STATE OF MAINE
ONE HUNDRED AND TWENTY-FIFTH LEGISLATURE
FIRST REGULAR SESSION
JOURNAL OF THE SENATE

In Senate Chamber
Monday
May 23, 2011

Senate called to order by President Kevin L. Raye of Washington County.

Prayer by Senator Christopher Rector of Knox County.

SENATOR RECTOR: Thank you Mr. President. It's a privilege to be here. I would also ask that we all hold Representative Wintle in our prayers. With that we can begin. Please be in the spirit of prayer.

God of all, You made us in Your image and remind us that we are all Your children. Thank You for the start of this and each new day. Gray or sun, rain, fog, or snow, it is a gift. Watch over each of us as we do the work of the people of Maine. Give us the humility to know that we are here as caretakers, given the gift and awesome responsibility to serve as Senators, following in a long tradition that will continue long after we are gone. Give us the wisdom to discern what You would have us do so that we know that we are executing our authority with justice, fairness, and abundant kindness towards all. Let us know when we are veering off the path that You have set for us. Let us listen and respect each other and deal with each other with dignity, especially those whose ideas are different from our own. Help us to remember that we are all here with the best intentions. Thank You for all those around us who help to make our work possible, the many who staff this important institution. Thank You for the support of our family and friends who make our job possible. Allow us all to be proud Mainers, helping to perfect the opportunities in this great state. At the end of the day give us rest and the sense of a job well done. Amen.

Pledge of Allegiance led by Senator Roger L. Sherman of Aroostook County.

Reading of the Journal of Thursday, May 19, 2011.

Doctor of the day, Dr. Carla Burkley, MD of Auburn.

On motion by Senator **JACKSON** of Aroostook, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Jackson.

Senator **JACKSON:** Thank you Mr. President. Ladies and gentlemen of the Senate, I rise to ask you to vote against the pending motion and move onto the Majority Report. I won't try to get anyone to believe that I'm a lawyer. I didn't sleep at a Red Roof Inn last night. I am concerned about the pending motion. This is something that would go into law that would actually be very detrimental to people that were injured at their place of employment. In the case where an injured worker had filed to get benefits and it had taken a long time for that awarding to happen, for a judgment to happen, it may be a year and a half or it may be two years. If a worker had a hearing officer that ruled in their favor and they received a lump sum of the back pay and what they were awarded, many times these people have been out of work and have had bills pile up and maybe have lost a vehicle or a home because they had no other income coming in during this time that they were injured. They go out and pay off all these back debts that are owed, maybe get caught back up. What this law would do is say that that if the insurance company files, and the law court decides that the hearing officer did something improper, they would be able to go back and recoup that money that they paid to that injured worker. I understand how an insurance company might have some claim to that, but at the same time these injured workers, through no fault of their own, had a hearing rendered on their behalf. When we asked about what exactly could the insurance company go after it was stated that they probably wouldn't go after someone's home, but they could. I have a hard time telling an insurance company that they can go back and recoup these payments from people that just don't have it or maybe the only thing they have is a house or land or something like that. It would be a real problem for me and would create a chilling effect for workers that were actually injured because they would never know if anytime they were awarded what they had coming to them if they couldn't have an insurance company try to get the ruling reversed and then they could go after anything that they had of monetary value. That's a real concern to me. We also asked how many cases here we were talking about. A while back, I think in 2002, there were ten cases that this law actually might have affected. I know after 2003 we actually made the requirements to become a hearing officer higher. We actually said that you had to have a law degree. There were some people who were practicing as Workers' Comp hearing officers that didn't have a law degree before that. We raised the standards of the hearing officers and I think that has been reflected in the fact that I think since the last four years there has only been one of these cases that the Workers' Comp Board could tell us for each previous year that this law would affect. I think that shows that the hearing officers are of a higher

