LOCATION OF SCHOOLS.

SEC. 1. The school districts in all towns in the state are abolished. *Provided, however,* that school districts organized with special powers by act of the legislature, may retain such organization and special powers; but said districts shall annually, on or before the first day of June, by their agents, trustees or directors, submit to the school committees of their several towns estimates of the amounts required for the maintenance of the schools therein, other than free high schools, for the ensuing school year, and shall be entitled to such portion of the common school funds of the town as said committees shall determine, which sum shall not be less than is necessary for the maintenance of their schools for a period equal to that of the other schools of the town; and *provided further,* that the corporate powers of every school district shall continue so far as the same may be necessary for meeting its liabilities and enforcing its rights; and any property held in trust by any school district by virtue of a gift, devise or bequest for the benefit of said district shall continue to be held and used according to the terms thereof.

SEC. 2. The location of any school legally established prior to the seventeenth day of March, eighteen hundred and ninety-three continues unchanged, notwithstanding the district is abolished; but any town at its annual meeting, or at a meeting called for the purpose, may determine the number and location of its schools, and may discontinue them or change their location; but such discontinuance or change of location shall be made only on the written recommendation of the superintending school committee, and on conditions proper to preserve the just rights and privileges of the inhabitants for whose benefit such schools were established; *provided, however,* that in case any school shall hereafter have too few scholars for its profitable maintenance, the superintending school committee may suspend the operation of such school for not more than one year unless otherwise instructed by the town, but any public school failing to maintain an average attendance for any school year, of at least eight pupils, shall be and hereby is suspended, unless the town in which said school is located shall by vote, at the annual meeting, or at a meeting called for that purpose, after the said committee shall have made a written recommendation to that effect, instruct its superintending school committee to maintain said school. The superintendent of schools in each town shall procure the conveyance of all common school pupils residing in his town, a part or the whole of the distance, to and from the nearest suitable school, for the number of weeks for which schools are maintained in each year, when such pupils reside at such a distance from the said school as in the judgment of the superintending school committee shall render such conveyance necessary. *Provided, however,* that the superintending school committee may authorize the superintendent of schools, to pay the board of any pupil or pupils at a suitable place near any established school instead of providing conveyance for said pupil or pupils, when in their judgment it may be done at an equal or less expense than by conveyance.

SEC. 3. When a location for the erection or removal of a school-house and requisite buildings has been legally designated, by vote of the town at any town meeting called for that purpose, and the owner thereof refuses to sell, or, in the opinion of the municipal officers, asks an unreasonable price for it, or resides without the state and has no authorized

And any town or city may take real estate for the enlargement or extension of any location designated for the erection or removal of a schoolhouse and requisite buildings and playgrounds, as herein provided; but no real estate shall be so taken within fifty feet of a dwelling-house, and all schoolhouse lots and playgrounds that require fencing shall be fenced by the town or city. (a)

SEC. 4. If the owner is aggrieved at the location of the lot, or the damages awarded, he may apply to the county commissioners within six months, who may change the location and assess the damages. If the damages are increased, or the location changed, such town or district shall pay the damages and costs; otherwise the costs shall be paid by the applicant.

SEC. 5. If any town or school district, by its officers or by a committee, has designated, located and described a lot upon which to erect, move or repair a schoolhouse, and from mistake or omission has failed to comply with the law, whereby such location has been rendered invalid, three legal voters and taxpayers thereof may apply in writing to the selectmen of said town, and have the lot, so designated or described, re-appraised by them.

SEC. 6. The selectmen of any town to whom such application has been made, shall forthwith give not less than seven nor more than twenty days' notice, to the clerk of said town or district and to the owner of such real estate, or to the persons having the same in charge, of the time and place by them fixed for such hearing, and shall, after examination and hearing of all interested, appraise the lot as set out and affix a fair value thereon, exclusive of improvements made by said district or town, either by buildings or otherwise; and shall, as soon as practicable, notify the town or district clerk, and the persons interested in said estate who had been notified as hereinbefore provided, of the sum at which said lot has been appraised.

SEC. 7. The sum fixed as the value of said lot shall be assessed, collected and paid over as other school money.

SEC. 8. Any sum which has been tendered and is in the hands or under the control of the persons owning or having charge of such land, shall be allowed in payment of said appraisal.

SEC. 9. If the town or district, or persons owning or having charge of the land on which such location is made, are dissatisfied with such appraisal, either party may within ten days appeal to the county commissioners of the county in which the land lies, by filing a copy of the proceedings and a claim of appeal with said commissioners, and the determination of a majority of said commissioners not residents of said town, shall be final.

SEC. 10. When any school district or town has erected or moved a building upon such lot or in any way improved the same, such improve-

ment shall inure to the benefit of such town or district, and the same may be as completely occupied and controlled by such town or district as it would have been if such location had been in strict conformity to law.

SEC. 11. The legality of a tax assessed to build, repair or remove a schoolhouse and to pay for a lot, shall not be affected by any mistake or error in the designation or location thereof.

SEC. 12. A plan for the erection or reconstruction of any schoolhouse building voted by a town, shall *first* be approved by the superintending school committee; and in case no special building committee has been chosen by the town, said superintending school committee shall have charge of said erection or reconstruction; *provided, however*, that they may if they see fit, delegate said power and duty to the superintendent of schools.

SEC. 13. The state superintendent of public schools shall procure architects' plans and specifications for not to exceed four room school buildings, and full detail working plans therefor. Said plans and specifications shall be loaned to any superintending school committee or school building committee desiring to erect a new school building. For the use of the state superintendent of public schools in procuring such plans and specifications the sum of two hundred dollars annually shall be appropriated.

SEC. 14. Where the plans and specifications prepared by the state superintendent are not used, all superintending school committees of towns in which new schoolhouses are to be erected, shall make suitable provision for the heating, lighting and ventilating and hygienic conditions of such buildings, and all plans and specifications for any such proposed school building shall be submitted to and approved by the state superintendent of public schools and the state board of health before the same shall be accepted by the superintending school committee or school building committee of the town in which it is proposed to erect such building.

These egresses and means of escape shall be kept unobstructed, in good repair and ready for use. Stairways on the outside of the building shall have suitable railed landings at each story above the first, accessible at each story from doors or windows; and such stairways, doors or windows shall be kept clean of snow, ice and other obstructions. In school buildings of more than one story there shall be at least two separate means of egress by inside or outside stairways, and each story above the first shall be supplied with means of extinguishing fire, consisting of pails of water or other portable apparatus, or of a hose attached to a suitable water supply and such appliance shall be kept at all times ready for use and in good condition. Upon written notification by the superintending school committee that any school building does not meet the specifications herein named, the municipal officers of the town shall at once proceed to correct the defects, and any failure so to act shall render the town liable to the provisions of section nineteen of this chapter.

lature were last apportioned, under penalty of forfeiting not less than twice nor more than four times the amount of its deficiency, and all moneys provided by towns, or apportioned by the state for the support of common schools, shall be expended for the maintenance of common schools established and controlled by the towns by which said moneys are provided, or to which said moneys are apportioned; but nothing in this section shall be so construed as to annul, or render void, the provisions made in section twenty-one of this chapter for the establishment and maintenance of union schools by adjoining towns.

SEC. 17. All towns incorporated since seventeen hundred and eighty-eight, not formerly parts of other towns, which fail to account for the permanent school fund arising from sale or lease of school lands in said towns, shall annually raise and expend for the maintenance of common schools not less than forty-five dollars in addition to the amount required by law to be raised and expended for the support of said schools.

SEC. 18. No money appropriated by law for public schools shall be paid from the treasury of any town, except upon written order of its municipal officers; and no such order shall be drawn by said officers except upon presentation of a properly avouched bill of items, said bill of items having first been approved by a majority of members of the superintending school committee and certified by the superintendent of schools. The unexpended balance of all moneys raised by towns, or received from the state, for the payment of wages and board of teachers, fuel, janitors' services, conveyance or tuition and board of scholars, shall be credited to the school resources for the year following that in which said unexpended balance occurred. This clause, relating to unexpended balances shall not apply to cities.

SEC. 19. When the governor and council have reason to believe that a town has neglected to raise and expend the school money required by law, or to employ teachers certified as required by law, or to have instruction given in the subjects prescribed by law, or to provide suitable text-books in the subjects prescribed by law, or faithfully to expend the school money received from the state, or in any way, to comply with the law prescribing the duties of towns in relation to public schools, they shall direct the treasurer of state to withhold from the apportionment of state school funds made to that town such amount as they may deem expedient and the amount so withheld shall not be paid until such town shall satisfy said governor and council that it has expended the full amount of school money as required by law and that it has complied in all ways with the law prescribing the duties of towns in relation to public schools; and whenever such town shall fail, within the year for which the apportionment is made, so to satisfy the governor and council, the said amount withholden shall be forfeited and shall be added to the permanent school fund for the year next succeeding.

SEC. 20. The school moneys of every town shall be so expended as to give as nearly as practicable the same aggregate annual length of terms in all its schools, and every town shall make provision for the maintenance of all its schools for not less than twenty-six weeks annually. Any town failing to maintain its schools as provided in this section, shall be debarred from drawing its state school moneys, till it shall have made suitable provisions for so maintaining them thereafter.

SEC. 21. Adjoining towns, upon the written recommendation of the school committee of said towns, may by concurrent action maintain union schools for the benefit of parts of said towns constituting on the first day of March, eighteen hundred and ninety-four, union school districts, or may establish such schools, and shall contribute to their support each in proportion to the number of scholars in each of said towns attending such schools. Said schools shall be under the management of the school committee of the town in which their schoolhouses are located.

CHAP. 15.

SEC. 22. Towns shall expend the entire amount of the school fund and mill tax received from the state together with the amount arising from the eighty cents per capita as provided in section sixteen of this chapter, and the funds arising from the various sources enumerated in the first four lines of said section, and the funds arising from the provisions of section seventeen of this chapter for the payment of teachers' wages and board, fuel, janitor's services, conveyance of scholars and tuition and board of scholars as provided in section two and section sixty-five of this chapter and shall provide school books, apparatus and appliances for the use of pupils in the public schools, including all free high schools, at the expense of said town, and shall also pay for the necessary repairs of school buildings and the insurance on the same, if any, improvement and maintenance of school yards and play grounds out of a sum or sums of money raised and appropriated for that purpose, which shall be assessed like other money and shall be in addition to and independent of the amount *the* (which) towns are required by law to raise, assess and expend for the support of common schools; *provided, however,* that any parent or guardian of any pupil in the public schools may at his own expense procure for the separate and exclusive use of such pupil the text-books required to be used in such schools, and no second hand books shall be purchased for the use of any school; whoever violates this provision shall forfeit not exceeding five hundred dollars, to be recovered in an action of debt by any school officer or person aggrieved.

SEC. 23. School committees shall make such rules and regulations not repugnant to law, as they deem proper, for the distribution and preservation of school books and appliances furnished at the expense of the town.

SEC. 24. When a pupil in the public schools loses, destroys, or unnecessarily injures any such school book or appliance, furnished such pupil at the expense of said town, his parent or guardian shall be notified, and if the loss or damage is not made good to the satisfaction of such committee within a reasonable time, they shall report the case to the assessors, who shall include in the next town tax of the delinquent parent or guardian the value of the book or appliance so lost, destroyed or injured, to be assessed and collected as other town taxes.

SEC. 25. Any city or town may, in addition to the sum raised for the support of the common schools, raise and appropriate money for the support of evening schools, which shall admit persons of any age, shall teach only the elementary branches, and shall be under the direction and supervision of the superintending school committee.

SEC. 26. Any city or town may annually make provision for free instruction in industrial or mechanical drawing, to persons over fifteen years of age, either in day or evening schools, under direction of the superintending school committee.

Pupils in such schools shall be subject to the same conditions, rules and regulations as are provided for public schools.

SEC. 31. The assessors or municipal officers of each town, shall, on or before the first day of each May, make to the state superintendent of public schools, a certificate, *under oath*, embracing the following items:

Said committee may fill vacancies occurring between annual meetings, and the term of office of any member of the committee so chosen shall expire at the next annual meeting. No member of the superintending school committee of any town shall be employed as a teacher in any public school in said town.

SEC. 34. SEC. 38. Superintending school committees shall perform the following duties:

I. And when said committee have made such selection of school books, they may contract, under section twenty-two, with the publishers for the purchase and delivery thereof; make such rules as they deem effectual for their preservation and return; or, if they are kept for sale, may regulate the sale and appoint an agent to keep and sell them, and fix the retail price, which shall be marked on the title page of each book.

After due notice and investigation, they shall dismiss any teacher, although having the requisite certificate, who proves unfit to teach, or whose services they deem unprofitable to the school; and give to said teacher a certificate of dismissal and of the reasons therefor, a copy of which they shall retain, and such dismissal shall not deprive the teacher of compensation for previous services.

IV. Expel any obstinately disobedient and disorderly scholar, after a proper investigation of his behavior, if found necessary for the peace and usefulness of the school; and restore him on satisfactory evidence of his repentance and amendment.

V. Exclude, if they deem it expedient, any person not vaccinated, although otherwise entitled to admission.

VI. Prescribe the sum, on payment of which persons of the required age, resident on territory, the jurisdiction of which has been ceded to the United States, included in or surrounded by the town may attend school in the town.

VII. Determine what description of scholars shall attend each school, classify them, and transfer them from school to school where more than one school is kept at the same time.

SEC. 39. No pupil of any public, elementary or secondary school shall participate in or be a member of any secret fraternity or secret society whatsoever that is in any degree a school organization. Superintending school committees shall enforce the provisions of this section and may expel or otherwise discipline any pupil for failure or refusal to comply with its provisions.

SEC. 40. town at a regular town meeting or at a special town meeting called for that purpose.

SEC. 41. Every school physician shall make a prompt examination and diagnosis of all children referred to him as hereinafter provided, and such further examination of teachers, janitors and school buildings as in his opinion the protection of the health of the pupils may require.

SEC. 42. The pupils so examined by school physicians, when treatment is necessary, shall not be referred to the school physicians for such treatment *except* (unless) the school physician be the regular family physician of such pupil; but shall be referred to the regular family physician of such pupil through the parents or guardian.

SEC. 43. The superintending school committee shall cause to be referred to a school physician for examination and diagnosis every child returning to a school without a certificate from the board of health or family physician after absence on account of illness or from unknown cause; and every child in the schools under its jurisdiction who shows signs of being in ill health or of suffering from infectious or contagious diseases, unless he is at once excluded from school by the teacher; except that in case of schools in remote and isolated situations; the school committee may make such other arrangements as may best carry out the purposes of sections forty to forty-seven, both inclusive.

SEC. 44. The superintending school committee shall cause notice of disease or defects, if any, from which any child is found to be suffering, to be sent to his parents or guardian. Whenever a child shows symptoms of smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria or influenza, tonsilitis, whooping cough, mumps, scabies or trachoma, he shall be sent home immediately or as soon as safe and proper conveyance can be found, and the board of health and superintendent of schools shall at once be notified.

SEC. 45. The superintending school committee of every city or town shall cause every child in the public schools to be separately and carefully tested and examined at least once in every school year to ascertain whether he is suffering from defective sight, or hearing, or from any other disability or defect tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work in order to prevent injury to the child or to secure the best educational results. Tests of sight and hearing shall be made by the teachers or by the school physicians. The committee shall cause notice of any defect or disability requiring treatment to be sent to the parent or guardian of the child, and shall require a physical record of each child to be kept in such form as the state superintendent of public schools shall prescribe after consultation with the state board of health.

SEC. 46. The state superintendent of public schools shall prescribe, after consultation with the state board of health, the directions for tests of sight and hearing, and shall prescribe and furnish to the school committees suitable rules of instruction, test cards, blanks, record books and other useful appliances for carrying out the purposes of the six preceding sections.

SEC. 47. Expenses which a city or town may incur by virtue of the authority herein vested in the superintending school committee shall not exceed the amount appropriated for that purpose in cities by the city council and in towns by a town meeting. The appropriation shall precede any expenditure of any indebtedness which may be incurred under the seven preceding sections, and the sum appropriated shall be deemed sufficient appropriation in the municipality where it is made. Such appropriation need not specify to what section it shall apply and may be voted as a total appropriation to be applied in carrying out the purposes of said sections.

CHAP. 15.

SEC. 48. The provisions of the eight preceding sections shall apply only to cities and towns having a population of less than forty thousand inhabitants.

SEC. 49. The superintendent of schools in every town shall be ex-officio, secretary of the superintending school committee, and shall perform such duties not herein enumerated as said committee shall direct.

I. He shall keep a permanent record of all its votes, orders and proceedings; he shall place all orders for materials and supplies purchased by vote of the committee and shall be its agent in keeping all financial records and accounts. He shall issue vouchers showing the correctness of bills contracted on account of school appropriations, but such bills shall not be allowed for payment by the municipal officers of towns unless they shall have been approved by a majority of the members of the superintending school committee.

II. He shall employ teachers, subject to the approval of the superintending school committee. Five days constitute the school week, and four weeks a school month.

III. He shall examine the schools and inquire into the regulations and discipline thereof, and the proficiency of the scholars, for which purpose he shall visit each school at least twice each term. At the annual town meeting, he shall make a written report of the condition of the schools for the past year, the proficiency made by the pupils, and the success attending the modes of instruction and government thereof, and transmit a copy to the state superintendent of public schools.

IV. He shall return under oath to the school committee, in April annually, a certified list of the names and ages of all persons in his town from five to twenty-one years, corrected to the first day of said month, leaving out of said enumeration all persons coming from other places to attend any college or academy, or to labor in any factory, or at any manufacturing or other business.

SEC. 50. He shall annually make returns to the state superintendent of public schools, of the number of persons between the ages of five and twenty-one years, together with a certified list of the names and ages of such persons, corrected to the first day of April preceding the time of making such returns, and give full and complete answers to the inquiries contained in the blank forms furnished him by law; certify that such statement is true and correct, according to his best knowledge and belief; and transmit it to the office of the state superintendent on or before the first day of each May. He shall also furnish such other information relating to the public schools as the state superintendent shall at any time require of him. When the state superintendent of public schools on examination of the census returns of any town is of the opinion that the census has been inaccurately taken, he shall make a statement thereof to the governor and council who may require the census of such town to be retaken and returned and, if they think necessary, they may for this purpose appoint persons to perform this service; and such persons so appointed shall take the same oath, perform the same service and receive the same compensation out of the same funds as the person or persons who took the school census in the first instance; and the school fund distributable in proportion to enumeration of scholars shall be distributed on the corrected returns.

SEC. 51. He shall, on or before the first day of August, annually, make under oath a full and complete return of all educational statistics for the year ending the first day of July next preceding, and any town that shall fail, through its school officers, to make the return required by this section shall be liable to the provisions of section nineteen of this chapter.

SEC. 52. Superintendents of schools shall report to the municipal officers of the respective towns all schools within their jurisdiction not provided with flags, and said municipal officers shall furnish flags of the United States to all such schools, to be paid for by said municipalities. These flags shall be used in all schools for the education of the youth of our state, to teach them the cost, the objects and principles of our government, the great sacrifice of our forefathers, the important part taken by the Union army in the civil war, and to teach them to love, honor and respect the flag of our country that cost so much and is so dear to every true American citizen.

SEC. 53. When a teacher becomes aware or suspects that any of the pupils attending his school are in a condition which renders them a source of offense or danger to the other pupils in school on account of filthiness, or because they are the bearers of vermin or parasites, or have an infectious or contagious disease of the skin, mouth or eyes, he shall notify the superintendent of schools. When a superintendent of schools knows or learns that any of the pupils attending any school within his jurisdiction, are affected with any of the conditions, infections, or diseases herein mentioned, he shall notify the parents to cleanse the clothing and the bodies of the children and to furnish them with the required home or medical treatment, for the relief of their trouble, and he may, when he deems it necessary, exclude such children from the schools temporarily or until they may be cured, cleansed and disinfected.

SEC. 54. Parents thus notified of the condition of their children shall forthwith have them and their clothing cleansed and shall promptly do what is necessary, or furnish them such medical treatment as may be required, to rid the children of vermin, parasites, or contagion; any parent who fails to do what is required so that the children may return to school with as little loss of time as is possible, shall be punished by a fine not to exceed five dollars for the first offense, and not to exceed ten dollars for a second or subsequent offense.

SEC. 55. The (superintending) school committees of two or more towns, having under their care and custody an aggregate of not less than twenty, nor more than fifty schools, may unite in the employment of a superintendent of schools, *provided* they have been so authorized by a vote of their towns at the regular town meetings, or special town meetings called for that purpose. *Provided further* that such union shall not take effect until the state superintendent of public schools shall have approved the certificate of union as hereinafter provided; the committee of any town dissatisfied with the decision of the state superintendent may appeal to the governor and council who shall make the final decision relative thereto. *Provided further*, that, whenever it appears to the state superintendent of public schools; upon the representation of the school committees of certain towns that, owing to geographical situation or other reasons it is to the advantage of the state and of the said towns that a union shall include fewer than twenty or more than fifty schools, said state superintendent of public schools may approve the certificate of such union, and a union so formed shall, except for the number of schools, be governed by the conditions herein prescribed for unions of towns. A union of towns formed under the provisions of this section shall upon its first organization continue for a period of at least three years unless sooner dissolved by a two-thirds vote of the joint committee, but after the expiration of said three-year period any of the towns forming said union may at its annual meeting withdraw from said union and the remaining members may continue a union in accordance with the conditions herein prescribed as to the number of schools and upon

the approval of a new certificate of union by the state superintendent of public schools. The joint committee of any union of towns may admit to said union any town or towns which have voted to join the said union; but such admission shall be subject to the conditions herein prescribed as to the number of schools and upon the approval of a new certificate of union by the state superintendent of public schools.

SEC. 56. The superintending school committees of the towns comprising a union shall form a joint committee, and for the purposes of this section and the four following sections, said joint committee shall be held to be the agents of each town comprising the union. Said joint committee shall meet annually at a day and place agreed upon by the chairmen of the committees of the several towns comprising the union, and shall organize by the choice of a chairman and a secretary. They shall determine the relative amount of service to be performed by the superintendent in each town, including the minimum number of visits to be made each term to each school, fix his salary, apportion the amounts thereof to be paid by the several towns, which amounts shall be certified to the treasurers of said towns, respectively and to the state superintendent of public schools, together with the amount apportioned to each town; *provided*, that the amount so certified shall be in proportion to the amount of service performed in the several towns. They shall choose by ballot a superintendent of schools for a term not exceeding five years, but the period of such election shall not exceed that for which the union of towns has been authorized.

SEC. 57. I. The chairman and secretary of said joint committee shall, upon the election of a superintendent of schools as provided by the preceding section, certify under oath to the state superintendent of public schools, upon the forms prescribed by him, all facts relative to said union and employment of a superintendent. Annually upon the first day of April and whenever a new superintendent is chosen said chairman and secretary shall make return of a similar certificate. Upon approval of said certificate the superintendent so employed shall, on presentation of proper vouchers, receive monthly out of the sum appropriated for superintendence of towns comprising school unions and out of any moneys in the treasury not otherwise appropriated a sum equal to twice the aggregate sum paid by the towns comprising the union, *provided*, that the amount so paid for the benefit of a single union of towns shall not exceed eight hundred dollars in one year, and *provided further*, that the annual appropriation for payments hereunder shall be deducted from state school funds.

II. Whenever the chairman and secretary of school committees of towns and cities having under their care and custody an aggregate of more than fifty schools, shall certify under oath to the state superintendent of public schools, *the form of certificate to be determined by said state superintendent*, (upon the forms prescribed by him), that a superintendent of schools has been employed by them for one year, and the salary that he has received, *then* upon the approval of said certificate by the state superintendent of public schools and presentation to the governor and council, a warrant shall be drawn upon the treasurer of state for the payment to the treasurer of that town or city, of a sum equal to three-fifths the amount expended by said town or city for said superintendence; *provided*, that the amount so paid for the benefit of a single town or city shall not exceed eight hundred dollars in one year.

SEC. 58. I. The towns uniting for the purpose of employing a superintendent of schools shall appropriate for his salary their proportion of the sum paid said superintendent; and the amount to be paid by each town shall be determined by dividing the entire sum expended for superintendence among the towns comprising the union in the proportion of the service performed in each town.

II. The state superintendent of public schools shall annually hold a conference for the instruction of superintendents serving under the provisions of the three preceding sections; he may expend not exceeding five hundred dollars out of the appropriation for the superintendence of towns comprising school unions, to assist in defraying the mileage expenses of those superintendents who live remote from the place of such conference; but no superintendent shall be entitled to any part of such expenses unless he shall regularly attend all sessions of such conference.

