**STATE OF MAINE
ONE HUNDRED AND THIRTY-FIRST LEGISLATURE
FIRST SPECIAL SESSION
JOURNAL OF THE SENATE**

In Senate Chamber
Tuesday
July 25, 2023

Senate called to order by President Pro Tem Eloise A. Vitelli of Sagadahoc County.

Prayer by Pastor Jim Przytulski of Central Church in Augusta.

PASTOR JIM PRZYTULSKI: Well, good morning, everyone. Let's just bow our heads in prayer. Heavenly Father, we love you so very much, Lord, and we know that you love us and we thank you for that love. Father, we just come to you today to ask for your blessing. We ask for your blessing over the people in this room, over the members of this chamber, Lord, that you would keep them safe, Lord, that you would put a blessing and a hedge of protection around them and around their families. Lord, we'd like to take a second to thank you for the beautiful weather that we've had these last couple of weeks, Lord, and we just ask for an extension to summer, seeing as it started so late here in Maine. Father, please bless us with good weather. Lord, I ask for a special dose of productivity to come over the folks in this room, Lord, that you would allow them to get many, many things done so that they have the time to enjoy some of the weather this summer, Father, that -- I ask for clarity and discernment and wisdom over them as they make decisions for our state. Father, as they work together, I ask for a spirit of cooperation and a spirit of friendliness and a spirit of kindness to be in their hearts, Lord. Especially then ask for a blessing over them again and their families, Lord. Bless them, keep them safe. Lord, we love you and it's in Jesus's name that we pray. Amen.

Pledge of Allegiance led by Senator James D. Libby of Cumberland County.

On further motion by same Senator, Senate Amendment "A" (S-503) to Committee Amendment "A" (S-420) **READ**.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT**: Thank you, Mr. President, Fellow Members of the Senate. This amendment came to the Appropriations Committee I think it was -- whenever we last met, I forget the date, but it was either last Thursday or the Thursday before, about 10 p.m. And it was only available in any sort of public domain about an hour before that, when I first saw a copy of it. I asked that the OFPR staff make it available online through the committee website, which they did, so that at least when Mr. Abello of the Governor's office was presenting it that it could -- those who were paying attention at 10 p.m. on a Thursday night could at least follow along with this amendment. This amendment may have some virtues and it may have some deficiencies. I have to confess to as someone not on the Energy and Utilities Committee and being presented with this while we were working on the table at 10 p.m. on a Thursday evening that it was not the best circumstance by which this amendment could be vetted and have a public hearing, it had no public hearing. I know this issue has been discussed but I strongly believe that I was inadequate to the task of reviewing such a large change for the first time before the Appropriations Committee at that hour of that evening. As a consequence, I would really like to be in favor of this proposal but I don't feel that I'm ready to be and for those reasons, Mr. President, I move that this bill and its accompanying papers be referred to the Committee on Energy, Utilities, and Technology. Thank you.

Senator **BENNETT** of Oxford moved the Bill and accompanying papers be **COMMITTED** to the Committee on **ENERGY, UTILITIES AND TECHNOLOGY**.

Senator **LAWRENCE** of York requested a Division.

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Lawrence.

Senator **LAWRENCE**: Thank you, Mr. President, and I do request a division on that vote. I ask that you not refer this back to the Energy, Utilities, and Technology Committee. We've had extensive hearings on this bill. There were changes that came down to the end but they don't substantively change in major ways this proposal and the other proposals that are in here have all been heard by committee. We spent a lot of time on this issue, we spent a lot of discussion, we debated it here in the Senate. This bill means jobs, it means lower, more stable energy prices while at the same time addressing climate change. We need to pass this bill now.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Chipman.

Senator **CHIPMAN**: Thank you, Mr. President, Men and Women of the Senate. I would concur with the thoughts of my good colleague from York, Senator Lawrence. I have received a significant number of communications from constituents since we were last here, asking us to support this bill, and I hope that we will and that we will not commit it to committee. Thank you.

