The secretary of state shall also cause a record of such certificate to be made, and a certified copy of such record may with like effect as the original certificate be given in evidence to prove the existence of such a corporation.

96 Me. 114.

Sec. 5. Meeting for organization. R. S. c. 53, § 5. The first meeting for the purpose of organizing such corporation shall be called by a notice, signed by three of the subscribers to such articles of association, stating the time, place and purpose of such meeting, a copy of which notice shall, seven days at least before the day appointed therefor, be given to each subscriber, or left at his usual place of business or residence, or deposited in the post-office, post-paid, addressed to him at his usual place of business or residence; and whoever gives such notice shall make affidavit of his doings which shall be recorded in the records of the company.

Such increase must be sanctioned by a vote, in person or by proxy, of two-thirds in amount of all the stockholders at a meeting thereof called by the directors for that purpose.

Sec. 7. Petition for approval of location; proceedings thereon. R. S. c. 53, § 7. 1907, c. 132, § 2. Every corporation organized under the foregoing provisions before commencing the construction of its road shall present to the public utilities commission a petition for approval of location,

defining its courses, distances and boundaries, accompanied with a map of the proposed route on an appropriate scale with the written approval of the proposed route and location as to streets, roads or ways, of the municipal officers of the cities and towns in which said railroad is to be constructed in whole or in part and with a report and estimate prepared by a skilful engineer. Said commission shall upon presentation of such petition appoint a day for a hearing thereon and the petitioner shall give such notice thereof as said commission deems reasonable and proper, in order that all persons interested may have an opportunity to appear and object thereto. At such hearing any party interested may appear in person or by counsel. The public utilities commission after hearing the petition shall, if they approve such location, subject to the provisions of section fifteen, then determine whether public convenience requires the construction of such road and make a certificate of such determination in writing, which certificate shall be filed with their clerk within thirty days after such hearing. Within five days after the filing of such certificate with him, said clerk shall notify all who have become parties of record as aforesaid, or their counsel, of such determination and decision by sending to each party or their counsel, by mail, a certified copy of such certificate so filed with him. If the public utilities commission approves such location and finds that public convenience requires the construction of said road the corporation may proceed with the construction of said road, provided, that it first files with the clerk of county commissioners for the county in which said street railroad is to be located a copy of the location and plan aforesaid and another copy of the same with the public utilities commission. Any extension of, addition to, or variation from the location of any street railroad, organized under the provisions hereof, may be made in accordance with and subject to the foregoing provisions, provided, that no railroad shall be located across tide-waters where vessels can navigate unless special permission of the legislature is obtained; no such permission shall be necessary where such railroad is desired, to cross public bridges already erected, but the authority to determine whether such crossing shall be permitted shall rest with the municipal officers of the cities or towns liable for the repair of such bridges respectively, who may impose such conditions and terms upon railroads desiring to cross the same as to them may seem expedient. In case any county is liable for the repair of a bridge, the county commissioners of such county shall have authority in the premises.

Such notice shall contain a copy of such written application and warn the legal voters of such city or town to be present and be heard thereon. After

CHAP. 58

hearing and within fourteen days after the filing of such application, such municipal officers shall file their decision thereon with the clerk of the city or town who shall make due record thereof. Any contract entered into between any such street railroad corporation and such municipal officers as to the terms, conditions and obligations under which such location is approved, so far as consistent with the powers and duties of the public utilities commission under the general laws of the state, shall be valid and binding. If the municipal officers upon such written application therefor neglect to approve a route and location as to streets, roads or ways, or if they refuse to approve such a route and location, or if such route and location is not accepted by the corporation, in either case said corporation may within fourteen days after the expiration of the time for filing such decision, or within fourteen days after the filing thereof, appeal to the public utilities commission. A failure to appeal shall not bar the corporation from making a new application to municipal officers. Any person or corporation claiming to be interested may appeal to the public utilities commission within said fourteen days from any decision made by the municipal officers. In all such appeals the appellant shall file his appeal in writing in the office of the public utilities commission who shall appoint a day for a hearing thereon, and the appellant shall give such notice thereof as said commission deems reasonable and proper in order that all persons interested may have an opportunity to appear and object thereto. After hearing, the said commission shall make decision thereon and cause record thereof to be made in their office in lieu of the approval of the municipal officers. This section shall not apply to any location which has been approved by the proper municipal officers, before the twenty-sixth day of March, one thousand nine hundred and seven.

