* By the return from the Cashier of this Bank, the amount owned by each Stockholder is not stated, but the number of shares only, at \$75 each, as shown above. By this statement it would appear that the Capital Stock is \$228,750; and that the amount of Stock owned by the State is but \$3,750; whereas it should be \$5,000.

By the Act of 1838, authorizing the reduction of the Capital Stock of this Bank, "the said Capital Stock was to consist of the sum of \$225,000, and to be divided into shares of *seventy dollars* each, *exclusive of fifty shares standing in the name of the State of one hundred dollars* each," which would leave the whole Capital \$230,000.