On motion by Senator **BENNETT** of Oxford, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

The Chair noted the absence of the Senator from Penobscot, Senator **GUERIN**, the Senator from Penobscot, Senator **LYFORD**, the Senator from Kennebec, Senator **POULIOT**, and the Senator from Franklin, Senator **BLACK**, and further excused the same Senators from today's Roll Call votes.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

8 Senators having voted in the affirmative and 19 Senators having voted in the negative, with 8 Senators being excused, the motion by Senator **BENNETT** of Oxford to **COMMIT** the Bill and accompanying papers to the Committee on **ENERGY, UTILITIES AND TECHNOLOGY FAILED**.

THE PRESIDENT: The Chair recognizes the Senator from Somerset, Senator Farrin.

Senator **FARRIN**: Thank you, Mr. President. I rise today in opposition to LD 1895. Quite frankly, it is an unworkable bill for Maine contractors as currently written and places significant financial risk to ratepayers. I've heard from industry leaders and they have all said the same thing. The bill language is hard to understand, would be difficult to implement, it would significantly drive up the cost of the project. If the State of Maine is serious about investing in offshore wind development, this is not the right bill to start with. There are two main reasons I will highlight today. First, the bill requires the use of the Maine emerging industry

earnings threshold. This is a new term not found anywhere else in the statute or, to my knowledge, in any other state. It essentially allows for unions to dictate whatever wage and benefits packages they want and has the potential to significantly drive up the cost of the project. It would make much more sense to use the prevailing wage, something contractors are familiar with and would ensure the fair payment to employees and price predictability. The second major issue with this bill deals with workforce development. The bill defines a currently available and qualified employee to be a permanent employee by the contractor at least 90 days prior to the commencement of work. I interpreted this to mean contractors must hire and start paying wages and benefits to workers 90 days prior to starting the project. This is ridiculous. It doesn't support the recruiting and education of new workers as promised by investment in offshore wind. Also, when is the project start date? For some, it might be moving dirt or cutting trees for the project. For others, it could be years following that first tree cut when new buildings are constructed. Furthermore, should the contractor not have enough employees at any given time, they must utilize a hiring hall to fill the needed positions. This will not only increase costs but the hiring hall is given 90 days to fill the position. If after 90 days the position hasn't been filled, only then can the contractor hire on their own. Yet, still, the person the contractor finds can only work that job for 30 days. If you had a hard time following that, let me give you an example. Say a contractor is running behind and needs to increase the number of skilled workers on the jobsite. That contractor goes to the hiring hall and the hiring hall can't find the skilled workforce to fill the positions. Therefore, those positions remain empty for 90 days and the job gets further and further behind, increasing costs significantly. After 90 days, the contractor can hire on their own but the employees they find are only allowed to work on the job for 30 days. This body just had a lengthy debate regarding net energy billing where we discussed the importance of lowering rates for our constituents. Why, then, would we pass a bill that is certain to increase rates? We need to avoid the mistakes of other states like Massachusetts and Rhode Island where the price tag of their projects grew too large to be viable. For these reasons, I will be voting against passage of 1895 and if you truly want to see a future with offshore wind, I encourage you to do the same because with this language, I don't see how this project gets off the ground. Thank you, Mr. President.

Senate at Ease.

The Senate was called to order by the President.

On motion by Senator **BENNETT** of Oxford, the Senate **RECONSIDERED** whereby it **PASSED TO BE ENACTED** the following:

An Act to Enhance Certain Penalties for Possession of Firearms by Prohibited Persons
S.P. 250 L.D. 582
(C "A" S-318)

(In House, June 21, 2023, **PASSED TO BE ENACTED.**)

(In Senate, July 25, 2023, **PASSED TO BE ENACTED**, in concurrence.)

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Brakey.