quality and have a better understanding of the law. Honestly, because they made one mistake in a year and it's not even determined if those would be overturned, it's something that this law could possibly affect. I think that speaks for the value and integrity of the process. I think the Workers' Comp process some people would argue is bad. I would say that it is working fairly well. It's a lot better than what it was 15 or 20 years ago, or even 10 years ago. I believe nationally we're recognized as the state that is in the middle of the pack with our Workers' Comp rates. I'm very concerned about what this could do to some people that were injured and, through no fault of their own, had a hearing ruled in their favor and then years down the road an insurance company came in overturn that and go after whatever little bit that is left that they have. I would ask you to vote against the Minority Ought to Pass Report and move onto the Majority.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Katz.

Senator **KATZ:** Thank you Mr. President. Men and women of the Senate, I would agree with my friend from Aroostook were it not for a portion of this law that I think was put in specifically to address his very legitimate concerns. That section says in Sub 1 that if this happens, if the law court overturns a decision of the hearing officer and the Commission after the fact, it gives the Board the opportunity to consider whether or not to seek the back money but does not require the Board to. Just the kind of cases the Senator from Aroostook was talking about are addressed here. The section says the Board has full jurisdiction to determine the amount of overpayment, if any, and the amount and schedule of repayment, if any. The Board, in determining whether or not repayment should be made and the extent and schedule of repayment, shall consider the financial situation of the employee and the employee's family and may not order repayment that would cause hardship or injustice. It seems to me that what would be a very unfair system is one in which a favorable hearing officer decision is made on behalf of the employee, an appeal is taken, and the law said, "You know what, since there is an appeal in place you're not going to get paid anything until the appeal is finally decided." That would be, I think we would all agree, a mean spirited system. This, I would suggest, is a reasonable compromise. It says if the hearing officer decides in your favor you will get paid, but if it is decided against you, depending on your financial circumstances, you may have to pay it back. I think that's a fair balancing of the interest of the employee and the employer. It depends, to a certain extent, on the goodwill and the humanity of the Board, but hopefully that will be in place. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Bartlett.

Senator **BARTLETT:** Thank you Mr. President. I think with respect to the last comment, it's important to understand that current law allows for repayment in the event that an appeal is filed. What this proposal does is extends those same repayment rights when Findings of Fact and Conclusions of Law are filed. When considering this it is important to understand what Findings of Fact and Conclusions of Law are. The way it works in the Workers' Comp system is after a decision is rendered a party can immediately file an appeal to the law court or they can do this intermediary step of seeking Findings of Fact and Conclusions of

Law. It is essentially a second bite of the apple. It delays the time in which you have to appeal. It allows you to get a clearer explanation from the hearing officer. It's a step in the process. If an insurer thinks that the decision is clearly erroneous they can skip that step and file an appeal immediately. Once they file that appeal they are eligible for repayment. What we are trying to do now is say, "Look, while you are sorting it out, or while you are taking a second bite at the apple, we're going to give you the same repayment rights." I would suggest that what this is going to do is drive up the cost of litigation for everybody because if you allow repayment upon a motion of Findings of Fact every employer and insurer with any sense will immediately file for a Findings of Fact and Conclusions of Law even if it is clearly laid out in the decision and they are planning to appeal it anyways. All you will do is add additional steps, additional burdens, and I think additional costs for insurers over time. As it has been pointed out by the Senator from Aroostook, it is very rare that decisions are overturned and that repayment would be ordered. In order to create this hypothetical possibility that you might have one or two in the state of Maine a year you are going to drive up the cost for everybody else because it is going to have to become standard practice to file those Findings of Fact and Conclusions of Law. Now, again, if you want the repayment rights, go straight to the appeal. File that appeal and you get them. All you are doing is adding one more layer to the puzzle and one more opportunity to rack up costs. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Dill.

Senator **DILL:** Thank you Mr. President. Men and women of the Senate, if I may ask a question through the Chair?

THE PRESIDENT: The Senator may pose her question.