SEC. 59. Persons employed to serve as superintendents of schools under section fifty-six and section fifty-seven shall hold state certificates of superintendence grade which shall be issued upon such examination as may be prescribed by the state superintendent of public schools; they shall devote their entire time to superintendence, in the towns comprising the union; *provided, however*, that they may, without violation of the provisions of this section, perform such educational service outside of the towns of their unions as may be performed with the approval of the state superintendent of public schools and with the consent of the committees employing them. The powers and duties of said superintendents shall be the same as those prescribed for town superintendents in this chapter.

SEC. 60. No town shall receive state aid under section fifty-seven unless its appropriation and expenditure for superintendence have been exclusive of the amount required by law for common school purposes. If any part of the money raised by the towns or union of towns, or paid to them by the state for superintendence, is expended for any other purposes than those provided for in said section, then each person so misappropriating said money shall forfeit double the sum so misapplied, to be recovered in an action of debt in the name and to the use of the town, by any inhabitant thereof; and no town or union of towns shall receive further aid under said section until the amount so misapplied has been raised and expended for superintendence by such town or union of towns.

COMPULSORY EDUCATION.

SEC. 61. Towns may make such by-laws, not repugnant to law, concerning habitual truants, and children between six and seventeen years of age not attending school, without any regular and lawful occupation, and growing up in ignorance, as are most conducive to their welfare and the good order of society; and may annex a suitable penalty, not exceeding twenty dollars, for any breach thereof; but such by-laws must be first approved by a judge of the supreme judicial court.

SEC. 62. Truant officers elected as provided in section sixty-six shall alone make complaints for violations of said by-laws, and shall execute the judgments of the magistrate.

SEC. 63. Said magistrate, in place of fine, may order children proved to be growing up in truancy, and without the benefit of the education provided for them by law, to be placed for such periods as he thinks expedient, in the institution of instruction, house of reformation, or other suitable situation provided for the purpose under section sixty-one.

SEC. 64. Every child between the seventh and fifteenth anniversaries of his birth and every child between the fifteenth and seventeenth anniversaries who cannot read at sight and write legibly simple sentences in the English language, shall attend some public day school during the time such school is in session, and an absence therefrom of one-half day or more shall be deemed a violation of this requirement; *provided*, that necessary absence may be excused by the superintending school committee or superintendent of schools or teachers acting by the direction of either; *provided, also*, that such attendance shall not be required if the

CHAP. 15.

child obtained equivalent instruction, for a like period of time, in an approved private school or in any other manner approved by the superintending school committee; *provided, further*, that children shall not be credited with attendance at a private school until a certificate showing their names, residence and attendance at such school signed by the person or persons having such school in charge, shall be filed with the school official of the town in which said children reside; and *provided, further*, that the superintending school committee may exclude from the public schools any child whose physical or mental condition makes it inexpedient for him to attend. All persons having children under their control shall cause them to attend school as provided in this section, and for every neglect of such duty shall be punished by a fine not exceeding twenty-five dollars or shall be imprisoned not exceeding thirty days.

SEC. 65. Children living remote from any public school in the town in which they reside may be allowed to attend the public schools, other than a high school approved as provided in section eighty-three, in an adjoining town, under such regulations and on such terms as the school committees of said towns agree upon and prescribe, and the school committee of the town in which such children reside shall pay the sum agreed upon, out of the appropriations of money raised in said town for school purposes. Except as above provided, a child attending a public school, other than a high school approved as provided in section eighty-three, in a town in which his parent or legal guardian does not reside, after having obtained the consent of the school committee of such town, shall pay, as tuition, a sum equal to the average expense of each scholar in such school.

SEC. 66. The superintending school committee of every city and town shall annually elect one or more persons, to be designated truant officers, who shall inquire into all cases of neglect of the duties prescribed in section sixty-four and ascertain the reasons therefor and shall promptly report the same to the superintending school committee, and such truant officers or any of them, shall, when so directed by the school committee or superintendent, in writing, prosecute in the name of the state any person neglecting to perform the duties prescribed in said section, by promptly entering a complaint before a magistrate; and said officer shall, when notified by any teacher that any pupil is irregular in attendance, arrest and take such pupil to school when found truant; and further such officers shall enforce the provisions of sections one hundred forty-seven to one hundred forty-nine, inclusive, of this chapter. Truant officers, when so directed in writing by the superintendent of schools or the superintending school committee of their respective towns may visit the manufacturing, mechanical, mercantile and other business establishments in their several cities and towns during the hours in which the public schools of such city or town are in session, and ascertain whether any minors under the age of fifteen years are employed therein, and shall report in writing any cases of such employment to the superintendent of schools or the superintending school committee of their city or town and if employed therein contrary to the provisions of chapter forty-eight, shall also report in writing such illegal employment to the commissioner of labor and industry. The owner, superintendent, overseer or agent of all manufacturing, mechanical, mercantile or other business establishments, upon request shall produce for the inspection of such truant officers all certified copies of records of birth and baptism, passports and age and schooling certificates required to be kept on file in such establishments under chapter forty-eight. Superintending school committees shall elect truant officers at their first meeting after the annual meeting of the town; they shall fill any vacancies occurring during the year and they may fix the compensation of said officers and said compensation shall be paid from the appropriation made for the salaries

SEC. 67. If a child without sufficient excuse, shall be habitually and wilfully absent from school or shall fail without such excuse to attend school for five day sessions or for ten half-day sessions within any period of six months, he shall be deemed an habitual truant; and the superintending school committee shall notify him and any person under whose control he may be that unless he conforms to section sixty-four, the provisions of the two following sections will be enforced against them; and if thereafter such child continues irregular in attendance, the truant officers or any of them shall, when so directed by the superintending school committee or superintendent, in writing, enforce said provisions by complaint.

town, precinct or union maintaining such school shall appropriate and expend for instruction therein at least five hundred dollars annually exclusive of all tuition received.

Class C. This class shall include such schools as maintain at least one approved course of study through four years of thirty weeks each; *provided*, the town, precinct or union maintaining such school shall appropriate and expend for instruction therein at least four hundred and fifty dollars annually exclusive of all tuition received.

SEC. 72. A town, precinct or union maintaining a high school, as defined in the preceding section, shall be reimbursed by the state for two thirds of the amount paid for instruction in such school; but in no case shall more than five hundred dollars be paid by the state to a town, precinct or union in any one year.

SEC. 73. A town, precinct or union maintaining a high school, as provided in class A of section seventy-one, shall not be obliged to pay tuition under sections eighty-three and eighty-four of this chapter. A town, precinct or union maintaining a high school, as provided in Class B of section seventy-one shall not be obliged to pay tuition for any pupil until he has completed the first two years of the course of the class B school, and for only two years of subsequent work. A town, precinct or union maintaining a high school, as provided in Class C of section seventy-one, shall be obliged to pay tuition for such portion of a four years course as may be determined by the state superintendent of public schools.

SEC. 74. All schools of secondary grade receiving state aid shall be inspected annually under the direction of the state superintendent of public schools, and for his purpose he shall be authorized to expend not to exceed two thousand dollars annually, which sum shall be paid from the state appropriation for the support of high schools; and he shall determine what schools are included in the classification of section seventy-one, what schools maintain the courses of study, what schools are entitled to state aid and what schools maintain approved courses for the reception of tuition scholars.

SEC. 75. State aid for free high schools under the provisions of the four preceding sections shall be payable annually in the month of December; and all other state aid for high schools, as provided by law prior to the second day of July, nineteen hundred and nine, then ceased.

SEC. 76. Any town may establish and maintain not exceeding two free high schools; and in such case shall receive the same state aid as if the expenditures of for both schools had been made for one. Two or more adjoining towns may unite in establishing and maintaining a free high school, and both shall receive the same state aid as if such school had been maintained by one town. Any town may, in addition to the sums raised for the support of high and common schools, raise and appropriate a sum for the payment of conveyance of pupils attending secondary schools, said sum to be expended under the direction of the superintending school committee. Towns shall receive in trust and faithfully expend gifts and bequests made to aid in the maintenance of free high schools, and shall receive aid in such cases to the same extent and on the same conditions as if such schools had been established and maintained by taxation; and any town shall receive such state aid on any expenditure for a free high school or schools, made from the funds or proceeds of the real estate of an academy or incorporated institution of learning, surrendered or transferred to such town for educational purposes; but if any part of the money so paid by the state, is expended for any other purpose than the support of such free high schools, as provided by this section, then each person so misapplying said money forfeits double the sum so misapplied, to be recovered in an action of debt, in the name and to the use of the town, by any inhabitant thereof; and

no town shall receive further support from the state for any free high school, until the amount so received, but misapplied, has been raised and expended for such free high schools by such town.

SEC. 77. The inhabitants of any section of a town which fails or neglects to provide for the maintenance of free high schools, may organize a free high school precinct in the manner hereinafter provided, and may establish and maintain a free high school therein, and receive state aid the same as the town might have done; *provided*, that no more than two such free high schools shall be established in any town, and that the amount of aid extended to the precincts in any town shall not exceed the sum that the town might have received. On petition of any five voters resident in said section, reciting the limits of the precinct proposed, the municipal officers of the town shall call a meeting of the voters within said limits by causing notices, specifying the time, place and purposes of said meeting, to be posted in two or more conspicuous places within said limits seven days before the time appointed. Said meeting shall choose a moderator and a clerk who shall be sworn, and shall, by a majority vote of those present and voting, determine whether said precinct shall be organized. It shall choose an agent who shall be duly sworn. Such precinct may continue its organization from year to year by the holding of meetings called in the manner aforesaid, so long as the town shall neglect or refuse to support free high schools. Sections of adjoining towns may organize as herein provided, and unite in the support of such schools. But no more than two such precincts shall exist at the same time in any town.

SEC. 78. Any town, precinct or union of towns or precincts, voting to establish a free high school as herein provided, may locate the same permanently, or vote that the terms thereof be held alternately in such places within the town or towns, precinct or precincts, as may be selected, and as may accept said school. The town or precinct, in which said school is thus held, shall supply appropriate equipments, and furnish and warm a suitable building for the same; *provided* that any school-house within such town or precinct may be used for such free high school, when not required for ordinary school purposes.

SEC. 79. The course of study in the free high schools, shall embrace the ordinary English academic studies which are taught in secondary schools, especially the natural sciences in their application to mechanics, manufactures and agriculture; but the ancient or modern languages and music shall not be taught therein except by direction of the superintending school committees having supervision thereof. Such schools, when established by any town or union of towns, shall be free to all the youth in such town or towns who have such scholastic attainments as will fit them to attend such schools with profit, and the superintendent, or superintending school committee, having supervision thereof shall make such examination of candidates for admission to said schools as they consider necessary.

When such school is established by any precinct or union of precincts, it shall be free in the same manner to the scholars within such precincts, and open also to scholars passing the required examination from without such precincts, but within the towns in which said precincts are situated, on payment to the agent of the precinct in which such school is located, of such tuition, to be fixed by the superintending school committee or committees having supervision of the same, as is equivalent to the cost a scholar of maintaining such school, after deducting the aid extended by the state. Whenever in the judgment of the superintending school committees having the supervision of any free high school or schools, the number of pupils in the same may be increased without detriment, scholars from without the towns directly interested in such school or schools, may be admitted to the same on passing the required examina-

tion and paying such tuition as may be fixed by such committee, to the treasurer of the town in which the school is kept, when the school is maintained by a town or union of towns, or to the agent of the precinct in which the school is kept, when such school is maintained by a precinct or union of precincts.

SEC. 80. Free high schools, established and maintained under the foregoing provisions, are subject to the laws relating to common schools, so far as applicable, except as otherwise provided. When established and maintained by a town, they shall be under the supervision and entire management of the superintending school committee of such town. When established and maintained by a union of towns, such school shall be under the supervision and entire management of the school committees of such towns, who constitute a joint board for that purpose. When established and maintained by any precinct, such school shall be under the supervision of the superintending committee of such town, or of the state superintendent, when the precinct so elects, and under the financial management of the agent of the precinct, who, in connection with said committee or superintendent, shall employ teachers for the same. When established and maintained by precincts composed of sections of adjoining towns, such school shall be under the supervision of the superintending school committees of such towns, who constitute a joint board for that purpose, and under the financial management of the agents of both precincts, who, in connection with said committees, shall employ the teachers.

SEC. 81. Towns and precincts may raise money for establishing and maintaining free high schools, and erecting buildings and providing equipments for the same, in the same manner as for supporting common schools and erecting schoolhouses.

SEC. 82. Any town which does not maintain a free high school of standard grade may, from year to year, authorize its superintending school committee to contract with and pay the superintending school committee of any adjoining town or the trustees of any academy located within such town or in an adjoining town, for the tuition of scholars within said town in the studies contemplated by the *seven* (eleven) preceding sections. When such contract has been made with the trustees of an academy a joint committee for the selection of teachers and the arrangement of the course of study in such academy shall include the superintending school committees of the contracting towns with an equal number of members of the board of trustees of such academy when such academy has less than ten thousand dollars endowment. The expenditure of any town for tuition as provided in this section shall be subject to the same conditions and shall entitle such town to the same state aid as if it had made such expenditure for a free high school.

SEC. 83. Any youth who resides with a parent or guardian in any town which does not support and maintain a standard secondary school, may attend any approved secondary school to which he may gain entrance by permission of those having charge thereof, *provided* the said youth shall attend a school or schools whose courses are approved by the state superintendent of public schools, and in such case the tuition of said youth, not to exceed thirty dollars annually for any one youth, shall be paid by the town in which he resides as aforesaid, and said tuition so paid, shall be made a part of the high school fund of the town receiving the same; and towns shall raise annually, as other school moneys are raised, a sum sufficient to pay such tuition charges; *provided, however*, that no youth shall be entitled to free tuition under the provisions of this section unless he shall have satisfactorily passed an examination in common school branches, said examination having been given under the direction of the superintendent of schools of the town wherein such youth resides, on papers procured from the state su-

perintendent of public schools, or unless such youth shall have satisfactorily completed a standard common school course of study which has been approved by the state superintendent of public schools; except that any youth who has satisfactorily completed the course of a B or C class high school, as provided by section seventy-one, shall be entitled to his free tuition as hereinbefore provided for the completion of the four years of a standard secondary course without the examination herein prescribed; *provided, further*, that such free tuition privilege shall continue only so long as said youth shall maintain a satisfactory standard of deportment and scholarship. Superintendents of schools shall issue certificates of free tuition privilege to persons who may be entitled to free tuition under the provisions of this section.

SEC. 84. When any town shall have been required to pay and has paid tuition as aforesaid, the superintending school committee of such town shall make a return under oath to the state superintendent of public schools before the first day of September for the preceding school year, stating the name of each youth, for whom tuition has been paid, the amount paid for each, and the name and location of the school which each has attended, and thereupon shall be paid, annually in the month of December, from the state treasury out of the appropriation for the support of free high schools, to each town paying tuition and making return as aforesaid, a sum equal to two-thirds of the amount thus paid by such town, not exceeding five hundred dollars.

SEC. 85. Superintendents shall, annually, before the first day of July, make returns under oath to the state superintendent of public schools on blanks prepared and sent out by him, of the amount appropriated and the amount expended by each town or precinct for instruction in such free high schools during the current year; also of the amount appropriated and the amount expended for common school purposes by each town maintaining the same; the number of weeks during which such schools have been taught; the wages paid each teacher; the number of pupils registered; the average attendance; the number of pupils in each branch of study pursued, and the amount received for tuition. If the state superintendent is satisfied that the provisions of sections seventy to eighty-two have been complied with, he shall certify to the governor and council the sum which each town or precinct is entitled to receive from the state. Any town or precinct, dissatisfied with his decision, may appeal to the governor and council, and the governor and council shall issue a certificate to the treasurer of the town or agent of the precinct, for such amount as they adjudge such town or precinct entitled to receive from the state treasury. Any person connected with the management of such free high schools, either as teacher, agent or superintendent, who in any way aids or abets in defrauding the state into the payment in support of said schools of more than is contemplated by this chapter, shall forfeit not less than five hundred dollars, or be imprisoned in the county jail not less than one year.

SEC. 86. When a free high school precinct votes to raise money for establishing and maintaining a free high school, its clerk shall forthwith, or within the time prescribed by the precinct, certify the amount thereof to the assessors of the town, and the time when it must be raised; and within sixty days after receiving such certificate they shall assess it as they do town taxes, on the polls and estates of the residents and owners in the precinct at the time of raising said money, whether wholly in their town or not, and on the non-resident real estate in the precinct. They shall then make their warrant in due form of law, directed to any collector of their town if any, if not to a constable, requiring him to levy and collect such tax and pay it to the town treasurer within the time limited in the warrant; and they shall give a certificate of the assess-

ment to such treasurer, and may abate such taxes as in the case of town taxes.

SEC. 87. The assessors may include in their assessment such sum over and above the sum committed to them to assess, not exceeding five per cent thereof, as a fractional division renders necessary, and certify that fact to the town treasurer.

SEC. 88. The town treasurer shall pay the expense of assessing and collecting any free high school precinct tax out of the money of the precinct, upon the order of the selectmen.

SEC. 89. Section thirty-one of chapter ten, and all other sections relating to the same subject apply to taxes assessed by or for free high school precincts, so far as applicable; but the precinct and not the town is liable.

SEC. 90. The collector or constable, and the town treasurer, or treasurer and collector, if one person is both, each have the same powers and are subject to the same duties and obligations in relation to free high school precinct taxes, as to town taxes; and they and the assessors shall be allowed by the precinct for their services, a compensation proportionate to what they receive from the town for similar services.

SEC. 91. The money so raised and paid shall be at the disposal of the precinct agent, to be by him expended as provided in section eighty.

SEC. 92. The trustees of any academy or other corporation formed for educational purposes may by a majority vote of such of said trustees as reside in the state, surrender the whole, or any part of the property belonging thereto, to the municipal officers of any town, or the trustees of any school fund in any town in which said academy or corporation is situated, for turning the same into a free high school as hereinafter provided, and said municipal officers or trustees, for the time being, shall be a board of trustees to take and hold said property for maintaining a free high school; and upon receiving said property, they shall use proper diligence to make the same produce income for the support of said free high school.

SEC. 93. When such vote is so passed, the treasurer of said trustees shall convey, assign and deliver to the municipal officers of said town, or the trustees of such fund, all property belonging to said academy or corporation for the purposes indicated by the preceding section.

SEC. 94. The municipality accepting the property in trust, as named in section ninety-two, shall apply the income thereof towards the support of a free high school to be kept within said municipality, within the requirements of the laws relating to the establishment and maintenance of free high schools, and provide suitable accommodations for the same, and the superintending school committee in said municipality shall determine the qualifications necessary to entitle any applicant to enter or attend said free high school, and no one shall attend it without certificate of said officers to that effect.

SEC. 95. All scholars residing within the municipality aforesaid, having such certificate, may attend said school without tuition fee, and all scholars not residents of said municipality, may attend said school upon such terms and conditions as said superintending school committee may impose.

SEC. 96. Whenever it shall be made to appear to the governor and council, from returns made as herein provided, that any incorporated academy in the state is prepared to give instruction equivalent to that required by law to be given in free high schools, that the pupils attending the said academy, are qualified to receive such instruction, and that the teachers in the said academy have the qualifications fitting them to give instruction in secondary school studies, such academy shall be entitled to receive annually from the state a sum not exceeding five hundred dollars in case it maintains an English secondary school course of study as pre-

SEC. 2. Such persons so assembled may choose a clerk and other needful parish officers, and shall thereupon be a corporation, bear the name which they assume, and have all the powers of parishes and religious societies.

The name of any incorporated church may be changed by vote in a legal meeting, and notice thereof shall be given to the secretary of state with the same effect as prescribed by statute for changing the names of corporations.

SEC. 30. Such church by its by-laws may prescribe the duties of the several officers and the manner of executing the same. When no provision is made by any vote or by-law of the church for calling meetings, they shall be called by the business committee by posting notices of the time, place and purposes of said meeting, in the same manner and for the same time as is prescribed in section twenty-six. And meetings shall also, in the same manner, be called by said committee, upon the written request of at least six members of the church qualified to vote.

SEC. 31. Such church may by its by-laws extend to all persons not members of the church, who are twenty-one years of age and upward and who regularly contribute toward the expenses of the church, the right to attend and participate in the annual and special meetings of the church, when action is to be taken relative to the use and appropriation of funds toward which they have contributed or toward which they have pledged contributions, and meetings called for the purpose of obtaining or dismissing a pastor.

SEC. 33. Any parish or religious society, connected with the church which becomes incorporated under the provisions hereof, may at a meeting duly warned and called for such purpose by a two-thirds vote, authorize one or more persons in its name and behalf to convey to such church any real or personal estate which it may hold for the use of such church, and such church shall thereafter hold such property to the same uses and trusts as when held by such parish or society.

PROTECTION OF PROPERTY DEDICATED TO PIOUS USES.

SEC. 34. Where any property in the state, dedicated and ordained for pious uses, has no proper or legal custodian, so that it is becoming wasted and the utility thereof is lost, upon the application of any person, patriotic or religious society interested in having such property preserved and applied to the uses for which it was originally intended, or for some public or patriotic purpose, the attorney general shall file a bill in equity, in the nature of an information, against such property and all persons interested therein, praying for the appointment of trustees to care for such property and for the proper application and disposal thereof, and the court may order such notice as seems proper, and may appoint receivers or trustees therefor, and upon final decree, may order the care, custody, sale, application or disposal of such property as will best serve the purposes for which it was originally intended, or some public or patriotic purpose. The court may convey or transfer such property to any religious or patriotic body, to be held and applied for the purposes of such trust as the court may declare; and it shall have power to treat, care for and dispose of the same in furtherance of such pious, public or patriotic uses as may seem best suited to the case and situation.

If the owners or occupants of any of the pews in such meeting-house are unknown to the assessors they shall give notice, additional to that provided herein, by publishing the call for such meeting in some newspaper published in the county where such meeting-house is located at least seven days before the time appointed for said meeting.

SEC. 41. When it is decided to repair, remodel or rebuild a meeting-house, any owner or proprietor dissenting from the action of the majority and declining to take an interest in the house as altered, may demand and receive of such majority the appraised value of his interest after deducting his proportion of debts against the property, to be recovered in an action for money had and received; which shall not be commenced until thirty days after such demand, nor after the lapse of a year after notice is posted for three successive weeks on the meeting-house door and some other conspicuous place in its precinct, stating the persons to whom the money is to be paid, the amount payable to each, and the time limited for payment. If said sums are not demanded within said time, they are forfeited to the majority for parish uses. But this section does not apply to any case where the repairs decided upon are only such as are necessary to keep such meeting-house in a tenable condition.

SEC. 42. The owners of a meeting-house or building for public worship, and the pew owners, may be incorporated, when any three or more of them apply therefor to a justice of the peace, who shall issue his warrant to one of them, stating the time, place and purpose of the meeting, and directing him to notify said owners by posting a certified copy of it for fourteen days on the principal outer door of such building and in one or more other public places in the same town.

SEC. 43. When so assembled, they may choose a moderator and clerk, who shall perform the usual duties of such officers; and thereupon said owners shall be a corporation, and be known by such name as they adopt, and they may agree on the mode of calling future meetings.

SEC. 44. Such corporation, by a major vote of its members, may use and control the meeting-house or building for public worship partly or wholly owned by them, as they please; but nothing in this and the two preceding sections shall affect the rights of owners of houses of worship, built by different religious denominations.

SEC. 45. When there has been no meeting of the incorporated pew owners, or proprietors or owners of a meeting-house, or building for public worship, for three years, a meeting may be called on application of three or more members thereof to a justice of the peace, who shall issue his warrant to one of them, stating the time, place and purposes of the meeting, directing him to notify such meeting by posting a certified copy of said warrant, three weeks before the time of meeting, on the principal outer door of such building, and in one or more public places in the same town, and publishing it in a newspaper published in the county, if any, otherwise in an adjoining county or in the state paper.

SEC. 46. When a house of public worship is owned by persons of different denominations, and when an organized society, or its members, own five pews therein, one or more of the minority owning not less than five pews may apply to a justice of the peace to obtain a division of the time of occupying the house; and he shall call a meeting of the owners by posting a notice in a public place in or about the house, thirty days at least before the meeting, stating the time, place and object thereof.

SEC. 47. At such meeting, the owners, who are not applicants, or if they refuse or neglect, the justice who called the meeting, may designate another justice, and the two may appoint a third disinterested person, not an inhabitant of the town in which the house is located, or belonging to the denomination of either party interested; and the three shall be a board, before which the owners may exhibit the amount that they own in the house; the minority, owning at least five pews, shall have their part allotted to them, as nearly as may be, in proportion to the amount that they own in the house; and the board shall designate which weeks in each year, the minority, if they please, may occupy the house; if they do not, the majority may occupy it.

CHAP. 16.

SEC. 48. The board shall appraise the value of the minority's proportion of the house, make a record of their proceedings, and within ten days cause it to be transcribed into the records of such town.

SEC. 49. All their reasonable expenses shall be paid by the persons who requested the division; but the above provisions shall not affect any agreement now in force as to the mode of occupying such house.