Sec. 9. Amendment of articles of association, as to length of road. 1907, c. 94, §§ 1, 2. If a street railroad corporation organized under this chapter, in preparing its location under section seven, finds that the length of road intended to be constructed by it, exceeds the length of road as set forth in its articles of association, it may by a petition signed by all of its directors, addressed to the public utilities commission, and upon such notice as said commission may deem necessary, amend said articles of association by providing for such additional length of road, and by increasing the amount of its capital stock to the amount required by section two of this chapter. Such increase in capital stock shall be subscribed for in good faith by responsible parties and five per cent paid thereon in cash to the directors. An additional affidavit shall be indorsed thereon or annexed thereto, made by a majority of the directors, that said additional capital stock has been in good faith subscribed and five per cent paid thereon in cash as aforesaid, and that said corporation intends in good faith to construct, maintain, and operate the additional length of road provided for by said amendment. Said amendment shall be subject to approval by the public utilities commission, as provided by section four in reference to the original articles of association; provided, however, that no amendment shall be necessary so long as the length of approved location does not exceed the length of road as specified in the articles of association.

Sec. 10. Amendment recorded by secretary of state. 1907, c. 94, § 3. After said amendment has been approved and recorded by the public utilities commission, it shall be recorded in the office of the secretary of state and a certificate of said amendment shall be issued by the secretary of state to said corporation upon payment of such additional fee, if any, as would have been required if the capital stock as provided by the articles of association had conformed to the capital stock as amended.

Sec. 11. Articles of association, location or any petition may be amended as public utilities commission deems necessary. R. S. c. 53, § 8. Articles of association filed under section four may be amended at any time upon petition therefor signed by all of the corporators after such notice thereof as the public utilities commission may deem necessary. No proceedings shall be dismissed because of the death of any person named as a director or corporator before final decree of approval of location, but the survivors may elect a new director or admit another associate, who shall sign the original articles of association and the subscription of stock then on file in the office of said commission. Any location may be amended at any time before final approval thereof, after notice and hearing thereon by the public utilities commission, by filing a consent to said amendment signed by the municipal officers of the town interested. Amendments to petitions relating to street railroad corporations filed before the public utilities commission may be made at any time before final decree with or without notice, as the commission may decide public interest may require.

Sec. 12. Municipal officers may approve additional locations for turnouts. R. S. c. 53, § 9. When the location of any street railroad shall have been approved as provided by law, the municipal officers may approve such additional locations for turnouts and spurs to property used or to be used by said corporation in the operation of its road as shall be necessary therefor, and such additional locations shall not be deemed to be extensions, additions or variations within the meaning of this chapter.

113 Me. 108.

Sec. 13. Construction of road to begin within three years. R. S. c. 53, § 10. 1909, c. 40, § 1. If any corporation formed under the foregoing sections does not, within three years after its articles of association are filed and recorded in the office of the secretary of state, begin the construction of its road and expend thereon ten per cent of its capital, its corporate existence and power shall cease, unless the same shall be extended as provided in the following section.

See c. 1, § 6, ¶ xxix.

Sec. 14. Public utilities commission may extend or revive charter. R. S. c. 53, § 11. 1909, c. 40, § 2. The public utilities commission may extend the corporate existence and powers of such corporation for a period not exceeding three years or may revive such corporate existence and powers for a like period after the same shall have ceased as provided in the preceding section. Said commission, if they deem it expedient, and if the same be prayed for, may include in such extension any rights or powers granted to such corporation by special law, and in such case all rights and powers of such corporation, whether existing under this chapter or under any special law, shall continue in full force for the period not exceeding

CHAP. 58

Such corporation may purchase or take and hold by its location aforesaid as for public uses, land outside of the limits of streets, roads or ways, and all materials in and upon it for the location, construction and convenient use of its road, whenever for any reason it appears that the public service of said corporation would be thereby better performed, but the land so taken shall not exceed four rods in width unless necessary for excavation, embankments or materials. No location outside of the limits of any street, road or way shall be approved by said commission unless it appears that the public service of said corporation would be thereby better performed. All damages for land and materials so taken shall be determined and paid in the manner and under proceedings as provided in case of lands taken for steam railroads.

See c. 56, § 31.

Sec. 16. Profiles of proposed locations shall be filed. 1911, c. 177. If they find that any of it is so necessary, they shall make a certificate containing a definite description thereof and furnish the corporation with a true copy thereof attested by the clerk of the board; and when such copy of certificate is filed with the clerk of courts in the county where the land lies, the land shall be deemed and treated as taken; provided, however, that when land is held by a tenant for life and the rever-

sion is contingent as to the persons in whom it may vest on the termination of the life estate, such fact shall be stated in the application and the commission shall, in addition to the notice to the tenant for life, give notice by publication to all others interested in such matter as they deem proper.

No meeting-house, dwelling-house, public or private burying-grounds shall be so taken without consent of the owners.