Senator **DILL:** Thank you Mr. President. My question is, in the event that the injured worker prevails and is given an award and a portion of that award is paid to an attorney for services rendered and then later on there is a second order to return the money, what happens to the money that has been paid to the attorney? I guess the second part of the question is, if the attorney has been paid is the injured worker responsible for paying the entire amount or just the amount that he or she has retained after paying his or her attorney?

THE PRESIDENT: The Senator from Cumberland, Senator Dill poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from Knox, Senator Rector.

Senator **RECTOR:** Thank you Mr. President. Men and women of the Senate, I think there is a misapprehension here and that is that we are talking about someone who filed a claim as an injured worker, but is ultimately determined not to have been injured in an on the job injury where they would be entitled to Workers' Compensation. That is the issue at hand. It's important. I'm going to read again, and I did this the other day, to refresh your memories. Procedurally what happens in a typical case that is appealed is that a decision is rendered by the hearing officer. A party has the right to challenge the hearing officer's decision and they do so through a motion of Findings of Fact and Conclusions of Law. The hearing officer is given an opportunity to reconsider

his or her decision and issue a second decision after the filing of the motion. If either party is still dissatisfied with the Board decision they have a right to a discretionary appeal to the State Supreme Court. If the court accepts the case on appeal and reverses the hearing officer's decision the statute, in its present form, allows an employer and a carrier a right to recapture payments after the second decision is made by the Board, but not after the first decision. In some instances findings are issued quickly, that is within weeks, but in other instances months might pass. In fact, the fact that an employer and carrier can recapture some payments, but not the entire amount paid is inconsistent with the entire statutory scheme. This was testimony that was given to us. If a case is remanded by the State Supreme Court the Board has full jurisdiction to determine the amount of an overpayment. As the good Senator from Kennebec, Senator Katz, pointed out, they have the ability to determine the worker's ability to pay back any amount that they have been paid. They have full discretion. We were told by the Executive Director of the Board that it would be inconsistent with their policies to try and take someone's house or take their car or any of the other things. They would only be asked to repay what it is reasonable for them to repay. Bear in mind this is money that they received to which they were not entitled. They are not injured workers. They are people who filed claims but were determined not to be injured and entitled to a payment by the Workers' Comp system. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Bartlett.

Senator **BARTLETT:** Thank you Mr. President. I want to clarify here that it is not simply people who may not be entitled to benefits who could have their benefits recouped. Someone might be entitled to benefits, a hearing officer decides to give benefits of a certain amount and then there is a decision on whether that was appropriate and then it's reversed. You have an injured worker who has been entitled to benefits but maybe not quite as much. That's what you are extracting. This is not a case of folks somehow defrauding the system. These are people who went through a hearing process and were found to have legitimate injuries. Typically when you are talking about an appeal and that decision being overturned the question is not whether they have been injured, most of the time, but whether technical or legal defense would bar payment. This is not a matter of people simply going through the system and somehow magically tricking everybody and they are being ordered to repay. I also want to talk a little bit about the process again. While it is true that a lot of time could in theory lapse between an initial decision and a decision upon application of Findings of Fact and Conclusions of Law, there is nothing that requires you to take that second step. You can appeal immediately as soon as you get the decision. You do not need to ask for findings. That is a step that is giving the party a second bite at the apple. If they choose to take that second bite at the apple they lose their ability to recover during the interim period. It is a compromise to say that if you are going to delay this, if you are going to have one more shot, you give up your right to recover during that period. If you don't want to lose that right to recover just appeal it, file the appeal immediately. That is why I say that if this goes through there will be a ramp up in litigation because everybody is going to have to take that secondary step. They will no longer have to make the decision. They will get the second bite at the apple for free. Compromise

has been built into the statute. Let's respect that compromise and recognize that nobody is harmed by this because any insurer that feels like they have wrongfully paid can immediately take their appeal. They don't need to offer that second bite at the apple. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Jackson.