SEC. 50. The minority may occupy the house for their allotted time, unless the majority purchase their interest, by paying the minority the sum at which it was appraised by the board; but if the minority decline so to sell, they shall not avail themselves of the four preceding sections.

SEC. 52. The municipal officers, town clerk and treasurer of each town where no other trustees are lawfully appointed for that purpose, shall be a corporation and trustees of such ministerial and school funds, with the usual powers granted to similar corporations.

SEC. 53. They shall annually elect a president, clerk and treasurer; the treasurer shall give bond with securities sufficient in the opinion of the trustees, for the faithful discharge of his duty; and the clerk shall be sworn.

SEC. 54. They may sell and convey all such ministerial and school lands belonging to and lying in their town; and the treasurer's deed thereof, executed by order of the trustees, shall pass the estate.

SEC. 55. As soon as may be, they shall place the proceeds of sale at interest secured by mortgage of real estate of twice the value of the principal, or by bond or note with sufficient sureties, or invest them in bank stock or public securities.

SEC. 56. They may, by gift, grant or otherwise, take and hold for the use of the ministry in their towns, real and personal estate, the annual income of which does not exceed one thousand dollars; and for the use of schools may take and hold estate, the annual income of which does not exceed the sum which their town is bound to raise for the same use.

SEC. 57. The income of the fund, arising from the sale of lands under section fifty-four, and from the rents and profits of real and personal estate held under section fifty-six, shall be annually applied to the support of public schools in the town, and expended like other school moneys.

SEC. 58. The trustees of any ministerial or school fund in this state, incorporated by the legislature of Massachusetts, may by the consent of the town for whose use the fund was established, transfer it to the municipal officers, clerk and treasurer thereof, who are hereby made trustees of the same; and the income shall be annually applied and expended as provided in the preceding section.

SEC. 59. At each annual meeting of their town, the trustees shall exhibit an account of their proceedings, and a statement of the funds, receipts and expenditures, and of the application thereof to said uses.

SEC. 60. When such lands are vested in a parish, the assessors, clerk and treasurer, where no other trustees are appointed for that purpose, shall be a corporation and trustees of such ministerial fund with like powers and under like liabilities, as the municipal officers, town clerk

Any vacancy in said board shall be filled by the appointment of a person, qualified as aforesaid, to hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause, by the governor, with the advice and consent of the council.

SEC. 10. The members of said board shall meet on the second Tuesday of July of each alternate year after the year eighteen hundred and ninety-five, at such time and place as they may determine, and shall elect a chairman and secretary who shall hold their respective offices for the term of two years. The secretary shall give to the treasurer of state a bond in the penal sum of one thousand dollars, with sufficient sureties to be approved by the governor and council, for the faithful discharge of the duties of his office. The said board shall hold regular meetings, one in March, one in July and one in November of each year, and such additional meetings at such times and places as it may determine. Said board shall cause a seal to be engraved and shall keep correct records of all its proceedings, and may make such minor rules and regulations as it shall deem necessary for the successful enforcement of its authority and the performance of its duties.

SEC. 11. Any person shall, upon the payment of a fee of fifteen dollars, be entitled to examination, and if found qualified by a majority of the members of the board present shall be registered as a physician or surgeon, and shall receive a certificate thereof under the seal of the board, and signed by the chairman and secretary, which shall state the facts and must be publicly displayed at the person's principal place of business as long as said person continues such practice for gain or hire. All fees received by the board hereunder shall be paid by the secretary thereof into the treasury of the state once in each month.

SEC. 12. The board shall examine all applicants for registration as licensed physicians or surgeons. Each applicant shall, at least seven days before the date of his examination, present to the secretary of the board an application under oath or affirmation, containing satisfactory proof that said applicant is twenty-one years of age, of good moral character and a graduate of some reputable medical school or college in good standing, having power to confer degrees in medicine, and maintaining a standard of preliminary education and of medical instruction approved by the board, which said standard shall at least require that the applicant for admission to said medical school or college shall present to said school or college, before beginning the study of medicine therein, the diploma of a high school or equivalent school having a course of study requiring an attendance through four school years, or a certificate of having passed a satisfactory examination before the state superintendent of schools, or like state officer, in the studies embraced in the curriculum of such high school or other equivalent school. Said board shall annually on or before the first day of January in each year, make a report to the governor containing a full and complete account of all its official acts during the preceding year, also a statement of its receipts and disbursements and such comments or suggestions as it may deem essential.

SEC. 14. The board, its members or agents shall investigate all complaints, and all cases of non-compliance with or violation of the provisions of this chapter relating to the registration of physicians and surgeons, and shall bring all such cases to the notice of the proper prosecuting officers. Said board, after a conviction before a proper court, for crime in the course of professional business, of any person to whom a certificate has been issued by them, and after hearing, may by vote of two-thirds of the entire board revoke the certificate and cancel the registration of the person to whom the same was issued. Said board may also suspend or revoke any certificate by a two-thirds vote of the entire board, in any case where such certificate has been wrongfully obtained or for any fraud connected with the said registration.

The compensation of members of the board shall be one hundred dollars per annum for each member of the board, except the secretary who shall receive three hundred dollars per annum, and in addition each member shall receive five cents a mile each way for necessary traveling expenses in attending the meetings of the board, but in no case shall any more be paid for traveling expenses than has actually been expended. The secretary shall be allowed extra compensation for books, stationery, postage and other necessary expenses actually incurred, and extra compensation, for each day actually spent in the investigation or prosecution, of complaints and cases under section fourteen of this chapter, shall be allowed to each member of the board actually engaged therein. Such compensation and the incidental and traveling expenses shall be approved by the board, audited by the governor and council, (state auditor,) and paid from the state treasury, *provided*, that the amounts so paid shall not exceed the amount received by the treasurer of state from the board in fees as herein specified, and so much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of the board as aforesaid.

REGISTRATION OF DENTISTS.

SEC. 18. Only those persons who were in the lawful practice of dentistry on the thirteenth day of March, nineteen hundred and thirteen, and those who may thereafter receive certificates as hereinafter provided, shall be deemed lawful practitioners of dentistry in the state.

SEC. 19. The governor with the advice and consent of the council, shall appoint a board of dental examiners, consisting of five members of the dental profession, who shall be graduates of a reputable dental college, and who shall have been in the *actual* (active) practice of dentistry in this state for at least five years immediately preceding the appointment. One member shall be appointed annually, as the terms of the present members expire, to hold office for five years from the first day of January. After five years from the thirteenth day of March, nineteen hundred and thirteen, no person shall be eligible to appointment on said board who shall have served ten years or more on a dental examining board in this state. Any vacancy in said board shall be filled by the appointment of a person qualified as aforesaid, to hold office during the unexpired term of the member whose place he fills. The governor, with the advice and consent of the council, may remove any member of said board on proven charges of inefficiency, incompetence, immorality or unprofessional conduct.

the performance of their duties, and shall conduct theoretical and practical examinations upon such subjects pertaining to dentistry as are hereinafter prescribed. They shall annually make a report of their proceedings to the governor, and shall furnish to the secretary of state a list of persons to whom certificates have been granted during the year. A record of proceedings kept by the secretary of the board, shall be open for public inspection at reasonable times.

SEC. 21. All persons applying for examination and a certificate to practice dentistry in this state, shall be twenty-one years of age, of good moral character, and shall have received a preliminary education equivalent to that required for graduation from high schools in this state, and shall be graduates of a dental college or dental department of a medical college or university, duly authorized to grant degrees in dentistry.

SEC. 22. Not less than ten days prior to the date upon which an examination is held, each applicant for certificate to practice dentistry shall file an application for examination and pay to the secretary of this board a fee of twenty dollars and present himself for examination at the first regular meeting of the board after such application is filed. Such fee shall not be refunded unless from sickness or other good cause appearing to the satisfaction of the board, such applicant was prevented from attending and completing such examination. The examination shall be practical and theoretical. The theoretical examination may be written or oral, or both, at the option of said board, and shall include the subjects of anatomy, physiology, chemistry, histology, bacteriology, pathology, materia medica, therapeutics, anaesthetics, anaesthesia, operative dentistry, crown and bridge work, prosthetic dentistry, orthodontia and oral hygiene. The board shall also require as part of the examination a demonstration of the candidates' skill in operative dentistry and mechanical dentistry. An applicant who fails to pass the first examination to the satisfaction of the board shall be entitled to one re-examination without charge, and the fee for any subsequent examination shall be ten dollars.

SEC. 23. Said board shall issue under its seal, to all persons who shall successfully pass said examination, its certificate to practice dentistry in this state, signed by its president and secretary. Whoever engages in the practice of dentistry in this state shall keep his certificate in a conspicuous place in the operating room or rooms in which he practices.

SEC. 24. The board may at its discretion without the examination as hereinbefore provided, issue its certificate to any applicant therefor who shall furnish proof, satisfactory to the board, that he has been duly licensed to practice dentistry in another state after full compliance with the requirements of its dental laws; *provided, however*, that his professional education shall not be less than is required in this state, and *provided* that such applicant shall have been at least five years in *actual* (active) practice in the state in which said license was granted. Every certificate so given shall state upon its face the grounds upon which it is granted, and the applicant may be required to furnish his proof upon affidavit. The fee for such a certificate shall be twenty dollars.

SEC. 25. An applicant for a duplicate certificate granted upon proof of loss of the original shall pay a fee of five dollars.

SEC. 26. A dentist or dental surgeon shall have the same rights to prescribe drugs or medicines, perform such surgical operations, administer general and local anaesthetics and use such appliances as may be necessary to the proper treatment of the special class of diseases mentioned in sections eighteen to thirty-five, both inclusive, as is enjoyed by registered physicians in this state.

SEC. 27. *The members of the board of dental examiners shall each receive five dollars for each day of service and their necessary expenses actually incurred. The compensation and expenses of the board shall be*

paid out of the state treasury. All fees received for examinations shall be paid by the secretary of the board to the treasurer of state.

SEC. 28. Said board may revoke a certificate obtained by fraud or misrepresentation, or if the person named therein uses intoxicants or drugs to such an extent as to render him unfit to practice dentistry, or is guilty of immoral or unprofessional conduct, or convicted of felony.

SEC. 29. No action to revoke a certificate shall be taken until the accused shall be furnished a statement in writing of the charges against him and notice of the time and place of a hearing thereon. The statement of charges and notice shall be served personally upon the accused or mailed to his last known address at least twenty days prior to the hearing. The accused may be present at the hearing in person and may be represented by counsel. If upon such hearing the board finds the charges are true, it may revoke the certificate of the accused. Such revocation shall deprive the person named in the certificate of all rights and privileges acquired thereby, and said board shall not re-empower anyone, whose certificate has been revoked for any of the above causes, to practice dentistry within one year after such revocation, and then only upon sufficient assurances and guarantees to said board, of correct future conduct. A second revocation of any certificate shall be perpetual.

SEC. 30. A person whose certificate has been revoked may file with the secretary, within thirty days after the decision of the board, a written notice of appeal therefrom. Upon receiving such notice the secretary shall transmit the record of the proceedings to the governor and attorney general; and they shall review the proceedings as disclosed by the record, and their decision affirming or over-ruling the action of the board shall be final.

SEC. 31. A person shall be regarded as practicing dentistry who is manager, proprietor, operator, or conductor of a place for performing dental operations, or who for a fee, salary or other reward paid or to be paid either to himself or to another person, performs dental operations of any kind, treats diseases or lesions of human teeth or jaws, attempts to correct malpositions thereof, or who uses the words dentist, dental surgeon, the letters D. D. S. or D. M. D., or any other letter or title in connection with his name, which in any way represents him as being engaged in the practice of dentistry; *provided*, that nothing in sections eighteen to thirty-five, both inclusive, shall apply to a legally qualified physician or surgeon, unless he is practicing dentistry as a specialty, or to a legal practitioner of dentistry of another state making a clinical demonstration before a dental society, convention or association of dentists.

SEC. 32. Whoever practices dentistry without obtaining the certificate required by law, or whoever, being manager, proprietor, operator or conductor of a place for performing dental operations, employs a person who is not a lawful practitioner of dentistry in this state, to do dental operations as defined in section *twenty-six* (thirty-one) of this chapter, or permits such persons to practice dentistry under a false name, or assumes a title or appends or prefixes to his name the letters which falsely represent him as having a degree from a dental college, or who impersonates another at an examination held by the board of dental examiners, or who knowingly makes a false application or false representation in connection with such examination, shall be punished by fine of not less than one hundred, nor more than three hundred dollars, or by imprisonment for not less than thirty days, or by both fine and imprisonment. A subsequent conviction shall be punished by the maximum penalties prescribed in this section, and the offender be required to furnish a bond conditioned to refrain from further unlawful practice.

SEC. 34. Whoever sells or offers to sell a diploma conferring a dental degree or a certificate granted pursuant to the laws of this state, or who procures such certificate or diploma with intent that it shall be used as evidence of the right to practice dentistry by a person other than the one upon whom the diploma or certificate was conferred, or who with fraudulent intent alters such diploma or certificate, or uses or attempts to use the same when altered, or whoever attempts to bribe a member of the board of dental examiners by the offer or use of money or other pecuniary reward or by other undue influence, shall be punished by fine of not less than one hundred, nor more than two hundred dollars, or by imprisonment for not less than thirty days nor more than sixty days, or by both fine and imprisonment. SEC. 36. The governor with the advice and consent of the council, shall appoint a board to be known as the Maine State Board of Registration and Examination in Optometry, (a) consisting of five persons, three of whom shall have been resident opticians, engaged in the *actual* (active) practice of optometry in this state for a period of five years prior to their appointment; one, an oculist who in like manner has been engaged in the practice of his profession for five years prior to his appointment; and one, a physician in *actual* (active) practice; not more than three members of the board shall belong to the same political party. They shall be appointed for terms of three years each, as the terms of the present members expire, and each shall hold office until his successor is appointed (and qualified.) Any vacancy in said board shall be filled by the appointment of a person, qualified as aforesaid, to hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause, by the governor, with the advice and consent of the council. The board shall have a common seal.

SEC. 37. The board shall annually elect from its members a president, a secretary and a treasurer, who shall severally have authority, during their term of office, to administer such oaths and take such affidavits as are required by the provisions of the thirteen following sections, certifying thereto under their hand and the seal of the board. The board shall meet at least once in each year at Augusta; and, in addition thereto, whenever and wherever the president and secretary thereof shall call a meeting; a majority of said board shall constitute a quorum. The treasurer and secretary shall each give bond in the sum of not less than two thousand dollars, with sureties to be approved by the governor (and

council), *which bond shall be filed with the state auditor.* The secretary shall keep a full record of the proceedings of said board, which shall be open to public inspection at all reasonable times. The board shall from time to time establish and record, in a record kept for that purpose, a schedule of the minimum requirements which must be complied with by applicants for examination before they can be examined or receive a certificate. In like manner the board shall establish and put on record a schedule of the minimum requirements and rules for the recognition of schools of optometry, so as to keep the requirements of proficiency up to the *average* standard of other states. But no rule or requirement shall be made that is unreasonable, or that contravenes any provision of the thirteen following sections.

SEC. 38. Every person before beginning the practice of optometry in this state shall pass an examination before the state board of registration and examination in optometry. Such examination shall be confined to such knowledge as is essential to the practice of optometry. Any person, having signified to said board his desire to be examined, shall appear before the board at such time and place as they may designate, and before such examination shall pay to said board the sum of five dollars, and if he shall successfully pass said examination shall pay to said board a further sum of ten dollars, on the issuance to him of a certificate. All persons successfully passing such examination shall be registered in a record which shall be kept by the secretary of said board, as licensed to practice optometry, and shall also receive a certificate of such registration to be signed by the president and secretary of said board.

SEC. 39. The practice of optometry is defined as follows: The employment of mechanical means for testing and measuring the refractive and accommodative conditions of the eye, without the employment of drugs or medicine, and the measuring and grinding of lenses, the fitting, bending and adjusting of spectacles and eyeglasses with lenses for the betterment of vision; *provided*, that the fitting or peddling of spectacles and eyeglasses by itinerant opticians prior to the third day of July, nineteen hundred and nine, shall not be construed to mean the practice of optometry within the meaning of this section.

SEC. 40. No person shall practice optometry in this state, unless he shall first obtain a certificate of registration from the state board of registration and examination in optometry, and file the same with the clerk of the supreme judicial court of the county in which he proposes to practice, as hereinafter provided; but sections thirty-eight to fifty, both inclusive, shall not apply to physicians and surgeons authorized to practice medicine and engage therein under the laws of the state, nor to resident merchants so long as they sell spectacles as any other piece of merchandise without representation of qualification in the practice of optometry on the part of the seller.

SEC. 41. Upon application and the payment of the sum of five dollars said board shall issue, without the prescribed examination, to persons practicing optometry in those states which, in the opinion of the board, (maintain a standard in the requirements of the practice of optometry equal to) *equal* the standard of this state, a certificate to practice in this state, which certificate shall be filed in the same manner as that issued to residents of the state; *provided, however*, that such certificate shall be issued only to the residents of such states as allow similar privileges to residents of this state.

SEC. 42. Every person receiving a certificate under the provisions of section thirty-eight shall present the same for record to the clerk of the supreme judicial court of the county in which he intends to practice, *and shall pay to such clerk fifty cents for recording the same*, and the clerk shall record the same. SEC. 47. *Out of the funds coming into the possession of said board each member thereof may receive as compensation the sum of five dollars for each day actually engaged in the duties of his office and actual expenses incurred in attending the meetings of the board. The secretary and treasurer shall be reimbursed for all necessary expenses incurred while discharging their duties to the board at their homes. Said expenses shall be paid from the fees and assessments received by the board under the provisions of this act, and no part of the salary or other expenses of the board shall ever be paid out of the state treasury. The treasurer shall pay the per diem and expenses as provided herein, only on the itemized verified statement of the person entitled thereto. All moneys received over and above said per diem allowance and expenses, as above provided for, shall be held by the treasurer as a special fund for meeting expenditures of said board and carrying out the provisions of this act. Said board shall make an annual report of its proceedings to the governor on the first Monday in January of each year, which report shall contain an account of all moneys received and disbursed by them, provided, however, that all moneys in excess of five hundred dollars, as shown by such report to be on hand and unexpended, shall be paid annually into the general school fund.*

SEC. 48. Every registered optometrist shall annually, before the first day of April, pay to the state board of registration and examination in optometry the sum of two dollars as a license fee for such year; and in case of default in such payment by any person his certificate may be re-

voked by the board. *Such fees shall be accounted for under section forty-seven.*

SEC. 49. Said board may refuse to grant a certificate to any person guilty of felony, gross immorality or habitual drunkenness, or affected with contagious or infectious disease; and may, after notice and hearing, revoke a certificate and any license which may have been granted thereon, for like cause.

SEC. 107. Whoever violates any provision of the four preceding sections shall be punished by a fine of not more than fifty dollars.

SEC. 108. The local boards of health within their respective jurisdictions and the state board of health, shall enforce sections one hundred and three to one hundred and seven each inclusive as far as comes within their power, and when said state board of health knows or has reason to believe that any penalty or forfeiture has been incurred by reason of neglect to comply with said sections, it shall give notice thereof, in writing, to the county attorney of the county in which said penalty or forfeiture has occurred, and upon receipt of such notice the county attorney shall prosecute the defaulting person or persons.

SEC. 109. Whenever a local board of health or its executive officer has notice of, or suspects the existence of, a case of tuberculosis or glanders in domestic animals, such board or officer shall forthwith investigate or cause to be investigated the truth of such notification or the grounds for such suspicion; and if there appear to be good grounds for believing that such disease is present, the local board of health or its executive officer shall notify the live stock sanitary commissioner, reciting in said notification the grounds for their belief or suspicion.

INSPECTION OF PLUMBING.

SEC. 110. In every city or town where there is a system of water supply or sewerage the board of health may, whenever necessary, appoint one or more inspectors of plumbing, who may or may not be residents of the town or city for which they are appointed, and who shall hold office for one year; in every city or town where there is a system of water supply or sewerage, at least one member of the board of health shall be a practical plumber within the meaning of section one hundred and fifteen. Any inspector of plumbing in office on the thirtieth day of June, nineteen hundred and eleven, may retain his position, and, without further examination, shall be deemed to have been appointed under this section.

SEC. 111. The compensation of said inspectors shall be determined by the board appointing them, subject to the approval of the municipal officers, and shall be paid from the treasury of their respective cities or towns. Such inspectors shall inspect all plumbing, for which permits are granted, within their respective cities or towns, which is in process of construction, alteration or repair, and shall report to said board all violations of any law, ordinance, by-law, rule or regulation relative to

plumbing; and also perform such other appropriate duties as may be required. The approval of plumbing by any inspector other than those appointed as provided in the preceding section, shall not be a compliance with the provisions hereof.

SEC. 112. No inspector of plumbing shall inspect or approve any plumbing work done by himself, or by any person by whom he is employed, or who is employed by or with him; but in a city or town which is subject to the provisions of the two preceding sections, the board of health shall appoint an additional inspector of plumbing, in the same manner and subject to the same qualifications as the regular inspector of plumbing, who shall inspect, in the manner herein prescribed, plumbing done by the regular inspector or by any person by whom he is employed, or who is employed by or with him. Said additional inspector may act in case of the absence or inability of the regular inspector, and shall receive for his services the same compensation as the regular inspector for a like duty.

SEC. 113. Each city or town which has therein a system of water supply or sewerage, shall by ordinance or by-law, prescribe regulations for the materials, construction, alteration, and inspection of all pipes, tanks, faucets, valves and other fixtures by and through which waste or sewerage is used and carried; and shall provide that such pipes, tanks, faucets, valves or other fixtures shall not be placed in any building in such city or town, except in accordance with plans approved by the inspector of plumbing or by the board of health; and shall further provide that no plumbing shall be done, except to repair leaks, without a permit being first issued therefor, upon such terms and conditions as such cities or towns shall prescribe. The provisions of this section shall not prevent boards of health from making such regulations relative to plumbing and house drainage authorized by law prior to the thirtieth day of June nineteen hundred and eleven, as are not inconsistent with any ordinance or by-law made under the authority of this section.

SEC. 114. Inspectors of plumbing and boards of health shall annually, before the first day of June, make a full report in detail to their respective cities or towns of all their proceedings during the year under the provisions of the three preceding sections.

SEC. 115. The words "practical plumber," as used in the five preceding sections shall mean a person who has learned the business of plumbing by working for at least two years as an apprentice or under a verbal agreement for instruction, and who has then worked for at least one year as a first class journeyman plumber. The word "journeyman" as used in said sections shall mean a person who himself does any work in plumbing which is by law, ordinance, by-law, rule or regulation subject to inspection. The provisions of said sections shall apply to all persons learning the business of plumbing when they are sent out to do the work of a journeyman plumber.

DRAINS AND COMMON SEWERS.

SEC. 1. Whoever digs up the ground in a highway or street to lay or repair any drain or common sewer without the written consent of the municipal officers, forfeits for each offense four dollars to the town.

SEC. 2. The municipal officers of a town, or a committee duly chosen by the town, may, at the expense of the town, construct public drains or sewers along or across any public way therein; and through any lands of persons or corporations, when they deem it necessary for public convenience or health; but neither the municipal officers of the town, nor such committee, shall construct any public sewer therein until the same shall be authorized by vote of said town, and an appropriation made for the purpose; and when constructed such sewers shall be under the control of the municipal officers. (a)

SEC. 3. Before the land is so taken, notice shall be given, and damages assessed and paid therefor as is provided for the location of town ways. (b)

SEC. 4. Whenever a public drain or sewer is located and about to be constructed under the general provisions of law across the right of way of any railroad, unless the municipal officers or committee of the city or town which located the drain or sewer shall agree with the corporation operating such railroad as to the place, manner and conditions of the crossing, the railroad commissioners, upon petition of either party, after notice and hearing, shall determine the place, manner and conditions of such crossing; all the work within the limits of such railroad location shall be done under the supervision of the officers of the corporation operating said railroad and to the satisfaction of the railroad commissioners, and the expense thereof shall be borne by the city or town in which said drain or sewer is located; *provided, however*, that any additional expense in the construction of that part of the sewer or drain within the limits of the right of way of said railroad occasioned by the determination of said commissioners shall be borne by said railroad company or by the city or town in which said drain or sewer is located, or shall be apportioned between such company and the city or town as may be determined by said railroad commissioners. Said commissioners shall make report of their decision in the same manner as in the case of highways located across railroads and subject to the same right of appeal.

