STATE OF MAINE

Office of State Auditor,

Augusta, Jan. 29, 1919.

To the Honorable Senate and House of Representatives:

Herewith I am forwarding bills and accounts for which no appropriation exists and which the attorney general has ruled are not properly payable from the State Contingent Fund.

These accounts are forwarded to you in conformity with Section 84, of Chapter 2, Revised Statutes, which reads in part:

"The auditor shall not approve nor issue his certificate for the payment of any bill or account unless there is a specific appropriation or fund for the payment thereof, or an expenditure is authorized by law to be paid out of a contingent fund, or from moneys in the treasury not otherwise appropriated; and whenever any ap-

propriation or fund is expended, all bills and accounts presented to said auditor and drawn on said expended appropriation or fund shall not be approved by him, but shall be reported by him to the next session of the Legislature."

Among the bills herewith submitted are some in favor of the board of veterinary examiners and the commissioners of pharmacy. The law creating these boards provides that all fees received by each of them "shall constitute a continuous carrying account for the payment of the compensation and expenses of the members, and the expenses of the board and for executing the provisions of law relating to each board respectively, and so much thereof as may be required is hereby appropriated for said purposes." The fees of these two boards have been insufficient to meet their expenses, and while they are in a different class from the other accounts here listed, since the expenditures of these boards are strictly limited to the fees received, I have no other alternative, under the law first cited, than to also report these to you for action.

(Signed) R. L. WARDWELL,
State Auditor.

Mr. DAVIES of Cumberland: Mr. President, I move that the report of the State auditor, together with the bills referred to therein, be referred to the committee on claims.

The motion was agreed to.

Orders of the Day

Mr. WALKER of Somerset: Mr. President: I move we reconsider the

vote whereby we voted to refer the bill in relation to cigarettes to the Temperance Committee, and in explanation of the motion I will say that I shall make a motion, if it prevails, to refer it to the committee on Public Health. It would seem, Mr. President, that on January 9th Mr. Deering of the committee on Governor's Message reported in the Senate that all matters relating to public health should be referred to the committee on Public Health and those matters relating to the prohibitory law should be referred to the committee on Temperance, and it appealed to me that the committee on Public Health would be the proper committee to hear this matter.

Mr. DAVIES of Cumberland: Mr. Chairman: I rise to a point of order. Those two bills at the present time are on the table, therefore it does not occur to me that the motion of the Senator from Somerset, Senator Walker, is timely.

The CHAIR: The Chair will rule that the point of order made by the Senator from Cumberland is well taken, the bills being on the table.

Mr. WALKER: It seems to me that one of the bills at least is not on the table.

The CHAIR: As I understand, both bills are on the table. The Chair will ask the information from the Senator from Cumberland. I understood your motion that both bills be tabled for printing?

Mr. DAVIES: Yes, Mr. President, that is correct. I may say in explanation I think the motion carried with it the bill that was printed to the table, providing the motion was passed.

The CHAIR: That is as the Chair understood. Both bills remain on the table, Senator Walker.

Mr. WALKER: If that is the way the Secretary has his record.

The CHAIR: That is the way.

Mr. BABB of Cumberland: Mr. Chairman: I rise to a point of inquiry. I would like to inquire of the Secretary through the Chair where House Bill No. 57 relating to the sale of intoxicating liquors is at the present time?

The CHAIR: I will state for the information of the Senator from Cumberland, Senator Babb, that it is not in today's bills. We will be able to give the information by going to the office.

Mr. BABB: That is all I would like to know—it has not come in here?

The CHAIR: No, sir.

On motion by Senator Tuttle of

Areostock, Resolve in favor of Reed Plantation, Senate Bill No. 43, was taken from the table, and on further motion by the same Senator it was referred to the committee on Ways and Bridges in concurrence.

On motion by Mr. Baxter of Sagadahoc, adjourned until Wednesday, February 5, at 10 o'clock in the forenoon.