Senator **JACKSON:** Thank you Mr. President. Ladies and gentlemen of the Senate, just two quick points. I would think it would be awfully unusual, hard, or impossible for a case to go all the way to the Maine State Supreme Court without the worker having some injury. I'm sure there are a number of things that could have happened along the way that an insurance company might be protesting, but I don't believe that there would be any case that the worker had lied all the way through and never had some injury for it to go all the way to the Supreme Court. I don't even believe the Supreme Court would take it. That's just my own personal opinion. Secondly, the Executive Director did say that it would be highly unlikely or unusual that someone could lose their home, I do remember asking, but they could. I think that's the problem. This Executive Director, this Workers' Comp Board, may not be willing to take someone's home for repayment but there is nothing to say that anyone in the future wouldn't. The law certainly doesn't say that they can't take your home. If we feel comfortable going on someone's testimony that it would be unlikely then I guess that's where we are.

THE PRESIDENT: The pending question before the Senate is the motion by the Senator from Knox, Senator Rector to Accept the Minority Ought to Pass as Amended Report. A Roll Call has been ordered. Is the Senate ready for the question?

Senate at Ease.

Senate called to order by the President.

Senator **HOBBS** of York requested and received leave of the Senate to withdraw his motion to **RECONSIDER** whereby the Senate **ACCEPTED** the Majority **OUGHT TO PASS** Report, in concurrence.

Under suspension of the Rules, **READ A SECOND TIME.**

On motion by Senator **THOMAS** of Somerset, Senate Amendment "A" (S-145) **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Thomas.

Senator **THOMAS:** Thank you Mr. President. Ladies and gentlemen of the Senate, what this amendment does is takes the electronic media portion of the bill out of Section 2. There will be no more electronic media part of this bill. Under current law

municipalities are required to advertise their public notices in newspapers of general circulation that are mailed second class. Those are the state's largest newspapers and in some of our smaller towns that is just not getting the job done. People don't know when they have special town meetings. They don't know when they are having these meetings that they need to know. This law would allow the towns to publish in a newspaper distributed by third class mail under two conditions. One condition would be that the newspaper has to be mailed to every resident of the municipality, and this bill only covers municipalities so there is nothing to do with the State, and the town has to adopt a publication policy and then they must retain a record of all those notices. What it really does is allows towns to publish their legal notices once where a lot of towns have to publish them twice now in order for the public to know because the larger newspapers just aren't getting the circulation that they used to get. This is a way for towns to better notify their constituents, their citizens, and save money at the same time. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Sullivan.

Senator **SULLIVAN:** Thank you Mr. President. A question for the Chair. If I had wanted to speak on the original bill am I now not allowed to speak on that bill?

THE PRESIDENT: The Chair would advise that after this amendment has been dispensed with debate would be in order on the bill either as amended or the underlying bill, depending on the Senate's next action. The Chair recognizes the Senator from York, Senator Sullivan.

Senator **SULLIVAN:** Thank you Mr. President. May I follow up on that then? If the amendment is accepted then there would be no debate on the original bill?

THE PRESIDENT: That is correct. The bill would now be amended and debate would be on the amended version of the bill.

On motion by Senator **THOMAS** of Somerset, Senate Amendment "A" (S-145) **ADOPTED**.

On motion by Senator **ALFOND** of Cumberland, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Sullivan.