SEC. 5. When any town has constructed and completed a public drain or common sewer, the municipal officers shall determine what lots or parcels of land are benefited by such drain or sewer, and shall estimate and assess upon such lots and parcels of land, and against the owner thereof, or person in possession, or against whom the taxes thereon shall be assessed, whether said person to whom the assessment is so made shall be the owner, tenant, lessee or agent, and whether the same is occupied or not, such sum not exceeding such benefit as they may deem just and equitable towards defraying the expenses of constructing and completing such drain or sewer, the whole of such assessments not to exceed one-half of the cost of such drain or sewer, and such drain or sewer shall forever thereafter be maintained and kept in repair by such town. municipal officers shall file with the clerk of the town the location of such drain or sewer, with a profile description of the same, and a statement of the amount assessed upon each lot or parcel of land so assessed, and the name of the owner of such lots or parcels of land or person against whom said assessment shall be made, and the clerk of such town shall record the same in a book kept for that purpose, and within ten days after filing such notice, each person so assessed shall be notified of such assessment by having an authentic copy of said assessment, with an order of notice signed by the clerk of said town, stating the time and place for a hearing upon the subject matter of said assessments, given to each person so assessed or left at his usual place of abode in said town; if he has no place of abode in said town, then such notice shall be given or left at the abode of his tenant or lessee if he has one in said town; if he has no such tenant or lessee in said town, then by posting the same notice in some conspicuous place in the vicinity of the lot or parcel of land so assessed, at least thirty days before said hearing, or such notice may be given by publishing the same three weeks successively in any newspaper published in said town, the first publication to be at least thirty days before said hearing; a return made upon a copy of such notice by any constable in said town, or the production of the paper containing such notice, shall be conclusive evidence that said notice has been given, and upon such hearing the municipal officers shall have power to revise, increase or diminish any of such assessments, and all such revisions, increase or diminution shall be in writing and recorded by such clerk.

SEC. 6. Any person not satisfied with the amount for which he is assessed, may, within ten days after such hearing, by request in writing given to such clerk, have the assessment upon his lot or parcel of land determined by arbitration. The municipal officers shall nominate six persons who are residents of said town, two of whom selected by the applicant, with a third resident person selected by said two persons, shall fix the sum to be paid by him, and the report of such referees made to the clerk of said town, and recorded by him, shall be final and binding upon all parties. Said reference shall be had and their report made to said clerk, within thirty days from the time of hearing before the municipal officers as provided in section five.

SEC. 7. Any person may enter his private drain into any such public drain or common sewer, while the same is under construction and before the same is completed, and before the assessments are made, on obtaining a permit in writing from the municipal officers, or the sewer board having the construction of the same in charge; but after the same is completed and the assessments made, no person shall enter his private drain into the same, until he has paid his assessment and obtained a permit in writing from the town treasurer, by authority of the municipal officers. All permits given to enter any such drain or sewer, shall be recorded by the clerk of said town before the same are issued.

SEC. 8. All assessments made under the provisions of section five, shall create a lien upon each and every lot or parcel of land so assessed, and the buildings upon the same, which lien shall take effect when the municipal officers file with the town clerk the completed assessment, and shall continue one year thereafter; and within ten days after *said assessment is made*, (the date of hearing on said assessment) the town clerk shall make out a list of all such assessments, the amount of each, and the name of the person against whom the same is assessed, and he shall certify the list and deliver it to the treasurer of said town; if said assessments are not paid within three months from the date thereof, the treasurer shall sell, at public auction, such of said lots or parcels of land upon which such assessments remain unpaid, or so much thereof as is necessary to pay such assessments and all costs and incidental charges; he

shall advertise and sell the same within one year from the time said assessments are made, as real estate is advertised and sold for taxes under chapter ten, and upon such sale, shall make, execute and deliver his deed to the purchaser, which shall be good and effectual to pass the title of such real estate; the sum for which such sale shall be made, shall be the amount of the assessment and all costs and incidental expenses.

See c. 10, §§
73-80.

SEC. 9. Any person to whom the right by law belongs, may at any time within one year from the date of said sale, redeem such real estate by paying to the purchaser or his assigns the sum for which the same was sold, with interest thereon at the rate of twenty per cent a year, and the costs of re-conveyance.

Lots may be
redeemed.
R. S., c. 21, § 9.

SEC. 10. If said assessments are not paid, and said town does not proceed to collect said assessments, by a sale of the lots or parcels of land upon which such assessments are made, or does not collect, or is in any manner delayed or defeated in collecting such assessments by a sale of the real estate so assessed, then the said town, in the name of said town, may maintain an action against the party so assessed for the amount of said assessment, as for money paid, laid out and expended, in any court competent to try the same, and in such suit may recover the amount of such assessment, with twelve per cent interest on the same from the date of said assessments and costs.

They shall then give the applicants written permits so to enter, which shall be available to the owner of the land so described, his heirs and assigns, and shall run with the land without any other or subsequent charge or payment. SEC. 17. If any person wilfully or negligently violates any condition or regulation prescribed in his permit, said officers may forthwith disconnect his drain from the public drain and declare his permit forfeited; and such person, his heirs and assigns, shall not be allowed to enter it again without a new permit. Whoever by the construction or use of a private drain commits a nuisance, is liable therefor notwithstanding anything herein contained.

SEC. 18. After a public drain has been constructed and any person has paid for connecting with it, it shall be constantly maintained and kept in repair by the town, so as to afford sufficient and suitable flow for all drainage entitled to pass through it; but its course may be altered, or other sufficient and suitable drains may be substituted therefor. If such town does not so maintain and keep it in repair, any person entitled to drainage through it may have an action against the town for his damages thereby sustained. (a)

SEC. 19. All proceedings of municipal officers as aforesaid shall be at their legal meetings. A suitable record shall be made of all such permits, exhibiting the persons and lands to which they apply. Said officers have exclusive direction, on behalf of their town, of all prosecutions under this chapter.

SEC. 20. If any person, after the sum to be paid by him for a permit has been determined by arbitration, neglects to pay it within sixty days after notice thereof, with the fees of the arbitrators, he shall have no benefit of such determination, or of his permit. The municipal officers may determine the fees of the arbitrators, which shall be paid in advance, if required; and their award shall be returned by them to the town clerk, and recorded with the proceedings of said officers in establishing such drains.

SEC. 21. If a private drain becomes so obstructed or out of repair as to injure any street or highway, and the persons using it, after notice by the road commissioner, unreasonably neglect to repair such injury, it shall be repaired by the town, and the expense thereof may be recovered to the town in an action on the case against any one or more of the persons using such drain.

SEC. 22. Whoever wilfully or carelessly injures or obstructs such public drain or its outlet, or any street or highway culvert leading into it, is liable to the town where it is located, in an action on the case for double the amount of injury and damages thereby caused, in addition to all other legal penalties therefor.

SEC. 23. When a person, at his own expense, lays a common drain or sewer, all who join or enter it, shall pay him their proportion of such expense; and the expense of opening and repairing shall be paid by all benefited, to be determined in each case by the municipal officers, subject to appeal to the county commissioners.

SEC. 24. The municipal officers shall notify each person of the amount which he is to pay, and to whom; and if not paid in ten days, he shall pay double the amount with cost.

SEC. 25. Before such drain is opened for repairs, all persons interested shall have seven days' notice thereof, given as the municipal officers direct; and if any one objects and said officers think his objection reasonable, he shall not be liable to any expense therefor; if not thought reasonable, or if no objection is made within three days, they may give written permission to proceed.

HIGHWAY DITCHES AND DRAINS.

SEC. 26. The municipal officers of a town may at the expense of the town construct ditches and drains to carry water away from any highway or road therein, and over or through any lands of persons or corporations when they deem it necessary for public convenience or for the proper care of such highway or road, *provided* that no such ditch or drain shall pass under or within twenty feet of any dwelling-house without the consent of the owner thereof. Such ditches or drains shall be under the control of said municipal officers and wilful interference therewith shall be punished as is provided by statute for obstruction in a traveled road. If such town does not maintain and keep in repair such ditches and drains, the owner or occupant of the lands through or over which they pass, may have his action against the town for damages thereby sustained.

SEC. 31. At the next meeting of said commissioners after the report of the committee is received, they may, if deemed reasonable, accept such report.

SEC. 32. The party praying for such drains or ditches shall cause the final report and adjudication to be recorded in the registry of deeds for the county, and shall pay or tender in payment the full amount of damages to the parties to whom the same is adjudicated.

SEC. 10. A town, at its annual meeting, may prohibit the burning of bricks, or the erecting of brick-kilns within such parts thereof as they deem for the safety of the citizens or their property. And if any person, by himself or others, violates such prohibition, the municipal officers shall cause said bricks or brick-kiln to be forthwith removed, at the expense of the owner thereof; and the offender forfeits not exceeding two hundred dollars to the town; and if said bricks or brick-kiln are not removed before conviction, the court may issue a warrant for the removal thereof, or stay it as hereinafter provided.

SEC. 11. The erection and maintenance of water mills and dams to raise water for working them upon or across streams not navigable as provided in chapter ninety-five, shall not be deemed a nuisance unless they become offensive to the neighborhood, or injurious to the public health, or unless they occasion injuries or annoyances of a kind not authorized by said chapter. Fences and buildings fronting on public ways, commons or lands appropriated to public use, shall not be deemed nuisances when erected for the times and in the manner provided in section one hundred and one of chapter twenty-three, unless the owner of the same shall be estopped as therein provided from justifying his occupation within the limits of said way. (a)

SEC. 12. Whoever erects, causes or continues a public or common nuisance, as herein described or at common law, where no other punishment is specially provided, may be fined not exceeding one hundred dollars; and the court with or without such fine may order such nuisance to be discontinued or abated, and issue a warrant therefor as hereinafter provided.

SEC. 13. All motor boats run or operated in any tidal or other waters within the state, shall be provided or equipped with proper and suitable mufflers or other devices, which shall effectually deaden sound. Said mufflers shall be used all the time the engine of the motor boat is in operation; *provided* that it shall be allowable to cut out said mufflers, in case of boats while entered and competing in boat races held under the auspices of some regularly organized club, between the hours of eight o'clock in the morning and sunset following.

SEC. 14. Any muffling device approved by the United States inspectors having jurisdiction of the tidal waters of this state shall, in case of motor boats run or operated on such tidal or other waters in the state, be deemed to be a compliance with the preceding section, provided such defense shall be set up and proved by the defendant.

SEC. 15. Whoever violates any provision of sections thirteen and fourteen between eight o'clock in the forenoon and eight o'clock at night, shall be punished by a fine of not less than five dollars nor more than twenty-five dollars; whoever violates any provision of said sections between eight o'clock in the afternoon and eight o'clock in the forenoon shall be subject to a double penalty; and any such violation shall be deemed a common nuisance within the meaning of section twelve of this chapter.

SEC. 16. Any person injured in his comfort, property or the enjoyment of his estate by a common and public, or a private nuisance, may maintain against the offender an action on the case for his damages, unless otherwise specially provided. (b)

SEC. 17. When, on indictment, complaint or action, any person is adjudged guilty of a nuisance, the court, in addition to the fine imposed, if any, or to the judgment for damages and costs, for which a separate execution shall issue, may order the nuisance abated or removed at the expense of the defendant; and after inquiring into and estimating, as nearly as may be, the sum necessary to defray the expense thereof, the court may issue a warrant therefor substantially in the form following:

"STATE OF MAINE.

D., of —, &c., was adjudged guilty of erecting," ["causing," or "continuing,"] "a certain nuisance, being a building in —, in said county," (or "fence," or other thing, describing particularly the nuisance and the place,) "which nuisance was ordered by said court to be abated and removed: We therefore command you forthwith to cause said nuisance to be abated and removed; also that you levy of the materials by you so removed, and of the goods, chattels and lands of said C. D., a sum sufficient to defray the expense of removing and abating the same, not to exceed — dollars," (the sum estimated by the court,) "together with your lawful fees, and thirty-three cents more for this writ. And, for want of such goods and estate to satisfy said sums, we command you to take the body of said C. D., and him commit unto our jail in —, in said county, and there detain until he pays such sums or is legally discharged. And make return of this warrant, with your doings thereon, within thirty days. Witness, A. B., Esq., at —, this — day of —, in the year of our Lord 19—.

J.S., Clerk."

And when the conviction is upon an action before a trial justice, and no appeal is made, the justice, after estimating the sum necessary to defray the expense of removing or abating the nuisance, may issue a like warrant, making corresponding alterations in its form.

SEC. 18. Instead of issuing such warrant, the court or trial justice may order it to be stayed on motion of the defendant, and on his entering into recognizance in such sum and with such surety as the court or justice directs, in case of an indictment, to the state, or in case of a complaint or action, to the plaintiff, conditioned that the defendant will either discontinue said nuisance, or that within a time limited by the court and not exceeding six months, he will cause it to be abated and removed, as may be directed by the court; and on failing to perform such condition, the recognizance shall be deemed forfeited, and the court, or any justice thereof, in term time or in vacation, or said trial justice on being satisfied of such default, may forthwith issue the warrant and scire facias on the recognizance.

Warrant to be stayed, if defendant gives security to discontinue the nuisance.
R. S., c. 22, § 15.

SEC. 19. The expense of abating a nuisance by virtue of a warrant shall be collected by the officer as damages and costs are collected on execution; except that the materials of buildings, fences or other things removed as a nuisance, may be first levied upon and sold by the officer, and the proceeds, if any remain after paying the expense of removal, shall be paid by him, on demand, to the defendant or the owner of such property; and if said proceeds are not sufficient to satisfy the expenses, the officer shall collect the residue as aforesaid. A person committed to jail on such warrant, may avail himself of the poor debtor's oath, as if he had been committed on execution. If said expense cannot be collected of the defendant, it shall be paid as costs in criminal prosecutions.

Expenses of abatement to be defrayed from materials, if sufficient; otherwise, as in case of execution.

Such license shall be granted on written application, recorded in the town records, and a certified copy of it furnished, without charge, to the applicant.

SEC. 22. When application is made for such license, said officers shall assign a time and place for its consideration, and give at least fourteen days' public notice thereof, in such manner as they think proper, at the expense of the applicant. Any person aggrieved by the decision of the selectmen of towns, in granting or refusing such license, may appeal therefrom to the next term of the supreme judicial court held in said county, which court may appoint a committee of three disinterested persons, as is provided in relation to appeals from location of highways. Said committee shall be sworn and give fourteen days' notice of the time and place of their hearing to the parties interested, view the premises, hear the parties, and affirm, reverse or annul the decision of said selectmen, and their decision shall be final. Pending such appeal from granting such license, the supreme judicial court in equity may enjoin the erection of such building and engine.

SEC. 23. Any such engine erected without a license shall be deemed a common nuisance without other proof than its use. (a)

SEC. 24. Said officers have the same authority to abate and remove an engine, erected without license, as is given to the local board of health or health officer in chapter eighteen. (a)

SEC. 25. No person or corporation shall manufacture, sell, use or cause to be used, except as hereinafter provided, any steam boiler in the state unless it is provided with a fusible safety plug, made of lead for boilers carrying steam pressure above fifty pounds per square inch, and of tin for boilers carrying steam pressure of fifty pounds and less per square inch, and said safety plug shall be not less than one-half inch in diameter, and shall be placed in the roof of the fire box when a fire-box is used, and in all cases shall be placed in the part of the boiler fully exposed to the action of the fire, and as near the surface line of the water as good judgment shall dictate, excepting in cases of upright tubular boilers, when the upper tube sheet is placed above the surface line of the water, which class of boilers shall be exempted from the provisions of this section.

SEC. 26. If any person without just and proper cause removes from the boiler the safety plug, or substitutes any material more capable of resisting the action of the fire, or if any person or corporation uses or causes to be used, for six consecutive days, or manufactures or sells a steam boiler of a class not exempted from the provisions of the preceding section, unprovided with such safety fusible plug, such offender shall be fined not exceeding one thousand dollars.

SEC. 27. Whenever any school building, church, or other public building is heated by a steam plant, located in, under or near such building, such steam plant shall be in charge of a person qualified as provided in the following section.

SEC. 28. The municipal officers of any town or city in which any of the buildings enumerated in the preceding section, heated by steam, are located, shall require the person or persons contemplating taking charge of the steam plant for such purpose, to *be first examined by* (appear before) them, and they shall require him to produce before them proof of his competency to have charge of such steam plant; and unless the person so applying has been licensed as an engineer, or has had previous experience as a machinist, or as an engineer of a steam plant, he shall be required to satisfy said municipal officers that he possesses the requisite qualifications and experience to assume charge of the particular plant which he desires permission to operate; and if said municipal officers, after such examination, are satisfied that the applicant possesses the requisite qualifications for such work, and is of temperate habits, they, or the majority thereof, shall issue under their hands a certificate in the following form:

(a) 65 Me., 435; 75 Me., 378; 80 Me., 490.

"STATE OF MAINE.

"City (or) Town of

This is to certify that _____ having made application to the municipal officers of the city (or) town of _____, for permission to take charge of, and operate a steam plant located in said city (or) town, (here describe the nature of the steam plant of which the applicant is authorized to have charge, and its location); and having produced evidence of his competency to act in said capacity, we have issued to him this certificate as provided by section twenty-eight of chapter twenty-two of the revised statutes."

Form of certificate.

Said certificate when issued shall be filed in the office of the city or town clerk, and such clerk shall issue and deliver to said applicant a duly attested copy of such certificate, and the copy so issued shall be posted by the holder thereof, in a conspicuous place in or near the room in which the boiler to be operated is located. Municipal officers shall not issue the certificate provided for by this section without receiving proof that the person to whom such certificate is issued has had experience in such work, and is in all respects qualified to discharge the duties referred to in the certificate granted, and is also of temperate habits.

—unlawful to issue certificate without proof of qualification. 1907, c. 82, § 3.

SEC. 29. Whenever the municipal officers of any town or city receive notice in writing, signed by ten or more of the residents thereof, stating that the person in charge of a steam plant located in, under, or near, any school building, church, or other public building situated in said city or town, and furnishing or supplying heat for such building, is incompetent for the discharge of such duties, or by reason of negligence, intemperance, or any other cause, ought not longer to remain in charge of such steam plant, said municipal officers shall immediately suspend temporarily the authority of such person to act in said capacity; and until the investigation herein provided can be made, shall cause a person qualified as provided by the preceding section to be placed in charge of said steam plant. The municipal officers shall, as soon thereafter as practicable, cause an investigation of such complaint to be made, and shall thereupon inquire into the habits and qualifications of the person so complained of, and if such person is, for any reason, found to be incompetent or unsuitable to longer remain in charge of said steam plant, they shall immediately cause the certificate granted under the provisions of the preceding section, to be revoked, and notice of such revocation shall be filed with the clerk of such city or town, and thereupon said municipal officers shall, if such plant is under their control, place a person qualified as herein provided, in charge thereof; and if such steam plant is not in charge of such municipal officers, they shall give the person or corporation having the control of such steam plant, notice of their findings, and if such person or corporation having control of such steam plant, shall, after the receipt of such findings, neglect or refuse to cause said steam plant to be placed in charge of some person qualified under the provisions of the preceding section, such person or corporation shall be subject to the penalties provided in the following section.

Whoever violates the preceding section, forfeits to the prosecutor five dollars for each offense, to be recovered in an action of debt, and is liable for all damages caused by any explosion; and if the persons engaged in blasting rocks are unable to pay, or after judgment and execution, avoid payment of the fine, damages and costs, by the poor debtor's oath, the owners of the quarry, in whose employment they were, are liable for the same.

SEC. 33. When the municipal officers of a town after personal notice in writing to the owner of any burnt, dilapidated or dangerous building, or by publication in a newspaper in the same county, if any, three weeks successively, otherwise in the state paper, and after a hearing of the matter, adjudge the same to be a nuisance or dangerous, they may make and record an order, prescribing what disposal shall be made thereof, and thereupon the town clerk shall deliver a copy of such order to a constable, who shall serve such owner, if a resident of the state, with an attested copy thereof, and make return of his doings thereon to said clerk forthwith. If the owner, or part owner, is unknown, or resides without the state, such notice shall be given by publication in the state paper, or in a paper published in the county, three weeks successively.

SEC. 34. If no application is made to a justice of the supreme judicial court, as is hereafter provided, the municipal officers of such town, shall cause said nuisance to be abated, removed or altered in compliance with their order, and all expenses thereof shall be repaid to the town within thirty days after demand, or may be recovered of such person by an action for money paid.

SEC. 35. Any owner aggrieved by such order, may apply to a justice of the supreme judicial court, in term time or vacation, who shall forthwith, after notice and hearing, affirm, annul or alter such order. If the court is not in session, the action shall be entered on the docket of the preceding term.

SEC. 36. If the court affirms such order, costs shall be recovered by the town. If it wholly annuls such order, costs shall be recovered by the applicant, and if it alters it in part, the court may render such judgment as to costs as justice requires.

SEC. 37. The four preceding sections shall not be in force in any town unless adopted at a legal meeting thereof.

CHAPTER 23.

WAYS.

LOCATION, ALTERATION AND DISCONTINUANCE OF HIGHWAYS.

SEC. 1. County commissioners may lay out, alter or discontinue highways leading from town to town, and grade hills in any such highway. Nothing in any city charter shall be so construed as to deprive them of the power to lay out, alter or discontinue county roads within the limits thereof. Responsible persons may present, at their regular session, a written petition describing a way and stating whether its location, alteration, grading or discontinuance is desired, or an alternative action, in whole or in part. The commissioners may act upon it, conforming substantially to the description, without adhering strictly to its bounds. (a)

SEC. 2. Being satisfied that the petitioners are responsible, and that an inquiry into the merits is expedient, they shall cause thirty days' notice to be given of the time and place of their meeting, by posting copies of the petition, with their order thereon, in three public places in each town in which any part of the way is, and serving one on the clerks of such towns, and publishing it in some newspaper, if any, in the county. The fact that notice has been so given, being proved and entered of record, shall be sufficient for all interested, and evidence thereof.

SEC. 3. When their decision is against the prayer of the petitioners, they shall order them to pay to the treasurer of the county, at a time fixed, all expenses incurred on account of it; and if they are not then paid, they shall issue a warrant of distress against the petitioners therefor.

SEC. 4. They shall meet at the time and place appointed, and view the way, and there, or at a place in the vicinity, hear the parties interested. If they judge the way to be of common convenience and necessity, or that any existing way shall be altered, graded or discontinued, they shall proceed to perform the duties required; make a correct return of their doings, signed by them, accompanied by an accurate plan of the way, and state in their return when it is to be done, the names of the persons to whom damages are allowed, the amount allowed to each, and when to be paid. When the way has been finally established and opened to travel, they shall cause durable monuments to be erected at the angles thereof. (b)

The case shall be continued to their next regular term of record, and at any time on or before the third day thereof, if no appeal from the location be taken, all persons aggrieved by their estimate of damages shall file their notice of appeal. If no such notice is then presented or pending, the proceedings shall be closed, recorded and become effectual; all claims for damages not allowed by them be forever barred; and all damages awarded under the first thirteen sections of this chapter, paid out of the county treasury (except as provided in section eleven.) But if an appeal from the location be taken in accordance with section fifty-nine, then notice of appeal on damages may be filed with the clerk of the county commissioners within sixty days after the final decision of the appellate court in favor of such way, has been certified to him, to the supreme judicial court first held in the county where the land is situated, more than thirty days after such notice of appeal is filed, which court shall determine the same in the same manner as is provided in section eight, when no appeal on location is taken. SEC. 6. When a notice of appeal for increase of damages is presented within the time allowed, the case shall be further continued until a final decision respecting damages is made. If they then are of opinion that their proceedings, or any part thereof, ought not to take effect, subject to such damages as have been assessed, they shall enter a judgment that the prayer of the petitioners, or any part thereof, designating what part, is not granted for that reason. Upon such judgment no damages shall be allowed for that part of the prayer of the petitioners not granted, but the costs shall be paid by the county; or if of opinion that such increase of damages should prevent a confirmation of a part or parts only of their proceedings, they shall designate such part or parts, and enter judgment accordingly; and the whole proceedings shall be recorded and become effectual. But the provisions of this section shall not apply when a location has been determined by a committee of the supreme judicial court upon appeal from the decision of the county commissioners thereon. In such case proceedings regarding the location shall become effectual as if no appeal for increase of damages had been taken.

SEC. 7. If any person's property is damaged by laying out, altering or discontinuing a highway or town way, the county commissioners or the municipal officers of towns shall estimate the amount, and in their return state the share of each separately; damages shall be allowed to the owners of reversions, and remainders; and to tenants for life, and for years, in proportion to their interests in the estate taken; but said commissioners or officers shall not order such damages to be paid, nor shall any right thereto accrue to the claimant, until the land over which the highway or alteration is located, has been entered upon and possession taken, for the purpose of construction or use.

