HOUSE.

No. 10.

STATE OF MAINE.

RESOLVE relative to the restoration of sea-fish to the
rivers and inland waters of Maine.

Resolved, That the governor, by and with the advice
2 and consent of the council, be authorized to appoint
3 two commissioners whose duty it shall be to examine
4 the rivers, and other waters of this state, or such part
5 thereof as they deem sufficient to the consideration of
6 the subject of the restoration of sea-fish to our lakes,
7 and their tributary streams ; the introduction of new
8 varieties of fresh water fish, and the protection of fish
9 generally in our inland waters ; said commissioners to
10 report such facts and suggestions as may be material
11 to the legislature, or to the governor, if they deem an
12 earlier report expedient ; and that such commissioners
13 communicate with commissioners that are, or may be

14 appointed by the states of Massachusetts and New
15 Hampshire, upon the restoration of sea-fish, and that
16 the governor be requested to furnish the governors of
17 those states with a copy of this resolve.

Resolved, That such commissioners be authorized to
2 introduce into such waters as they may deem best
3 suited therefor, the spawn of the black bass, land
4 locked salmon, and other varieties, if they deem it
5 expedient; *provided* the expense does not exceed the
6 sum of two hundred dollars, and that the governor
7 and council be empowered to examine and audit the
8 accounts of the said commissioners, allowing them a
9 reasonable compensation for their services; and the
10 governor shall draw his warrant upon the treasury for
11 the same.