Senator **BRAKEY:** Thank you, Mr. President, and thank you to my colleague, Senator Bennett, for asking for the reconsideration. That was on me. That was -- I had intended to ask for a Roll Call on this one and things were moving so quickly, it got by me. But before we vote on enactment of this bill, you know, we've gone through a process on a lot of bills and this one I think has gotten out a little bit ahead of us. There are some provisions in this bill that I find concerning that I just want to briefly bring to the attention of this body before we do a final vote because I think, in fact, while some components of this bill -- there's eight sections to this bill, all of them increasing penalties for possession of firearms by prohibited persons. And I respect and appreciate the intent behind that, and particularly from the bill's sponsor, who is a good member of this Body. But several sections of this bill I think are alarming and I think that we should go in with eyes wide open about some of the implications of this. So, you know, several sections of this bill do things that I think that most people can recognize are fairly reasonable. They want to -- it seeks to increase the penalty for possession of a firearm by someone who's been convicted of a felony or someone under a restraining order or who's been involuntarily committed. Those, I understand. I don't know if they should be felonies or misdemeanors, I suppose that's up to the Criminal Justice and Public Safety Committee who is -- who is delved in to all of that. But there are some other sections of this bill that raise some eyebrows for me. For example, Section 5 of the bill reads -- so, if someone is an unlawful user of or is addicted to any controlled substance and as a result is prohibited from possession of a firearm under 18 United States Code Section 922, violation of this paragraph would be a Class C crime, so that would be a felony, increasing it from a Class D crime. In that particular section, I will note that previously this session this body passed legislation saying that those who use cannabis, which by my research it's been noted about one in four Maine people, are technically fall under that federal prohibition and would be -- we would be saying that it would be a felony for someone who uses or possesses cannabis, which is still illegal under Federal Law - despite my

constitutional questions about that - we would be saying that that would be a felony for that person. That's one in four Maine people. And that's in direct contradiction to other legislation we passed in this body earlier this session. So, if nothing else, it creates very confusing and conflicting messages in terms of the laws that we're putting out there. So, that, I have a concern about. I also would note Section 6 would make it a felony for someone to possess a firearm if they are admitted to the country under a nonimmigrant visa or is prohibited from possession of a firearm under United States Code -- well, I won't read all the codes. So, they say an alien who is illegally or unlawfully in the United States. And to that I would say, you know, I know in a lot of the debates in other policy areas around asylum seekers, it comes up at times that someone who is seeking asylum is kind of in a legal gray zone, doesn't necessarily have a legal status in this country even if they're pursuing one. I think it's a fairly alarming question to ask there and I think that people should ask does -- are we making it here if someone is in the country without a legal status but seeking a legal status, would it be a felony for them to possess a firearm? Also in here, someone who has renounced their U.S. citizenship, it would be a felony for them to possess a firearm, it goes from a misdemeanor to a felony. I get it that, like, it's not something that I want to encourage someone to renounce their U.S. citizenship, I'm certainly proud of my U.S. citizenship, but is it a crime for someone to renounce their citizenship? I personally I know someone who's a Canadian citizen who lives in Aroostook County who has thought about becoming a U.S. citizen but is concerned because he does work in Canada that if he became a U.S. citizen and United States is the only country in the world that taxes you no matter where you are working in the world, maybe he became a U.S. citizen, decided to go back to Canada for work, didn't want to be taxed under the U.S. Tax Code, renounced his citizenship. Now, if he came back to America, he'd be prohibited from possessing a firearm and it would be a felony? You know, those three things I think we're -- I think there -- I respect the intent of this proposal but I think there's some real problems here that could be worked out with additional committee process. So, I suppose the motion before us is enactment, I hope it would be a motion that would -- I think it would be a motion to trump this -- I wonder if it would be appropriate to refer this back to the Criminal Justice and Public Safety Committee and perhaps next year they could -- they could hammer out these problems. So, I -- I'm not sure how to read that sign language, Mr. President. I don't know if that would trump the motion or not.

THE PRESIDENT: That's what I was going to say, and there's been a -- yeah, but no, it would not trump the enactment.