SEC. 8. Any person aggrieved by the estimate of damages by the county commissioners, on account of the laying out or discontinuing of a way, may appeal therefrom, at any time before the third day of the regular term succeeding that at which the commissioners' return is made, to the term of the supreme judicial court, first held in the county where the land is situated, more than thirty days after the expiration of the time within which such appeal may be taken, excluding the first day of its session, which court shall determine the same by a committee of reference

if the parties so agree, or by a verdict of its jury, and shall render judgment for the damages recovered, and judgment for costs in favor of the party entitled thereto, and shall issue execution for the costs only. The appellant shall file notice of his appeal with the county commissioners within the time above limited, and at the first term of the court shall file a complaint setting forth substantially the facts, upon which the case shall be tried like other cases. The clerk shall certify the final judgment of the court to the county commissioners, who shall enter the same of record, and order the damages therein recovered to be paid as provided in section seven. The party prevailing recovers costs to be taxed and allowed by the court, except that they shall not be recovered by the party claiming damages, but by the other party, if on such appeal by either party, said claimant fails to recover a greater sum as damages than was allowed to him by the commissioners. The compensation of the committee shall be the same as commissioners would have for like services, to be allowed by the court and paid from the county treasury upon the certificate of the clerk of courts.

SEC. 9. The owners of land taken shall be allowed not exceeding one year after the proceedings, regarding the location, are finally closed to take off timber, wood or any erection thereon. A time not exceeding two years shall be allowed for making and opening the way. (a)

SEC. 10. When the way is discontinued before the time limited for the payment of damages, the commissioners may revoke their order of payment, and estimate the damages actually sustained, and order them paid. Any person aggrieved may have them assessed by a committee or jury, as herein provided.

SEC. 11. When the true boundaries of highways or town ways duly located, or of which the location is lost, or which can only be established by user, are doubtful, uncertain or lost, the county commissioners of the county wherein such highway or town way is located, upon petition of the municipal officers of the town wherein the same lies, shall, after such notice thereon as is required for the location of new ways, proceed to hear the parties, examine said highway or town way, locate and define its limits and boundaries by placing stakes on side lines at all apparent intersecting property lines, and at intervals of not more than one hundred feet and cause durable monuments to be erected at the angles thereof, make a correct return of their doings, signed by them, accompanied by an accurate plan of the way; and if any real estate is damaged by said action, they shall award damages to the owner as in laying out new highways, in the case of highways to be paid by the county and in the case of town ways to be paid by the town. Said municipal officers shall maintain all highway or town way monuments, and replace them forthwith when destroyed. If any appeal for increase of damages is taken, and the commissioners are of opinion that their proceedings hereunder, or any part thereof, ought not to take effect, they shall enter a judgment that the prayer of the original petitioners or any part thereof, designating what part, is not granted for that reason. Upon such judgment no damages shall be allowed for that part of the prayer of the petitioners not granted, but the costs shall be paid by the county.

Note. This provision for proceeding by the commissioners after award of damages on appeal, clearly indicates that the proceedings under this section after the report is filed should conform to sections five and six. The commissioner recommends that this construction be made clear by inserting after the first sentence of the section the following sentence. "Their return made at the next regular statute session after the hearing shall be placed on file and the case shall be continued to await a final decision respecting damages; sections five and six shall be applicable to appeals for increase of damages under this section."

Any person aggrieved by the estimate of such damages may have them determined as provided in section eight, by written complaint to the supreme judicial court, returnable at the term thereof next to be held within the county where the land lies, after sixty days from the date of the establishment, alteration or discontinuance of such way by the town at its town meeting. SEC. 22. When the municipal officers unreasonably neglect or refuse to lay out or alter a town way, or a private way on petition of an inhabitant, or of an owner of land therein for a way leading from such land under improvement to a town or highway, the petitioner may, within one year thereafter, present a petition stating the facts to the commissioners of the county at a regular session, who shall give notice thereof to all interested and act thereon as is provided respecting highways. When the decision of the municipal officers is in favor of such laying out or alteration, any owner or tenant of the land over or across which such way has been located, shall have the same right of petition. When the decision of the commissioners is returned and placed on file such owner or tenant or other party interested has the same right to appeal to the supreme judicial court as is provided in sections fifty-nine to sixty-two inclusive; and also to have his damages estimated as provided in section eight. (a)

SEC. 23. No such way shall be opened or used until after sixty days from its acceptance by the town, and if within that time notice of such appeal or petition is filed with the town clerk, such way shall not be opened or used until finally located by the appellate tribunal.

SEC. 24. When a town unreasonably refuses to discontinue a town or private way, or to accept one laid out or altered by the selectmen, the parties aggrieved may, within the time, and in the manner provided in section twenty-two, present a petition to the commissioners, who shall in like manner proceed and act thereon, and cause their proceedings to be recorded by their own and by the town clerk; and the rights of all parties may be preserved and determined as provided in the two preceding sections. (b)

SEC. 25. When a town way has been laid out, graded or altered by the commissioners, their proceedings cannot be affected by any action of the town, within five years; and when one has been discontinued by them, it cannot be again laid out by the town, within two years. The commissioners have the same power to alter or discontinue such ways, for five years, as they have respecting highways.

SEC. 26. The county commissioners, in laying out new ways, or altering or grading ways already laid out, may direct the amount of such grading, which shall be stated in their return; and they may order a portion of the expense of such altering or grading, not exceeding fifty per cent thereof, to be paid to the town in which the altering or grading has been done, from the county treasury.

SEC. 27. When a town has accepted a town way, and said town way is subsequently discontinued by the county commissioners on appeal, before such road has been opened for travel, such town may, at its annual meeting, held within three years thereafter, by a majority of the voters present and voting, re-instate and lay out such town way, under an article for such purpose in the warrant. The damages shall be assessed, and the owners of the land over which said way passes shall be notified thereof by the municipal officers, within twenty days after said meeting; and any person aggrieved by the estimate of damages may have them determined in the manner provided in section twenty in case of town ways laid out on petition. A town way so re-established and laid out shall not be discontinued for five years thereafter.

CHAP. 23.

SEC. 28. When land has been plotted and a plan thereof made, whether recorded or not, showing the proposed location of streets thereon, and lots have been sold by reference to said plan, the municipal officers of the town or city where such land is situated, may on petition of owners of the fee in such of said proposed streets as are named in the petition, vacate in whole or in part the proposed location of any or all such streets as have not been accepted and located as public ways. The proceedings shall be the same as in case of the location of town ways. All damages thereby occasioned shall be paid by the petitioners, and parties aggrieved by the estimate of damages may have them determined in the manner provided respecting damages caused by the location of town ways and with the same right of appeal.

SEC. 29. No private way, town way, city street or highway, taking land of any railroad corporation, shall be located, unless a notice of the time and place of the hearing upon said location has been served upon the station agent of said railroad within such town or city, if any, otherwise upon such agent whose station is nearest to the land proposed to be so taken, at least seven days before the time for such hearing.

SEC. 30. Town ways and highways may be laid out across, over or under any railroad track, in the same manner as other town ways and highways, except that before such way shall be constructed, the railroad commissioners, on application of the municipal officers of the city or town wherein such way is located, or of the parties owning or operating the railroad, shall, upon notice and hearing, determine whether the way shall be permitted to cross such track at grade therewith or not, and the manner and conditions of crossing the same and the expense of building and maintaining so much thereof as is within the limits of such railroad shall be borne by such railroad company, or by the city or town in which such way is located, or shall be apportioned between such company and city or town, as may be determined by said railroad commissioners. Said commissioners shall make a report in writing of their decision thereupon, file the same in their office and cause to be sent by mail or otherwise to each of the railroad corporations, and the municipal officers of the city or town as the case may be, interested therein, a copy of such decision. Such decision shall be final and binding upon all parties unless an appeal therefrom shall be taken and entered at the next succeeding term of the supreme judicial court, to be held in the county where the crossing is located, more than thirty days after the date of the filing of the report. The appellant shall within fourteen days from the date of the filing of such report, file in the office of the board of railroad commissioners, its reasons for appeal and fourteen days at least before the sitting of the appellate court, it shall cause to be served upon such other interested corporations or municipality a copy of such reasons for appeal, certified by the clerk of the board of railroad commissioners. The presiding justice, at such term of court, shall make such order or decree thereon as law and justice may require. Exceptions may be taken to such order or decree. The final adjudication shall be recorded as provided in section thirty-three of this chapter. Costs may be taxed and allowed to either party at the discretion of the court. (a)

SEC. 31. In case of such ways already so laid out, over or under any railroad track, and not at grade, the expense of building and maintaining so much thereof as is within the limits of such railroad, shall be borne as provided in the preceding section; the question shall be determined upon application of any company whose track is so crossed, made within sixty days after written notice has been served thereon by the municipal officers of any town in which such way is located, requesting such com-

SEC. 34. The selectmen of a town in which a public way crosses or is crossed by a railroad, may file a petition in writing with the board of railroad commissioners alleging that public safety requires the abolishment of or an alteration in such crossing, or its approaches; or a change in the method of crossing a public way; or the closing of a crossing and the substitution of another therefor, not at grade; or the removal of obstructions to the sight at such crossing, and praying that the same may be ordered; whereupon said commissioners shall appoint a time and place for a hearing thereon after notice of not less than ten days to the petitioners, the corporation, the municipality in which such crossing is situated, the owners or occupants of the land adjoining such crossing, or adjoining that part of the way to be changed in grade, and to the attorney general of the state, whose duty it shall be by himself or through the county attorney of the county wherein the crossing is located, to represent the interests of the state at such hearing. After such notice and hearing the commissioners shall determine what abolishment, alteration, change or removal, if any, shall be made for public safety and by whom such abolishment, alteration, change or removal shall be made. To facilitate such abolishments, alterations, changes or removals, highways and other ways may be raised or lowered or the courses of the same may be altered to permit a railroad to pass at the side thereof. For the purposes aforesaid land may be taken and damages awarded as provided for laying out highways and other ways. The commissioners shall determine and fix the damages sustained by any person whose land is taken and the special damages which the owner of land adjoining the public way may sustain by reason of any change in the grade of such way. They shall apportion such expenses and damages between the state, the town in which the crossing is located, and the corporation owning or operating the railroad which crosses such public way, and shall order twenty-five per cent thereof to be paid by the state, ten per cent thereof to be paid by the town in which such crossing is located, and the remainder thereof shall be paid by the corporation owning or operating the railroad. While the use of any way is obstructed in carrying out the foregoing provisions of this section, such temporary way shall be provided by the corporation as the commissioners may order; *provided, however*, that the commissioners shall not make any order upon any petition filed under the provisions of this section until they are satisfied, by investigation or otherwise, that the financial condition of the corporation owning or operating the railroad in question will enable said corporation to comply with such order, and that the probable benefit to the public will warrant said order and the probable expense resulting therefrom, and that said order can be complied with without exceeding the state appropriation available therefor.

CHAP. 23.

SEC. 35. Whenever the railroad commissioners, upon an application or petition brought under the provisions of the preceding section find that a public way crosses or is crossed by tracks of more than one railroad and the tracks of such railroads are so near together that public convenience requires the work of abolishment, alteration, change or removal to be done under and in compliance with one order, they shall give notice to all the corporations operating such railroads to appear before them and be heard upon the application; and after such notice and hearing said commissioners shall determine what abolishment, alteration, change or removal, if any, of said crossing, shall be made and shall determine by whom such work shall be done and shall apportion the percentage of expense to be borne by the railroad corporations as hereinbefore provided between such corporations in such manner as said commissioners shall deem just and proper.

SEC. 36. The order of the railroad commissioners relating to any matter upon which they may act under the authority of the two preceding sections shall be communicated in writing to the petitioners and to all persons to whom notice of the hearing on such petition was given; and any person aggrieved by such order, who was a party to such proceedings, may appeal from such order to the supreme judicial court within and for the county in which such way or crossing is located in the manner now provided by law for appeals from the findings of the railroad commissioners. Any person aggrieved by the decision or judgment of the railroad commissioners in relation to damages for land taken for the purposes of the two preceding sections may appeal from said decision in the manner provided for in section thirty-six of chapter fifty-three.

SEC. 37. The amount to be paid under the provisions of the three preceding sections by the state in any one year shall not exceed fifteen thousand dollars, and said sum, or such portion thereof as may be required, shall be expended from the annual railroad tax.

SEC. 38. The four preceding sections shall not apply to railroads of less than standard gauge or to street railroads, excepting, however, that in all cases where a street railroad has a right of way in a public way crossing a railroad the commission shall apportion to such street railroad an equitable share of the damages and expenses of alteration which shall be paid by said street railroad, and the balance of such expenses and damages shall be apportioned as provided in section thirty-four; and in all cases where a street railroad acquires the right to lay its tracks over a crossing which has been altered under the provisions of sections thirty-four or thirty-five, the railroad commissioners shall fix the amount which such railroad shall pay to the state before it shall exercise its right to lay its tracks over such crossing; and in either case the commissioners shall make such order for the apportionment of the expense of future maintenance of such crossing as they shall deem equitable.

ASSESSMENTS UPON ABUTTERS ON CITY STREETS.

SEC. 39. Whenever the city council lay out any new street or public way, or widen or otherwise alter or discontinue any street or way in a city, and decide that any persons or corporations are entitled to damage therefor, and estimate the amount thereof to each in the manner provided by law, they may apportion the damages so estimated and allowed, or such part thereof as to them seems just, upon the lots adjacent to and bounded on such street or way, other than those for which damages are allowed, in such proportions as in their opinion such lots are benefited or made more valuable by such laying out or widening, alteration or discontinuance not exceeding in case of any lot the amount of such benefit; but the whole assessment shall not exceed the damages so allowed. fore such assessment is made, notice shall be given to all persons interested of a hearing before said council, at a time and place specified, which notice shall be published in some newspaper in said city at least one week before said hearing.

SEC. 40. After said assessment has been made upon such lots or parcels and the amount fixed on each, the same shall be recorded by the city clerk, and notice shall be given within ten days after the assessment by delivering to each owner of said assessed lots resident in said city a certified copy of such recorded assessment, or by leaving it at his last and usual place of abode, and by publishing the same three weeks successively in some newspaper published in said city, the first publication to be within said ten days, and said clerk within ten days shall deposit in the post office of said city, postage paid, a certified copy of such assessment directed to each owner or proprietor residing out of said city, whose place of residence is known to said clerk, and the certificate of said clerk shall be sufficient evidence of these facts, and in the registry of deeds shall be the evidence of title in allowing or assessing damages and improvements, so far as notice is concerned.

SEC. 41. Any person not satisfied with the amount for which he is assessed, may, within ten days after service of the notice provided for by the preceding section in either manner therein provided, by request in writing given to the city clerk, have the assessment upon his lot or parcel of land determined by arbitration. The municipal officers shall nominate six persons who are residents of said city, two of whom selected by the applicant, with a third resident person selected by said two persons, shall fix the sum to be paid by him, and the report of such referees made to the clerk of said city, and recorded by him, shall be final and binding upon all parties. Said reference shall be had and their report made to said city clerk within thirty days from the time of hearing before the municipal officers as provided in section thirty-nine.

SEC. 42. All assessments made under the provisions of section thirty-nine, shall create a lien upon each and every lot or parcel of land so assessed, and the buildings upon the same, which lien shall (take effect when the municipal officers file with the town clerk the completed assessment and shall) continue one year (thereafter) *after said assessments are made*, and within ten days after they are made, the clerk of said city shall make out a list of all such assessments, the amount of each, and the name of the person against whom the same is assessed, and he shall certify the list and deliver it to the treasurer of said city; if said assessments are not paid within three months from the date thereof, the treasurer shall sell, at public auction, such of said lots or parcels of land upon which such assessments remain unpaid, or so much thereof, as is necessary to pay such assessments and all costs and incidental charges; he shall advertise and sell the same within one year from the time said assessments are made, as real estate is advertised and sold for taxes under chapter ten, and upon such sale, shall make, execute and deliver his deed to the purchaser, which shall be good and effectual to pass the title of such real estate; the sum for which such sale shall be made, shall be the amount of the assessment and all costs and incidental expenses. Any person to whom the right by law belongs, may at any time within one year from the date of said sale redeem such real estate by paying to the purchaser or his assigns the sum for which the same was sold, with interest thereon at the rate of twenty per cent a year, and the costs of reconveyance.

SEC. 43. If said assessments are not paid, and said city does not proceed to collect said assessments, by a sale of the lots or parcels of land upon which such assessments are made, or does not collect, or is in any manner delayed or defeated in collecting such assessments by a sale of the real estate so assessed, then the said city, in the name of said city,

may maintain an action against the party so assessed for the amount of said assessment, as for money paid, laid out and expended, in any court competent to try the same, and in such action may recover the amount of such assessment, with twelve per cent interest on the same from the date of said assessment, and costs.

SEC. 44. Whenever a majority of the abutters in number and value upon any street or road in the thickly settled portion of any city or town, shall in writing petition the city or town officers (council or municipal officers of the town) to improve said street, (or road) highway, avenue or alley, by grading, parking, curbing, gravelling, macadamizing, paving or in any other way making a permanent street of the same, or any part thereof, and to provide for the making and reconstructing of such street improvements, *said city or town shall have the power to assess two-thirds of the cost on the abutting property. The assessment shall be made in the same manner and form and be subject to the same rights and methods of appeal as are provided in case of sewers in chapter twenty-one* (and such improvements are made, two-thirds of the cost thereof may be assessed on the property adjacent to and bounded on said street or road in the manner, and with the same right of appeal, provided in the five preceding sections, which are hereby made applicable to such assessments.) *In determining the number and value of the abutters on said street, the last assessors' valuation shall be used.*

WHEN WAYS ARE TO BE OPENED.

SEC. 45. When a town way, private way or highway, is wholly or partly discontinued by the commissioners, a time shall be fixed for it. And when laid out by them the way shall be regarded as discontinued, if not opened within six years from the time allowed therefor. When town or private ways are finally located by municipal officers, unless the land is entered upon and possession taken for said purpose within two years after the laying out or alteration, the proceedings are void. When a town way or highway is not opened and made passable by the town liable, or a hill therein has not been graded, within the time prescribed therefor by the commissioners, they may, after notice to the town, cause it to be done by an agent, not one of themselves, on petition of those interested. The agent shall make a written contract therefor and file a copy of it in the clerk's office; and the commissioners shall forthwith certify to the assessors of the town interested, the time when such contract is to be completed, and the amount to be paid therefor. They may examine the doings of their agent, and at pleasure remove him and appoint another. His account shall not be allowed without notice to the town. When the contract has been completed and the accounts allowed, the town shall pay the amount expended, with the expenses of the agent for superintendence, and for procuring the allowance of his account. If the judgment of the commissioners in favor of laying out, grading or altering a way as prayed for, is wholly reversed on appeal, the commissioners shall proceed no further. If their judgment is affirmed in whole, or in part, they shall carry into effect the judgment of the appellate court; and in all cases, they shall carry into full effect the judgment of the appellate court, in the same manner as if made by themselves; and the party appealing or prosecuting shall pay the costs incurred since the appeal, if so adjudged by the appellate court, which may allow costs in such cases to the prevailing party, to be paid out of the county treasury. County commissioners in their counties may, upon the same petition, lay out, alter or discontinue highways, through a town or towns or a plantation or plantations, and tracts of land not in any town or plantation, and in respect to that part of the highway situate in any town or plantation required by law to raise money to make and repair highways, the same proceedings shall be had as are now provided by law in case of a petition to lay out, alter or discontinue highways leading from town to town; and in respect to that part of the highway not situate in any town or plantation required by law to raise money to make and repair highways, the same proceedings shall be had as are now provided by law in case of a petition to lay out, alter or discontinue a highway in places not incorporated. The time and place of hearing upon such petition shall be according to section fifty-one, in case of an appeal to the supreme judicial court, the appeal may be made at any time after the return of the commissioners has been placed on the files, and before the next term of said court in the county; and the proceedings upon the appeal shall be according to section fifty-three. SEC. 64. When a town liable to maintain a way, unreasonably neglects to keep it in repair, as aforesaid, after one of the municipal officers has had five days' actual notice or knowledge of the defective condition, any three or more responsible persons may petition the county commissioners for the county, setting forth such facts, who, if satisfied that such petitioners are responsible for the costs of the proceedings, shall fix a time and place near such defective way, for a hearing on such petition, and cause such notice thereof to be given to the town and petitioners as they may prescribe. At the time appointed, the commissioners shall view the way, alleged to be out of repair, and hear the parties interested, and if they adjudge the way to be unsafe and inconvenient for travelers, horses, teams and carriages, they shall prescribe what repairs shall be made, fix the time in which the town shall make them, give notice thereof to the municipal officers and award the costs of the proceedings against the town. SEC. 65. Such petition may be presented to said commissioners at any of their sessions, or in vacation to their chairman, who shall procure the concurrence of his associates in fixing the time and place in the order of notice, and cause the petition to be entered at their next session. And they shall make full return of their proceedings on the petition, and cause the same to be recorded as of their next regular term after the proceedings are closed.

SEC. 66. If the town neglects to make the repairs prescribed by the commissioners, within the time fixed therefor in such notice to the town, they may cause it to be done by an agent, not one of themselves. Such agent shall cause the repairs to be made forthwith, and shall render to the commissioners his account of disbursements and services in making the same. His account shall not be allowed without such notice to the town, as the commissioners deem reasonable. When the account is allowed, the town becomes liable therefor, with the agent's expenses in procuring the allowance of his account, and interest after such allowance, and said commissioners shall render judgment therefor against the town in favor of the agent. If a town neglects to pay said judgment for thirty days after demand, a warrant of distress shall be issued by the commissioners to collect the same.

SEC. 67. When a way is established on a line between towns, their municipal officers shall divide it crosswise, and assign to each town its portion thereof by metes and bounds, which, within one year thereafter, being accepted by each town, at a legal meeting, shall render each town liable, in the same manner as if the way were wholly within the town; when a division of it is not so made, the selectmen of either town may petition the county commissioners, who shall give notice by causing a copy of such application with their order thereon appointing a time and place of hearing, to be served upon the clerk of each town thirty days, or by causing it to be published in some newspaper printed in the county for three weeks, previous to the time appointed; and after hearing the parties, they may make such division.

SEC. 68. A highway may be laid out on the line between towns, part of its width being in each, and the commissioners may then make such division of it and enter the same of record, and each town shall be liable in all respects, as if the way assigned to it were wholly in the town.

SEC. 69. Whenever a highway located after the first day of January, nineteen hundred and six crosses any river which divides towns, the expense of constructing, maintaining and repairing any bridge across such river shall be borne by such towns in proportion to their last state valuation prior to such location.

SEC. 70. When any ways are blocked or encumbered with snow, the road commissioner shall forthwith cause so much of it to be removed or trodden down, as will render them passable. The town may direct the manner of doing it. In case of sudden injury to ways or bridges, he shall, without delay, cause them to be repaired. And all damage accruing to a person in his business or property, through neglect of such road commissioner or the municipal officers of such town, to so render passable, ways that are blocked or encumbered with snow, within a reasonable time, may be recovered of such town by a special action on the case.

SEC. 71. There shall be furnished and kept in repair in each section of the town, through which there is a mail route, some effectual apparatus for opening ways obstructed by snow, to be used to break and keep open the way to the width of ten feet, and the municipal officers of towns, or any road commissioner under their direction, may take down fences upon the line of public highways when they deem it necessary to prevent the drifting of snow therein; but they shall in due season be replaced, in as good condition as when taken down, without expense to the owner.

CHAP. 23.

SEC. 72. A sum not exceeding five per cent of the amount raised for repair of ways and bridges may be expended by a road commissioner under the direction of the municipal officers, in planting trees about public burying-grounds, squares and ways, if the town by vote authorizes it.

Trees may be planted.

See c. 4, § 87, ¶ 6.

SEC. 73. A road commissioner may remove any obstacle, which obstructs or is likely to obstruct a way, or render its passage dangerous. He may dig for stone, gravel or other material suitable for making or repairing ways in land not enclosed or planted, and remove the same to the ways. If the land from which such materials were taken is not within the limits of the way, the owner of it shall be paid therefor in money by the town, to be recovered after demand and refusal by the road commissioner, in an action as on an implied promise. Any person so aggrieved may complain to the municipal officers, who shall view the water-course and may cause it to be altered as they direct. (b)

SEC. 77. Whoever wilfully violates any provision of the preceding section shall be punished, for the first offense, by a fine of not less than five dollars nor more than ten dollars *and costs*, and for each subsequent offense, by a fine of not less than ten dollars nor more than twenty-five dollars *and costs*, and shall be further liable for double the amount of the actual damage, to be recovered in an action on the case by the city, town or plantation, or in behalf of any unorganized place, by the county, where the offense is committed. SEC. 79. When a way or street is raised or lowered by a road commissioner or person authorized, to the injury of an owner of adjoining land, he may, within a year, apply in writing to the municipal officers and they shall view such way or street and assess the damages, if any have been occasioned thereby, to be paid by the town, and any person aggrieved by said assessment, may have them determined, on complaint to the supreme judicial court, in the manner prescribed in section twenty of this chapter. Said complaint shall be filed at the term of the supreme judicial court, next to be held within the county where the land is situated, after sixty days from the date of assessment. (a)

SEC. 80. When the amount appropriated is not sufficient to repair the ways a road commissioner may, with the written consent of the selectmen, employ inhabitants of the town to labor on such ways, to an amount not exceeding fifteen per cent of the amount so appropriated and in addition thereto. (b)

SEC. 81. Towns shall annually raise money to be expended on town ways and highways, and for the repair of bridges, and the same shall be assessed and collected, as other town taxes, and expended for said purposes, by a road commissioner or commissioners, *or by the selectmen as each town may determine.*

SEC. 82. Sixty-five per cent of the highway taxes assessed shall be expended upon the highways prior to the fifteenth day of July, and the balance at such time as the commissioner, *or in case no commissioner is elected, as the selectmen deem* (deems) for the best good of the public.