Senator **SULLIVAN:** Thank you Mr. President. Men and women of the Senate, I'm going to ask you to reject this in its entirety for a number of reasons. First, we have already voted on one bill as far as the State was concerned which the newspaper had agreed on and has saved \$200,000 for the State. We will no longer do notices of change of rules. That will be just a direct going through. I know some people disagree with that, but we agreed to keep just the public hearings and any rules that have been changed will go into a site that will be put in to go and visit on the internet. That's number one. Number two, I happen to have 408 square feet for a camp that we love but I have to make sure I love my husband at the same time that we are there. It's in Hartford,

Maine. Hartford, Maine sends out a newsletter to everybody who is a property owner. It comes actually first class and it gives all the good things about living in a small community. Tells when is trash pick up and if it has recycling that week and when the dump open and all those good things. It also does all the municipalities. It is mailed to everybody. However, in this last issue that came over the weekend, it said that they are no longer going to be able to offer this because they have no one to write the newsletter any longer. They are retiring. It's not a paid job, it's a volunteer. What happens in that case if this municipality has decided to send this form of notice? Third class is one that comes to you postal patron. I would question how many people actually read postal patron? We have one in my community. They come in little plastic bags on a Thursday night and are thrown on the driveway or whatever. By Saturday they are all still there or many of them are still there. I would ask you to really think carefully about this. Let the municipality follow the rules so that whether you live in Cape Elizabeth or you live in Lubec or you live in Timbaktu, it's the same thing. They need to notify you. If they want to keep up in the little newsletter that is a little more quaint, fine. Let this go and make sure that no matter where you live you have the same opportunity. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Hobbins.

Senator **HOBBS:** Thank you Mr. President. Men and women of the Senate, this particular bill on its face looks like one of those bills that, considering the economic hardships that our state is facing, you could say would save a few dollars. The issue is more than saving a few dollars because, quite frankly, the budgetary process that the Appropriations Committee has been toiling with for the past five months has been very wrenching and heartbreaking to many individuals. This goes to a different cornerstone than a social service program or other needy social services and other public policy issues that have been decided by this legislature. This goes to the basic fiber of our whole society as one that needs to be an open and transparent process. I was fortunate for five and a half years to sever as the first Chair of the Right to Know Advisory Committee. As many of you know who have gone through the process of your committees of jurisdiction, it is very important that we have an open process with respect to our government. The Right to Know Law in Maine was the first one in the country to pass. Maine is known to have an open and transparent process in our government. All bills have to go through a review process, not only by the committees of jurisdiction but also by the Judiciary Committee, to make sure that the exceptions to what information can be withheld from the public has to be for extraordinary reasons. Unfortunately, bills such as this, although you can argue it could save a few dollars, it's not really a few dollars, it's a lot of money compared to what it could be, is an example of how to restrict and constrict the flow of information and to let the voters of Maine and the people of Maine maybe miss a very important issue that is involved with the municipal level of government, State government, or whatever level of government. I hope before you decide on this bill in order to make one of those difficult decisions about cutting programs and the like let's not go through the process where we are cutting away the basic premises of our democracy, and that is making government open and transparent. Two and a half months ago I sponsored a Resolve that passed that basically celebrated Sunshine Week. The principles that were involved with that

particular Resolution are really part of the cornerstones of why we are a free society. This particular bill, although it seems to be harmless, breaks away from those cornerstones that I think have made the United States the democracy it is. I would hope that you will think long and hard about taking this particular step. Even though it doesn't sound like a significant one, it is taking away and chipping away at one of our cornerstones, and that is an open government. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Thomas.

Senator **THOMAS:** Thank you Mr. President. Ladies and gentlemen of the Senate, first of all let me state again that this bill has nothing at all to do with State public notices, legal notices. This is about municipal legal notices. There are two more bills coming later that will deal with State municipal notices. We've had discussions in our committee and even the newspapers that publish these legal notices will admit that we are not doing a good job of informing the public. We need to do a better job. We need to let people know when there are legal issues coming up in our towns and State government. They need the opportunity to know so they can attend. This bill does nothing to prohibit a municipality from using the existing process. What this does is gives local officials one more option so that they can, in fact, inform people. The way the law reads now you have to publish these legal notices in these big papers that so many people just aren't reading. We all have seen the circulation numbers. They are dropping like a rock. They are put in the classified section under legal notices and they are so hard to find and very few people read them. This is going to do a better job. I would agree with previous speakers who say that a cornerstone of our democracy is keeping people informed. It absolutely is. We need to do a better job and this bill allows that. Thank you.

