$119 million. In 2005 \$119 million. In 2006 \$125 million. In 2007 \$150 million. In 2008 another \$150 million. Finally, in 2009 \$267 million. That grand total is over \$1 billion paid by the State of Maine to hospitals here in the state. Today I rise very proud to support the supplemental budget and thank you colleagues for their tireless and bi-partisan efforts and look forward to more. Thank you Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Hobbins.

Senator HOBBS: Thank you Mr. President. First of all I think I should join along with everyone else in thanking the Appropriations Committee for their incredible diligence during this appropriations process. Looking at the budget process from this seat and not the seat where I used to reside, which is now the good Senator from Aroostook, Senator Sherman's seat, is a lot different. When I sat at that seat for six years at the end of the session I witnessed the same type of process. Sometimes that process was the process using majority budgets, other times it was using a two-thirds budget and there were supplemental budgets. Quite frankly, I don't think I appreciated, and I really

want to apologize to all those members of the Appropriations Committee that maybe served at that time, all their efforts. I never really had focused upon it until I sat here in this position. The work that the good Senator from Hancock, Senator Rosen, did was incredible. He was able to demonstrate clear leadership and he had a very difficult task. Fortunately, he had the assistance of two new members of the Appropriations Committee; the Senator from Kennebec, Senator Katz, and the Senator from York, Senator Hill. Along with ten other members, they were able to accomplish something over this period of time that, when you think about the political climate, was pretty incredible. To come out with a bi-partisan budget at a time when the state has flip-flopped in politics, there was a trifecta, if you want to use analogies that we've used this evening, that occurred here in Maine. With all of that, this Body and the other Body have been able to reach consensus because of the leadership that was demonstrated by the Appropriations Committee. Besides the Appropriations Committee, those who serve on the committees of jurisdiction, the policy committees, also played an important role in the process. I want to commend the committee members of all the committees and the Chairs and the Leads because they played an instrumental role. As you can see from this unanimous committee report that was approved, all of the initiatives that were proposed by the Governor are included but there were other important components that were brought to the attention of the committees of jurisdiction and to many legislators that were needed in order to make this a better document. I do want to thank every one who participated in this process: the staff, who did an incredible job in the legislature and in the process of putting together the budget, the policy committees and everyone else. As they say, this is only the beginning of the process. I think the good Senator from Kennebec made a good analogy. I wish he'd made a basketball analogy but he did make a baseball analogy. The analogy, though, I think will go one step further. It is my hope that everyone in the Legislature, after we go through the arduous process which we will, will win the good sportsmanship award. That's my hope after the end of the day when the budget is all done. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Courtney.

Senator **COURTNEY:** Thank you Mr. President. Men and women of the Senate, I also want to rise and congratulate the Senate Chair, the Senator from Hancock, Senator Rosen. You have truly proceeded in the tradition of the previous Senate Chair, the Senator from Cumberland, Senator Diamond, with another unanimous report. We know the lifting is going to get a little bit harder in the next few months but I think we're all committed to persevere and continue to try to work together to come up with better solutions than either side can come up with alone. I also want to thank the Senator from Kennebec, Senator Katz, and the Senator from York, Senator Hill. I think being thrown into Appropriations right off the bat and having to come up with a budget in forty or so days is quite an amazing task. It's even more amazing when you do it in a unanimous manner as has happened. I also want to thank the committees of jurisdiction. I know that through their support, especially with the Agriculture Committee, there is more support for the farmers and the dairy farmers. The Taxation Committee took on a very difficult issue and came up with a better solution than originally proposed. I think that it not only recognizes the importance of the

municipalities but recognizes that they are a partner in this. As they have been a partner in the down turn so shall they be a partner in the recovery. Most important, it's a promise kept, I think, with repaying the hospitals. I don't stand here to take credit for paying the hospitals. I feel it's our duty to pay the hospitals. It's a duty to pay a past due bill. I don't think we need to take credit on either side. It's just part of what we are sent here to do. If we incur a charge we're obligated to pay for it. It's a pleasure to be part of that process. Finally, I'd like to thank Kathleen Newman from the Governor's Office, who has been an integral part of the success and Ryan Lowe. Sawin Millett, as most of you know, has had some health challenges and Ryan stepped up to the plate and he's been a great service to the State of Maine in his time as Commissioner. We appreciate what you have done. It's very difficult. The new Governor comes in and all of a sudden has to put a budget together. Frankly, it's pretty difficult. You don't have any time. You don't have your Commissioners in place. I was very pleased to see Ryan step up and it showed what a true professional he is. With that, Mr. President, I look forward to working together with the leadership on the other side of the aisle. We may end up having some differences over the next few months but there are not two other people I'd rather be in the room with and we'll have a good time doing it. Thank you Mr. President.

This being an Emergency Measure and having received the affirmative vote of 34 Members of the Senate, with no Senators having voted in the negative, and 34 being more than two-thirds of the entire elected Membership of the Senate, was **PASSED TO BE ENACTED** and having been signed by the President, was presented by the Secretary to the Governor for his approval.

On motion by Senator **COURTNEY** of York, **ADJOURNED** until Thursday, February 10, 2011, at 10:00 in the morning, in memory of and lasting tribute to Duncan Iain Rosborough of Mt. Desert.