Senator **BRAKEY:** Okay, so, if enactment is before us, then I'll simply say I'm going to vote no on enactment and I do think there are some real problems with this legislation and I would encourage members of this body to vote no. Thank you very much. And, yes, I will be calling for a Roll Call. Thank you to my good colleague, Senator Moore, for reminding me of that important omission.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT:** Thank you, Mr. President. I know that some of the limited period positions in these bills that we're taking up tonight are concerns with some members of this Body. I have to say, having participated in the appropriations process and the inevitable constraints that come with it, it, you know, the committee overall in a bipartisan fashion did the best we could to accommodate all the competing needs that exist in the State House. This bill, I think, is an important piece of legislation. It is - it's worthy of support. Like most of these bills that we're dealing with today, we could be funding a lot more or we could be funding less, but not much less on this one. And so I think that this one merits support. Believe it or not, with all the rain we got, drought is still a problem for farmers and I think it's incumbent upon us to do the best we can for our farming communities across rural Maine and elsewhere in the state. So, I encourage you to vote to adopt Senate Amendment S-446. Thank you.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

On motion by Senator **KEIM** of Oxford, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Brakey.

Senator **BRAKEY:** Thank you, Mr. President. I rise in opposition to the pending legislation not necessarily because I don't think that there's a compelling case to be made that the Legislature certainly compared to other states is not compensated to the same degree as some other states, though some other states like New Hampshire, we're somewhat far ahead. My concern is, you know, certainly, while the legislative compensation, legislative salaries has not kept pace with inflation, neither have the wages and salaries of the Maine people. And it seems that whatever number we pick in this process, which this comes up every couple of years - I think those who have been around, we've seen this similar legislation before - whatever number we pick always seems like an arbitrary number, that we're picking a number out of a hat to determine what we ourselves should be paid. And it's a difficult position for the Legislature to be in and I'm certainly sympathetic. The Constitution doesn't give another mechanism to determine legislative salaries except for the Legislature to vote on legislative salaries, which certainly puts us all in a somewhat awkward position and I get and respect that. I will say that I did propose during the public hearing an idea that obviously didn't make it into the final bill and I respect the committee has its own process but an idea where we could have a nonarbitrary way to determine legislative compensation going forward by indexing legislative compensation to economic indicators including the median income of Maine people, the unemployment rate, the workforce participation rate. Actual tangible economic indicators that reflect on how we are doing as an institution in establishing policies that economically benefit the Maine people. I know that's not an idea that has been incorporated in other states but, you know, we like to brag about leading so I thought it was an interesting idea to put forward. What we do have instead in front of us is a proposal to increase legislative salaries to \$25,000 for the first year, \$20,000 for the short session. Maybe that's the right number, maybe that's not the right number. Either way, it's an arbitrary number and it's not based on the economic conditions that our own constituents are facing. So, I find it hard to vote to pass this legislation based on an arbitrary number in a year when our own constituents are suffering under the effects of inflation, when payroll taxes are going up on our constituents and they are, in fact, getting smaller paychecks. I don't think that raising our salaries without any benchmarks to how our constituents are doing is the right way to go. So, I will be opposing the pending motion. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Chipman.

Senator **CHIPMAN:** Thank you, Mr. President, Men and Women of the Senate. This is an issue that I feel has needed to be address for a long time. I have seen people come here and serve for one term and not run again because they say they can't afford to do it. We probably all know people that have done that. I've certainly met plenty in the time that I've been here and the seven terms that I've been serving in the Legislature. And this issue comes up every term and we fail to address it. We don't do anything about it, we don't want to pass it. This is long overdue. I don't feel like the Legislature adequately represents the people of the state. We have no single moms here that I'm aware of, even

though there are plenty in the state. We have very few people in their 20s and 30s, even though we have plenty of people like that in those age groups across the state. The Legislature does not represent the people of the state and I think this is one of the biggest reasons why. This small increase, it's probably not enough but it will help some, I think, in attracting a more representative population of the state to want to run and serve here and represent their constituents. So, I think it's long overdue and I hope that we'll do the right thing and pass this, not for ourselves because it doesn't impact us, but for the next Legislature, so they'll have a little bit more pay and a little more ability to be able to be here. Thank you.

THE PRESIDENT: The pending question before the Senate is Enactment. A roll call has been ordered. Is the Senate ready for the question?