THE PRESIDENT: The pending question before the Senate is Passage to be Engrossed as Amended. A Roll Call has been ordered. Is the Senate ready for the question?

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

ROLL CALL (#93)

YEAS: Senators: COLLINS, COURTNEY, MARTIN, SAVIELLO, SHERMAN, THIBODEAU, THOMAS, WHITEMORE

NAYS: Senators: ALFOND, BARTLETT, BRANNIGAN, CRAVEN, DIAMOND, DILL, FARNHAM, GERZOFKY, GOODALL, HASTINGS, HILL, HOBBS, JACKSON, KATZ, LANGLEY, MASON, MCCORMICK, PATRICK, PLOWMAN, RECTOR, ROSEN, SCHNEIDER, SNOWE-MELLO, SULLIVAN, TRAHAN, WOODBURY, THE PRESIDENT - KEVIN L. RAYE

8 Senators having voted in the affirmative and 27 Senators having voted in the negative, **PASSAGE TO BE ENGROSSED AS AMENDED BY SENATE AMENDMENT "A" (S-145), in NON-CONCURRENCE, FAILED.**

Sent down for concurrence.

The Chair laid before the Senate the following Tabled and Later Today Assigned matter:

Bill "An Act To Amend the Laws Governing County Jail Budgeting for York County" (EMERGENCY)

H.P. 70 L.D. 82

Tabled - May 23, 2011, by Senator **HOBBS** of York

Pending - **ADOPTION OF COMMITTEE AMENDMENT "A" (H-289)**, in concurrence

(In House, May 23, 2011, Report **READ** and **ACCEPTED** and the Bill **PASSED TO BE ENGROSSED AS AMENDED BY COMMITTEE AMENDMENT "A" (H-289)**.)

(In Senate, May 23, 2011, Report **READ** and **ACCEPTED**, in concurrence. **READ ONCE**. Committee Amendment "A" (H-289) **READ**.)

Committee Amendment "A" (H-289) **ADOPTED**, in concurrence.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Diamond.

Senator **DIAMOND:** Thank you Mr. President. I wanted to pose a question through the Chair regarding L.D. 82 at the appropriate time.

THE PRESIDENT: The Senator may pose his question.

Senator **DIAMOND:** Thank you Mr. President. There is fiscal information that goes with this bill and first off I will back up a bit. This has to do with the jail consolidation that was passed in previous legislatures. The consolidation has been going along pretty well. This particular bill has a fiscal note to it, I believe, and I'm trying to make sure. Just looking at it quickly this afternoon, it looks like it is \$280,000 for the first year but that looks like that same \$280,433 extends on and on and on every single year. My question, Mr. President, is could somebody explain the fiscal note and does it in fact go on for every year following?

THE PRESIDENT: The Senator from Cumberland, Senator Diamond poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from York, Senator Courtney.

Senator **COURTNEY:** Thank you Mr. President. Men and women of the Senate, this bill is very similar to one that was passed last year and it died on the Appropriations Table. With this bill, when the figures were created for the base figures under the jail consolidation York County did not put the lease for the HBAC when they built the jail into that calculation. This just acknowledges that and treats it so it has the same base that every other jail in this state, which would include the HBAC.

ASSIGNED FOR SECOND READING NEXT LEGISLATIVE DAY.