SEC. 83. The road commissioner under the direction of the selectmen, shall have charge of the repairs of all highways and bridges within the towns and shall have authority to employ the necessary men and teams, and purchase timber, plank and other material for the repair of highways and bridges. He shall give bond to the satisfaction of the selectmen, and be responsible to them for the expenditure of money, and discharge of his duties generally. His compensation shall be such sum as the towns shall annually vote therefor, which sum shall, in no case be less than one dollar and fifty cents a day, for every day of actual service; and he shall render to the selectmen monthly statements of his expenditures, and receive no money from the treasury except on the order of the selectmen.

If more than one person in the same locality claims to furnish it, the municipal officers shall decide where it shall be located. Such officers may establish and maintain such public drinking troughs, wells and fountains within the public highways, squares and commons of their respective towns, as in their judgment the public necessity and convenience require; and towns may raise and appropriate money to defray the expense thereof.

SEC. 86. Towns may authorize their road commissioners or other persons to make contracts for opening or repairing their ways. (a)

SEC. 87. Whoever receives any bodily injury, or suffers damage in his property, through any defect or want of repair or sufficient railing, in any highway, townway, causeway or bridge, may recover for the same in a special action on the case, to be commenced within one year from the date of receiving such injury, or suffering damage, of the county or town obliged by law to repair the same, if the commissioners of such county, or the municipal officers or road commissioners of such town, or any person authorized by any commissioner of such county or any municipal officer, or road commissioner of such town, to act as a substitute for either of them, had twenty-four hours' actual notice of the defect or want of repair; but not exceeding two thousand dollars in case of a town; and if the sufferer had notice of the condition of such way previous to the time of the injury, he cannot recover of a town unless he has previously notified one of the municipal officers of the defective condition of such way; and any person who sustains injury or damage, as aforesaid, or some person in his behalf, shall within fourteen days thereafter, notify one of the county commissioners of such county, or of the municipal officers of such town, by letter or otherwise, in writing, setting forth his claim for damages and specifying the nature of his injuries and the nature and location of the defect which caused such injury. If the life of any person is lost through such deficiency, his executors or administrators may recover of such county or town liable to keep the same in repair, in an action on the case, brought for the benefit of the estate of the deceased, such sum as the jury may deem reasonable as damages, if the parties liable had said notice of the deficiency which caused the loss of life; at the trial of any such action the court may, on motion of either party, order a view of the premises where the defect or want of repair is alleged, when it would materially aid in a clear understanding of the case. SEC. 88. When on trial of any such action or indictment, it appears that the defendant county or town has, within six years before the injury, made repairs on the way or bridge, it shall not deny the location of such way or bridge. (a)

SEC. 89. No town is liable for such an injury when the weight of the load, exclusive of the carriage, exceeds six tons. Proof of its weight must be made by the plaintiff.

SEC. 90. No town is liable to an action for damages to any person on foot, on account of snow or ice, on any sidewalk or cross-walk, nor on account of the slippery condition of any sidewalk or cross-walk.

SEC. 91. In an action against a town for damages alleged to have occurred by reason of a defect in a railroad crossing, constituting part of a highway which said town is obliged to keep in repair, the railroad company owning or occupying such crossing, may be notified of the pendency of the suit, and take upon itself the defense of the same.

SEC. 92. In such trial, after notice as provided in the preceding section, if the plaintiff recovers, and the jury finds specially that the damage was occasioned by the fault of such company, it shall be liable to the defendants in said suit in an action of debt for all damage and costs paid by them.

The word "highway" used therein includes town ways, causeways and bridges.

court, to remain on file for the inspection of those interested, and subject, on their motion, to be audited and corrected by the court. If an agent is guilty of gross neglect of duty, or fraudulently misapplies or retains the fine, he forfeits to the town double its amount, to be recovered by indictment.

SEC. 96. When a fine is imposed on a town, the clerk of the court shall certify it forthwith to the assessors; who shall assess the amount thereof, as other town taxes, certify the same to said clerk, and cause the amount to be collected by their collector, who shall pay the same to such agent at such time as the court orders. If not paid by that time, the clerk, on application of such agent, shall issue a warrant for its collection, as the treasurer of state may do for the collection of a state tax.

SEC. 97. If the assessors neglect to make such assessment and to certify it to the clerk, and the defective way is not repaired to the acceptance of such agent within four months after notice of the fine, the court may issue a warrant to collect of the town the fine and costs, or the unpaid part thereof.

SEC. 98. Any person may take down and remove gates, bars or fences, upon or across any highway or townway, unless they are there to prevent the spread of infectious disease, or were placed there by license of the county commissioners or municipal officers of the town. To those granting such license, a person aggrieved by such removal may apply, and on proof that such erections were made by their license, they may order them to be replaced by the person who removed them.

SEC. 99. When logs, lumber or other obstructions, without necessity are left on such ways, any road commissioner, or when no road commissioner is chosen, one of the municipal officers, may remove them; and he shall not be liable for loss or damage thereof, unless occasioned by design or gross negligence. When no one appears to pay the expense and trouble of removal, he may sell at public auction so much thereof, as is sufficient for the purpose, with charges of sale, posting notice of the time and place of sale in two public places in the town seven days prior thereto. The person, through whose neglect or wilful default they were left, may be prosecuted as for a nuisance.

SEC. 100. When any thing has been adjudged to be a nuisance and to be abated, and the materials of which it is composed do not, on sale as aforesaid produce sufficient to pay the charges of prosecution, removal and sale, the court may order the deficiency to be raised by levy on the personal property of the person convicted of causing such nuisance.

SEC. 101. When buildings or fences have existed more than twenty years fronting upon any way, street, lane or land appropriated to public use, the bounds of which cannot be made certain by records or monuments, such buildings or fences shall be deemed the true bounds thereof. When the bounds can be so made certain, no time less than forty years will justify their continuance thereon, and on indictment and conviction they may be removed. Persons owning lands beside a highway or townway, on which are buildings or fences that encroach within the limits of said way, may by a writing under seal, by them signed and acknowledged, and recorded in the registry of deeds for the county in which the land lies, admit to the municipal officers of the town in which said way exists, the true bounds or limits of said way, and the extent of their wrongful occupancy thereof. And thereafter such persons, and all claiming title under or through them, shall be estopped from asserting any right to the continuance of such buildings or fences within said limits, for the full term of forty years from the date of such deed. SEC. 102. Towns shall erect and maintain at all crossings of high-ways, and where one public highway enters another, substantial guide-posts not less than eight feet high, and fasten to the upper end of each a board, on which shall be plainly printed, in black letters on white ground, the name of the next town on the route, and of such other place as the municipal officers direct, with the number of miles thereto, and a figure of a hand with the forefinger pointing thereto; and for any neglect here-of towns are subject to a fine of not less than ten, nor more than fifty dollars, to be recovered by complaint or indictment. Judges of municipal and police courts and trial justices within their respective counties shall have original and concurrent jurisdiction with the superior and supreme judicial courts; and of all fines provided for by this section, and recovered on complaint, one-half shall go to the prosecutor and one-half to the county where the town committing the offense is situated.

SEC. 103. If the municipal officers of any town unreasonably neglect to cause a guide-post to be erected in their town as provided by law, they forfeit five dollars for each month's neglect, to be recovered in an action on the case by any person suing therefor. Plantations assessed in state or county taxes, and their officers, are under the same obligations and subject to the same penalties in these respects as towns.

SEC. 104. Persons desiring to make an excavation near a street or public way, may make written application to the municipal officers setting forth its nature and extent, and requesting their direction thereon; such officers shall in writing direct whether it may or not be made, and if permitted, the manner of making it; and when so made, no liability is incurred thereby. If not so made, the person making it is liable to the town, in an action on the case, for all damages occasioned by the repair of the way, or paid to persons injured by defects therein, caused by such excavation.

SEC. 105. Ice bridges may be constructed and maintained by persons for their own and the public use across any river or body of water, when its ordinary navigation is obstructed by ice. Whoever wilfully destroys such bridge to prevent its use, forfeits not less than five, nor more than twenty dollars, to be recovered by complaint, half to the complainant, and half to the state. No person shall take down or injure any fence or occupy any land for the construction or use of such a bridge without consent of the owner first obtained.

SEC. 106. Whenever the state highway commission deems that trees, bushes, or other encroachments within the limits of a public way obstruct the view at railroad crossings, or where one public way enters another, and thereby renders such way dangerous to travelers, it shall cause the removal of such obstructions. The state highway commission may also enter upon private property at such places and from time to time cause the removal of trees and bushes growing thereon and obstructing the view as aforesaid. Any damages sustained by such removal, after due notice given, shall be assessed and awarded by the state highway commission and paid in the same manner as prescribed by law in the case of damages by the laying out of highways, and appeals from the findings of the state highway commission shall be entered and prosecuted in like manner and be subject to like limitations.

SEC. 107. Placing turf in the traveled part of any highway, street or town way by any municipality, its employees or contractors is prohibited, unless said turf is cut fine or covered up. Upon violation of this section the state highway commission shall cause payment of state money for highways to such municipality to be withheld until such turf is removed at the expense of the municipality and the way restored to the satisfaction of the state highway commission.

SEC. 108. No advertising signs shall be erected or maintained within five hundred feet of crossings of highways or within five hundred feet of

where one public way enters another within the limits of such ways. The state highway commission shall cause any signs so erected to be removed at the expense of the person erecting or maintaining the same, to be recovered in an action on the case. Such person shall also be subject to fine not exceeding fifty dollars to be paid to the treasurer of state, and credited to the highway fund. The state highway commission shall cause the provisions of sections one hundred and two and one hundred and three of this chapter to be enforced on all state and state aid roads.

SEC. 109. On and after the first day of August, nineteen hundred nine, whenever any bridge within the state is to be constructed or repaired, the cost of which construction or repair shall amount to one thousand dollars or more, and the cost of such construction or repairs is to be paid wholly or in part by the state, the contract for the same shall be awarded as follows: The state highway commission, county commissioners or municipal officers within the county where said new construction or repairs are to be made shall advertise for sealed proposals not less than two weeks in such papers as the state highway commission may direct, the last advertisement to be at least one week before the time named therein for the closing of such bids. Sealed proposals submitted in accordance with said advertisement shall be addressed to the state highway commission or county commissioners having the construction in charge and shall remain sealed until opened in the presence of said commission or commissioners at such times as the state highway commission may direct.

SEC. 110. No contract shall be awarded unless its faithful performance shall be secured to the state by a bond in penal sum of not less than twenty per cent of the amount of the contract. *Such bond shall be payable to the state of Maine and shall be deposited with the state treasurer.*

EXCAVATIONS IN CITY STREETS.

SEC. 111. Whenever the paving or repairing of any street or public highway shall have been ordered by the city council, the commissioner of public works or such officer as the city government may appoint, shall duly serve upon owners of property abutting on such street or highway, and upon all corporations, persons, firms, bridge or water districts occupying such street or highway, a notice directing such owners, corporations, persons, firms, bridge or water districts, to make such sewer, water, and conduit connections or other work, as may be designated, within sixty days from date of such notice. At the expiration of the time fixed, and after such street has been paved or repaired, no permit shall be granted to open such street for a period of five years except as hereinafter provided.

SEC. 112. If the owners, corporations, persons, firms, bridge or water districts comply with the notice given under the preceding section, the commissioner of public works, or such officer as the city government may appoint, may, in the case of an emergency, grant and renew permits for digging or making excavations in the driveways of any of the public highways of the city for the laying of gas, water, steam or ammonia pipes or conduits, or for any other lawful purpose. Every permit shall specify the time prescribed by resolution or ordinance, or when no time is prescribed, the commissioner of public works or such officer as the city government may appoint, shall specify a time during which said excavation may remain open, the place where such excavation may be made and the number of square yards of surface which may be disturbed.

SEC. 113. Any person or persons, firms, corporations, bridge or water districts, who shall dig or make an excavation in the driveway of any public highway without first obtaining such permit as aforesaid or who having obtained such permit shall disturb a greater area of surface than specified in such permit, shall be punished by a fine of twenty-five dollars for each and every offense.

SEC. 114. The commissioner of public works or such officer as the city government may appoint, shall keep a record of all permits granted by him, and, before any permit is granted (work done by the city employees excepted) the applicant shall pay to the city treasurer the following fees, to wit: For every permit for making an excavation within the driveways of any public highway paved with broken stone, granite block, wood block, brick, hassam, bitulithic or other permanent pavement, shall be as follows: For bitulithic, brick or wood block pavement, four dollars per square yard; and for all other pavements two dollars and fifty cents per square yard. All such fees paid to the city treasurer shall be regularly accounted for by him in his report to the city council, and shall constitute a special fund for the repaving of said cuts; when such cuts are repaired by the street department, the cost thereof shall be charged to said fund.

SEC. 115. It shall be unlawful for any person or persons, firms, corporations, bridge or water districts, having the right of opening or making excavations within the driveways of public highways in the city, to leave open at any time any trench or excavation of a greater length than two hundred feet, except by permission of the officer granting such permit; and such person or persons, firms, corporations, bridge or water districts, shall fully and completely fill up such trench to the surface of the bed upon which the pavement is to be relaid, before making any further trench or excavation; such filling shall be puddled or rammed as the nature of the soil may require, and shall be done and completed within the time designated in the permit for completing such trench or excavation; any person or persons, firms, corporations, bridge or water districts, failing to comply with the requirements, or infringing on the prohibitions of this section, shall be punished by a fine of fifty dollars for each offense; *provided*, that these requirements, prohibitions and penalties shall not apply to excavations in grading, building or repairing any of the public highways under the supervision of the city authorities.

SEC. 116. Such person or persons, firms, corporations, bridge or water districts, shall protect the paving on either side of the opening by the use of sheet piling or such other means as will prevent the escape of sand from underneath it; and in determining the number of square yards of paving disturbed, there shall be included such area of paving adjoining the trench actually opened, as will in the opinion of the commissioner of public works or such officer as the city government may appoint, be required to be taken up and relaid by reason of such failure to properly protect the same.

SEC. 117. If the work or any part thereof mentioned in the preceding sections of repairing or filling the trenches or excavations aforesaid, shall be unskillfully or improperly done, the commissioner of public works or such officer as the city government may appoint, may forthwith cause the same to be skillfully and properly done, and shall keep an account of the expense thereof; and in such case such person or persons, firms, corporations, bridge or water districts, in default as aforesaid, shall forfeit and pay a penalty equal to the whole of said expense incurred by said commissioner of public works or such officer as the city government may appoint, with an addition of fifty per cent; and thereafter, that is to say, upon the completion of the work and the determination of the costs thereof, the said commissioner of public works or such officer as the city government may appoint, shall issue no further or new

permit to any person or persons, firms, corporations, bridge or water districts so in default, until he shall receive in addition to the fees herein above provided, the amount of the penalty as by this section provided and determined.-

SEC. 118. When any excavation shall be made in any paved public highway and the trench shall have been filled as required by the two preceding sections, the commissioner of public works or such officer as the city government may appoint, shall relay the pavement; the cost thereof, including materials, labor and inspection, shall be paid out of any moneys in the city treasury standing to the credit of the regular fund for this purpose.

Relaying of pavements.
1911, c. 34, § 8.

SEC. 120. When any excavation shall be made in any paved public highway and said pavement is repaired by a contractor or the commissioner of public works or such officer as the city government may appoint, the commissioner of public works or such officer as the city government may appoint, where said pavements are laid on a concrete base, shall have the concrete cut back on each side of the ditch a distance of eight inches, and in issuing the permits for cutting the pavements, this extra width shall be charged to the person applying for the same.

REPAIR OF PRIVATE WAYS OWNED IN COMMON.

SEC. 121. When four or more persons are owners and occupants of a private way or bridge, any three of them may make written application to a justice of the peace to call a meeting, who may issue his warrant setting forth the time, place and purpose thereof, a copy of which shall be posted at some public place in the town seven days before such time. Highways shall be classified. 1913, c. 130, § 6.

SEC. 6. The commission may from time to time make and shall enforce rules and regulations relating to construction and maintenance of all state and state aid highways and relating to the manner of conducting all investigations and hearings and the administration of its office, powers and duties, subject to the provisions of this chapter; and shall direct the expenditure of all moneys for construction and maintenance of all state and state aid highways. On all state and state aid highways all guide-posts shall be of such reasonable form, height and design as the commission shall designate. The commission may establish detour roads during construction or repair of state or state aid highways, and may authorize the expenditure of such sums as it deems necessary to make the same safe for travel. In all state and state aid highway construction and maintenance the commission shall have the powers of municipal officers conferred by section twenty-six of chapter twenty-one of the revised statutes relating to construction and maintenance of ditches and drains. SEC. 7. The commission shall lay out, construct and maintain a system of state and state aid highways substantially as herein described, and the expense of constructing such state highways shall be borne wholly by the state, except as otherwise provided in section twenty-two. The commission shall be sole arbiter of the designation of the state and state aid highways, but shall after reasonable notice by publication give all parties interested an opportunity to be heard thereon before commencing such construction. Except as provided in section twenty-two, the construction of state highways shall be paid for wholly from the proceeds of the state bond issue herein provided for, and the proceeds of the aggregate of such bonds shall be expended equitably among the various counties. Whenever construction on state highways is commenced in any county it shall be continued on such highway until an improved section of it at least seven miles is completed, or until it connects with another improved section of state highway, so that the combined sections constitute an improved way at least seven miles in length.

SEC. 8. State highways shall be continually maintained under the direction and control of the commission at the joint expense, as herein-after provided, of the state and the town in which the same are located; the charge against such town for maintenance of its state highways shall be the actual cost of such maintenance but not exceeding an average of sixty dollars per mile per year, but the commission may in respect thereto grant to such towns such financial assistance as it deems advisable. The provisions of this section shall apply only to those state highways constructed and improved by the state under this chapter, and to such other portions of designated state highways, to the improvement of which the state has heretofore contributed, as the commission may hereafter indicate as taken over by it, and the commission shall as rapidly as it deems advisable so take over such highways for the purpose of maintenance as herein provided.

SEC. 9. If any town fails to pay, except as otherwise provided in this chapter, its portion of the cost of the maintenance of state and state aid highways on or before the first day of January of the following year, the same shall be collected and paid in the manner provided in section twenty-four and the amounts so collected from such town shall be added to the fund for maintenance and administration.

SEC. 10. The commission shall have full power in the letting of all contracts for the construction of all state and state aid highways except as elsewhere herein otherwise provided. The commission shall make all surveys, plans, estimates, specifications and contracts for all proposed work, and shall, except as otherwise provided in this chapter, advertise for bids for the same in two or more public newspapers printed wholly or in part in the state, also in one public newspaper printed wholly or in part in the county where the proposed work is to be done, if any such newspaper is so printed in such county; such advertisement shall state the place where the bidders may examine the plans and specifications, and the time and place where the bids for such work will be received by the commission. Each bidder must accompany his bid with a certified check, payable to the treasurer of state, for ten per cent of the amount of his bid as a guarantee that if the work is awarded to him he will contract with the commission for its due execution; such checks shall be returned to the respective unsuccessful bidders. The check of the successful bidder shall be returned to him upon the execution and delivery to the commission of his contract and his bond with sufficient sureties, in terms satisfactory to the commission for the due execution of such work. All bids so submitted shall be publicly opened, read and

placed in ways to be removed, c. 23, § 107; also, advertising signs, c. 23, § 108; duties as to award of bridge contracts, c. 23, § 109; may grant permits for moving heavy vehicles and loads over highways and bridges, c. 25, § 13.

posted at the time and place stated in such advertisement. The commission shall have the right to reject any or all bids if in its opinion good cause exists therefor, but otherwise it shall award the contract to the lowest responsible bidder. Any town may submit bids for state and state aid highway construction within its limits, and shall be subject to all requirements prescribed for other contractors, except that no bond need be required of it. If all bids for work under this chapter are rejected, or if no bids are received, the commission may perform said work by any method which the governor and council approve. The commission shall have full power in all matters relating to the furnishing of bonds by the successful bidders for the completion of their work and fulfilling of their contracts, and for the protection of the state and town from all liability arising from damage or injury to persons or property. The commission after making surveys, plans and estimates for proposed construction of state aid highways in a town may when deemed by said commission advisable, make contracts with such town according to said survey and specifications and upon terms satisfactory to and under control of the commission without advertising said contracts for bids.

—town may submit bids for work within its limits.

—commission may accept or reject bonds.

SEC. 11. The commission may purchase, take over, and hold for the state as for public use such materials and land as may be necessary to provide a change of location or alignment of any state or state aid highway as herein designated, or to secure materials, including clay, gravel, sand and rock, with necessary ways and access thereto, for the improvement, construction, and maintenance of state and state aid highways under the provisions of this chapter. Whenever the commission determines that public exigency requires the taking of land as aforesaid, it shall cause the same to be surveyed and described and a plan thereof and said description to be recorded in the registry of deeds for the county (or registry district) where the same is located, and notice thereof shall be given in some newspaper, if any, published wholly or in part of said county. If the commission is unable to purchase such material or land with necessary ways and access thereto at what it deems a reasonable valuation, the county commissioners of the county wherein such material or land is located shall, on petition of the commission or interested parties, ascertain and determine the damages in the same manner as provided by statute for land taken for highway purposes, and all parties aggrieved by the estimate of damage shall have like remedies as provided by statute for appraisal of damages for land taken by towns for highway purposes, and such damages shall be paid by the treasurer of state, from the appropriate funds provided under this chapter. The commission may vacate any land or part thereof or rights in land which have been taken or acquired for highway purposes under the provisions hereof, by executing and recording a deed thereof, and such action shall revert the title to the lands or rights so vacated in the persons, their heirs and assigns, in whom it was vested at the time of the taking, and the value at the time of vacation may be pleaded in mitigation of damages in any proceedings therefor on account of such taking. The governor and council on recommendation of the commission may sell and convey on behalf of the state the interests of the state in property acquired by purchase under this section and deemed no longer necessary for the purposes hereof, and the proceeds of such sale shall so far as practicable be credited to the fund from which such purchase was originally made.

The commission may in respect thereto grant such towns such financial assistance as it deems advisable.

SEC. 13. The commission may alter, widen or change the grade of any state or state aid highway whenever in its judgment the public exigency may require, and may lay out, establish and open a new highway as a state or state aid highway. It may also discontinue a highway as a state or state aid highway and the same shall be thereafter maintained by the town or county originally liable therefor except as herein otherwise provided. The commission shall fix a time and place for hearing on any such alteration, widening, change of grade or laying out, which may affect parties interested, giving at least fourteen days' notice of the time and place of hearing in the same manner as provided by statute in respect to laying out highways. If after a view of such way the commission shall judge that the public necessity requires that such way be altered, widened, changed or graded, or that a new way be laid out, established and opened as a state or state aid highway, it shall proceed to perform the duties required, and make a correct return of its doings accompanied by an accurate plan of such highway as laid out or altered; and shall proceed to estimate and award such damages in the same manner as provided by statute in respect to highways. The provisions of section nine of chapter fifty-seven and of sections one hundred and eleven to one hundred and twenty, both inclusive, of chapter twenty-three, relating to the repair of streets dug into, may be enforced by the commission wherever state or state aid highways are affected. No town in which a state or state aid highway lies shall be relieved from any obligations of statute relating to ways blocked or encumbered with snow, anything to the contrary elsewhere in this chapter notwithstanding.

SEC. 16. Municipal officers shall designate such practicable systems of public ways within their jurisdiction as will best serve outlying communities, connect adjoining towns and villages, and facilitate travel in reaching markets, railroad connections and state roads; due consideration being given to cost as well as distance and volume of travel. A suitable description of each such way shall be thereupon presented to the commission for its approval, and upon the same being approved and accepted by the commission said way shall be established and known as a state aid highway. Twenty or more voters in any such town by written petition, presented within thirty days after the description of such way has been filed with the commission shall have the right to be heard on the acceptance thereof; and the commission may accept or reject any part or all of such way and impose terms in respect thereto.

state and town in which the same are located; the charge against such town for maintenance of its state aid highways shall not exceed fifty per cent of the actual cost of such maintenance nor an average of thirty dollars per mile per year. The provisions of this section shall apply only to those state aid highways constructed and improved by the state under this chapter, and to such other portions of designated state aid highways, to the improvement of which the state has heretofore contributed, as the commission may hereafter indicate as taken over by it, and the commission shall as rapidly as it deems advisable so take over such highways for the purpose of maintenance as herein provided.