ORDERS OF THE DAY

On motion by Senator **ROTUNDO** of Androscoggin, the Senate removed from the **SPECIAL APPROPRIATIONS TABLE** the following:

An Act to Protect Against Discrimination by Public Entities
H.P. 177 L.D. 279
(C "A" H-467)

Placed on Special Appropriations Table - June 15, 2023, by Senator **ROTUNDO** of Androscoggin

Pending - **ENACTMENT**, in concurrence

(In Senate, June 14, 2023, **PASSED TO BE ENGROSSED AS AMENDED BY COMMITTEE AMENDMENT "A" (H-467)**, in concurrence.)

(In House, June 15, 2023, **PASSED TO BE ENACTED**.)

On further motion by same Senator, the Senate **SUSPENDED THE RULES**.

On further motion by same Senator, Senate Amendment "B" (S-502) to Committee Amendment "A" (H-467) **READ** and **ADOPTED**.

On motion by Senator **KEIM** of Oxford, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT:** Thank you, Mr. President. Having served on the Appropriations Committee, I'm still mystified by the intent of this bill and I would -- because of the number of pieces of legislation before us, I'd appreciate it if a member could elucidate

and illuminate the underlying focus of this bill. I'm looking at it but its summary is elusive to my understanding. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Carney.

Senator **CARNEY:** Thank you, Mr. President, and thank you, colleagues. The purpose of LD 279 is to expand the protection afforded by the Maine Human Rights Act with regard to public entities. So, under the Human Rights Act, there are things called public accommodations which are things like stores and banks and school buildings that serve the public and there are things that are public entities which are publicly owned but maybe wouldn't be open to the public. One example are certain parts of this building, the legislative building. Another example is correctional facilities. And currently the Human Rights Act only allows -- only prohibits discrimination in public entities as opposed to public accommodations with regard to disability discrimination. And so what this legislation would do is it would make the other types of discrimination that are prohibited by the Maine Human Rights applicable in those public entities that are not public accommodations. So, one example could be a person who is a resident in a correctional facility who is being subject to sexual harassment, that person currently doesn't have any avenue of redress under the Maine Human Rights Act but if we passed this legislation, then somebody who is being sexually harassed by a staff person at a correctional facility if they were a resident could bring a claim to remedy that sexual harassment. That's what this legislation would do.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Bennett.

Senator **BENNETT:** Thank you, Mr. President. I appreciate that answer. I've heard in the hallways some descriptions of this bill which I didn't think it involved but I wanted clarity on it that suggested that if we pass this bill that women could be housed in male prisons and males could be housed in women prisons and I didn't think that was the intent of this bill. From the Senator's description, it doesn't sound like that would be an impact but if I'm wrong on that, I'd be grateful to hear the answer to that, too. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Carney.

Senator **CARNEY:** Thank you, Mr. President. I do not believe that would be the impact of the bill. I think the impact of the bill is to prevent unlawful discrimination, things like sexual harassment.

THE PRESIDENT: The Chair recognizes the Senator from Androscoggin, Senator Timberlake.

Senator **TIMBERLAKE:** Thank you, Mr. President. And I would also pose a question through the Chair because the Good Senator from Oxford has created a curiosity within me that I don't know as I got a straight answer on. So, I guess I'll ask it as straightforward as I can. So, if someone was identifying -- that was a born gender of a male was identifying as a female and said he wanted to go into the female prison, is there any way this bill would straight-out allow that to happen? Is there a provision or

does everything stop that from happening or could that possibly happen is my question.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Carney.

Senator **CARNEY:** I rise not because I can answer but because I think I can explain why it's not answerable. How issues like that are addressed under the Maine Human Rights Act is very fact specific and so you can't give like a generic answer to that question.

THE PRESIDENT: The pending question before the Senate is Adoption of Committee Amendment "A" (H-467) as Amended by Senate Amendment "B" (S-502). A roll call has been ordered. Is the Senate ready for the question?

The Chair noted the absence of the Senator from Knox, Senator **BEEBE-CENTER**, and the Senator from York, Senator **HARRINGTON**, and further excused the same Senators from today's Roll Call votes.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

THE PRESIDENT: The Senator may proceed.