The Chair laid before the Senate the following Tabled and Later Today Assigned matter:

HOUSE REPORTS - from the Committee on **INLAND FISHERIES AND WILDLIFE** on Bill "An Act To Amend the Standards by Which Game Wardens May Stop All-terrain Vehicles Operating on Private Property"

The Chair laid before the Senate the following Tabled and Later Today Assigned matter:

SENATE REPORTS - from the Committee on **HEALTH AND HUMAN SERVICES** on Bill "An Act To Amend the Laws Governing the Maine Health Data Organization Relating to Retail Pharmacies"

S.P. 164 L.D. 572

Majority - **Ought Not to Pass** (9 members)

Minority - **Ought To Pass as Amended by Committee Amendment "A" (S-138)** (4 members)

Tabled - May 23, 2011, by Senator **McCORMICK** of Kennebec

Pending - motion by same Senator to **ACCEPT** the Minority **OUGHT TO PASS AS AMENDED** Report

(In Senate, May 23, 2011, Reports **READ**.)

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Craven.

Senator **CRAVEN:** Thank you Mr. President. Men and women of the Senate, I stand in opposition to the Minority Report. The Maine Health Data Organization was established by the Maine legislature in 1996 as an independent executive agency to collect clinical and financial health care information and to exercise responsible stewardship in making this information accessible to public Maine Health Data policy. It is established by a 21 member board that represents health care providers, payers, and consumers. What this bill would do is exclude pharmacies from paying into or reporting to the health data system. I think that there are two problems with this; one is that pharmacies are a very large part of our health care system in this state or anywhere. I think that in order to have a fully functional data base we need to have their input. It would also cause a very large burden on other providers that are required to pay to fund the data base. I would ask that you reject this measure and vote for the Majority Ought Not to Pass. Thank you, Mr. President.

On motion by Senator **ALFOND** of Cumberland, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator McCormick.

Senator **McCORMICK:** Thank you Mr. President. Ladies and gentlemen of the Senate, it is true. What this bill will do is remove retail pharmacies from the list of entities that fund this Maine Health Data Organization. The Maine Health Data Organization has had since 1996 to develop this data base and set up users of that data base. If the data base is that valuable to the users then they should be more than willing to pay the fees necessary to collect and maintain this data. Entities that do not contribute directly to the data base or derive any benefit from the data collected should not be required to pay an annual fee and that is the issue. The pharmacies do not contribute their data directly to the data base. It's collected through the PBMs and through the carriers. They do not contribute directly and do not receive any benefit. Historically there has been money left over in this fund annually. It's a \$58,000 fiscal note. I encourage you to support the Minority Report. Thank you, Mr. President.

The Chair noted the absence of the Senator from Oxford, Senator **PATRICK** and further excused the same Senator from today's Roll Call votes.

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Craven.

Senator **CRAVEN:** Thank you Mr. President. Men and women of the Senate, the taxpayers of Maine pay an enormous amount of money to the retail pharmacies to purchase medications for the people of Maine. I think that it behooves them to be part of the Maine Health Data Organization and that it's a very valuable system for actuaries and other people who need this information to make sure that we have affordable health care in Maine. Thank you.

THE PRESIDENT: The pending question before the Senate is the motion by the Senator from Kennebec, Senator McCormick to Accept the Minority Ought to Pass as Amended Report. A Roll Call has been ordered. Is the Senate ready for the question?

On further motion by same Senator, the Senate **SUSPENDED THE RULES.**

On further motion by same Senator, the Senate **RECONSIDERED** whereby it **ADOPTED** Committee Amendment "A" (S-74).

On further motion by same Senator, Senate Amendment "A" (S-144) to Committee Amendment "A" (S-74) **READ.**

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Alfond.

Senator **ALFOND:** Thank you Mr. President. Ladies and gentlemen of the Senate, this will be very brief. What this amendment does is further clarifies what our colleges and universities have to do with their retention rates and graduation rates. Currently every college and university in the state, both public and private, non-profit and for profit, put all their information into an organization called IPEDS. What the Department of Education will do is take that information from IPEDS and put this on-line so that students and parents, guidance counselors, and others can look at all of our colleges and universities and see their graduation rates and see their retention rates. Thank you, Mr. President.

On motion by Senator **ALFOND** of Cumberland, Senate Amendment "A" (S-144) to Committee Amendment "A" (S-74) **ADOPTED.**
