REMARKS.

In compliance with the provisions of the Constitution requiring the Treasurer to make a regular statement and account of the Receipts and Expenditures of all the public moneys, I would respectfully submit the following remarks to the Honorable Legislature respecting the financial concerns of the State.

The Clerks of the Judicial Courts, and the Sheriffs of the several Counties, have been prompt in the discharge of their duty.

The Receipts in the Treasury have fallen short of the estimate of the last year in consequence of the sickness and death of the late Land Agent, Hon. Daniel Rose. Previous to his death the Treasurer of the State, at the Instance of the Governor and Council, repaired to Thomaston and received from him securities amounting to about One Hundred Thousand Dollars, on which a small amount has been received on the same as will appear by the Schedule herewith annexed.

A considerable portion of the above demands has been long due and still falling due, and solicitations from various sources soliciting further indulgence for their payment. A compliance will throw a responsibility upon the Treasurer unauthorized; he therefore would respectfully solicit specific directions

REMARKS.

should the above securities remain in this department. In providing for the payment of the demands on the Treasury for the ensuing year, and the reimbursement of the temporary loans obtained from the several Banks in the State, and to relieve the same, the Treasurer would respectfully suggest the propriety of borrowing a specific sum for that purpose on a time which shall be thought expedient.

By a Resolve of the Legislature, passed March 4, 1833, providing for the education of youth, that all the sums which may be hereafter received by the State for the Tax on the several Banks, excepting One Thousand Dollars appropriated for the benefit of Parsonsfield Seminary, shall be applied for the support of primary Schools. The amount received from the several Banks, after the deduction of one thousand dollars, will be Nineteen Thousand Three Hundred Eighty Nine Dollars, Thirty-One Cents, to be applied agreeably to the provisions of the aforesaid Act. The above sum has been expended in the disbursements from this department, it will be necessary for the Legislature to provide means for replacing the same.

In the receipt of the State Tax from the various sources of the State, the several Collectors have been prompt in the payment of the same. In the collection of the State Tax from unorganized plantations difficulties have arisen in consequence of deficiencies in the description of their location in the

REMARKS.

Tax Act. The Treasurer having availed himself in the recess of the Legislature of every opportunity to obtain information to present to the Committee on Finance for its correction.

By a Resolve of the Legislature of February 26th, 1833, the Treasurer was authorized to borrow Twenty Five Thousand Dollars as a temporary loan. Twenty Thousand Dollars of which was obtained from the Central Bank at Hallowell, and Five Thousand Dollars from the Waldo Bank at Belfast. By a Resolve of March 4th, 1833, the Treasurer was authorized to borrow Fifteen Thousand Dollars as a temporary loan—Five Thousand Dollars of which was obtained at the Augusta Bank—Five Thousand at the Mercantile Bank at Bangor—Two Thousand Five Hundred at the Gardiner Bank, and One Thousand Five Hundred at the Citizens' Bank, Augusta, making the sum of Fourteen Thousand Dollars; the last named sum of Fifteen Hundred Dollars was reimbursed on the 1st of November last.

By a Resolve of the Legislature passed March 4th, that the Bond to the Treasurer of State, dated March 26th, 1831, signed by the Hon. Daniel Cony and others, in the penal sum of Fifty Thousand Dollars according to the agreement and stipulations in the said Bond, is due to the State, that the Treasurer of State be, and he hereby is, requested forthwith to call on said obligors for payment. On the 10th

REMARKS.

day of May, the Treasurer requested, by a Circular to the several obligors, payment of the aforesaid Bond, from whom no information has been received.

Respecting the amount necessary to be raised for the State Tax for the ensuing year, the Treasurer is of the opinion that it will be necessary to raise Sixty Thousand Dollars. It will be seen by the Estimate of the Expenditures the present year, that the demands on the Treasury will far exceed that of the last year. In consequence of the death of the late Land Agent, no calculations can be made upon the receipts from that department with certainty.
