#### STATE OF MAINE.

Land Office, Augusta, Jan. 31, 1843.

To the Hon. DAVID DUNN,

Speaker of the House of Representatives.

Sir:—In compliance with an order of the House of Representatives of the 25th instant, I herewith transmit an account of the receipts and expenditures of the Land Department, from the year 1820 to 1842, inclusive.

A part of the records of the Land Office having been destoyed by fire in 1833, the account cannot be relied upon as strictly correct.

I have taken the tabular statements in the report made by the Land Agent to the Legislature, March 15, 1841, and compared them with the accounts in this office as far as practicable. have also compared the accounts with the records of the Treasury Department, and find the amount charged as paid into the Treasury, prior to the year 1834, to be \$51,940 75 more than was credited by the Treasurer during the same time; subsequently, the amount charged on the books of the Land Office, as paid into the Treasury, is less than the credits on the Treasurer's books, by \$33,806 38, leaving a difference of \$18,134 37. The excess of credits by the Treasurer was received in payment of notes given for land, which had been left with the Treasurer by the Land Agent, and leads to the conclusion that the excess charged (\$51,940 75) prior to 1834, was in notes, and that the Treasurer gave credit for cash only, and in after years credited whatever was paid on the notes.

The Treasurer's books show	that the sum received in cash
into the Treasury from public la	ands, is \$558,823 31

The amount due the State is not exhibited in this statement, but is additional to the above, and will be seen in the Agent's report to the Governor and Council of December 31st, 1842.
