## LETTER OF TRANSMITTAL

January 15, 1969

To the Members of the 104th Legislature:

As Chairman of the Legislative Research Committee of the 103rd Maine Legislature it is with great pride and pleasure that I present a cumulation of findings and recommendations that we as a Committee have developed on our assigned subjects during the past biennium.

This, the second of three volumes, designated as Legislative Research Committee publication 104-20 (Vol. II), combines in a single publication the findings and recommendations developed in nine specific areas of study which are individually reported in committee publications numbered 104-11 through 104-19.

On behalf of the Committee and myself, I would like to take this opportunity to extend our grateful appreciation to Horace A. Hildreth, Jr., formerly our Committee Chairman, to Roger V. Snow, Jr., a former member of the Committee and to Frederick W. Kneeland, the former Legislative Finance Officer, each of whom resigned during the interim after having so faithfully served this Committee.

I also extend, on behalf of the entire Committee, our sincere gratitude and appreciation to the Committee, staff, to the news media and to the many private citizens, organizations and employees of the State, without whose endless cooperation and dedicated

service the Committee could not have reached its conclusions.

The members of the Committee further wish to express their appreciation for being chosen to participate in these assignments and sincerely hope the reports contained herein will prove of benefit to the Members of the Legislature and the people of the State of Maine.

Respectfully submitted,
