**HOUSE**

Tuesday, January 31, 1933.

The House met according to adjournment and was called to order by the Speaker.

Prayer by the Rev. Mr. Brown of Gardiner.

Journal of the previous session read and approved.

The SPEAKER: The Chair at this time will call the attention of the members to the fact that under the Joint Order, passed the first day of the session, the time for the introduction of matters of private and special legislation expired at four o'clock this afternoon. Any matter of private and special legislation which was given to the Revisor of Statutes for preparation prior to four o'clock this afternoon will be considered as introduced today. If any member has any such matter of private and special legislation which has not been introduced, or which has not been given to the Revisor of Statutes for preparation, the Chair suggests that such member, during the session this afternoon, ask unanimous consent for its introduction tomorrow. The Chair hopes that after today it will not be necessary to ask such consent for the introduction of any such matter of private or special legislation unless in case of real necessity.

### Joint Memorial

To the Honorable, the Senate and House of Representatives of the United States of America, in Congress Assembled:

We your Memorialists, the Senate and House of Representatives of the senate of Maine, in 86th legislative session assembled, most respectfully present and petition your honorable body as follows:

WHEREAS, the immediate and greatest need of this Nation is to establish a fully employed citizenship, and normally functioning private industry offers the most desirable employment opportunities, and the primary and largest market for American produce and manufactures is found in meeting the wants of the American people, and the necessary employment in supplying these wants belongs first to American workmen; and

WHEREAS, without the free flow of gold, the common medium of international values, the exchange rates of many Nations' currencies have, by application of the law of supply and demand, become divorced from the actual values of those currencies as measured in buying power within the bounds of the Nation issuing the currency; and

WHEREAS, depreciated currency is seriously handicapping American industry, and our foreign markets are stifled, and our domestic industries face destruction by increased imports from depreciated currency Nations; and

WHEREAS, the economic life of the state of Maine is derived from basic industries, such as lumber, fish, pulp, wheat, fruits, coal, cement, and their allied industries, and the very existence of capital, industry, employment, wages and our standards of living are based on the profitable operation of these basic industries; and

WHEREAS, the Nation faces an emergency and the differences in money levels have existed for a long period and have not become adjusted; and

WHEREAS, Nations whose currencies are depreciated are able to ship merchandise into the United States, pay the existing tariffs, accept American currency in payment, and to make a greater profit on their merchandise than if sold in their own markets; and

WHEREAS, such importations from more than forty Nations of the world into the United States under the existing depreciated currency conditions has the effect of not only eliminating all tariff structures, but of enabling such merchandise to be sold at such a low price in the markets of the United States as to handicap and paralyze American industry and increase unemployment, and the industries of the United States are

facing bankruptcy and destruction; and

WHEREAS, we believe, that unless this legislation is immediately passed, chaos and ruin threaten the financial and governmental structure of the United States; and

WHEREAS, Congressman Samuel B. Hill of the state of Washington has introduced in the present session of Congress H. R. 13999, the official title of which is:

A BILL "To prevent loss of revenue, to provide employment for American labor, and to maintain the industries and agriculture of the United States against the effects of depreciation in foreign currencies;" and

WHEREAS, the delay in enacting this bill into law at the present session of Congress is causing continued and alarming increase in unemployment in our industries, American industry and agriculture are being seriously harmed, and in many instances ruined, by this disastrous new form of competition, which is forcing hundreds of thousands of workmen to sacrifice their jobs; and

WHEREAS, the Government of the United States is being deprived of vast customs revenue under existing conditions; and

WHEREAS, equalization measures must be adopted to preserve American jobs for American workmen;

NOW, THEREFORE, BE IT RESOLVED, that the Senate and House of Representatives of the State of Maine respectfully urge the present Congress now in session, and the President of the United States, to promptly enact into law H. R. 13999; and

BE IT FURTHER RESOLVED, that this Memorial be immediately transmitted by the Secretary of State to the proper officers and committees of the United States Senate and House of Representatives, and a copy sent to each of the Representatives and Senators representing the State of Maine in the United States Congress, and

BE IT FURTHER RESOLVED, that this Memorial be immediately forwarded by the Secretary of State to the legislatures of all the states of the United States requesting that they pass and present similar Memorials to Congress;

And your Memorialists will ever pray.