SEC. 18. If any town desires state aid as provided by this chapter, for the building or permanent improvement of one or more of its state aid highways, such town may raise and appropriate in addition to the amounts regularly raised and appropriated for the care of ways, highways and bridges the following amounts on account of which state aid shall be paid:

Towns having a valuation of two hundred thousand dollars or less may appropriate any amount not exceeding three hundred dollars; towns having a valuation of over two hundred thousand dollars and not over eight hundred thousand dollars may appropriate any amount not exceeding five hundred thirty-three dollars; towns having a valuation of over eight hundred thousand dollars and not over one million dollars may appropriate an amount not exceeding six hundred dollars; and towns having a valuation of over one million dollars and not over three million dollars may appropriate in addition to the sum of six hundred dollars an additional sum of sixty-six dollars for each two hundred thousand dollars or fraction thereof valuation in excess of one million; towns having a valuation of over three million dollars and not over four million dollars may appropriate not exceeding one thousand three hundred and thirty-three dollars; and towns having a valuation of over four million dollars may appropriate in addition to the sum of one thousand three hundred and thirty-three dollars an additional sum not exceeding one hundred and thirty-three dollars for each additional one million dollars of additional valuation.

SEC. 19. Annually between the fifteenth day of July and the fifteenth day of August in each year, municipal officers shall prepare and file with the commission suggestions for the improvement during the next calendar year of state aid highways located in each town accompanied by plans so far as practicable, setting forth the location of the highway and the nature of the improvement desired. The commission shall examine and report thereon with its recommendations to such municipal officers on or before the twentieth day of February following. Such report shall be submitted to the voters of such towns at the next regular meeting of such town. The municipal officers shall insert in the warrant for each annual town meeting an article calling upon the voters to vote "yes" or "no" on the question of the appropriation of money necessary to entitle the town to state aid for state aid highways for that year. If any such town then appropriates money for work contemplated in such report, and for the purpose of securing state aid as provided in this chapter, the municipal officers shall forthwith notify the commission of the amount so appropriated. The commission shall thereupon finally approve, change or disapprove such action, in whole or in part, as the appropriation and conditions require, and shall notify the municipal officers of its action. This section shall not prohibit towns from voting to do either more or less highway improvement than that contemplated in such report or from making any appropriation under the terms of this chapter. Towns failing to comply with the provisions hereof shall not be entitled to state aid for the year when such state aid otherwise would be available under this section.

Every registration of motor vehicles shall expire on the thirty-first day of December of each year and the certificate of registration thereupon becomes void.

SEC. 26. A person transferring the ownership of a registered automobile or motor truck and applying to the secretary of state for registration of another automobile or motor truck in the same calendar year, shall receive a certificate of registration and number plates therefor upon payment of a fee of two dollars, and pay the expressage, *provided* the horse power is the same as that of the former automobile or auto truck; but if the horse power of the other vehicle is greater he shall pay the difference between the fee paid by him for the vehicle first registered and the fee for the vehicle of greater horse power. A person who may exchange an automobile or motor truck before the first day of August in any year and procure a certificate of registration paying therefor a fee of two dollars, shall if the automobile or motor truck received in exchange is of less horse power than the former vehicle, be entitled to a rebate of one-half the difference between the fee of said former vehicle and the fee for the vehicle of lower horse power received in exchange as aforesaid, *provided, however*, that a person transferring the ownership of a motor cycle and applying for registration of another motor cycle within the same calendar year, shall pay for registration certificate thereof a fee of one dollar, which fee shall include seal or number plate; express charges shall be paid by the receiver.

Each license shall state the name, age, place of residence of licensee and the distinguishing number or mark assigned to him. The fee for such license to operate an automobile, motor truck or traction engine shall be two dollars, which shall be deposited at the time of making the application. Before a license to operate is granted, the applicant shall present such evidence as to his qualification to operate a motor vehicle, as may be required by the secretary of state. Every person licensed to operate motor vehicles shall indorse his name in the margin of the license and such license shall not be valid until so indorsed.

Parties to assignments under the provisions hereof shall pay the fees of the fence viewers certified under their hands, in equal proportions, and if either party neglects to pay his proportion within one month after demand, the party applying to the fence viewers may pay the same and recover of said delinquent party, in an action on the case, double the amount of his said proportion thereof. (a)

SEC. 6. If any party refuses or neglects to build and maintain the part thus assigned to him, it may be done by the aggrieved party; who is entitled to double the value and expenses, to be ascertained, and recovered as provided in section four, and shall have a lien therefor on the land owned or occupied by the party neglecting or refusing to build or maintain the partition fence assigned to him by the fence viewers, to be enforced by attachment made within one year from the day of division by them. (b)

SEC. 7. All division fences shall be kept in good repair throughout the year, unless the occupants of adjacent lands otherwise agree.

SEC. 8. When in the opinion of the fence viewers having jurisdiction of the case, it is, by reason of natural impediments, impracticable or unreasonably expensive to build a fence on the true line between adjacent lands, and the occupants disagree respecting its position, on application of either party as provided in section five, and after notice to both parties, and a view of the premises, they may determine, by a certificate under their hands communicated to each party, on which side of the true line, and at what distance, or whether partly on one side and partly on the other, and at what distances, the fence shall be built and maintained, and in what proportion by each party; and either party may have the same remedy against the other, as if the fence were on the true line.

SEC. 9. When adjacent lands have been occupied in common without a partition fence, and either party desires to occupy his in severalty, or when it is necessary to make a fence running into the water, and the parties liable to build and maintain it disagree, either party may apply to the fence viewers of the town, who shall proceed as in section five; except that the fence viewers may allow longer than thirty days for building the fence, having regard to the season of the year. In other respects the remedy shall be as there provided.

SEC. 10. When one party ceases to improve his land, or lays open his enclosure, he shall not take away any part of his partition fence adjoining the next enclosure improved, if the owner or occupant thereof will pay therefor what two or more fence viewers, on due notice to both parties, determine to be its reasonable value.

SEC. 11. When any land, which has been unenclosed, is afterwards enclosed, or used for pasturing, its occupant or owner shall pay for one-half of each partition fence on the line between his land and the enclosure of any other occupant or owner, and its value shall be ascertained in writing; if the parties do not agree, by two or more of the fence viewers of the town where such fence stands; and after the value is so ascertained, on notice to such occupant or owner, if he neglects or refuses for thirty days, after demand, to pay it, the proprietor of the fence may have an action on the case for such value and the cost of ascertaining it.

SEC. 13. When a fence between owners of improved lands is divided either by fence viewers, or by the written agreement of the parties recorded in the town clerk's office where the land lies, the owners shall erect and support it accordingly; but if any person lays his lands common, and determines not to improve any part of them adjoining such fence, and gives six months' notice to all occupants of adjoining lands, he shall not be required to maintain such fence while his land so lies common and unimproved. But all partition fences divided by parol agreement and actually built in pursuance of such agreement, including fences so built heretofore, shall be deemed legal fences as if divided by fence viewers or written agreement, and the adjoining owners shall support their respective portions of fence under such agreement, until otherwise ordered by the fence viewers, on application to them by either party. And when a party has constructed his part of a fence in pursuance of a parol or written agreement or assignment of fence viewers, no assignment shall thereafter be made by fence viewers, depriving him of the full value of such fence or any part thereof.

SEC. 69. If any proprietor declines to cultivate, use or take profit from his portion of such lands, and gives written notice of his intention so to do, to the clerk of the proprietors he shall not be regarded as liable to pay any tax or assessment on account of his portion thereof, while he neglects to cultivate, use and take profit therefrom, nor shall he be entitled to vote at the meetings of said proprietors.

Proprietor, declining to use land, shall be exempt from payment of taxes.
R. S., c. 26, § 69.

SEC. I. Settlements, subjecting towns to pay for the support of persons on account of their poverty or distress, are acquired as follows:

I. A married woman has the settlement of her husband, if he has any in the state; if he has not, her own settlement is not affected by her marriage. When, in a suit between towns involving the settlement of a pauper, it appears that a marriage was procured to change it by the agency or collusion of the officers of either town, or of any person having charge of such pauper under authority of either town, the settlement is not affected by such marriage. And no derivative settlement is acquired or changed by a marriage so procured, but the children of such marriage and their descendants have the settlement which they would have had if no such marriage had taken place. And the same rule applies in all controversies touching the settlement of paupers between the town by whose officers a marriage is thus procured and any other town, whether the person whose marriage is thus procured is a pauper at the time of the marriage or becomes so afterwards.

II. Legitimate children have the settlement of their father, if he has any in the state; if he has not, they have the settlement of their mother within it; but they do not have the settlement of either, acquired after they are of age and have capacity to acquire one. (a)

III. Children, legitimate or illegitimate, do not acquire a settlement by birth in the town where they are born. Illegitimate children have the settlement of their mother, at the time of their birth, but when the parents of such children born after March twenty-four, eighteen hundred and sixty-four, intermarry, they are deemed legitimate and have the settlement of the father. (a)

IV. Upon division of a town, a person having a settlement therein and being absent at the time, has his settlement in that town which includes his last dwelling-place in the town divided. When part of a town is set off and annexed to another, the settlement of a person absent at the time of such annexation is not affected thereby. When a new town, composed in part of one or more existing towns, is incorporated, persons settled in such existing town or towns, or who have begun to acquire a settlement therein, and whose homes were in such new town at the time of its incorporation, have the same rights incipient and absolute respecting settlement, as they would have had in the town where their homes formerly were. (b)

V. A minor who serves as an apprentice in a town for four years, and within one year thereafter sets up such trade therein, being then of age, has a settlement therein.

CHAP. 28.

VI. A person of age, having his home in a town for five successive years without receiving supplies as a pauper, directly or indirectly, has a settlement therein. (a)

Residence, five years.
See c. 145, § 30.

VII. A person having his home in a town, March twenty-one, eighteen hundred and twenty-one, without having received supplies as a pauper within one year before that date, acquired a settlement therein. (a)

Residence, March 21, 1821.

VIII. A person having his home in an unincorporated place for five years without receiving supplies as a pauper, and having continued his home there until the time of its incorporation, acquires a settlement therein. Those having homes in such places for less than five years, before incorporation, and continuing to have them there afterwards, until five years are completed, acquire settlements therein.

To constitute pauper supplies, they must be applied for in case of adult persons of sound mind, by such persons themselves, or by some person by them duly authorized; or such supplies must be received by such persons, or by some person authorized by them, with a full knowledge that they are such supplies; and all care, whether medical or otherwise, furnished to said persons is subject to the same rule. R. S., c. 27, § 2.

SEC. 3. Settlements acquired under existing laws, remain until new ones are acquired. Former settlements are defeated by the acquisition of new ones. Whenever a person having a pauper settlement in a town, has lived, or shall live, for five years in any unincorporated place or places in the state, he and those who derive their settlement from him lose their settlement in such town, and whenever a person having a pauper settlement in any town in the state shall after April twenty-nine, eighteen hundred and ninety-three, live for five consecutive years beyond the limits of the state without receiving pauper supplies from any source within the state, he and those who derive their settlement from him lose their settlement in such town. (c)

Settlements remain.
R. S., c. 27, § 3.

SEC. 4. Whenever a person having a pauper settlement in a town loses such settlement by virtue of the provisions of section three, relief shall be furnished, and towns furnishing such relief shall be reimbursed by the state as provided in section twenty-five of this chapter, in case of paupers having no legal settlement in the state.

—living beyond limits of state causes loss of settlement.

SEC. 5. No person acquires a pauper settlement in a town by reason of his residing in said town as tender of a draw-bridge, or as toll-keeper of a bridge owned by another town, and living in a toll-house owned by such other town.

SEC. 7. If a town furnishes relief to any such person, who becomes a pauper after his connection with said National Home has ceased, having no legal settlement in the state, or to his family, the state shall reimburse such town for the relief furnished, to such an amount as the governor and council adjudge to have been necessarily expended therefor.

SEC. 8. No child acquires a pauper settlement in the city of Bath, by reason of being an inmate of the Bath Military and Naval Orphan Asylum.

SEC. 9. No soldier or sailor who served by enlistment in the army or navy of the United States, in the war of eighteen hundred and sixty-one, or in the war with Spain, and who has received an honorable discharge from all enlistments in said service, whether in his own proper name or an assumed name, and who has or may become dependent upon any town, shall be considered a pauper, or be subject to disfranchisement for that cause; but the time during which said soldier or sailor is so dependent, shall not be included in the period of residence necessary to change his settlement; and overseers of the poor shall not have authority to remove to, or support in, the poorhouse, any such dependent soldier or sailor or his family; the word "family" here used shall be held to include the soldier or sailor, his wife, his unmarried minor children living with him and dependent upon him for support, and such other unmarried children of his dependent upon him for support, who by reason of mental incapacity or physical disability are unable to provide for themselves; but the town of his settlement shall support them at his own home in the town of his settlement or residence, or in such suitable place other than the poorhouse, as the overseers of the town of his settlement may deem right and proper. In case of a violation of this section the overseers of the poor shall be subject to a fine of twenty-five dollars. And for every day they allow them to remain in such poorhouse, after reasonable notice, they shall be subject to a further fine of five dollars a day, to be recovered by complaint or indictment. This section shall not be so construed as to deprive overseers of the poor of any right to remove and support such dependent soldier or sailor and his family in the town of his settlement, as herein provided.

SEC. 10. Persons who have begun to acquire settlements under existing laws, are not affected by a repeal of them, and a re-enactment of their provisions in substance.

SEC. 11. Towns shall relieve persons having a settlement therein, when, on account of poverty, they need relief. They may raise money therefor as for other town charges; and may at their annual meeting choose not exceeding seven legal voters therein to be overseers of the poor. (a)

SEC. 12. Overseers shall have the care of persons chargeable to their town, and cause them to be relieved and employed at the expense of the town, and the town may direct their employment. (b)

SEC. 13. Whenever the governor has knowledge that, under the provisions of an act of Congress approved August three, eighteen hundred and eighty-two, officers are necessary in any town to take charge of the local affairs of immigration and to provide for the support and relief of immigrants falling into distress, he shall designate for such duty the board of overseers of the poor and their successors in such town, or any member or members of such board.

SEC. 14. Persons chargeable shall not be set up and bid off at auction either for support or service; but towns at their annual meetings, under

a warrant for the purpose, may contract for the support of their poor for a term not exceeding five years.

SEC. 15. Two or more adjoining towns, by vote thereof at an annual town meeting, may purchase or maintain a union town farm in any one of the towns, upon such terms *and regulations*, not inconsistent with the laws of the state, as may be agreed upon by vote of the towns, or by contract of the municipal officers thereof after the votes of the towns have authorized such purchase or maintenance. Existing town farms may be used as union town farms when the towns so agree and contract.

SEC. 16. In cases where such union town farms are maintained, the rights of any town composing a part of such union to remove its paupers to the (union) town farm shall be the same whether said farm is located in the limits of said town or within the limits of some other town which has united for such purpose with said town.

SEC. 17. The overseers of the poor of the towns composing such a union shall constitute a joint board of overseers, with the same authority over such union town farm and the inmates thereof as the overseers of the poor of a single town have over the separate farm, and its inmates, of such town. The joint board may choose a chairman and a secretary, but in case they fail to do so, the chairman of the board of overseers of the poor of the oldest town of such union shall act as chairman, and the chairman of the same board of the next oldest town shall act as secretary. They may at a full meeting establish rules for the management of such farm, appoint a superintendent, prescribe his powers and duties, and cause all the paupers of such towns to be supported there. They may receive and support there, paupers of other towns. Towns may raise money for the purposes named in this and the two preceding sections.

SEC. 18. The father, mother, grandfather, grandmother, children and grandchildren, by consanguinity, living within the state and of sufficient ability, shall support persons chargeable, in proportion to their respective ability. (a)

SEC. 19. A town or any kindred, who have incurred expense for the relief of a pauper, may complain to the supreme judicial court in the county where any of them resides; and the court may cause such kindred to be summoned, and upon hearing or default, may assess and apportion a reasonable sum upon such as are found to be of sufficient ability for the support of such pauper to the time of such assessment; and may enforce payment thereof by warrant of distress. Such assessment shall not be made to pay any expense for relief afforded more than six months before the complaint was filed.

SEC. 20. Such complaint may be filed with the clerk of the court, who shall issue a summons thereon, returnable and to be served as writs of summons are; and on suggestion of either party that there are other kindred of ability not named, the complaint may be amended by inserting their names, and they may be summoned in like manner, and be proceeded against as if originally named.

SEC. 21. The court may assess and apportion upon such kindred a sum sufficient for the future support of such pauper, to be paid quarterly, until further order; and may direct with whom of such kindred consenting thereto, and for what time, he may dwell, having regard to his comfort and their convenience. On application of the town or person to whom payment was ordered, the clerk may issue or renew a warrant of distress returnable to the next term of the court, to collect what may be due for any preceding quarter.

Person bound may complain to court.
R. S., c. 27, § 29.

SEC. 24. A person so bound may complain to the court, in the county where he or the overseers reside, and the court, after notice to the overseers and master, may, upon a hearing, dismiss such complaint, or discharge him from the master and overseers, and award costs to either party or against the town at discretion.

Persons in unincorporated places needing relief, are under care of overseers of oldest or nearest adjoining town.
R. S., c. 27, § 30.

SEC. 25. Persons found in places not incorporated and needing relief, are under the care of the overseers of the oldest incorporated adjoining town, or the nearest incorporated town where there are none adjoining, who shall furnish relief to such persons, as if they were found in such towns; and such overseers *may bind to service the children of such persons as they may those of paupers of their own town*, and may bind out persons described in section twenty-three in manner therein provided, residing in such unincorporated place, as if in their own town, and such persons shall be entitled to a like remedy and relief. When relief is so provided, the towns so furnishing it have the same remedies against the towns of their settlement as if they resided in the town so furnishing relief. And when such paupers have no legal settlement in the state, the state shall reimburse said town for the relief furnished, to such an amount as the governor and council adjudge to have been necessarily expended therefor. And the reasonable expenses and services of said overseers relative to such paupers, shall be included in the amount to be so reimbursed by the state.

SEC. 26. When persons residing in an unincorporated place, and having no pauper settlement in the state, remove from such place to any town, and there need relief, and the same is furnished to them by such town, the state shall reimburse said town for such relief so furnished, in the same manner and under the same restrictions as to the amount reimbursed, as provided in the preceding section.

On request of relieving town, governor and council may permit removal.
R. S., c. 27, § 32.

SEC. 27. Whenever towns that are compelled to care for and furnish relief to state paupers in unincorporated places, for reasons of economy desire to remove the same into their own town, their overseers of the poor may make a written request, stating their reasons to the governor and council, who shall examine the same, and if in their judgment such state paupers would thereby be supported with less expense to the state, may permit in writing such transfer to be made. Whenever state paupers are thus transferred and maintained in a town for such purposes, they do not become paupers of such town by reason of residence therein, while so maintained. And whenever any person for whose support the state is liable shall be in need of immediate relief, the governor and council may order such person to be removed to any town within the state or placed in the care of any state institution without formal commitment, and such orders shall be carried out by the overseers of the poor of the town required by law to provide relief for such person, or by any official designated by the governor and council. Whenever persons who have no legal settlement within the state, and needing immediate relief, are found in any town, or in unincorporated places and are brought into an adjoining town obliged by law to care for and furnish relief to such persons, and relief is so furnished, the state shall reimburse said town for such relief so furnished, in the same manner and under the same restrictions as provided in section twenty-five although the overseers of the poor of said town have no permit in writing from the governor and council to remove the same into their town.

SEC. 34. A recovery in such an action against a town estops it from disputing the settlement of the pauper with the town recovering, in any future action brought for the support of the same pauper.

SEC. 35. Overseers shall send a written notice, signed by one or more of them, stating the facts respecting a person chargeable in their town, to the overseers of the town where his settlement is alleged to be, requesting them to remove him, which they may do by a written order directed to a person named therein, who is authorized to execute it. (a)

SEC. 36. Overseers receiving such notice shall within two months, if the pauper is not removed, return a written answer signed by one or more of them, stating their objections to his removal; and if they fail to do so, the overseers requesting his removal may cause him to be removed to that town in the manner provided in section thirty-five; and the overseers of the town to which he is sent shall receive him and provide for his support; and their town is estopped to deny his settlement therein, in an action brought to recover for the expenses incurred for his previous support and for his removal. (b)

SEC. 37. When a written notice or answer provided for in this chapter is sent by mail, postage paid, and it arrives at the post office where the overseers to whom it is directed reside, it is sufficient. (c)

SEC. 38. When the removal of a pauper to the town of his alleged settlement is sought, under section thirty-five, and the person to whom the order of the overseers is directed, requests him to go with him in obedience thereto, and he refuses to go, or resists the service of such order, the person to whom it is directed may make complaint in writing, by him signed, of the facts aforesaid, to any judge of a police or municipal court or trial justice within the county where said pauper is then domiciled. Said magistrate shall thereupon, by proper order or process, cause said pauper to be brought forthwith before him by any officer to whom the same is directed, to answer said complaint and show cause why he should not be so removed. The complaint may be amended at any time before judgment thereon, according to the facts. The complainant and the pauper shall both be heard, and if upon such hearing the magistrate finds that the town to which it is proposed to remove such pauper is liable for his maintenance and support, he shall issue his order, under his hand and seal, commanding the person to whom it is directed to take said pauper and transport him to the town aforesaid, and deliver him to the custody of the overseers of the poor thereof. The person to whom said last named order is directed shall have all the authority to execute the same according to the precept thereof, that the sheriff or his deputy has in executing warrants in criminal proceedings. In the foregoing proceedings, the fees and costs shall be the same as for like services in criminal cases, and shall be paid by the town seeking to remove such pauper.

SEC. 39. A person removed, as provided in this chapter, to the place of his settlement, who voluntarily returns to the town from which he was removed, without the consent of the overseers, may be sent to the house of correction or jail as a vagabond.

CHAP. 28.

SEC. 40. On complaint of overseers, that a pauper chargeable to their town has no settlement in the state, any judge of a municipal or police court, or trial justice, may, by his warrant directed to a person named therein, cause such pauper to be conveyed, at the expense of such town, beyond the limits of the state to the place where he belongs; but this section does not apply to the families of volunteers enlisted in the state, who may have been mustered into the service of the United States.

SEC. 41. Towns shall pay expenses necessarily incurred for the relief of paupers by an inhabitant not liable for their support, after notice and request to the overseers, until provision is made for them. (a)

SEC. 42. When a person in their town, notoriously subject to habits of intemperance, is in need of relief, the overseers shall make complaint to a judge of a municipal or police court, or trial justice in the county, who shall issue a warrant and cause such person to be brought before him, and upon hearing and proof of such habits, he shall order him to be committed to the house of correction, to be there supported by the town where he has a settlement, and if there is no such town, at the expense of the county, until discharged by the overseers of the town in which the house of correction is situated, or by two justices of the peace.

SEC. 43. A town, which has incurred expense for the support of a pauper, whether he has a settlement in that town or not, may recover it of him, his executors or administrators, in an action of assumpsit. (b)

SEC. 44. Upon the death of a pauper then chargeable, the overseers may take into their custody all his personal property, and if no administration on his estate is taken within thirty days, they may sell so much thereof, as is necessary to repay the expenses incurred. They have the same remedy to recover any property of such pauper, not delivered to them, as his administrator would have.

SEC. 45. For all purposes provided for in this chapter, its overseers, or any person appointed by them in writing, may prosecute and defend a town.

SEC. 46. Any plantation, at a legal meeting called for the purpose, may raise and expend money for the support of the poor, to be applied by its assessors. (c)

SEC. 47. Whoever brings into and leaves in a town where he has no settlement, any poor, indigent or insane person, having no visible means of support, or hires or procures such person to be so brought, or aids or abets in so doing, knowing such person to be poor, indigent or insane as aforesaid, with intent to charge such town in this state with the support of such person, shall be fined not exceeding three hundred dollars, or imprisoned not exceeding one year. And shall be further liable to any town or to the state for such sums of money as are expended by such town or by the state, for the support and maintenance of such person, which may be recovered in an action on the case.

Powers of fire wards at fires.

SEC. 1. Any town, corporation or individuals providing fire engines, hose, ladders or other apparatus for the extinguishment of fires, or the preservation of life or property from destruction at fires, may by ordinances or by-laws, prescribe rules and regulations for the care and management thereof, for the employment and compensation of men, not exceeding sixty to each engine, whether enginemmen or other persons, and for the appointment of officers to govern them when on duty and to take charge of such apparatus, and may prescribe their style, rank, powers and duties.