Senator **BENNETT:** Thank you, Mr. President. Mr. President, the amendment before us recognizes that the town of Jay has suffered from a trifecta of extraordinary circumstances which create a unique and pressing issue with respect to their property taxes. The town of Jay has had a boiler explosion which led ultimately to the closing of a mill and extraordinary loss of

infrastructure there during recent weather events. This amendment before you actually doesn't affect the general fund at all. It doesn't affect the ultimate monies that Jay will receive but it does allow them to deal with these emergencies by smoothing the impact of these recent events with respect to their mill rate. It would provide \$600,000 in FY '24 for which they would be paying back a similar amount in FY '25 as they get their feet under them after these recent events. If we don't pass this, I'm afraid the people of Jay will see a mill rate increase that will be necessitated from 20 mills to 28 mills. And I think this is the least we can do as we give them some time to adjust to this situation. As I said, it's not going to make a difference with respect to the overall impact of state finances or for their finances but it does allow them to smooth over this recent chain of bad events and allow them to get their feet under them and look for solutions to these tragedies that they've suffered. And so I present this amendment in that spirit and hope that the Senate will concur. Thank you.

On motion by Senator **VITELLI** of Sagadahoc, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT: The Chair recognizes the Senator from Oxford, Senator Keim.

Senator **KEIM:** Thank you, Mr. President, Ladies and Gentlemen of the Senate. I do represent the town of Jay so just wanted to speak in favor of this amendment and just share a little bit of the backstory. So, obviously, as you heard and maybe, you know, remember from the news, they've had a series, as was mentioned by Senator Bennett, a series of misfortunes to their town and when this bill came up in Appropriations Committee, the Administration had said there would be a solution found for the town to help them sort of smooth over this moment in time and then that solution was found to -- that, actually, was misinformation on their part and they were in error and so there was not a solution and this was what was found to sort of help them in the meantime. So, just so you're aware, you know, residents of the town of Jay have lost their jobs, right, because the mill, the digester explosion created one aspect of impacting their -- the taxes that they were able to bring in from the mill and now additionally the mill has since closed so they've lost their jobs and they're also looking at their real estate taxes going up significantly, which is just a lot for them to handle in one year. So, I appreciate your support of this bill. Thank you.

THE PRESIDENT: The pending question before the Senate is Adoption of Senate Amendment "A" (S-505) to Committee Amendment "A" (H-625). A roll call has been ordered. Is the Senate ready for the question?

THE PRESIDENT: The Chair would like to say that we're going to have Senator Vitelli do the announcement for adjourning. You know, it's 5:00 in the morning, it's really unfortunate and I certainly don't -- wish we wouldn't be in this position. I think we could've been done much earlier but one thing, I mean, for all of you, I certainly appreciate people sticking it out, you know, finishing our work despite the chaotic and long and challenging day and session it's been. I certainly appreciate everyone's staying to do the job that you're elected and the job that the 131st Senate had in front of it and for that I truly am thankful but I certainly am very thankful and appreciative, you know, of the Senate Secretary, his staff, Senate Republican staff, House Democratic staff, of course my staff, the OPLA people, Director Gresser down in the Executive Director's office, down in the Revisor's office with Ed and all of his staff, you know, the people that consistently make our jobs much easier. I think just today I think I had the Revisor's office and they had to do like 15 amendments that I didn't actually ever present. A true waste of time on their part but they did it, you know, with a smile and that's the way that they've always operated and so I certainly want to give them a round of applause and real thanks for they, too, staying here. Some people missed vacations, missed time with their kids, which I know all of you did, also, but that is a true professional and someone that people that make the Legislature operate in a way that I never could imagine so I'd certainly like to, like I said, thank them for -- and obviously, like I said, all of you also for making, like I said, what was a very chaotic session work and come to a close this morning. So, I truly do appreciate all of your efforts and thank you.

On motion by Senator **VITELLI** of Sagadahoc, the Honorable **TROY D. JACKSON**, President of the Senate, declared the First Special Session of the 131st Legislature **ADJOURNED SINE DIE** at 4:57 in the morning.