SEC. 2. The engineers, or other officers chosen by any town under any ordinance or by-law, shall in addition to the powers thereby conferred, exercise all the powers and duties of fire wards as prescribed in this chapter, unless restricted by the ordinance or by-law under which they are chosen; and such towns are responsible for the acts of their said officers, as for the acts or orders of fire wards in similar cases; and such firemen and enginemmen, so employed, have all the powers and privileges, and are subject to all the duties and liabilities of enginemmen, as prescribed in this chapter.

SEC. 3. Such enginemmen shall be excused from serving as jurors in any court, unless their towns otherwise decide; continue in office during the pleasure of the municipal officers; meet annually to elect such officers as are deemed necessary to give efficiency to their operations; establish such rules and regulations respecting their duty, as are approved by said municipal officers and not repugnant to law, and affix penalties to be recovered by their clerk, not exceeding six dollars for any one offense.

SEC. 4. Companies of enginemmen shall meet once every month, and oftener if necessary, to examine the state of their engines and the appendages thereof; and by night or by day without delay, under the direction of the fire wards, they shall use their best endeavors to extinguish all fires in the town or in its immediate vicinity.

SEC. 5. On proof of negligence, the municipal officers may discharge any enginemman or member of the company organized under special laws, and appoint some other person in his stead; and they may select from the enginemmen any number for each engine in their town, who shall, under the direction of the fire wards, attend fires therein with axes, fire hooks, fire sails and ladders, and perform such further duty as said officers from time to time prescribe.

SEC. 6. Each town, at its annual meeting, may elect as many fire wards as it deems necessary; and each person so chosen shall be notified in three days, and shall enter his acceptance or refusal of the office, with the town clerk, within three days after such notice, on penalty of ten dollars, unless excused by the town; and if excused, the town shall elect another in his place.

SEC. 7. When a fire breaks out in any town, the fire wards shall immediately attend at the place with their badges of office; and when there, any three of them may direct any building to be pulled down or demolished, if they judge it necessary to prevent the spread of the fire; but in their absence the major part of the municipal, or any two civil or military officers present, in the order in which they are named, have the same power.

merchandise and furniture; appoint guards to secure the same and to aid in pulling down or demolishing buildings and suppressing disorder and tumult; and generally may direct all operations to prevent further destruction or damage; any person refusing to obey their orders forfeits ten dollars.

SEC. 9. The chief engineer, engineers, fire wards and other officers appointed for particular localities under special laws, have the same power as fire wards to pull down or demolish buildings in order to prevent the spreading of fires, and to do other things for the extinguishment thereof; and the town to which they belong is liable to pay such compensation for damages consequent upon their acts, as other towns are for similar damages; and the members of the fire department in such localities shall enjoy all the privileges, and be liable to all the duties of other firemen; but nothing herein shall be construed to control the manner of their election.

SEC. 10. If the pulling down or demolishing of any building, except that in which the fire originated, is the means of stopping the fire, or if the fire is stopped before it comes to the same, then the owner of such building is entitled to recover a reasonable compensation therefor from the town, in a special action on the case.

SEC. 11. Whoever steals, carries away or conceals any property not his own, at a fire, or exposed by reason thereof, and does not give notice of it to the owner or one of the fire wards, shall be deemed guilty of larceny and punished accordingly.

SEC. 19. The common law right to an action for damages done by fires, is not taken away or diminished, and it may be pursued notwithstanding the penalties herein set forth, but any person availing himself of section seventeen is barred of his action at common law for the damage so sued for. And no action shall be brought at common law for kindling fires in the manner described in section eighteen; but if such fire spreads and does damage, the person who kindled it, and any persons present and concerned in driving the lumber, by whose act or neglect such fire is suffered to do damage, are liable, in an action on the case, for such damage.

The municipal officers shall define the limits within which the inspector of buildings shall have jurisdiction, which shall include the thickly settled portion of each such city, and of each village in each such city or town.

SEC. 26. Such inspector shall inspect each new building during the process of construction, so far as may be necessary to see that all proper safeguards against the catching or spreading of fire are used, that the chimneys and flues are made safe, and that proper cut-offs are placed

He may give such directions in writing as he may deem necessary to the owner of said building to make changes in the construction or situation of such chimneys, flues, funnels, stoves, furnaces, boilers, boiler connections and heating apparatus, so as to make the same safe as aforesaid. The municipal officers may authorize such fire inspectors to perform the duties imposed upon them by sections fifty, fifty-one and fifty-three of this chapter, and, when so authorized, said fire inspectors shall have all the powers thereby conferred, and shall perform all the duties therein prescribed. Such fire inspectors shall furnish the insurance commissioner with such information as he may require and shall perform such inspections as the insurance commissioner may direct.

SEC. 48. The insurance commissioner, his deputy, or the fire inspector, upon the complaint of any person, or whenever he or they shall deem it necessary, may inspect or cause to be inspected all buildings and premises within their jurisdiction (of any fire inspector). Whenever any of said officers shall find any building or other structure which, for want of repairs, or by reason of age or dilapidated condition, or from any other cause, is especially liable to fire, and which is so situated as to endanger other property, and whenever such officer shall find in or around any building combustible or explosive matter, or inflammable or other conditions dangerous to the safety of such buildings, he shall order the same to be removed or remedied, and such order shall forthwith be complied with by the owner or occupant of such premises or buildings. If such order is made by any fire inspector, such owner or occupant may, within twenty-four hours appeal to the insurance commissioner, who shall, within ten days, review such order and file his decision thereon, and his decision shall be final and shall be complied with within such time as may be fixed in said order or decision of the insurance commissioner.

SEC. 49. If any person fail to comply with the order of any officer under the preceding section or with the decision of the insurance commissioner on review, and within the time fixed, then such officer may cause such building or premises to be forthwith repaired, torn down or demolished and such materials removed and all dangerous conditions remedied, as the case may be, at the expense of the town in which such property is situated; and if the owner thereof, within thirty days after notice in writing of the amount of such expense, fails, neglects or refuses to repay said town the expense thereby incurred, a special tax may be assessed by the *town* (assessors of taxes) against the *real estate* (land) on which said building was located for the amount of such expenses and such amount shall be included in the next annual warrant to the collector of taxes of said town, for collection, and shall be collected in the same manner as state, county and municipal taxes are collected.

SEC. 50. When property is destroyed or damaged by fire the municipal officers in cities and towns shall immediately notify the insurance commissioner of the same, and shall investigate the cause, circumstances and origin of the fire, and especially examine whether it was the result of carelessness or of design. The investigation shall be commenced within three days after the occurrence of the fire, not including the Lord's day, and the insurance commissioner may supervise and direct such investigation whenever he deems it expedient or necessary.

SEC. 51. When the municipal officers have completed their investigation, which shall be within two weeks after the occurrence of the fire, they shall immediately file with the insurance commissioner a written statement of all the facts relating to the cause, circumstances and origin of the fire; the kind, value and ownership of the property destroyed or damaged, and such other information as may be required by said commissioner. The insurance commissioner shall make a record of all fires investigated under sections fifty to fifty-seven inclusive, together with all facts, statistics and circumstances connected therewith. Such record shall at all times be open to public inspection, and such portions of it as

the commissioner deems expedient shall be published in his annual report to the governor and council.

SEC. 52. The insurance commissioner may, whenever he deems it expedient or advisable, examine or cause to be examined the cause, circumstances and origin of all fires occurring in the cities and towns within the state, of which he has knowledge, by which property is damaged or destroyed, and may specially examine and decide whether the same was the result of carelessness or design. The insurance commissioner shall, when in his opinion said proceedings are necessary, take or cause to be taken the testimony on oath of all persons supposed to be cognizant of any facts or to have means of knowledge in relation to the matters as to which such examination is made, and may cause the same to be reduced to writing. If he shall be of the opinion that there is evidence sufficient to charge any person with the crime of arson or incendiarism, he shall cause such person to be arrested and charged with such offense, and shall furnish to the proper county attorney all such evidence, together with the names of witnesses and all information obtained by him, including a copy of all pertinent and material testimony in the case.

SEC. 53. The insurance commissioner, the deputy insurance commissioner and the municipal officers of cities and towns shall each have the powers of a trial justice for the purpose of summoning and compelling the attendance of witnesses before them or either of them, to testify in relation to any matter which is by the provisions of the three preceding sections a subject of inquiry and investigation. Said insurance commissioner, deputy insurance commissioner and municipal officers may also administer oaths and affirmations to persons appearing as witnesses before them; and false swearing in any matter or proceeding aforesaid shall be deemed perjury and shall be punished as such. Said insurance commissioner and his subordinates shall have authority, at all times of the day or night, in the performance of the duties imposed by this chapter, to enter upon and examine any building or premises where a fire is in progress or has occurred, and other buildings or premises adjoining or near the same. All investigations held by or under the direction of the insurance commissioner, deputy insurance commissioner or the municipal officers may in their discretion be private, and persons other than those required to be present by the provisions hereof may be excluded from the place where such investigation is held, and witnesses may be kept separate and apart from one another and not allowed to communicate with one another until they have been examined.

SEC. 54. Every fire insurance company or association transacting business in the state shall report to the insurance commissioner, within ten days after the adjustment of every loss, the amount of all policies issued by said company on the property destroyed or damaged, the amount paid or payable on account of such loss, and such other information relating to the matter as the commissioner may require.

SEC. 55. SEC. 1. The municipal officers, treasurer and clerk of every town shall meet annually on the first Monday of May, or on the day succeeding, or both, and at such time and place in said town as they appoint, by posting notices in two or more public places therein, at least seven days previously, stating the purpose of the meeting; and at such meeting they may license under their hands as many persons of good moral character, and under such restrictions and regulations as they deem necessary, to be innkeepers and victualers in said town, until the day succeeding the first Monday in May of the next year, in such house or other building, as the license specifies. And at any meeting so notified and held, they may revoke licenses so granted, if in their opinion there is sufficient cause.

SEC. 2. No person shall receive his license until he has given his bond to the treasurer, to the acceptance of the board granting it, with one or more sureties in the penal sum of three hundred dollars, in substance as follows, namely:

"Know all men that we — —, as principal, and — —, and — —, as sureties, are held and stand firmly bound to — —, treasurer of the town" (or city) "of — —, in the sum of three hundred dollars, to be paid to him, or his successor in said office; to the payment whereof we bind ourselves, our heirs, executors and administrators, jointly and severally by these presents. SEC. 3. The licensing board may, at any other time, at a meeting specially called, and notified as aforesaid for the consideration of any application therefor to them made, grant such license on like conditions; but all such licenses expire on the day aforesaid.

SEC. 4. Every person licensed shall pay to the treasurer, for the use of such board, one dollar; and the clerk shall make a record of all licenses granted.

SEC. 5. Every innkeeper shall, at all times, be furnished with suitable provisions and lodging for strangers and travelers, and with stable room, hay and provender for their horses and cattle; and with pasturing, if it

SEC. 6. Every victualer has all the rights and privileges and is subject to all the duties and obligations of an innkeeper, except furnishing lodging for travelers, and stable room, hay or provender for cattle.

SEC. 7. No innkeeper or victualer shall have or keep for gambling purposes about his house, shop or other buildings, yards, gardens or dependencies, any dice, cards, bowls, billiards, quoits or other implements used in gambling; or suffer any person resorting thither to use or exercise for gambling purposes any of said games, or any other unlawful game or sport therein; and every person who uses or exercises any such game or sport for gambling purposes in any place herein prohibited, forfeits five dollars.

SEC. 8. No innkeeper or victualer shall suffer any reveling, or riotous or disorderly conduct in his house, shop or other dependencies; nor any drunkenness or excess therein.

SEC. 9. No person shall be a common innkeeper or victualer without a license, under a penalty of not more than fifty dollars. (a)

SEC. 10. The licensing board shall prosecute for any violation of the foregoing sections that come to their knowledge, by complaint, indictment or action of debt; and all penalties recovered shall inure to the town where the offense is committed. Any citizen of the state may prosecute for any violation of the preceding sections in the same manner as the licensing board may prosecute.

SEC. 11. No innkeeper, hotel keeper or boarding house keeper, *whether an individual, partnership or corporation*, who constantly has in his inn, hotel or boarding house a metal safe or suitable vault, in good order and fit for the custody of money, bank notes, jewelry, articles of gold and silver manufacture, precious stones, personal ornaments, railroad mileage books or tickets, negotiable or valuable papers, and bullion, and who keeps on the doors of the sleeping rooms used by guests suitable locks or bolts, and on the transoms and windows of said rooms suitable fastenings, and who keeps a copy of this section printed in distinct type constantly and conspicuously posted in not less than ten conspicuous places in all in said hotel or inn, shall be liable for the loss (of) or injury (to any articles or property of the kind above specified) suffered by any guest, unless such guest has offered to deliver the same to the innkeeper, hotelkeeper or boarding house keeper for custody in such metal safe or vault, and the innkeeper, hotelkeeper or boarding house keeper has omitted or refused to take it (said property) and deposit it in such safe or vault for custody and to give such guest a receipt therefor; *provided, however*, that the keeper of any inn, hotel or boarding house shall not be obliged to receive from any one guest for deposit in such safe or vault any property hereinbefore described exceeding a total value of three hundred dollars, and shall not be liable for any excess of such property, whether received or not.

SEC. 14. The liability of the keeper of any inn or hotel, *whether an individual, partnership, or corporation*, for loss of or injury to personal property placed by his guests under his care, other than that described in the three preceding sections, shall be that of a depository for hire, except that in case such loss or injury is caused by fire not intentionally produced by the innkeeper or his servants, such keeper shall not be liable; *provided, however*, that in no case shall such liability exceed the sum of one hundred and fifty dollars for each trunk and its contents, fifty dollars for each valise and its contents, and ten dollars for each box, bundle, or package, and contents, so placed under his care, and for all other miscellaneous effects including wearing apparel and personal belongings, fifty dollars, unless he shall have consented in writing with such guest to assume a greater liability; and *provided, further*, whenever any person shall suffer his baggage or property to remain in any inn, hotel or boarding house after leaving the same as a guest, and after the relation of keeper and guest between such guest and the proprietors of such inn or boarding house or hotel has ceased, or shall forward the same to such inn, hotel or boarding house before becoming a guest thereof and the same shall be received into such inn or boarding house or hotel, such innkeeper may at his option hold such baggage or property at the risk of such owner.

SEC. 15. SEC. 16. The innkeeper, boarding house keeper or hotelkeeper shall retain such baggage and other property upon which he has a lien for a period of ninety days, at the expiration of which time, if such lien is not satisfied, he may sell such baggage and other property at public auction, after giving ten days' notice of the time and place of sale in a newspaper of circulation in the county where the inn, boarding house or hotel is situated, and also by mailing a copy of such notice addressed to said guest or boarder at the place of residence registered by him in the register of such inn, hotel or boarding house; after satisfying the lien and any costs that may accrue, any residue remaining shall, on demand within six months, be paid to such guest or boarder, and if not so demanded within six months from date of such sale, such residue shall be deposited by such innkeeper, boarding house keeper or hotel keeper with the treas-

SEC. 18. *Proof* (evidence) that lodging, food or other accommodations were obtained by false pretense, or by false or fictitious show or pretense of baggage or other property, or that the person refused or neglected to pay for such food, lodging or other accommodation on demand, or that he gave in payment for such food, lodging or other accommodation, negotiable paper on which payment was refused, or that he absconded without paying or offering to pay for such food, lodging or other accommodation, or that he surreptitiously removed or attempted to remove his baggage, shall be *prima facie* proof of the fraudulent intent mentioned in section seventeen; but this section and the preceding section shall not apply where there has been an agreement in writing for delay in payment for a period to exceed ten days.

False show of baggage, etc., shall be proof of fraudulent intent. 1913, c. 101, § 9.

Any such license may be revoked, for reasonable cause, at any time, by the licensing authority. No such license, however, shall be granted to use any part of any public way the fee in which is not owned by the city or town, against the objection of the owners of the land abutting on that part of the way.

Note: Sections fourteen to twenty-five, both inclusive, of this chapter having been expressly repealed by P. L. 1911, c. 10, § 1, and municipal officers being now unable to lawfully purchase liquors for sale at town agencies (§ 33), it is apparent that sections twenty-six to thirty-five, both inclusive, of this chapter have become obsolete and should be omitted from this revision. The commissioner has therefore omitted the sections last referred to, as directed by the resolve of April 4, 1913.

The remaining sections of chapter twenty-nine, being entirely of a criminal character, have been transferred to the title dealing with crimes and offenses. Chapter 127.

CHAPTER 32.

INLAND FISHERIES AND GAME.

SEC. 1. The governor, with the advice and consent of the council, shall appoint three persons to be commissioners of inland fisheries and game, one of whom shall be the land agent of the state and shall hold the office so long as he shall continue to be land agent; the other two commissioners, one of whom shall be designated and commissioned as chairman, shall hold their offices for three years, and until their successors are appointed and qualified; the land agent shall not be eligible to the office of chairman. Said commissioners shall be provided with an office in the state capitol, with suitable furniture, stationery and other facilities for the transaction of the business of the department, and they may appoint a clerk. They may employ attorneys at trials in inferior courts for violations of the provisions of this chapter, and necessary additional clerks in their office, and may have at least two daily newspapers published in the state, to be selected by them, for use in their office, all of which shall be paid for out of the regular appropriation for their department. They shall, on or before the thirty-first day of December of each year, make an annual report to the governor, who shall cause not exceeding three thousand copies to be printed.

SEC. 2. The commissioners of inland fisheries and game shall have general supervision of the enforcement of the inland fish and game laws. Whenever they shall deem it for the best interests of the state, after due notice and public hearing in the locality to be affected, they may regulate the times and places in which and the circumstances under which game and inland fish may be taken for a series of years not exceeding four, but they shall not authorize the taking of game or inland fish at a time in which its capture is prohibited by the laws of the state. They may, from time to time, modify or repeal such needful rules and regulations, not contrary to the laws of the state, as they may deem necessary or proper for the protection and preservation of the game and inland fish of the state. They shall file, in the offices of the clerks of the towns in the territory to be affected, a copy of the rules and regulations adopted by them, and publish the same three weeks successively in a newspaper printed in the county, and post on the banks of waters to be affected, as nearly as may be like notices; and whenever any such rules or regulations apply to any unorganized township, a like copy shall be filed with the clerk of courts for that county, and published three weeks successively in a newspaper printed in the county; they shall, immediately upon the adoption of any rules and regulations contemplated by this section, file an attested copy of the same in the office of the secretary of state.

The act last named was entitled "An act to revise, collate, arrange and consolidate the inland fish and game laws of the state, both general and public and private and special, and the rules and regulations of the Commissioners of Inland Fisheries and Game now in force"; thereby all acts and parts of acts, whether public, or, so called, private and special, which are inconsistent with the provisions of said act, and all acts and parts of acts, whether public or private and special, relating to inland fish and game and birds, which were not incorporated in said act, and all rules and regulations of the Commissioners of Inland Fisheries and Game, were repealed.

The Commissioner has rearranged the sections of this chapter in an order which seems to him more logical and in harmony with the arrangement of the sea and shore fisheries law.

SEC. 4. Whoever wilfully mutilates, defaces or destroys any notice, rule, or regulation of the commissioners of inland fisheries and game, posted in conformity with the provisions of this chapter, shall pay a fine not exceeding fifty dollars.

SEC. 5. The commissioners of inland fisheries and game may take fish and game of any kind when, where, and in such manner as they choose, for the purposes of science and of cultivation and dissemination, and they may grant written permits to other persons to take fish and game for the same purposes, and may introduce or permit to be introduced, any kind of fish into any waters. They may, after a hearing, set apart, for a term not exceeding ten years, any waters for the use of the state or of the United States commissioner of fish and fisheries, in the prosecution of the work of fish culture and of scientific research relative to fishes. The order setting apart such waters shall be recorded in the registry of deeds in the county (or registry district,) in which they are situated. In the waters so set apart, they and the United States commissioner of fish and fisheries, and persons acting under their authority may, in their respective fish culture and scientific work, take fish at any time or in any manner, and erect and maintain any fixtures necessary for such purposes. No other person shall take or kill any fish, or use any implement for fishing therein, under a penalty of not less than ten, nor more than one hundred dollars, and a further penalty of one dollar for each fish so taken or killed; *provided, however*, that before such hearing the commissioners shall give notice thereof, by publication for two successive weeks in at least one newspaper printed in the county where such waters lie. They may grant permission to take moose, caribou, deer, and birds for park purposes in this state, under such rules, regulations, and conditions as they shall establish. They may cause the destruction of any mink or other destructive animal or bird found in or around any fish hatchery or feeding station in this state. They may grant permits to transport beyond the limits of the state, live fish or game taken in the state, for breeding, scientific and advertising purposes.

MAINTENANCE OF FISHWAYS.

May compel owners of dams to construct fish-ways. 1913, c. 206, § 17.

—owners shall maintain fishways.

—proceedings in case of disagreement. —appeal.

SEC. 6. They may compel the owner or occupant of every dam or other artificial obstruction above tide water in any river or stream frequented by salmon, land-locked salmon, shad, alewives or other migratory fishes, to provide the same with a durable and efficient fishway, of such form and capacity, and in such location as may, after notice in writing to one or more of said owners or occupants and a hearing thereon, be determined by the commissioners; they shall give written notice to some owner or occupant specifying the location, form and capacity of the required fishway, and the time within which it shall be built; and said owner or occupant shall keep said fishway in repair, and open and free from obstruction for the passage of fish, during such times as are prescribed by law; *provided, however*, that in case of disagreement between said commissioners and the owner or occupant of any dam, as to the propriety and safety of the plan submitted to the owner or occupant of such dam

for the location and construction of the fishway, such owner or occupant may appeal to the county commissioners of the county where the dam is located, within twenty days after notice of the determination from the commissioners of inland fisheries and game by giving to the latter named commissioners notice in writing of such appeal within that time, stating therein the reasons therefor; and at the request of the appellant or the commissioners of inland fisheries and game, the senior commissioners in office of any two adjoining counties shall be associated with (the commissioners of the county where the dam is located; they) *them, who* shall appoint a time to view the premises and hear the parties and give due notice thereof, and after such hearing they shall decide the question submitted, and cause record to be made thereof, and their decision shall be final as to the plan and location appealed from. If the requirements of the commissioners of inland fisheries and game are affirmed, the appellants shall be liable for the costs arising after the appeal, otherwise they shall be paid by the county. If a fishway thus required is not completed to the satisfaction of the commissioners of inland fisheries and game within the time specified, every owner or occupant shall forfeit not more than one hundred, nor less than twenty dollars for every day of such neglect between the first days of May and November. On the completion of a fishway to the satisfaction of the commissioners of inland fisheries and game, or at any subsequent time, they shall prescribe in writing the time during which the same shall be kept open and free from obstruction to the passage of fish each year, and a copy of such writing shall be served on the owner or occupant of the dam. The commissioners of inland fisheries and game may change the time as they see fit. Unless otherwise provided, fishways shall be kept open and unobstructed from the first day of May to the fifteenth day of July. The penalty for neglecting to comply with this section, or with any regulations made in accordance herewith, is not less than twenty, or more than one hundred dollars for every day of such neglect.

SEC. 7. Whenever the commissioners of inland fisheries and game find a fishway out of repair or needing alterations, they may, as in the case of new fishways, require the owner or occupant to make such repairs or alterations; and all proceedings in such cases and the penalty for neglect shall be as provided in the preceding section without appeal. If the dam is owned and occupied by more than one person, each is liable for the cost of erecting and maintaining such fishway, in proportion to his interest in the dam, and if any owner or occupant neglects or refuses to join with the others in erecting or maintaining such fishway, the other owners or occupants shall erect or repair the same, and have an action on the case against such delinquent for his share of the expenses. If the owner or occupant of such dam resides out of the state, said penalties may be recovered by a libel against the dam and land on which it stands, filed in the supreme judicial court in the county where it is located, in the name of the commissioners of inland fisheries and game or of any inland fish and game wardens who shall give to such owner or occupant, and all persons interested therein, such notice as the court or any justice thereof in vacation orders, and the court may render judgment therein, against said dam and lands for said penalties and costs, and order a sale thereof to satisfy such judgment and costs of sale, subject, however, to all said requirements for the erection and maintenance or repair of said fishway. The commissioners of inland fisheries and game may delegate to any inland fish and game warden or other lawful officer of inland fisheries and game any of the powers given to said commissioners in relation to the construction of fishways.

When the commissioners of inland fisheries and game deem that a public exigency requires the taking of any land or rights for the purposes aforesaid, they shall cause the same to be surveyed, located, and so described that the same can be identified, and a plan thereof shall be filed in the registry of deeds in the county (or registry district) where the land or rights are located, and there recorded. The filing of such plan and description shall vest the title to the land and right aforesaid, in the State of Maine, or its grantees, to be held during the pleasure of the state.
